INDEPENDENT AUDITOR'S REPORT

Board of Trustees and Participants
Smith Land Savings and Retirement Plan
Camp Hill, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Smith Land Savings and Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Opinion (Continued)

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Item 4i - Schedule of Assets Held for Investment Purposes as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Supplemental Schedule Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SMITH LAND SAVINGS AND RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. General Description of the Plan

The following description of Smith Land Savings and Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established by Smith Land and Improvement Corporation (the Company) to provide retirement benefits and additional incentives to eligible employees. The Plan is available to all eligible employees of Smith Land & Improvement Corporation & Subsidiaries, L. B. Smith Ford and Eagle Improvement Services, LLC. Employees who have attained age 18 are eligible to participate in the Plan upon the first day of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended and restated, effective January 1, 2021 for the items noted below. The Plan's Cycle 3 Restatement, as is required every six years for pre-approved plans, was effective January 1, 2022. Fulton Financial Advisors served as the trustee for the year ended December 31, 2022, and for the period of January 1, 2023 to June 9, 2023. Matrix Trust Company (Matrix) served as the trustee of the Plan for the period June 10, 2023 to December 31, 2023. The Plan's assets transferred from Fulton Financial Advisors to Matrix on June 8, 2023.

Contributions: Each year, participants may contribute up to 100% of their annual pre-tax compensation, as defined in the Plan. Effective January 1, 2018, the Plan added an automatic enrollment provision whereby participants will automatically have 3% of their compensation deferred into the Plan, unless they elect otherwise. Participants who attain age 50 by the end of the Plan year are eligible to make additional (catch-up) contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Eligible participants may receive discretionary matching contributions and additional profit-sharing contributions. Previously, participants received matching contributions upon the completion of six months of service and at least 18 years of age, provided they are employed as of the last day of the plan year. Effective January 1, 2021, the Plan was amended to remove the requirement of six months of service to receive employer match, therefore participants will be eligible for match upon becoming eligible to participate in the plan. The employment condition of the last day of the plan year to receive a match allocation is removed and the period for determining matching contribution will be on a per payroll period basis, rather than annually. Discretionary matching contributions are determined annually by the Company. For 2023 and 2022, the matching contribution amounted to 30% of participant elective deferrals, limited to 6% of annual compensation. Additional profit-sharing contributions may be contributed at the option of the Company and would be allocated to participants based on compensation and years of service. Contributions are subject to certain annual limitations imposed by the Internal Revenue Code.

Participant Accounts: Each participant's account is credited or charged with the participant's contribution, the employer's discretionary matching contributions, an allocation of other contributions, if any, from the Company and an allocation of Plan earnings or losses. Allocations of Plan earnings or losses are based upon the participant's relative account balance in the various investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants' Investment Options: Participants direct their salary deferral contributions to selected investments as made available and determined by the Plan administrator. Participants may change their investment options any time throughout the year via direct telephone or internet access.

SMITH LAND SAVINGS AND RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. General Description of the Plan (Continued)

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are fully vested in the Company's discretionary matching contributions, discretionary profit sharing contributions and any top heavy minimum contributions upon the completion of two years of service, effective January 1, 2021. The previous vesting requirement was three years of service. Participants' accounts become fully vested in the event of normal retirement at age 65, early retirement at age 55 with five years of service and upon death or total disability.

Forfeitures: A participant's accrued vested benefit is determined on the date employment is terminated. The non-vested portion is forfeited upon total distribution of a participant's account. Forfeitures are used to pay administrative expenses. At December 31, 2023 and 2022, there were available forfeitures of \$5,447 and \$376, respectively. Forfeitures of \$376 and \$1,152 were used during 2023 and 2022, respectively.

Payment of Benefits: Upon termination of service due to death, disability, retirement or for any other reason, a participant may elect to receive a lump-sum, installment or partial distribution amount equal to the value of the participant's vested interest in his or her account. In addition, hardship withdrawals are permitted by the Plan upon satisfaction of criteria established by the Internal Revenue Code.

