Independent Auditor's Report

Plan Administrator and Participants
Sun Coast Resources, Inc. Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sun Coast Resources, Inc. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of October 10, 2023 and December 31, 2022, the related statement of changes in net assets available for benefits for the period from January 1, 2023 through October 10, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of October 10, 2023 and December 31, 2022, and for the period from January 1, 2023 through October 10, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis-of-Matter–Plan Termination and Liquidation Basis

As discussed in Note 1 to the financial statements, the Board of Directors of Sun Coast Resources, Inc., the Plan's sponsor, voted on March 30, 2023, to terminate the Plan, and management determined liquidation was imminent. As a result, the Plan has changed its basis of accounting from the going concern basis of accounting used in presenting the 2022 financial statements to the liquidation basis of accounting used in presenting the 2023 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Sun Coast Resources, Inc. Retirement Savings Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Sun Coast Resources, Inc. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan adopted by Sun Coast Resources, Inc. (the Company), originally effective January 1, 1995, to help its employees save for retirement. Those charged with governance (TCWG) are responsible for oversight of the Plan. The Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's TCWG. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration of the Plan: The Company is the Plan Administrator. Fidelity Management Trust Company (Fidelity or Trustee) serves as the Trustee and record keeper of the Plan's assets.

Plan termination: In March 2023, the Sponsor's Board of Directors adopted a resolution to terminate the Plan effective March 30, 2023. The Plan was fully funded as of March 31, 2023. As a result, management determined that liquidation was imminent.

Total cash payments made in conjunction with the Plan termination during the period from January 1, 2023 through October 10, 2023, were \$40,340,613. These amounts are included in benefits paid to participants in the Statement of Changes in Net Assets Available for Benefits.

Eligibility: The Plan covers all employees (except those covered by a collective bargaining agreement, nonresident aliens who have no earned income from sources within the United States, and residents of Puerto Rico). Employees are eligible to participate on the first day of the first and seventh months of the plan year coinciding with, or next following, the completion of one year of service and attainment of age 21.

Contributions: Participants may make salary deferral contributions of up to 75% of their annual compensation, in whole percentage increments, up to the maximum amount allowed by the Internal Revenue Code (IRC). Participant salary deferral contributions can be made either on a pretax basis or as Roth elective deferrals on an after-tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make additional tax-deferred catch-up contributions. Additionally, the Plan allows employees to make rollover contributions for eligible amounts from other plans. Due to the plan termination, participant contributions ended on March 30, 2023.

The Company makes a safe harbor matching contribution equal to 100% of each participant's elective contributions up to 3% of the participant's eligible compensation and 50% of the participant's elective contributions of the next 2% of the participant's eligible compensation calculated each pay period. For the period from January 1, 2023 through October 10, 2023, Company safe harbor matching contributions totaled \$555,709.

Sun Coast Resources, Inc. Retirement Savings Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

The Company may also make discretionary contributions, which will be allocated to eligible employees for the Plan year, regardless of whether participants elect to make voluntary contributions to the Plan. Discretionary contributions are allocated based on the participant's compensation as a percentage of total participants' compensation, for those participants who have otherwise met the Plan's eligibility requirements and have completed over 500 hours of service during the plan year. The Company chose not to make discretionary contributions for the period from January 1, 2023 through October 10, 2023.

The Plan is participant-directed, and participants may change their contribution rates as of the beginning of each payroll period and may change their investment options at any time.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's safe harbor, discretionary contributions, and allocations of Plan earnings. In addition, participant accounts may also be charged with an allocation of certain administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants have the right to direct the investment of Plan assets held under the Plan on their behalf into various investment securities offered by the Plan and can change the allocation of future contributions and current account balances at their discretion.

Vesting: As a result of the decision to terminate the Plan during 2023, all participants became fully vested in their account balances. Prior to termination, participants are always fully vested with respect to their contributions, the Company's safe harbor matching contributions, and related earnings. For the Company discretionary contributions, and related earnings, participants are 100% vested over a period of three years of service. A participant shall be immediately vested upon death, retirement or termination of employment due to becoming permanently disabled.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. A participant may not have more than one note outstanding at any time. The notes are secured by the balance in the participant's account. Interest is charged at the prevailing rate at the time the note is made, with scheduled repayments to be made through salary deferrals. Note terms range from one to five years or up to 10 years for the purchase of a primary residence. As a result of the decision to terminate the Plan during 2023, there are no notes outstanding at October 10, 2023.

