INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Crosslink Life Sciences, LLC 401(k) Plan
Norcross, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Crosslink Life Sciences, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022 and the related statement of changes in net assets available for benefits for the year ended December 31, 2023 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied

in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CROSSLINK LIFE SCIENCES, LLC 401(k) PLAN

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 - Description of plan:

The following description of the Crosslink Life Sciences, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Crosslink Employees Services LLC, which serves as the payroll master for parent company CrossLink Life Sciences LLC and its wholly-owned entities, CrossLink Orthopaedics LLC, CrossLink LLC, CrossLink Sports Medicine LLC, CrossLink Network LLC, CrossLink Spine LLC, CrossLink Medical LLC, GlobalMed Logistix, and CrossLink Surgical LLC (collectively the Company, Plan Sponsor, or Plan Administrator) who have completed at least one month of service and have attained age 18. Plan entry date is the first day of each month after meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Retirement Plan Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute from 1% to 90% of pretax annual compensation or Roth after-tax compensation, as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company may make discretionary matching contributions. For 2023, the Company matched 100% on the first \$1,000 contributed by the participant. The Company made a discretionary matching contribution of \$246,452 for 2023. Effective January 1, 2020, the Plan was amended and only participants employed on the last day of the Plan year are eligible for the discretionary employer match. Additional profit sharing amounts may also be contributed at the option of the Company's board of directors. Participants must be employed on the last day of the Plan year and have completed 1,000 hours of service during the Plan year to be eligible for a profit share contribution. During the year ended December 31, 2023, the Company did not make any profit sharing contributions to the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses

that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are also immediately vested in Company matching and profit sharing contributions.

Participants are immediately vested upon termination of the Plan, upon reaching the early retirement age of 60, with 3 years of vesting service, upon reaching the normal retirement age of 65, or upon disability or death while an employee of the Plan Sponsor. Forfeitures of terminated participants' non-vested accounts are used to reduce the Company's contribution for an applicable plan year or to pay administrative expenses of the Plan.

Forfeitures

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$4,940 and \$3,804, respectively. During the year ended December 31, 2023, no forfeitures were used to reduce Company contributions or administrative expenses.

Payment of benefits

A participant is entitled to receive a lump-sum amount equal to the vested value of his or her account upon attainment of age 59½, termination of service, retirement, disability or death. A participant may request a withdrawal from the Plan while still under the employment of the Company for reasons of financial hardship, but the withdrawal is limited to the amount of the participant's pretax contributions and earnings thereon.

Notes receivable from participants

Participants may borrow from the Plan in any amount greater than \$1,000 up to 50% of the participant's vested account balance, not to exceed \$50,000. Note terms are for a period not exceeding five years unless for the purchase of a principal residence, in which case the note repayment period may not extend beyond 10 years. Notes are secured by the balance in the participant's account and bear interest at an agreed-upon percentage based on prevailing market rates. Principal and interest are paid ratably through payroll deductions. Participants are allowed one outstanding note.

December 31, 2023 and 2022

Note 1 - Description of plan - continued:

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The Company reserves the right to elect to pay, or have the Plan pay, administrative costs in the future. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 2 - Summary of significant accounting policies:

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principals generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the trustee. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes to Financial Statements - Continued

December 31, 2023 and 2022

Note 2 - Summary of significant accounting policies - continued:

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make note repayments and the Plan Administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Recent legislative developments

In December 2019 and December 2022, Congress passed the SECURE Act and SECURE 2.0 Act, respectively, which included numerous reforms to existing retirement law and allows plan sponsors to make certain immediate plan operational changes without formal amendment of the plan document. If adopted, plan documents are required to be formally amended in accordance with IRS guidelines.

The Plan Sponsor operationally implemented the various changes and timely amended the Plan in accordance with IRS guidelines.

Subsequent events

The Plan has evaluated subsequent events through July 25, 2024, which is the date these financial statements were available to be issued. All subsequent events, if any, requiring recognition as of December 31, 2023, have been incorporated into these financial statements.

CROSSLINK LIFE SCIENCES, LLC 401(k) PLAN

Notes to Financial Statements - Continued

December 31, 2023 and 2022

Note 3 - Investments and information certified by the trustee:

Fidelity Management Trust Company (Fidelity) is the trustee for the Plan. Fidelity holds the Plan's investment assets and executes investment transactions. Management has determined that Fidelity is a qualified institution and the information prepared and certified by Fidelity meets the requirements of ERISA Section 103(a)(3)(C). Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Fidelity.

Note 4 - Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification No. 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

CROSSLINK LIFE SCIENCES, LLC 401(k) PLAN

Notes to Financial Statements - Continued

December 31, 2023 and 2022

Note 4 - Fair value measurements - continued:

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2023 or 2022.

- Mutual funds are valued at year end by obtaining quoted prices on nationally recognized securities exchanges.
- Interest-bearing cash is stated at cost, which approximates fair value due to the short term nature of the investment.

The methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total

Note 5 - Related-party transactions:

Certain Plan investments are shares of mutual funds and interest-bearing cash managed by an affiliate of the trustee of the Plan. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments.

Note 6 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 - Tax status:

The underlying pre-approved defined contribution plan has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC), and therefore, the related trust is tax-exempt. The Plan Administrator has determined that it is eligible to and has chosen to rely on the current IRS nonstandardized pre-approved profit sharing plan with CODA opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
