Pilot Point Bancorp, Inc. 401(k) Plan
Pilot Point, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Pilot Point Bancorp, Inc. 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the financial statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agree to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PILOT POINT BANCORP, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

1. Description of the Plan

The following description of the Pilot Point Bancorp, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document in effect for a more complete description of the Plan’s provisions.

General

Pilot Point Bancorp, Inc. (the “Company”) originally established the Plan, effective January 1, 1981. The Plan was most recently restated in 2023 to adopt required legislative amendments of: The Bipartisan Budget Act of 2018 and Final Regulations Relating to Hardship Distributions, and Tax Cuts and Jobs Act. The Plan operates as a 401(k) plan designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (“IRC”) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The Plan is administered by the Trustees of the Plan, which is comprised of four officials appointed by the Company’s Board of Directors. Two of the Trustees are also members of the Plan’s investment committee.

Eligibility

Certain classes of Company employees, as defined by the Plan, are excluded from participating in the Plan. Plan eligibility is based on a two-method system: (1) For the purposes of 401(k) elective deferral contributions, non-excluded employees are eligible to participate in the Plan immediately on the day they turn 21 years or older. (2) For the purposes of employer match contributions and profit sharing contributions, non-excluded employees are eligible to participate in the Plan on the January 1 or July 1 on or after the employee attains the age of 21 years of age and completes one year of entry service, which is the service period in which a participant has 1,000 or more hours of service on the last working day of the year unless exempted.

Contributions and Rollovers

Each year, participants may elect to make salary deferral contributions of pretax compensation subject to certain maximum limitations imposed by the Code. Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the Code. Participants are also permitted to make after-tax Roth elective deferral contributions to the Plan. Employer contributions for the current year paid to the Plan during the following year are accrued as employer contributions receivable on the statement of net assets available for benefits. At December 31, 2023, employer contributions receivable were comprised of an accrued employer match contribution and a profit-sharing contribution in the amounts of \$240,329 and \$520,000, respectively. At December 31, 2022, employer contributions receivable were comprised of an accrued employer match contribution and a profit-sharing contribution in the amounts of \$245,243 and \$540,000, respectively.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 4% of eligible compensation. The automatic deferral rate shall increase by 1% each subsequent year up to a maximum automatic elective deferral contribution of 10% of eligible compensation.

Participants are permitted to rollover contributions representing distributions from other qualified defined benefit or defined contribution plans.

Forfeited Accounts

Forfeited non-vested account balances may first be used to pay plan expenses, then to reduce employer contributions and then any remaining forfeitures will be reallocated among plan participants in accordance with the Adoption Agreement. At December 31, 2023 and 2022, forfeited non-vested accounts balances allocated to reduce employer contributions amounted to \$74,400 and \$17,439, respectively.

PILOT POINT BANCORP, INC. 401(k) PLAN

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. A participant is entitled to the benefit that can be provided from the vested account balance. Each participant's account is credited with the participant's contribution, employer match contribution, plan earnings or losses, charges for allocated account-specific plan expenses, and an allocation of the Company's discretionary profit sharing contribution equal to a uniform percentage of a participant's salary deferrals (not to exceed 4% of eligible compensation). The allocations are based on participants' investment elections and earnings or account balances, as defined in the Plan. Each year, the Company will determine the amount of the discretionary match contribution percentage. During 2023 and 2022, the uniform discretionary contribution percentage applied by the Company was 100%.

Vesting

Participants are always 100% vested in their salary deferrals and rollover contributions plus earnings or losses thereon. Vesting in the Company's contributions portion of discretionary matching and profit-sharing contributions plus related earnings or losses thereon is based on years of vesting service according to the following vesting schedule:

<u>Years of Vesting Service</u>	<u>Percentage Vested</u>
Less than 2 years	0%
2 but less than 3 years	20%
3 but less than 4 years	40%
4 but less than 5 years	60%
5 but less than 6 years	80%
6 years or more	100%

Investment Options

Participants must direct contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options at any time throughout the year via internet or direct phone access to the Plan trustee's plan sponsor web site.

At December 31, 2023 and 2022, the Plan currently offers various mutual funds and money market funds as investment options for participants. The Plan's Qualified Default Investment Alternative ("QDIA") for those participants, including beneficiaries, who have not provided investment directions is the Commerce Street Peak Advisors Risk-Based Portfolios: Moderate Balanced Portfolio fund. Contributions are automatically invested in QDIA fund until changed by the participant.

