Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Substantial Doubt about the Plan's Sponsors Ability to Continue as a Going Concern

The accompanying financial statements have been prepared assuming that the Plan will continue as a going concern. As discussed in Note I to the financial statements, the Contemporary Marketing Group, Inc., the Plan Sponsor, has incurred negative cash flow from operation, significant decline in sales, and a loss of \$6.3 million in 2023. Management's evaluation of the events and conditions and management's plans regarding those matters are also described in Note I. The financial statements do not include any adjustments that might result from the outcome of this uncertainty. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CONTEMPORARY MARKETING GROUP, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2023

NOTE A – DESCRIPTION OF PLAN

The following description of the Contemporary Marketing Group, Inc. 401(k) Plan (the “Plan”) is provided for general information purposes only. More complete information regarding the Plan’s provisions may be found in the Plan document. Contemporary Marketing Group, Inc. (the “Company”) established the Plan effective May 1, 2012.

General – The Plan is a defined contribution plan covering all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility – Employees are eligible to enter the Plan upon completing three (3) months of service which employees receive credit for one month of service for each month in which they complete one (1) hour of service. An hour of service is defined as any hour for which an employee is paid or entitled to payment. Employees are automatically enrolled into the Plan on the first day of the plan month coinciding with or the next following the date eligibility requirements are met.

Contributions – Eligible employees are automatically enrolled into the Plan. Pre-tax contributions are withheld at 2% of eligible compensation. At any time, a participant may elect an alternative deferral amount or elect not to defer. Participants may elect to make pre-tax contributions of up to 100% of compensation, as defined by the Plan, not to exceed \$20,500 (\$28,000 for participants over the age of 50) in 2023. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company will make safe harbor matching contributions to the Plan. The Company will contribute an amount equal to the sum of 100% of the amount of the participant’s elective deferrals that do not exceed 4% of the participant’s compensation.

The Company may make discretionary non-elective contributions determined by the Company. Discretionary non-elective contributions are allocated to the participants’ accounts in the same ratio as each participant’s compensation bears to the total compensation of all qualifying participants and allocated to investment funds, as the participant’s contributions are allocated.

Participant accounts – Each participant’s account is credited with the participant’s contributions, the Company’s contributions, rollovers, and earnings in their account, and is charged with an allocation of administrative expenses and specific transactions charges incurred by the participant. Participants direct the investment of their accounts into various investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

CONTEMPORARY MARKETING GROUP, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2023

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Participants are also vested immediately in Company safe harbor matching contributions plus actual earnings thereon. The Company's discretionary non-elective contributions vest based on the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Benefits – At the time of death, termination of service, or retirement, the participant or their beneficiary may receive payment of the vested interest in their account in a lump-sum distribution. The participant's contribution may also be withdrawn for certain hardship situations. Investment related expenses are included in net change in fair value of mutual fund and common collective trust accounts.

Forfeited accounts – Forfeitures of terminated participants' nonvested accounts are used to reduce future Company contributions and pay administrative expenses of the Plan. As of December 31, 2023 and 2022, the Plan had forfeited account balances of \$6,023 and \$5,770, respectively.

Notes receivable from participants – Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to/ (from) the investment fund from/ (to) loans to participants. Loan terms range from 1-5 years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with market rates for similar loans.

Participant loans are recorded at amortized cost, which represents unpaid principal plus accrued interest. Interest income on notes receivable from participants is recorded when it is earned. In accordance with ASC 326, the Plan utilizes historical information and reasonable and supportable forecasts regarding future events to regularly evaluate the collectability of notes receivable from participants. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Administrative expenses – The Company pays administrative expenses related to certain record keeping services. All other administrative expenses and participant transaction fees are paid by participants. Expenses may be allocated either proportionately based on participants' account balance or as an equal dollar amount based on the number of participants in the Plan. Certain expenses specifically incurred by a participant, such as taking a withdrawal from the Plan, are paid directly by that participant.

CONTEMPORARY MARKETING GROUP, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2023

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The accompanying financial statements are prepared on the accrual basis of accounting.

Recently adopted accounting pronouncements – In June 2016, the Financial Accounting Standards Board (“FASB”) issued ASU 2016-13, *Financial Instruments – Credit Losses: Measurement of Credit Losses on Financial Instruments*, which requires the use of a new current expected credit loss (“CECL”) model in estimating allowances for current expected credit losses with respect to notes receivable. The CECL model requires that the Plan estimate its lifetime expected credit loss with respect to these receivables and record allowances when deducted from the balance of the receivables, which represent the estimated net amounts expected to be collected. The Plan will consider whether historical loss rates are consistent with expectations of forward-looking estimates for its notes receivable from participants.

This ASU is effective for fiscal years beginning after December 15, 2022. The Plan adopted the standard effective January 1, 2023. The impact of the adoption was not considered material to the financial statements and primarily resulted in new/enhanced disclosures only.

Estimates – The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition – Investments are stated at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts.