Payment of benefits: Generally, Plan benefits are available to all participants at normal retirement age (59½) or upon death, termination, or permanent disability. Upon termination of employment before age 59½ for reasons other than death or permanent disability, a participant is entitled to the vested interest in their account. Participants can also withdraw money in the event of financial hardship, as defined, in accordance with the Plan document. Upon termination of service, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Any balance that does not exceed \$5,000 is automatically paid out as soon as administratively possible. In the absence of an election by the participant within the time period specified by the Plan Administrator, any balance that exceeds \$1,000, but does not exceed \$5,000, is paid as a direct rollover to an individual retirement account designated by the Plan Administrator. Any balance that does not exceed \$1,000 is paid directly to the participant in the form of a lump-sum cash distribution. Hardship withdrawals are also available subject to certain limitations.

Sun Coast Resources, Inc. Retirement Savings Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Forfeitures: If a participant terminates employment before they become fully vested in their Plan benefits, they will be entitled to receive a distribution of their vested benefits under the Plan. Their nonvested benefits will be forfeited in accordance with the terms of the Plan. Forfeitures may first be used to pay Plan expenses and then to fund any Company contributions. As a result of the decision to terminate the Plan during 2023, the remaining assets in the forfeiture account were used to pay the plan expenses. At October 10, 2023 and December 31, 2022, forfeited nonvested accounts were insignificant. For the period from January 1, 2023 through October 10, 2023, forfeitures used to pay Plan expenses or fund Company contributions were insignificant.

Note 2. Summary of Significant Accounting Policies

Basis of presentation: Due to the decision to terminate the Plan during 2023, management determined that liquidation of the Plan is imminent and the financial statements for 2023 have been prepared using the liquidation basis of accounting. The 2022 financial statements were prepared as a going concern on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: There were no investments remaining at October 10, 2023. All investments on the 2022 statement of net assets available for benefits are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments include the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of October 10, 2023 or December 31, 2022.

Benefits paid to participants: Benefit payments are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net depreciation of fair value of investments.

Note 2. Summary of Significant Accounting Policies (Continued)

Risks and uncertainties: The Plan provides for various investment options in a variety of investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, financial market risk and credit risk. Due to the level of risk associated with certain investment securities, coupled with the recent economic events in the United States, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

Subsequent events: The Plan has evaluated subsequent events through July 26, 2024, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Fidelity Management Trust Company

The following is a summary of the Plan's asset and income information as of October 10, 2023 and December 31, 2022, and for the period from January 1, 2023 through October 10, 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Fidelity Management Trust Company (Fidelity), the trustee of the Plan. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	2023	2022
Investments at fair value:		
Mutual funds	\$ -	\$ 32,573,323
Money market fund	-	1,428,889
Total investments at fair value	<u>\$ -</u>	<u>\$ 34,002,212</u>
Notes receivable from participants	<u>\$ -</u>	<u>\$ 1,651,783</u>

Fidelity also certified to the completeness and accuracy of \$3,128,658 of net appreciation in fair value of investments, \$65,008 of dividends and interest income related to the aforementioned investments, and \$34,273 of interest income on notes receivable from participants for the period from January 1, 2023 through October 10, 2023.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted, quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or the liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 10, 2023 or December 31, 2022.

Money market fund: The money market fund is valued at carrying value, which approximates fair value. The money market fund held by the Plan is deemed to be actively traded.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 10, 2023 and December 31, 2022.

	Assets at Fair Value as of October 10, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ -	\$ -	\$ -	\$ -
Money market fund	-	-	-	-
Total investments	\$ -	\$ -	\$ -	\$ -

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 32,573,323	\$ -	\$ -	\$ 32,573,323
Money market fund	1,428,889	-	-	1,428,889

Note 5. Parties-in-Interest

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Company, and certain others. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions. Service charges paid by the Plan for investment management services and plan administration amounted to \$69,199 for the period from January 1, 2023 through October 10, 2023, and are included in administrative expenses on the statement of changes in net assets available for benefits.

Note 6. Income Tax Status

The Plan has adopted a non-standardized pre-approved plan sponsored by FMR LLC. FMR LLC has received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by the Plan. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