Payments of Benefits

Upon termination of service due to death, disability, or normal retirement, participants may receive a lump sum payment equal to 100% of their account balance. Participants may also receive full distributions upon early retirement (at age fifty-five) subject to certain years of vesting service rules. Hardship withdrawals are not permitted.

Distributions to participants with vested account balances greater than \$1,000 but less than \$5,000 may be paid in a single sum payment or in a direct rollover to an eligible retirement plan or, into a direct rollover to an IRA designated by the Plan Administrator. Distributions to vested account balances less than \$1,000 will be paid in a single sum payment should the participant not elect the method of distribution. Distributions to participants with vested account balances greater than \$5,000 will remain in the Plan until such a time that the Plan Administrator receives distribution instructions from the participant to: (1) pay in a single sum or (2) rollover into an individual retirement account or annuity or other employer retirement plan willing to accept the rollover.

Participants are permitted to withdraw any part of their vested account balance resulting from rollover contributions, at any time, regardless of age.

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. See Note 4 for discussion of fair value measurements.

The net appreciation in the fair value of investments consists of the realized gains and losses on investments bought and sold as well as held during the year and unrealized appreciation (depreciation) of investments. The net change in unrealized appreciation (depreciation) in the fair value of investments is determined by the change in fair value from the beginning of the year to the end of the year or change in fair value from date of the purchase to the end of the year.

Purchases and sales of securities are recorded on the trade date basis. Dividend income is accrued and recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Excess Contributions

Excess contributions originated in the current reporting period and refunded to participants during the current reporting period are offset in participants' contributions, and benefit payments to participants on the statement of changes in net assets available for benefits. Excess contributions originated in the current reporting period and refunded to participants before or after March 15 of the following reporting period are accrued as liabilities on the statements of net assets available for benefits and reduced from participants' contributions on the statement of changes in net assets available for benefits. Excess contributions are presented as corrective distributions in the Expenses section of Schedule H of Form 5500. See Note 10 for additional disclosure of excess contributions.

Payments of Benefit

Benefits are recorded when paid.

Operating Expenses

Officers or employees of the Company perform certain administrative functions. However, such officers and employees receive no compensation from the Plan. The expenses of maintaining the Plan are paid by the Company, unless paid by the Plan.

3. Information Certified by Trustees

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Principal Trust Company, the trustee of the Plan as of December 31, 2022 and for the period from January 1, 2023 through September 13, 2023, and Matrix Trust Company, the trustee of the Plan for the period from September 14, 2023 through December 31, 2023, respectively.

	<u>2023</u>	<u>2022</u>
Investments, at fair value:		
Money market funds	\$ 909,815	\$ 95,174
Mutual funds	<u>5,744,321</u>	<u>5,372,183</u>
Total investments, at fair value	<u>\$ 6,654,136</u>	<u>\$ 5,467,357</u>
Interest and dividend income on investments	<u>\$ 183,264</u>	

On September 13, 2023, Principal Trust Company initiated a transfer of net assets at a fair value of \$6,249,612 to Matrix Trust Company. On September 14, 2023, Matrix Trust Company completed the transfer of net assets from Principal Trust Company and recorded \$6,204,527 in net assets and a fair value loss of \$45,085 on the transfer.

4. Fair Value Measurements

ASC Topic 820, *Fair Value Measurements and Disclosures* establishes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three broad levels of the fair value hierarchy are as follows:

- Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.
- Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1).
- Level 3 inputs consist of unobservable inputs and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs are not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs are not available. At December 31, 2023 and 2022, all plan assets required the use of Level 1 inputs.

Level 1 Fair Value Measurements

Money market funds - The money market fund is valued using pricing models maximizing the use of observable inputs for similar securities. Although a money market fund seeks to preserve the value of \$1 of investment at \$1 per share (unit), it is possible to lose money by investing in such a fund.

Mutual funds - The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are actively traded.

