To the Administrator of the University of Notre Dame 403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform an audit of the financial statements of the University of Notre Dame 403(b) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

Basis for Disclaimer of Opinion

The Plan sponsor's accounting records for contracts and custodial accounts issued to current or former employees prior to January 1, 2009 do not provide sufficient evidence supporting investments, benefit payments, investment income and net assets available for benefits to permit the application of adequate auditing procedures.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Supplemental Schedule Required by ERISA

Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on this supplemental schedule.

NOTE 1.

DESCRIPTION OF PLAN

The following brief description of the University of Notre Dame 403(b) Retirement Plan (the “Plan”) is provided for general information only. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions. Copies of the Plan Document are available from the Plan Administrator.

GENERAL

The Plan is a defined contribution plan that provides retirement benefits for the employees of the University of Notre Dame du Lac (the “University”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

For eligible faculty and staff employees of the University, the Plan provides retirement benefits which are funded by University contributions and mandatory employee contributions. An eligible faculty or staff employee generally means any regular faculty member or any regular non-faculty employee classified by the University as exempt who is employed by the University, or any regular non-faculty employee classified by the University as non-exempt who is employed by the University and is first hired or is rehired on or after January 1, 2018. Prior to January 1, 2010 and also on or after January 1, 2012, these employees must participate in the Plan following a one year waiting period from the date of hire. For the time period on or after January 1, 2010 and before January 1, 2012, the one-year service requirement was eliminated and the eligible employees began participation in the Plan on the date that they commenced employment. Effective November 1, 2021, faculty and staff must also be at least 18 years of age to become contribution eligible employees.

Effective January 1, 2018, temporary or part time non-exempt employees earn one year of service if they complete at least 1,000 hours of service during an “eligibility computation period,” which is the twelve consecutive month period beginning with the initial date of employment or reemployment, or each plan year, starting with the first plan year that includes the first anniversary of date of employment or reemployment.

For certain “Matching Contribution Eligible Employees”, the Plan provides retirement benefits in the form of University contributions and matching contributions funded by the University. These Matching Contribution Eligible Employees are those employees who elected to cease earning additional benefits as of December 31, 2017 under the University of Notre Dame Employees’ Pension Plan and who do not satisfy the Plan eligibility requirements for University and mandatory employee contributions.

University of Notre Dame

403(b) Retirement Plan

Notes to Financial Statements

All eligible employees of the University may contribute voluntary employee contributions to the Plan. An eligible employee generally means any common law employee of the University. The employee may voluntarily contribute to the Plan at any time following the date of hire. The Plan is intended to be an individual account plan within the meaning of ERISA Section 404(c). Throughout the plan year 2023, contributions were invested, at the election of Plan participants, in one or more investment vehicles offered by Fidelity Investments Tax Exempt Service Co. (“Fidelity”). A tiered structure of thirteen investment options has been offered which simplifies the investment election process for participants. The Plan offers various mutual funds, a self-directed brokerage account, and a fixed interest annuity through Metropolitan Life Insurance Company (“MetLife”). These funds are periodically monitored by the 403(b) Investment Committee. The University has utilized Fidelity as their single provider of record keeping services since January 1, 2015. The intent of the single record keeper model is to achieve lower administrative and investment fees and an enhanced overall participant experience with improved enrollment, communication and education. Plan assets invested in traditional annuity contracts and pooled separate accounts with Teachers Insurance and Annuity Association, and variable annuity contract accounts with College Retirement Equities Fund (collectively, “TIAA”) previously offered to participants remain as frozen assets in the Plan. These annuity products are individual contracts between TIAA and the participant. The Plan does not have the authority to transfer them. No contributions have been allowed to be made to these TIAA annuity products since November 26, 2014. Additionally, no rollovers or transfers can be made into these annuity products, with the exception of internal transfers among existing TIAA funds. The participant can elect at any time to transfer funds from these products, subject to product rules, to any of the funds in the current investment line-up, including the self-directed brokerage account and the fixed interest annuity.

