Independent Auditor's Report

To the Plan Administrator
Khan Academy, Inc. 401(k) Safe Harbor Plan
Mountain View, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Khan Academy, Inc. 401(k) Safe Harbor Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified

investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

The following description of the Khan Academy, Inc. 401(k) Safe Harbor Plan (the Plan) is provided for general information purposes only. Participants should refer to the comprehensive Plan Document for a more complete description of the Plan's provisions.

General

The Plan was adopted effective January 1, 2012, and restated on April 26, 2022, by Khan Academy, Inc. (the Company), who is the sponsor of the Plan. The Plan is a contributory defined contribution plan covering all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Trustee, Custodian and Administration of the Plan

The trustee, custodian and recordkeeper of the Plan is Fidelity Management Trust Company (Fidelity or Trustee). The administrator of the Plan is the Company. The Trustee holds all assets of the Plan in accordance with the service provider contract with the Company. The 401(k) Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

The Plan covers all eligible employees of the Company upon hire who are age 21 or older. Eligible employees can become a participant immediately upon meeting the completion of the eligibility requirements.

Contributions

Each year, participants may elect to make contributions on a pre-tax or after-tax (Roth) basis up to 90% of eligible compensation, as defined in the Plan document, up to a maximum allowable under the Internal Revenue Code (IRC). Additionally, participants who attain age 50 before the close of the Plan year may also elect to make additional catch-up contributions to the Plan, not to exceed the amount allowable under current income tax regulations. Participants may also rollover amounts representing distributions from other qualified plans which are reflected as rollover contributions in the statement of changes in net assets available for benefits. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto enrollment provision for new or rehired employees at a contribution rate of 4%. New employees or rehired employees can elect to opt out from the enrollment.

The Company has elected to make safe harbor matching contributions of 100% of deferrals up to 4% of eligible compensation (the "Safe Harbor Matching Contribution"), subject to IRC limitations. The Safe Harbor Matching Contribution for each participant is made to the same investment funds to which the participant's deferred contributions are made. All investments are participant directed.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of

Khan Academy, Inc. 401(k) Safe Harbor Plan

Notes to Financial Statements

administrative expenses that are paid by the Plan, as applicable. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary deferred contributions and the Safe Harbor Matching Contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000, and up to a maximum equal to the lesser of 50% of their account balance or \$50,000, reduced by the highest outstanding loan balance during the previous 12 months, if any. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest as determined by the Plan administrator based on the prevailing interest rates, as defined. Loan repayments are generally made ratably through payroll deductions over a period not to exceed 5 years, unless the loan is used for the purchase of a principal residence, in which case the repayment period may not exceed 10 years. Participants may only have one loan outstanding at a time. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the IRC.

Payments of Benefits

Participants are eligible to receive a lump sum distribution of their account balance upon termination of employment, retirement, disability, or death. If, upon termination of employment, the value of the portion of a participant's account is \$1,000 or less, the participant will receive an automatic lump sum cash payout while those with account balances ranging from \$1,000 to \$5,000 will be rolled over to an individual retirement account designated by the Plan as soon as administratively feasible. For participants with account balances in excess of \$5,000, no distribution will occur until a withdrawal request is completed.

Prior to separation from service, participants may withdraw all or any portion of their account balance attributable to rollover contributions. Participants over age 59½ are also entitled to receive a distribution of all or any portion of their account balance. Under certain circumstances, a participant may qualify for a hardship distribution and receive a lump-sum payment of a portion of his or her account balance.

Retired participants also have an option of delaying the receipt of benefits. The payments for retired participants, however, are required to begin in the year in which the participant reaches the age of 72 or 73 if they reach the age 72 after December 31, 2023.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain investment related expenses are included in net appreciation in fair value of investments. Administrative expenses paid by the Plan totaled \$96,188 for the year ended December 31, 2023.

Khan Academy, Inc. 401(k) Safe Harbor Plan

Notes to Financial Statements

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ materially from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Any accrued but unpaid interest is de minimis. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Contributions Receivable

Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation.

3. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee (Fidelity) has certified that the following information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

Khan Academy, Inc. 401(k) Safe Harbor Plan

Notes to Financial Statements

- Investments and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022;
- Net investment income and interest income on notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023;
- Investment fair values as disclosed in Note 4; and
- Investments and notes receivable from participants, as reflected in Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets.
- inputs other than quoted prices that are observable for the asset or liability.
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Khan Academy, Inc. 401(k) Safe Harbor Plan

Notes to Financial Statements

Mutual Funds: Investments in mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

BrokerageLink Investment Account: Valued at the quoted closing market price of the securities held in the accounts.

Money Market Fund: Valued at the daily closing price as reported by the fund.

The valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

<i>December 31, 2023</i>	Level 1	Level 2	Level 3	Total
Mutual Funds	\$30,338,256	\$ -	\$ -	\$30,338,256
BrokerageLink Investment Account	629,048	-	-	629,048
Money Market Fund	611,875	-	-	611,875
Total Investments, at fair value	\$31,579,179	\$ -	\$ -	\$31,579,179

<i>December 31, 2022</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 22,231,206	\$ -	\$ -	\$ 22,231,206
BrokerageLink Investment Account	470,330	-	-	470,330
Money Market fund	620,580	-	-	620,580
Total Investments, at fair value	\$ 23,322,116	\$ -	\$ -	\$ 23,322,116

5. Related Party and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by a company affiliated with Fidelity Management Trust Company, the trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions as defined by ERISA. Participant loan and distribution processing fees are paid to Fidelity Management Trust Company by participants. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. As described in Note 1, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

Khan Academy, Inc. 401(k) Safe Harbor Plan

Notes to Financial Statements

6. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

7. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would remain 100% vested in their accounts.

8. Tax Status

The Plan uses a pre-approved plan document sponsored by Fidelity which received an opinion letter from the IRS, dated June 30, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

<i>December 31,</i>	2023	2022
Net assets available for benefits per the financial statements	\$ 31,817,630	\$ 23,637,424
Less: Employer contribution receivable	(122,043)	(199,917)
Net Assets Available for Benefits Per the Form 5500	\$ 31,695,587	\$ 23,437,507

The following is a reconciliation of net change in net assets per the financial statements to the Form 5500:

<i>Year ended December 31,</i>	2023
Net Increase in net assets available for benefits per the financial statements	\$ 8,180,206
Add: Prior year employer contribution receivable	199,917
Less: Current year employer contribution receivable	(122,043)
Net Income Per the Form 5500	\$ 8,258,080

Notes to Financial Statements

10. Subsequent Events

The Plan has evaluated subsequent events through July 25, 2024, the date the financial statements were available to be issued. There were no events or transactions that require recognition or disclosure in the financial statements.