The Plan's investment committee, under the supervision of the Board of Directors, determines the fair value measurement policies and procedures. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

PILOT POINT BANCORP, INC. 401(k) PLAN

The following table set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

		Fair Value Measurements Using:		
		<u>Quoted Prices in</u>	<u>Other</u>	
	<u>Fair Value</u>	<u>Active Markets for</u>	<u>Observable</u>	<u>Unobservable</u>
		<u>Identical Assets</u>	<u>Inputs</u>	<u>Inputs</u>
		<u>(Level 1)</u>	<u>(Level 2)</u>	<u>(Level 3)</u>
December 31, 2023:				
Money market funds	\$ 909,815	\$ 909,815	\$ -	\$ -
Mutual funds	<u>5,744,321</u>	<u>5,744,321</u>	<u>-</u>	<u>-</u>
Total investment, at fair value	<u>\$ 6,654,136</u>	<u>\$ 6,654,136</u>	<u>\$ -</u>	<u>\$ -</u>
December 31, 2022:				
Money market funds	\$ 95,174	\$ 95,174	\$ -	\$ -
Mutual funds	<u>5,372,183</u>	<u>5,372,183</u>	<u>-</u>	<u>-</u>
Total investment, at fair value	<u>\$ 5,467,357</u>	<u>\$ 5,467,357</u>	<u>\$ -</u>	<u>\$ -</u>

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2023 are reported in net appreciation in fair value of investments.

5. Related Party and Party-in-Interest Transactions

During 2023, certain plan investments are shares or units of money market funds and mutual funds managed by Principal Trust Company (Principal) and Matrix Trust Company (Matrix). Principal was the trustee and contract administrator of the Plan as defined by the Plan for the period from January 1, 2023 through September 13, 2023. Matrix is the trustee and contract administrator of the Plan as defined by the Plan for the period from September 14, 2023 through December 31, 2023. Therefore, Principal and Matrix are parties-in-interest under ERISA and transactions with Principal and Matrix qualify as party-in-interest transactions. During 2023, the Plan paid a total of \$23,553 in record keeping fees to these trustees. These fees have been included in Administrative Expenses on the accompanying statement of changes in net assets available for benefits.

Commerce Street Investment Advisors (Commerce Street) is the Plan's third-party investments adviser as defined by the Plan. Therefore, Commerce Street is a party-in-interest under ERISA and transactions with Commerce Street qualify as party-in-interest transactions. During 2023, the Plan paid \$14,399 in investment advisory fees to Commerce Street. These fees have been included in Investment Income (Loss) on the accompanying statement of changes in net assets available for benefits.

Payne & Smith, LLC is the Plan's independent public accountant (IPA) as defined by the Plan. Therefore, the IPA is a party-in-interest under ERISA and transactions with the IPA qualify as party-in-interest transactions. Fees incurred by the Plan for audit and nonattest services provided by the IPA are absorbed by the Company in full and are therefore, neither disclosed nor included or accrued on the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6. Tax Status

The Plan sponsor is an adopter of a pre-approved plan that received a favorable Internal Revenue Service ("IRS") Opinion Letter dated June 30, 2020, in which the IRS stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended and restated since receiving the Opinion Letter, the Plan Administrator believes this Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

While there is no intention to do so, the Company reserves the right to terminate the Plan. In the event of termination of the Plan, the participants become 100% vested in their employer contribution balances, and the net assets of the Plan will be distributed to the participants of the Plan in accordance with the provisions of ERISA.

8. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31, 2023 and 2022:

The following is a reconciliation of the changes in net assets available for benefits per the financial statements for the year ended December 31, 2023 to Schedule H of Form 5500:

	<u>2022</u>

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The following table presents concentrations of investments that represented 5% or more of the Plan's net assets at December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Mutual funds:		
Vanguard Mid Cap Index Fund	\$ 1,043,684	\$ 968,588
Vanguard Intermediate-Term Bond Index Fund	777,247	927,465
Vanguard Short-Term Bond Index Fund	417,837	467,549
Vanguard Developed Markets Index Fund	486,540	483,843
Fidelity 500 Index Fund	898,613	726,029
Money market fund:		
Vanguard Treasury Money Market Inv. Fund	909,815	***

*** Investment concentration did not represent 5% or more of the Plan assets as of the year end presented.

10. Contributions Payable

At December 31, 2023, the Plan had no accounts payable.

At December 31, 2022, amounts payable to participants totaling \$14,534 for contributions in excess of amounts allowed by the IRS during 2022 were recorded as accounts payable with a corresponding reduction to participants' contributions. The Plan distributed the excess contributions by March 15, 2023.