The University’s Vice President for Human Resources has been designated as the Plan Administrator. The 403(b) Investment Committee is responsible for overseeing the investment policy objectives of the Plan and related Plan matters as defined in the committee charter. The 403(b) Investment Committee members are designated as fiduciaries as defined by ERISA.

CONTRIBUTIONS

Mandatory Employee Contributions – As a condition of employment, eligible faculty and staff employees must contribute five percent of Regular Salary to the Plan. Employees must begin making these Mandatory Employee Contributions on their first day of eligibility as defined in the Plan Document. Regular Salary, as specifically defined in the Plan Document, means:

- For employees paid on a salaried basis, the contractual or base salary paid by the University while the employee is a participant in the Plan that is included as wages on an employee's Form W-2.
- For employees paid on an hourly basis, compensation recorded in the University payroll system as regular hourly pay, overtime, shift differential pay, tip income and pay reflected in those payroll codes designated by the University as 403(b) plan eligible.

Voluntary Employee Contributions – Employees may begin making Voluntary Contributions at any time following employment with the University and may contribute a percentage of Regular Salary or a dollar amount but must agree to contribute at least \$10 per month in order to participate. Voluntary contributions cannot exceed the IRS Section 402(g) limit. For 2023, the dollar limit was \$22,500 plus an additional \$7,500 catch-up elective deferral for participants age 50 or over.

University Contributions – The University makes contributions to the Plan on the eligible faculty and staff employees' behalf. The University makes University Contributions of 10% of Regular Salary for employees when Mandatory Employee Contributions to the Plan begin. For Matching Contribution Eligible Employees, the University instead makes University Contributions in the amount equal to five percent of Regular Salary.

Matching Contributions – For Matching Contribution Eligible Employees, each pay period the University makes Matching Contributions in an amount equal to 100% of the first 5% of Regular Salary that the employee elects to contribute as a Voluntary Employee Contribution for that pay period.

Rollover Contributions – Employees may make a Rollover Contribution to the Plan of a distribution from another Code Section 403(b) plan, a qualified plan described in Code Section 401(a) or 403(a), a 457(b) plan sponsored by a State or a political subdivision of a State, or an IRA. After-tax employee contributions may not be rolled into the Plan; however, Roth contributions may be rolled into the Plan. No Rollover Contribution to the Plan can be made unless the contribution satisfies all requirements under the Internal Revenue Code.

PARTICIPANT ACCOUNTS

A participant's account is credited with (a) the participant's contributions and allocations of (b) the University's contributions (if an eligible faculty or staff employee) and (c) plan earnings. Earnings allocations

University of Notre Dame 403(b) Retirement Plan

are based on participant investment choices and their account balances, as defined. The benefit to which a participant is entitled is the participant's vested account balance.

VESTING

Participants are fully and immediately vested in all contributions, including any earnings thereon, made by the participant or on behalf of the participant to the Plan.

PARTICIPANT LOANS

Effective January 1, 2015, participant loans are available from the participant's account with Fidelity and administered by Fidelity. Participants may borrow through Fidelity a minimum of \$1,000 up to the absolute maximum of \$50,000. The maximum amount a participant can borrow depends on two factors: (i) the balance in the participant's Fidelity account, and (ii) whether the participant has (or had) within the 12 months prior to the date of the loan any other loans from any of the University's retirement plans still outstanding. The participant is also limited to two outstanding loans at any time (including outstanding loans previously obtained through TIAA). A previously defaulted loan counts against this two loan maximum. The loan interest rate, determined quarterly, is set at one percent above the prime rate, as defined. Principal and interest are paid ratably directly to Fidelity. Notes receivable from participants represent the balance of participant loans held by Fidelity as of December 31, 2023 and 2022, and are measured at their unpaid principal balance plus any accrued but unpaid interest.

University of Notre Dame 403(b) Retirement Plan

Notes to Financial Statements

PAYMENT OF BENEFITS

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments, or annuities according to Fidelity and TIAA. For termination of service for other reasons, a participant may receive the value of the accumulation in his or her account in a lump sum distribution subject to the terms of the funding vehicle.

