INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of the
Loureiro Engineering Associates, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Loureiro Engineering Associates, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITORS' REPORT

(Continued)

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

INDEPENDENT AUDITORS' REPORT

(Continued)

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

INDEPENDENT AUDITORS' REPORT

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held (at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITORS' REPORT
(Continued)

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LOUREIRO ENGINEERING ASSOCIATES, INC.
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Loureiro Engineering Associates, Inc. 401(k) Plan (the “Plan”), sponsored by Loureiro Engineering Associates, Inc. (the “Company”), provides general information only. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan covering substantially all full-time employees of Loureiro Engineering Associates, Inc., Loureiro Contractors, Inc. (a wholly-owned subsidiary), Tunxis Laboratories, LLC (a wholly-owned subsidiary) and Loureiro Building Construction, LLC (a wholly-owned subsidiary) who are not subject to the terms of a collective bargaining agreement and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Plan Sponsor, Administrator, and Custodian - The Plan is sponsored by Loureiro Engineering Associates, Inc. Empower Annuity Insurance Company of America is the appointed custodian for the Plan (the “Custodian”) and acts at the direction of the Plan Administrator. Participants have the option to invest in certain Custodian maintained funds in accordance with the provisions of the Plan document and may elect to change their investment options daily.

Eligibility - Employees are eligible to enroll on the first day of the month coinciding with or next following 30 calendar days from the date on which the employee completes an hour of service. During 2022, the Company amended the Plan’s adoption agreement to allow for employees acquired with the purchase of XDD, LLC to be eligible for plan participation upon their hire date.

Contributions - Participants may elect to defer up to 100% of pretax annual compensation, not to exceed the limits established by Internal Revenue Code (“the Code”) Section 402(g) (“voluntary contributions”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants, subject to the approval of the Plan Administrator, can also contribute amounts representing distributions from other qualified defined benefit or contribution plans (“rollover contributions”). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. For each plan year, Loureiro Engineering Associates, Inc. may make discretionary contributions on behalf of each participant, a percentage of the participant employee’s pretax contributions for the plan year equivalent to 100 percent of the first 3 percent of contributions and 50 percent of the next 3 percent of contributions not to exceed the amount contributed by the participant. The contribution is allocated among funds based on the participant’s most recent allocation percentages. In addition, the participant was originally required to satisfy certain criteria with respect to length of service in order to vest with regard to these matching contributions. Effective in April 2016, employer contributions are 100% vested at all times, provided that the participant is active.

LOUREIRO ENGINEERING ASSOCIATES, INC.
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution, if any, and (b) Plan earnings, and is charged with an allocation of administrative expenses, if any. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions made to the Plan plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts and related earnings thereon was historically based on years of service. Effective in April 2016, active participants are immediately and fully vested in employer contributions.

Forfeitures - Participants who terminate employment but have not become fully vested forfeit the unvested balances in their accounts. In accordance with the Plan, the amount of the forfeitures is utilized to reduce future employer contributions. The balance in the forfeiture account at December 31, 2023 is \$25,100. There is no balance in the forfeiture account at December 31, 2022.

Payment of Benefits - Upon death, retirement, total and permanent disability or termination of employment, the participant shall be entitled to the vested amount of his/her account in accordance with the provision and payment method elections specified in the Plan. Additionally, active participants who have attained age 65 may request in-service distributions. If the participant leaves and returns to the Plan within a defined period of time, the non-vested portion is reinstated upon meeting certain criteria.

Notes Receivable from Participants - Participants have the ability to borrow up to 50% of their vested account balance up to a maximum of \$50,000 upon application and approval by the Plan Administrator, as defined in the Plan. The minimum loan amount is \$1,000. The loans are collateralized by the balance in the participant's account. The interest rate charged to participants is one percent above the prime interest rate established by commercial lending institutions. Principal and interest are paid ratably through payroll deductions. Loans may not exceed a repayment term of five years unless the loan is for the purchase of a primary residence as defined in the Plan document.

Hardship Withdrawals - The Plan allows for "hardship" withdrawals in accordance with the Internal Revenue Service regulations as specified in the Plan summary.

