INDEPENDENT AUDITOR'S REPORT

To the Participants and Trustees of
Studio Mechanics Local 476 Annuity Plan

Opinion

We have audited the accompanying financial statements of Studio Mechanics Local 476 Annuity Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held at end of year and reportable transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

STUDIO MECHANICS LOCAL 476 ANNUITY PLAN**NOTES TO THE FINANCIAL STATEMENTS****NOTE 1 – DESCRIPTION OF PLAN**

The following description of the Studio Mechanics Local 476 Annuity Plan (the “Plan”) provides only general information. Participants should refer to the summary Plan description or Plan agreement for a more complete description of its provisions.

General. The Plan was established June 1, 1992 and began operations on September 9, 1992 as a result of collective bargaining agreements between Motion Picture Studio Mechanics Local 476 (the “Local”) and various employers. The Plan is a multiemployer defined contribution pension plan and is subject to the provisions of the Employee Retirement Security Act of 1974 (“ERISA”), as amended.

The Plan is administered by its Board of Trustees (the “Board”). The Board has overall responsibility for the operation and administration of the Plan. The Board, with the assistance of the Plan’s fiduciary registered investment advisor, determines the appropriateness of the Plan’s investment offerings, monitors investment performance.

Contributions and Vesting. Employers are required to make contributions to the Plan as specified in the collective bargaining agreements. Participants are fully vested in their account balances at all times.

Participation. Employees are automatically participants of the Plan on the first day of covered employment with a contributing employer. Employees of the Local’s Annuity Fund, the Pension Fund, the Health & Welfare Fund, or the Local are also eligible for the Plan.

Participants’ Accounts. Each participant’s account is credited with an allocation of the contribution, earnings on investments, and an allocation of administrative expenses. Participants are charged an annual administrative fee of \$50. Participants with no account balance at the beginning of the Plan year are also charged an additional \$50 setup fee.

Payment of Benefits. Participants or their beneficiaries are eligible to receive the balance of their individual accounts if they meet any of the following criteria: (a) have attained age 55 and no contributions have been made on their behalf for at least one month, (b) do not work for at least nine months in covered employment, (c) begin receiving benefits from Studio Mechanics Local 476 I.A.T.S.E. Retirement Trust, or (d) die or become totally and permanently disabled.

Benefits are payable in the form of a joint and survivor annuity, if married, or a life annuity, if unmarried, purchased with the participant’s account balance. At their election and with spousal consent, a participant may receive a lump sum payment equal to the value of their account.

Effective October 2, 2023, participants are eligible to receive a one-time distribution equal to 50% of their individual accounts in the event of a labor strike, provided they have not worked in covered employment for at least 120 days.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates and Assumptions. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”) requires management to make estimates and assumptions that affect certain reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates. Future events and their effects cannot be predicted with certainty; accordingly, accounting estimates require the exercise of judgment. Accounting estimates used in the preparation of these financial statements change as new events occur, as more experience is acquired, as additional information is obtained, and as the operating environment changes.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Concluded)

Cash. Cash consists of checking accounts that are non-interest bearing. The Plan regularly maintains cash balances that exceed Federal Deposit Insurance Corporation limits.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. If available, quoted market prices are used to value investments. The amounts shown for securities that have no quoted market price represent estimated fair value. See Note 4 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. All investments are non-participant directed.

Concentration of Credit Risks. Substantially all the Plan's investments are held by Comerica Bank (the "Custodian").

Payment of Benefits. Benefit payments to participants are recorded upon distribution.

Administrative Expenses. The Plan's expenses are paid either by the Plan or the Local, as provided by the Plan document. Expenses that are paid directly by the Local, if any, are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Recent Legislation. The SECURE Act 2.0 was signed into law on December 23, 2022. The SECURE Act 2.0 increases the age for required minimum distributions, reduces the penalty for missed minimum distributions, and allows penalty free withdrawal for terminal illness, effective January 1, 2023.

NOTE 3 – PLAN TERMINATION

It is the intent of the Board to continue the Plan in full force and effect. However, the Board has reserved the right to discontinue the Plan. In the event of termination, no part of the Plan is to be used for or diverted to purposes other than the exclusive benefit of the participants and their beneficiaries, except that a provision may be made for the payment of necessary expenses resulting from the termination of the Plan. The Plan's benefits are not covered by the Pension Benefit Guaranty Corporation.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB *Accounting Standards Codification* (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Mutual Funds. Valued at Quoted Market Price at year end.

Short-term Investments. Valued at quoted market price at year end.

Common Collective Trusts. Valued at net asset value (“NAV”) of units held by the Plan at year-end, used as practical expedient.

Real Estate Investment Trusts. Valued at NAV of units held by the Plan at year-end, used as practical expedient.

There were no unfunded commitments or redemption restrictions on the Plan's common collective trusts or real estate investment trusts.

NOTE 5 – INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated April 22, 2016 that the Plan was designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan has since been amended and submitted to the Internal Revenue Service as part of the determination letter process. The Plan has not yet received a new determination letter; however, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

NOTE 6 – SIGNIFICANT EMPLOYERS

The Plan received employer contributions of approximately \$1,024,000 (68%) from four employers and approximately \$2,115,000 (55%) from three employers during the years ended December 31, 2023 and 2022, respectively.

NOTE 7 – RELATED PARTIES

Certain Plan investments in shares of common/collective trust ("CCT") funds represent assets which own shares of CCTs managed by Comerica Bank. Comerica Bank is the custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.

The Plan has six related tax-exempt entities that include the Studio Mechanics Local 476 Training Fund (the "Training Fund"), Local 476, MPSM #476 Realty Corp., Inc. (the "Realty Corp."), the Studio Mechanics Local 476 I.A.T.S.E. Retirement Plan (the "Retirement Fund"), the Studio Mechanics Local 476 Health and Welfare Fund (the "Welfare Fund") and the Studio Mechanics Local 476 Legal and Education Assistance Fund (the "Legal and Education Fund"). The financial activities of these entities are not included in these financial statements.

The Fund has common officers and trustees and shares office facilities and staff with the Local 476, the Realty Corp., the Training Fund, the Retirement Plan, the Welfare Plan, and Legal and Education Fund. The Local initially pays the operating expenses of the combined facility. These expenses are allocated on a basis approved by the Trustees and the officers of the Local 476.

(Continued)

STUDIO MECHANICS LOCAL 476 ANNUITY PLAN**NOTES TO THE FINANCIAL STATEMENTS****NOTE 7 – RELATED PARTIES (Concluded)**

The Local 476 paid on behalf of the Plan shared and other administrative expenses in the amounts of \$50,796 and \$51,479 for the years ended December 31, 2023 and 2022, respectively. As of December 31, 2023 and 2022, the Plan owed the Local 476 \$3,708 and \$8,740, respectively.

As of December 31, 2023, the Fund was owed \$166,596 by the Retirement Fund and \$1,725 by the Welfare Fund. As of December 31, 2022, the Fund owed the Welfare Fund \$8.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

NOTE 9 – SUBSEQUENT EVENTS

Management has evaluated all known subsequent events from December 31, 2023 through June 26, 2024, the date the accompanying financial statements were available to be issued, and is not aware of any material subsequent events occurring during this period that have not been disclosed in the notes to the financial statements.