The underlying securities in each mutual fund are listed on national securities exchanges and valued on the basis of year-end closing prices; mutual funds are valued at the closing price on the last business day of the year. Gain or loss on securities sold is based on average cost. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payments of benefits – Benefits are recorded when paid.

Administrative expenses – Administrative fees paid by the Plan amounted to \$3,617 for the year ended December 31, 2023.

Subsequent events – Subsequent events have been evaluated through July 23, 2024, which is the date the financial statements were available to be issued.

NOTE C – TAX STATUS

The Plan is a non-standardized pre-approved profit-sharing plan created by ADP, LLC. The Internal Revenue Service has determined and informed ADP, LLC by a letter dated October 6, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (“IRC”).

CONTEMPORARY MARKETING GROUP, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2023

NOTE C – TAX STATUS (CONTINUED)

Although the Plan has not obtained an individual determination letter and has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and has no income subject to unrelated business income tax.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination of the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.

NOTE D – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority of unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are unobservable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

CONTEMPORARY MARKETING GROUP, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2023

NOTE D – FAIR VALUE MEASUREMENTS (CONTINUED)

Furthermore, although the Company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023.

Mutual funds – Valued at quoted prices in active markets based on the reported sales price of the fund on the last day of business for the year on a national exchange using Level 1 inputs.

Common collective trusts – Primarily stated at net asset value using the practical expedient, which represents the fair value of the underlying investments.

The following table presents by level within the fair value hierarchy the Plan's fair value measurements at December 31, 2023 and 2022:

	<u>Level 1</u> <u>Inputs</u>	<u>Level 2</u> <u>Inputs</u>	<u>Level 3</u> <u>Inputs</u>	<u>Fair Value</u>
At December 31, 2023				
Mutual funds	\$ 2,375,153	\$ -	\$ -	\$ 2,375,153
Investments measured at net asset value as a practical expedient (a)				12,557
Total investments at fair value				<u>\$ 2,387,710</u>
	<u>Level 1</u> <u>Inputs</u>	<u>Level 2</u> <u>Inputs</u>	<u>Level 3</u> <u>Inputs</u>	<u>Fair Value</u>
At December 31, 2022				
Mutual funds	\$ 2,004,104	\$ -	\$ -	\$ 2,004,104
Investments measured at net asset value as a practical expedient (a)				12,889
Total investments at fair value				<u>\$ 2,016,993</u>

(a) Common collective trusts are measured at net asset value (NAV) as a practical expedient to estimate fair value and, therefore, have not been classified in the fair value hierarchy.

(b) The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE D – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table summarizes investments for which the fair value is measured using NAV as a practical expedient as of December 31, 2023 and 2022, respectively:

<u>Description</u>	<u>Fair Value</u> <u>12/31/2023</u>	<u>Fair Value</u> <u>12/31/2022</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency</u>
Mutual funds	\$ 12,557	\$ 12,889	N/A	Daily

NOTE E – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE F – PARTIES-IN-INTEREST

Parties-in-interest as defined by the Plan include Reliance Trust Company as the trustee and custodian, and ADP Retirement Services as the third-party administrator and record-keeper. Transactions occurring between the Plan, custodian, trustee, and third-party administrator qualify as party-in-interest transactions. Certain administrative fees are deducted from the Plan assets by the custodian.

NOTE G – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near future and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H – CERTIFIED INFORMATION

The Plan management has elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following investment information was certified by Reliance Trust and was not subjected to any auditing procedures performed by the independent public accountants:

- a) Total investments as shown in the accompanying statements of net assets available for benefits of \$2,387,710 as of December 31, 2023, and \$2,016,993 as of December 31, 2022.
- b) Net investment gain as shown in the accompanying statement of changes in net assets available for benefits of \$374,335 for the year ended December 31, 2023.
- c) All investment-related information in the accompanying supplemental Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2023.

For the Year Ended December 31, 2023

NOTE I – GOING CONCERN

The financial statements of the Contemporary Marketing Group, Inc. 401(k) Plan have been prepared on a going concern basis, which contemplates the continuation of normal business operations and the realization of assets and the settlement of liabilities in the ordinary course of business. However, the Plan Sponsor, Contemporary Marketing Group, Inc. has disclosed in its financial statement audit report that there is substantial doubt about its ability to continue as a going concern within one year after the date the financial statements are issued.

This substantial doubt arises incurred negative cash flow from operation, significant decline in sales, and a loss of \$6.3 million in 2023. The financial instability of the Plan Sponsor raises concerns about the future administration and funding of the 401(k) Plan.

Despite the financial difficulties faced by the Plan Sponsor, the Plan's fiduciaries are committed to managing the 401(k) Plan in the best interests of its participants and beneficiaries. In the event that the Plan Sponsor is unable to continue its operations, the Plan fiduciaries will take all necessary steps to ensure the proper termination of the Plan and the distribution of Plan assets to participants, in accordance with the Employee Retirement Income Security Act (ERISA) and applicable regulations.

The Plan's management is monitoring the situation closely and will keep participants informed of any significant developments affecting the Plan. Participants are encouraged to review their account statements and consider their investment options in light of the Plan Sponsor's financial condition.