A participant who has attained age 59 ½ may elect to receive a distribution of their voluntary contributions from the Plan. Eligible faculty entering into a one-year or two-year phased-in retirement agreement pursuant to the Faculty Retirement Transition Program may elect to receive a distribution from the Plan, provided such distributions comply with the provisions of Treasury Regulation Section 1.401-1(b)(1)(i) to the extent applicable. A participant may also elect to receive all or a portion of his or her rollover account prior to termination. If the participant meets the criteria for financial hardship withdrawal, as defined in the Plan Document, the participant may withdraw all or part of his or her Voluntary Employee contributions. The form of a participant's distribution from the Plan, such as lump sum, installment, or annuity varies according to the fund vendor and/or terms of the participant's investment vehicles. Mandatory and University contributions are not eligible for financial hardship withdrawals.

NOTE 2.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the significant accounting policies followed in the preparation of the Plan's financial statements:

BASIS OF ACCOUNTING

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board *Accounting Standards Codification* (FASB ASC) 820, *Fair Value Measurement*, establishes a framework for measuring fair value. The standard defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The standard also establishes a hierarchy that prioritizes the inputs to fair value measurements based on the extent to which inputs to valuation techniques are observable in the marketplace. The hierarchy assigns a higher priority to observable inputs that reflect verifiable information obtained from independent sources, and a lower priority to unobservable inputs that would reflect the Plan's assumptions about how market participants would value an asset or liability based on the best information available. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the hierarchy of inputs used to measure fair value are described briefly as follows:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities that are available at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 – Unobservable inputs for the asset or liability, used in situations in which little or no market activity exists for the asset or liability at the measurement date.

The categorization of fair value measurements by level of the hierarchy is based upon the lowest level input that is significant to the overall fair value measurement for a given asset or liability.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). The Plan measures the fair values of investments in registered investment company funds at the last quoted net asset value per share. The Plan's self-directed brokerage account consists of registered investment company funds that are valued on the basis of readily determinable market prices.

University of Notre Dame

403(b) Retirement Plan

Notes to Financial Statements

The fair values of interests in TIAA pooled separate accounts and College and Retirement Equities Fund (“CREF”) variable annuity contract accounts are measured based upon Net Asset Value (“NAV”) published on a daily basis using the fair value of the funds’ underlying assets. The following table summarizes these investments as of December 31, 2023 and 2022, respectively.

<u>Investments</u>	<u>2023 Fair Value</u>	<u>2022 Fair Value</u>	<u>Investment Strategy</u>
TIAA Real Estate Pooled Separate Account	\$ 22,617,705	\$ 32,581,764	75%-85% in real estate or real estate-related investments
Variable Annuity Accounts:			
CREF Stock	\$ 183,131,505	\$ 168,005,176	At least 80% in broadly diversified portfolio of common stocks
CREF Global Equities	44,621,855	35,528,395	At least 80% in equity securities of foreign and domestic companies
CREF Growth	45,617,271	33,768,964	At least 80% in common stocks and other equity securities

CREF Social Choice	26,288,213	23,281,435	60% in domestic and foreign stocks and other equity securities and 40% in bonds and other fixed-income securities, including money market instruments, all subject to certain social criteria
CREF Money Market	10,108,477	9,855,418	Cash or U.S. government securities maturing in 397 days or less
	<u>\$ 364,118,565</u>	<u>\$ 321,761,890</u>	

No redemption notice period or unfunded commitment is applicable for any of the above funds. TIAA Real Estate Account can be redeemed once per calendar quarter, while there is no restriction for redemption frequency for any of the CREF accounts.

The TIAA Real Estate Account and eight CREF variable annuity accounts seek favorable long-term returns. Each account has its own investment objectives, policies and special risks. There is no guarantee that any account will meet its investment objective.

See *Notes 4* and *5* for discussion of valuation of investment contracts.

Purchases and sales of investments are recorded on a trade or contract date basis. Income from investments is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date.

University of Notre Dame 403(b) Retirement Plan

Notes to Financial Statements

The Plan presents in its statement of changes in net assets available for benefits the net appreciation or depreciation in the fair value of its investments, which consists of both the realized and unrealized gains and losses on those investments.

