Independent Auditor's Report

Plan Committee
7G Distributing, LLC 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the 7G Distributing, LLC 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

7G Distributing, LLC 401(k) Retirement Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the 7G Distributing, LLC 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of 7G Distributing, LLC (the Sponsor). The Plan does not cover leased employees or employees the Sponsor considers to be independent contractors. Employees become active participants in the Plan on the first monthly enrollment date after he or she turns 21 years of age or older and has completed 30 days of service. Additionally, the Plan contains an automatic enrollment feature, which will automatically enroll eligible participants at 5% of their pay unless the participant elects otherwise. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may make pre-tax elective deferrals or Roth elective deferrals and may contribute up to the maximum amount allowed by law for this type of plan. Additionally, participants who attain the age of 50 before the end of the plan year are eligible to make catch-up contributions. The Sponsor makes matching contributions equal to 50% of the employee's elective deferral up to 10% of the participant's eligible pay. Elective deferrals exceeding 10% of the participant's eligible pay are not matched. Additionally, the Sponsor may make discretionary contributions to the Plan. No discretionary contributions were made by the Sponsor for the years ended December 31, 2023 and 2022.

Participant accounts: Each participant's account is credited with the participant's contributions, the Sponsor's matching and discretionary contributions and its share of the gains and losses of the Plan assets, and charged for its share of Plan administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their elective deferral contributions, plus actual earnings thereon. Contributions made by the Sponsor vest based on the following table:

Years of Vesting Service	Vesting Percentage
Less than 2 years	0%
2 years	20
3 years	40
4 years	60
5 years	80
6 years or more	100

Investment options: All contributions to the Plan are directed into the investment options offered by the Plan by the participants. Participants may change their investment options at any time.

Payment of benefits: If a participant's employment with the Sponsor ends and the participant's vested account is less than \$5,000, the participant will be paid a single lump sum amount. On termination of service due to death or retirement, a participant may choose from various annuity options and a single lump sum payment. For termination of service for other reasons, the participant may choose to receive any or all of his or her vested account at any time.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Forfeitures: Forfeitures may be used to pay Plan expenses or to reduce future Sponsor contributions. During the years ended December 31, 2023 and 2022, forfeitures used by the Plan totaled \$40,058 and \$14,757, respectively. There were no forfeited balances available for future allocation as of December 31, 2023 and 2022.

Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Accounting estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and uncertainties: The investments of the Plan are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with such investments and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in risk in the near term could materially affect investment balances and the amounts reported in the financial statements.

Investment valuation and investment income: Investments are stated at fair value (except for direct investments in fully benefit-responsive contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Notes 5 and 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: The Plan paid administrative expenses of \$100,896 and \$108,097 for the years ended December 31, 2023 and 2022, respectively. All other expenses were paid by the Sponsor.

Income taxes: Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

Note 3. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 4. Information Certified by the Plan Trustee

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the years then ended, included throughout the Plan's financial statements and ERISA-required supplemental schedule that was prepared by or derived from information provided by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal Trust Company), the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information, which appears throughout the financial statements and ERISA-required supplemental schedule, related to the following assets:

	December 31	
	2023	2022
Investments, at fair value:		
Pooled separate accounts	\$ 8,382,835	\$ 9,010,024
Common/collective trusts	15,756,695	9,607,261
Mutual funds	1,338,302	3,684,280
Investment, at contract value, guaranteed investment contract	1,209,211	1,128,679
	<u>\$ 26,687,043</u>	<u>\$ 23,430,244</u>

The trustee also certified to the completeness and accuracy of the investment income (loss) related to the aforementioned Plan assets as follows:

	Years Ended December 31	
	2023	2022
Investment income (loss):		
Net appreciation (depreciation) in fair value of investments	\$ 3,730,869	\$ (4,961,667)

Note 5. Investments and Fair Value Measurements

Accounting guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under the guidance are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quotes prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Pooled separate accounts: Valued based on the net asset value (NAV) of shares held by the Plan based on the market value of its underlying investments as determined by the trustee. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Common/collective trusts: Valued based on the NAV of shares held by the Plan based on the market value of its underlying investments as determined by the trustee. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Investments and Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,338,302	\$ -	\$ -	\$ 1,338,302
Total assets in the fair value hierarchy	<u>\$ 1,338,302</u>	<u>\$ -</u>	<u>\$ -</u>	<u>1,338,302</u>
Investments measured at NAV (a)				24,139,530
Total assets at fair value				<u>\$25,477,832</u>

December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,684,280	\$ -	\$ -	\$ 3,684,280
Total assets in the fair value hierarchy	<u>\$ 3,684,280</u>	<u>\$ -</u>	<u>\$ -</u>	<u>3,684,280</u>
Investments measured at NAV (a)				18,617,285
Total assets at fair value				<u>\$22,301,565</u>

- (a) Certain investments that were measured at the NAV practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 6. Investments Measured Using the Net Asset Value Per Share Practical Expedient

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using the NAV per share (practical expedient) as of December 31, 2023 and 2022:

	Fair Value		Unfunded	Redemption	Redemption
	2023	2022	Commitment	Frequency	Notice Period
Pooled separate accounts	\$ 8,382,835	\$ 9,010,024	\$ -	Daily	None
Common/collective trusts	15,756,695	9,607,261	-	Daily	None
	<u>\$ 24,139,530</u>	<u>\$ 18,617,285</u>			

Note 7. Guaranteed Investment Contract

The Plan has entered into a benefit-responsive guaranteed investment contract with Principal Life Insurance Company (PLIC). PLIC maintains the contributions in a general account. The account is credited with participant deposits and interest at the appropriate interest-crediting rate and charged for participant withdrawals, transfers, fees and payments. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract is a traditional investment contract. The contract cannot be terminated before the scheduled maturity date.

7G Distributing, LLC 401(k) Retirement Plan

Notes to Financial Statements

Note 7. Guaranteed Investment Contract (Continued)

The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than a guaranteed minimum interest rate. The guaranteed minimum interest rate is equal to the average of the five-year constant maturity treasury rates 12 months prior to the reset date, less 1.25%. Such interest rates are reset on a semiannual basis. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (IRC) or the failure of the trust to be tax-exempt under Section 501(a) of the IRC;
2. Premature termination of the contracts;
3. Plan termination or merger;
4. Changes to the Plan's prohibition on competing investment options; and
5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation; and
4. A material amendment to the agreements without the consent of the issuer.

Note 8. Income Tax Status

The Plan has adopted a non-standardized form of a pre-approved plan sponsored by Principal Life Insurance Company. The pre-approved plan has received an opinion letter from the Internal Revenue Service as to the pre-approved plan's qualified status under the applicable sections of the IRC. The Plan Administrator and management believe that the Plan and its underlying trust are designed and currently being operated in compliance with the applicable requirements of the IRC.

Note 9. Exempt Party-In-Interest Transactions

Certain Plan investments are managed by Principal Trust Company and the Plan pays the trustee for investment management and administrative services. Principal Trust Company is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 10. Subsequent Events

Management has evaluated subsequent events through July 28, 2024, the date the financial statements were available to be issued.