Administrative Expenses - Investment management fees, loan origination fees, and distribution fees of the Plan are funded directly by the Plan. All other administrative expenses (audit and legal fees) are paid by the Company on the Plan's behalf.

LOUREIRO ENGINEERING ASSOCIATES, INC.
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The Plan financial statements have been prepared on the accrual basis of accounting.

Fair Value Measurements - ASC Topic 820 *Fair Value Measurements* defines fair value, establishes guidelines for measuring fair value, and expands disclosure regarding fair value measurements.

Use of Estimates - The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value except for a fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recognized when paid.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded upon the participant having a distribution event.

Risks and Uncertainties - The Plan provides the participants with various investment options in any one or a combination of mutual funds which invest in stocks, bonds, fixed income securities and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Disclosure of Subsequent Events - Plan Management has evaluated subsequent events through July 25, 2024, the date the financial statements were available to be issued.

NOTE 3 - SUMMARY OF CERTIFIED FINANCIAL DATA (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investment and notes receivable from participants held at December 31, 2023 and 2022 and net depreciation in fair value of investments, interest and dividend income, and interest on notes receivable from participants for the year ended December 31, 2023 was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America (Custodian of the Plan):

	2023	2022
Statements of net assets available for benefits:		
Mutual funds, at fair value	\$ 21,240,225	\$ 18,651,523
Investment contract, at contract value	1,231,473	1,353,830
Notes receivable from participants	5,468	8,097
	2023	
Statement of changes in net assets available:		
Net appreciation in fair value of investments	\$ 2,538,608	
Interest and dividend income	649,278	
Interest on notes receivable from participant	283	

NOTE 4 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2005, the Plan entered into a fully benefit-responsive investment contract with Great-West Life & Annuity Insurance Company, now known as Empower Annuity Insurance Company of America ("Empower"). Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Since the guaranteed investment contract is fully benefit responsive, contract value is the relevant measure because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

LOUREIRO ENGINEERING ASSOCIATES, INC.
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 4 - INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with the fully benefit responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: amendments to plan documents (including complete or partial plan termination or merger with another plan), changes to plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary), that cause a significant withdrawal from the plan, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974, or premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation, and a material amendment to the agreement without the consent of the issuer.

NOTE 5 - FAIR VALUE MEASUREMENTS

ASC Topic 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

LOUREIRO ENGINEERING ASSOCIATES, INC.
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

December 31, 2023				
	Level 1	Level 2	Level 3	Total

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

During 2023, there were transactions involving the investment of Plan assets in Empower sponsored offerings, which are managed by Empower Annuity Insurance Company of America, the Custodian, a party-in-interest as defined under Section 3(14) of ERISA.

Empower receives revenue from mutual fund service providers for services Empower provides to the funds. This revenue is used to offset certain amounts owed to Empower for its administrative services to the Plan.

If the revenue received by Empower from such mutual fund service providers exceeds the amount owed, Empower remits the excess to the Plan's trust on a monthly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2023, revenue of \$4,400 was received by the Plan and \$2,300 was paid by the Plan out of the expense account.

NOTE 7 - TAX STATUS

During 2016, the Plan adopted a Pension Consultants volume submitter plan, which was restated effective July 2021. The restated plan received a favorable opinion letter dated May 26, 2021. The Plan itself has not requested a determination letter under this new arrangement.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examination for years prior to 2020.

Net assets available for benefits per the Form 5500	<u>\$ 22,973,677</u>	<u>\$ 20,505,110</u>

The following is a reconciliation of interest income on notes receivable from participants per the financial statements for the year ended December 31, 2023 to the Form 5500 Annual Return/Report of Employee Benefit Plan:

Interest income on notes receivable from participants per the financial statements	\$ 283
Less 2023 accrued interest on deemed notes receivable from participants	<u>(138)</u>
Interest income on notes receivable from participants per the Form 5500	<u>\$ 145</u>

NOTE 9 - TERMINATION PRIORITIES

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants would become 100 percent vested in their employer contributions.