PAYMENT OF BENEFITS

Benefit payments to participants are recorded upon distribution.

OTHER ADDITIONS

Other additions include revenue credits, which result from revenue sharing from the Plan's investments exceeding the administrative revenue requirement negotiated with Fidelity.

ADMINISTRATIVE EXPENSES

Administrative expenses are comprised of participant and professional fees. The Plan charges a \$15 per quarter per participant fee to pay expenses as they come due.

USE OF ESTIMATES IN THE PREPARATION OF FINANCIAL STATEMENTS

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. The University believes the techniques and assumptions used in establishing these amounts are appropriate.

NOTE 4.

FAIR VALUE MEASUREMENTS

The valuation methods used for the Plan's investments may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value measurements of plan assets at December 31, 2023 were based on the following:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Guaranteed investment contracts	\$ -	\$ -	\$ 259,040,728	\$ 259,040,728

Fair value measurements of plan assets at December 31, 2022 were based on the following:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Guaranteed investment contracts	\$ -	\$ -	\$ 269,994,816	\$ 269,994,816

Self-directed brokerage account	91,509,332	-	-	91,509,332
Investments at fair value	<u>\$ 1,655,172,317</u>	<u>\$ -</u>	<u>\$ 269,994,816</u>	<u>\$ 1,925,167,133</u>

(a) See further information in Note 2.

For the year ended December 31, 2023, there were no transfers in or out of Level 3. As described in Note 2, the fair value of variable annuity contracts and pooled separate accounts are measured using the NAV, not as a practical expedient, at the reporting date. Given that the NAV is published daily and is the basis for current transactions, management has concluded that NAV is indicative of a readily determinable fair value, and has included the measurements in Level 1 as of December 31, 2023 and 2022.

Changes in plan assets for which fair value is measured based on significant unobservable inputs (Level 3) are summarized below for the year ended December 31, 2023:

	<u>Guaranteed investment contracts</u>
Beginning balance	\$ 269,994,816
Interest	12,634,420
Net interfund transfer out	(1,520,696)
Withdrawals, distributions and settlements	(22,067,812)
Ending balance	<u>\$ 259,040,728</u>

Interest included in changes in Level 3 assets for the period above is reported in interest and dividend income in the statement of changes in net assets available for benefits.

Guaranteed Investment Contracts

Plan assets include non-benefit responsive traditional annuity investment contracts with TIAA (see Note 5). The contracts are included in the financial statements at fair value as reported to the Plan by TIAA. The Plan evaluates the reasonableness of the TIAA reported fair value by reviewing on an annual basis the methods, inputs and assumptions employed by TIAA. Based upon the unique features of the insurance contracts such as resetting crediting rates, guaranteed minimum interest rate, and long-time horizons, fair value approximates contract value. TIAA measures the fair value of TIAA Traditional Annuities by

discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Fair value of the contracts as measured by TIAA at December 31, 2023 and 2022 and the underlying valuation techniques and significant unobservable inputs utilized in their measurements are summarized as follows:

Fair value measurements using significant unobservable inputs (Level 3) at December 31, 2023:

<i>Type</i>	<i>Fair Value</i>	<i>Valuation Technique</i>	<i>Significant Unobservable Inputs</i>	<i>Range¹</i>
TIAA Traditional Non-Benefit Responsive	\$ 259,040,728	Discounted cash-flow	Risk-adjusted discount-rate applied	RA – 4.00% - 6.75%

Fair value measurements using significant unobservable inputs (Level 3) at December 31, 2022:

<i>Type</i>	<i>Fair Value</i>	<i>Valuation Technique</i>	<i>Significant Unobservable Inputs</i>	<i>Range¹</i>
TIAA Traditional Non-Benefit Responsive	\$ 269,994,816	Discounted cash-flow	Risk-adjusted discount-rate applied	RA - 3.70% - 6.25%

¹Types of specific contracts abbreviated above include Retirement Annuities (RA). The rate within the range depends on the date of the contribution.

NOTE 5.

