INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
KALA BIO 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of KALA BIO 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the KALA BIO 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements, referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of KALA BIO 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about KALA BIO 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of KALA BIO 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about KALA BIO 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 and the supplemental Schedule H, Line 4i Schedule of Assets (Held at end of Year) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KALA BIO 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 and 2022

NOTE A – DESCRIPTION OF THE PLAN

The following description of the KALA BIO 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full time employees of KALA BIO, Inc. (formerly known as Kala Pharmaceuticals, Inc.) (the "Company") excluding non-resident aliens, interns and temporary and seasonal employees whose regularly scheduled service is less than 1,000 hours during the relevant eligibility compensation period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee pre-tax contributions, Roth contributions, and discretionary employer contributions. Each year participants may contribute up to 100% of their eligible compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto enrollment provision whereby all employees who become eligible to participate will be automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4 percent of eligible compensation and their contributions invested in a designated target date fund until changed by the participant. Contributions are subject to certain IRS limitations.

The Plan allows the Company to make discretionary matching contributions. In 2023 and 2022, the Company matched 50% of the first 4% of compensation deferred by each participant. For the years ended December 31, 2023 and 2022 the Company made matching contributions to the Plan in the amount of approximately \$147,000 and \$399,000 respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as Plan earnings. Participant accounts are charged with an allocation of administration expenses that are paid by the Plan. Allocations are based on specific participant transactions such as loan and distribution fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate based on 1% over the Prime Rate published in the Wall Street Journal on the first business day of the month the loan is originated. Interest rates on loans ranged from 4.25% to 6.5% during 2023 and 2022. Principal and interest is paid ratably through payroll deductions.

Vesting

Participants are 100% vested immediately in their contributions, the Company's contributions plus actual earnings thereon.

NOTE A – DESCRIPTION OF THE PLAN (continued)

Payment of Benefits

On termination of service, a participant shall be entitled to receive a distribution in an amount equal to the value of his or her vested account in the form of a lump sum or in installments. Hardship withdrawals are allowed under the provisions of the Plan.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, including the collective trust, which holds indirect investments in fully benefit responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan's Investment Committee determines the plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note C for discussion of fair value measurements.

The plan's shares of mutual funds are valued at quoted market prices which represent the net asset value ("NAV") of shares held by the plan at each year end. The investment in the collective trusts is valued at NAV per unit, as determined by the trustee at year end. The NAV is used as the practical expedient to estimate fair value of the collective trusts. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

DECEMBER 31, 2023 and 2022

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/(depreciation) of fair value of investments.

Date of Management's Review

The plan has evaluated subsequent events through the report date, the date the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

NOTE C – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022:

- *Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

NOTE C – FAIR VALUE MEASUREMENTS (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022.

Assets at Fair Value as of December 31, 2023

Description	<u>Level 1</u>	<u>Total</u>
Mutual Funds	\$ 11,339,643	\$ 11,339,643

Collective trust measured at NAV*	<u>-</u>	<u>51,690</u>
Total investments, at fair value	<u>\$ 11,339,643</u>	<u>\$ 11,391,333</u>

Assets at Fair Value as of December 31, 2022

Description	<u>Level 1</u>	<u>Total</u>
Mutual Funds	\$ 12,181,891	\$ 12,181,891
Total investments in the fair value hierarchy	<u>12,181,891</u>	<u>12,181,891</u>
Collective trust measured at NAV*	<u>-</u>	<u>184,796</u>
Total investments, at fair value	<u>\$ 12,181,891</u>	<u>\$ 12,366,687</u>

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy in accordance with ASU 2015-07. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts in the Statements of Net Assets Available for Benefits.

NOTE D – INVESTMENTS IN COLLECTIVE TRUST

The plan holds investments in collective trusts, specifically the Reliance MetLife Stable Value Series 25053 and 25157 – Class 0 (the "CCTs"). The CCTs invest entirely in the MetLife Group Annuity Contracts 25053 and 25157, respectively, which consist of separately managed investment portfolios directed by Reliance Trust Company. The primary investment objective of the funds is to preserve principal while generating earnings at rates competitive over time with short-term high quality fixed income investments.

Certain events limit the ability of the plan to transact with the participants. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) bankruptcy of the plan sponsor or other plan sponsor events which cause a significant withdrawal from the plan, or (c) the failure of the plan to qualify for exemption from federal income taxes or any other prohibited transaction exception under ERISA. The plan sponsor does not believe that the occurrence of any such event, which would limit the plan's ability to transact with the participants, is probable.

KALA BIO 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 and 2022

NOTE E – INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, Empower Trust Company, LLC (formerly known as Great-West Trust Company), has certified to the completeness and accuracy of all Plan assets as of December 31, 2023 and 2022 and investment transactions and income except contributions receivable) for the years then ended and the schedule of assets (held at end of year) as of December 31, 2023.

NOTE F – PARTY IN INTEREST TRANSACTIONS

Section 3(14) of ERISA defines a party in interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. The Plan invests in shares of registered investment companies managed by the Plan's third party administrators, Empower Retirement, LLC. Some of the fees paid by the Plan to this service provider were deducted from the net asset values of the investments and included as a reduction of the net appreciation/(depreciation) of the Plan. These transactions qualify as party-in-interest transactions.

Certain employees and officers of the Company, who are also participants in the Plan, perform administrative services to the Plan at no cost to the Plan. These transactions are exempt from the prohibited transaction rules.

NOTE G – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions. As discussed in Note J, the Plan has experienced a partial plan termination in 2022. Since participants were already 100% vested in their account balances including the employer contribution portion, there is no impact on the Plan due to the partial termination.

NOTE H – TAX STATUS

The Plan has adopted a volume submitter profit-sharing plan with Great West Trust Company (now known as Empower Trust Company, LLC). That Plan obtained its latest opinion letter dated June 30, 2020, in which the Internal Revenue Service stated that the plan and the related trust, as then designed, are in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax exempt.

KALA BIO 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 and 2022

NOTE I - RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE J – PARTIAL PLAN TERMINATION

During 2022 the Company sold their commercial assets and terminated approximately 79% of its workforce during 2022. The Company has determined that while this action does qualify as a partial plan termination, which normally results in accelerated vesting, there is no impact on the Plan since the Plan already provides for 100% vesting in employer contributions.

NOTE K – TRANSFER IN FROM ANOTHER PLAN

During 2021 the Company acquired Combangio, Inc. The assets of the Combangio, Inc. 401(k) Plan amounting to approximately \$172,000 were transferred into the Kala Pharmaceuticals, Inc. 401(k) Plan during 2022. At that time the former participants of the Combangio plan became participants of the Kala Plan.

NOTE L – PROHIBITED TRANSACTION

As required by ERISA Section 2510.3-102, the plan sponsor is required to segregate employee contributions to the plan from its general assets as soon as they can be reasonably segregated. Due to administrative delays, participant contributions totaling approximately \$233,000 in 2023 were not remitted to the plan in a manner that would meet the DOL's requirement for timely remittance. The plan sponsor has made additional contributions of approximately \$1,400 for the delays to the affected participants' accounts in 2024 to compensate participants for lost earnings due to the delay in remitting the funds. These additional contributions were calculated using the Department of Labor Voluntary Fiduciary Correction Program online calculator.