Participant Loans: Participants may borrow up to a maximum of 50% of their vested account balance or \$50,000, whichever is less, provided the minimum loan amount is \$1,000. Loan terms may not exceed five years, except a longer term is permitted if the loan is used to purchase a principal residence. The fixed interest rate of each loan is commensurate with local prevailing rates when issued as determined by the Plan Administrator. Loans are secured by the vested balance in the participant's account. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses: Fees related to the administration of notes receivable and distributions are charged directly to the participant's account. Fees related to asset management and participant accounting are generally paid by the plan. Certain other expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

Note 2. Summary of Significant Accounting Policies

Basis of Presentation: The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

SMITH LAND SAVINGS AND RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition: The Plan's investments in registered investment companies are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of the common/collective trust (CCT) is based upon the net asset value of the fund as reported to the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. Delinquent loans are treated as distributions based upon the terms of the plan document surrounding defaulted loans.

Payment of Benefits: Benefits are recorded when paid.

Subsequent Events: In preparing these financial statements, the Plan Administrator has evaluated events and transactions for potential recognition or disclosure through July 25, 2024, the date the financial statements were available to be issued. See Note 9.

Note 3. Information Certified by the Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the period of June 10, 2023 through December 31, 2023, was obtained by management and agreed to information certified as complete and accurate by Matrix Trust Company (the trustee of the Plan).

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at December 31, 2022 and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the period January 1, 2023 through June 9, 2023, was obtained by management and agreed to information certified as complete and accurate by Fulton Financial Advisors, N.A. (the former trustee of the Plan).

SMITH LAND SAVINGS AND RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 4. Investments and Fair Value Measurements

All investments are participant directed using various asset allocation models based on risk. The Plan measures on a recurring basis its investments at fair value in accordance with Financial Accounting Standards Board (FASB) codification *Fair Value Measurement*, which provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that are accessible to the Plan. These generally provide the most reliable evidence and are used to measure fair value whenever available.
- Level 2 Inputs to the valuation methodology include significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted prices for similar assets in active markets, quoted market prices in markets that are not active for identical or similar assets, and other observable inputs.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

All investments in the Statements of Net Assets Available for Plan Benefits are reported at fair value. The Plan's investments are held by Fulton Financial Advisors, N.A., consisting of registered investment companies and a collective investment trust. The following is a description of valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Money Market Fund and Registered Investment Companies: Shares of registered investment companies (mutual funds and money market funds) are valued at the daily closing price as reported by the funds. The funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. Mutual funds held by the plan are deemed to be actively traded.

Collective Investment Trust: The collective investment trust is valued based upon the net asset value (NAV) of units of the collective trust as reported to the Plan by the trust. Net asset value is used as a practical expedient to estimate fair value because it is unlikely that the trust would sell the investment for an amount different than the reported net asset value. The units of each share class of the collective trust are valued daily based on closing market prices of the underlying investments. The NAV per unit is computed by dividing the total assets of the trust, less its liabilities, by the total number of units outstanding as of the valuation date. Investment income earned is reinvested in the trust and included in the determination of unit values.

NOTES TO FINANCIAL STATEMENTS

Note 4. Investments and Fair Value Measurements (Continued)

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain investments or financial instruments could result in a different fair value measurement at the reporting date.

*In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Plan Benefits.

Note 4. Investments and Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investments at Net Asset Value as of December 31, 2023

Investments at Net Asset Value as of December 31, 2022

	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective investment trust	\$ 602,150	n/a	Daily	Daily

Note 5. Tax Status

The Company adopted a non-standardized prototype defined contribution plan sponsored by Fulton Financial Advisors, N.A. The prototype plan has received an opinion letter from the Internal Revenue Service dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has since been amended, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

SMITH LAND SAVINGS AND RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

Note 8. Related Party Transactions

Certain Plan investments are managed by Matrix Trust Company, is the current trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Certain Plan investments were managed by Fulton Financial Advisors, N.A. Fulton Financial Advisors, N.A., a division of Fulton Bank, was the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Note 9. Subsequent Events

As of January 1, 2024, the Plan Sponsor increased the discretionary match to 40% of deferrals up to 6%, whereas previously it was 30% of deferrals up to 6%.
