INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Tennessee Tractor, LLC Retirement Savings Plan
Alamo, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the accompanying financial statements of Tennessee Tractor, LLC Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section—

- The amounts and disclosures in the 2023 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2023 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of Tennessee Tractor, LLC Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tennessee Tractor, LLC Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tennessee Tractor, LLC Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tennessee Tractor, LLC Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2023 Supplemental Schedule Required by ERISA

The supplemental schedule of assets held (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

The financial statements of Tennessee Tractor, LLC Retirement Savings Plan as of December 31, 2022, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated September 18, 2023, indicated that in their opinion (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TENNESSEE TRACTOR, LLC RETIREMENT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Tennessee Tractor, LLC Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Tennessee Tractor, LLC Retirement Savings Plan (the Company) who are at least 18 years of age and completed two months of service, excluding nonresident aliens and union employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each participant may contribute up to the annual limits as prescribed by the Internal Revenue Code. Participants over the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute eligible amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The employer match of the Plan is discretionary. For the year ended December 31, 2023, the Company contributed 50% of participant's contributions up to 6% of compensation, as defined by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant's earnings, account balances, or specific participant transactions, as defined in the Plan agreement. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's vested account. All investments are participated-directed.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions portion of their accounts is based on years of service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to \$50,000 or 50% of the participant's vested accrued benefit. The loans are secured by the balance in the participant's account and bear interest at the prime rate. Principal and interest is paid ratably through bi-weekly payroll deductions over a period not to exceed five years, unless the loan is used for the purchase of a principal residence which results in a repayment period of up to ten years.

Forfeitures

Forfeitures may first be used to pay administrative expenses of the Plan or to reduce future employer contributions. As of December 31, 2023 and 2022, forfeited non-vested accounts totaled \$15,453 and \$7,050, respectively. For the year ended December 31, 2023, forfeitures used to pay administrative expenses of the Plan totaled \$13,923.

Payment of Benefits

On termination of service or retirement, the participant may elect to receive partial withdrawals or a lump-sum cash payment equal to the vested interest in his or her account. Normal retirement age is 65. Withdrawals by a participant while employed are limited to those requested due to events of financial hardship as defined by the plan document or upon attainment of 59 ½.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Recordkeeping and other administrative expenses may be charged directly to the participants' account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. Additional fees are charged to participants based on their usage of certain plan features.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Plan are prepared using the accrual basis of accounting.

The Plan's investments are stated at fair market value, as defined by accounting principles generally accepted in the United States (U.S. GAAP). See Note 3 for disclosure related to fair value measurement.

Contributions receivable is recorded at the estimated net realizable value. An allowance for credit losses is recorded based upon management's estimate of expected credit losses, determined by using subsequent collections. Management has determined that an allowance for credit losses is not considered necessary as of December 31, 2023.

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as deemed distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of investment income, realized gains and (losses), and the unrealized appreciation (depreciation) on investments.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

Benefits are recorded when paid.

Adoption of New Accounting Standards

In June 2016, the Financial Accounting Standards Board (“FASB”) issued guidance (FASB ASC 326 – Allowance for Credit Losses) which significantly changed how entities will measure credit losses for most financial assets and certain other instruments that aren’t measured at fair value through net income. The most significant change in this standard is a shift from the incurred loss model to the expected loss model. Under the standard, disclosures are required to provide users of the financial statement with useful information in analyzing an entity’s exposure to credit risk and the measurement of credit losses. Financial assets held by the Plan that are subject to the guidance in FASB ASC 326 were contributions receivable.

The Plan adopted the standard effective January 1, 2023. The impact of the adoption was not considered material to the financial statement and primarily resulted in new/enhanced disclosures only.

Date of Management’s Review

The Plan sponsor evaluated the Plan’s December 31, 2023 financial statements for subsequent events through July 26, 2024, the date the financial statements were available to be issued. The Plan sponsor is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

NOTE 3 – FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end.

Money market funds: Valued at the daily closing price as reported by the fund. The money market fund held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The money market funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022, respectively:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,817,480	\$ -	\$ -	\$ 13,817,480
Money market funds	1,321,450	-	-	1,321,450
Total assets at fair value	<u>\$ 15,138,930</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 15,138,930</u>
Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,894,347	\$ -	\$ -	\$ 10,894,347
Money market funds	1,199,665	-	-	1,199,665
Total assets at fair value	<u>\$ 12,094,012</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,094,012</u>

NOTE 4 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

NOTE 5 – PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become fully vested in their accounts and Plan assets will be used solely to provide benefits for participants.

NOTE 6 – FEDERAL INCOME TAX STATUS

The Internal Revenue Service (IRS) issued an opinion letter dated June 30, 2020 stating that the Non-Standardized Pre-Approved Profit Sharing/Money Purchase Plan with CODA, which the Plan adopted, was designed in accordance with applicable Internal Revenue Code (IRC) requirements. The Company has not applied for a determination letter from the IRS regarding the qualification of the Plan as it applies to the Company, however, the plan administrator believes that the Plan is currently designed and being operated in compliance with requirements of the IRC and should qualify for tax-exempt status as of the financial statement date. The plan administrator believes that the Plan has not generated any taxable income and no federal or state income tax returns have been filed. Federal and state taxing authorities could request an examination of the financial records of the Plan to ascertain if any such taxable income exists, but no such examination has occurred or is pending.

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Capital Bank and Trust Company, the custodian of the Plan and, therefore, those transactions qualify as party-in-interest. In addition, certain administrative fees that are paid directly by the plan sponsor also qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction provision of ERISA and the Internal Revenue Code.

NOTE 8 – SUMMARY OF INFORMATION CERTIFIED BY ASSET CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the asset custodian, Capital Bank and Trust Company, has certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment activity, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- The schedule of assets (held at end of year) as of December 31, 2023.
- Notes receivable from participants as of December 31, 2023 and 2022.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.