GUARANTEED INVESTMENT CONTRACTS

The TIAA Traditional Annuities are fixed-rate guaranteed annuities. Contributions to the TIAA Traditional Annuities historically purchased a contractual or guaranteed amount of future benefits for the participant. The guarantees and returns of the TIAA Traditional Annuities are backed by TIAA's claims-paying ability. TIAA maintains the contributions in a general account. The account is credited with earnings at a specified rate and charged for participant withdrawals and administrative expenses.

Liquidity restrictions apply to the TIAA Traditional Annuities under certain types of annuity contracts: transfers and withdrawals out of the Retirement Annuity contracts may be limited to annual installments up to ten years. As a result of these restrictions, the Plan's investments in these types of contracts are non-benefit responsive. Under the benefit-responsive annuity contracts (i.e. Group Supplemental Retirement Annuity contracts and Retirement Choice Plus contracts), participants ordinarily are allowed to direct the withdrawal or transfer of all or a portion of their investment at contract value, which represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan.

For the benefit-responsive investments, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate during 2023 was based on a formula agreed upon with the issuer, but was not allowed to be less than 1% during the accumulation phase. Such interest rates are reviewed on a quarterly basis for resetting. The Plan Administrator does not believe there were any events that would limit the ability of the Plan to transact at contract value with the issuer. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The MetLife Guaranteed Account ("MGA"), issued by MetLife and record-kept as an investment option under the Plan by Fidelity, is offered to Plan participants. The MGA is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. MetLife is contractually obligated to repay the principal and a minimum interest rate of 3% that is guaranteed to the Plan.

Because the guaranteed investment contract with MetLife is fully benefit-responsive, the contract is measured at contract value. Contract value, as reported to the Plan by MetLife, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value from the MGA to the

mutual funds and self-directed brokerage account, as approved in writing by MetLife, subject to the MGA provisions.

The Plan Administrator believes that any events, such as premature termination of the contract by the Plan, termination of the Plan, the addition of another vendor or a new fixed annuity/stable value funding vehicle in addition to the MGA, mutual funds and self-directed brokerage account approved by MetLife, bankruptcy, mergers, layoffs, or early retirement incentives, that would limit the ability of the Plan to transact at contract value with the issuer and with Plan participants are not probable of occurring. Further, the Plan Administrator has determined there are no events or circumstances that would allow MetLife to terminate the MGA fully benefit-responsive investment contracts with the Plan and settle at an amount different from contract value.

NOTE 6.

TAX STATUS

The Plan has been designed to qualify for tax-exempt status under Section 403(b) of the Internal Revenue Code (the Code). The terms of the Plan have been prepared to conform to sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b). The Plan Administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the Code and, therefore, believes the Plan is qualified and the related custodial assets and tax-deferred annuities are tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE 7.

PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of registered investment companies, units of a pooled separate account, variable annuity accounts, and guaranteed investment contracts managed by Fidelity, TIAA and MetLife. As of December 31, 2023 and 2022, Fidelity is the single record keeper as defined by the Plan, although TIAA still manages variable and fixed annuity accounts and the Plan holds a fixed annuity contract with MetLife. Therefore, transactions with Fidelity, TIAA and MetLife, in addition to those pursuant to notes receivable from participants, qualify as party-in-interest transactions.

NOTE 8.

PLAN TERMINATION

Although it has not expressed any intent to do so, the University has the right under the Plan to discontinue its contributions or terminate the Plan subject to the provisions of ERISA.

NOTE 9.

RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10.

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through June 28, 2024, the date the financial statements were available to be issued, and noted no items requiring adjustment of the financial statements or additional disclosures.

Report of Independent Auditors

To the Administrator of the University of Notre Dame 403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform an audit of the financial statements of the University of Notre Dame 403(b) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

Basis for Disclaimer of Opinion

The Plan sponsor's accounting records for contracts and custodial accounts issued to current or former employees prior to January 1, 2009 do not provide sufficient evidence supporting investments, benefit payments, investment income and net assets available for benefits to permit the application of adequate auditing procedures.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Supplemental Schedule Required by ERISA

Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on this supplemental schedule.
