To the Plan Administrator and Trustees of

Frederic W. Cook & Co., Inc. Deferred Profit Sharing Plan

We have audited the financial statements of Frederic W. Cook & Co., Inc. Deferred Profit Sharing Plan, (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit") for the years ended November 30, 2023 and 2022 and we will issue our report thereon dated July 25, 2024. As permitted by ERISA Section 103(a)(3)(C), our audits did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated February 1, 2024.

Professional standards also require that we provide you with certain information related to our audits. Part I of this letter relays this required information. Part II details our comments and recommendations, all of which have been discussed with appropriate members of management, that are intended to improve the internal control or result in other operating efficiencies. We will be pleased to discuss this letter as well as the comments in further detail at your convenience, perform any additional study of these matters, or assist you in implementing the recommendations. We will review the status of these comments during our next audit engagement.

This letter does not affect our report on the above referenced financial statements of the Plan.

PART I COMMUNICATION OF INFORMATION AS REQUIRED BY PROFESSIONAL STANDARDS

A. Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended November 30, 2023. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The most sensitive estimates affecting the financial statements were:

Your estimate of the fair value of financial instruments is based upon the following:

Mutual Funds: unadjusted quoted prices in active markets for identical assets.
Self-directed brokerage accounts: closing price quoted in the active market on which the individual securities are traded.

We evaluated the key factors and assumptions used to develop the fair value of financial instruments in determining that it is reasonable in relation to the financial statements taken as a whole.

There were no sensitive disclosures affecting the financial statements in the current year.

The financial statement disclosures are neutral, consistent, and clear.

B. Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors' report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

C. Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

D. Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

E. Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audits.

F. Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PART II COMMENTS AND RECOMMENDATIONS

A. Profit-Sharing Contributions

During our audit, we noted that seven individual's year to date compensation was incorrect on the profit-sharing schedule as it did not include additional bonuses received during the year. Total compensation impacts the calculated profit-sharing contribution for the year. The incorrect contribution amounts were remitted and therefore, the individual's contributions were understated for the year. While immaterial to our audit, we recommend that the Plan takes measures to correct the contributions and thoroughly review the profit-sharing schedule for errors before making the profit sharing contribution.

B. Personnel Files

During our audit we noted that management did not maintain proper documentation in a few individuals' personnel files to support their hire and termination dates. There was also an individual who was terminated and rehired during their time at the Company, but these dates were not properly included on the Census as well as their personnel file. In addition, for another individual, their hire date on the Census was not consistent with what was on their personnel file documents. While we understand that management maintains employee data via employee portals, we recommend that management maintain supporting documentation of individual's hire and termination dates in their personnel file.

C. Employees Opting out of Plan Participation

We recommend that the Plan obtain and retain an opt-out waiver from eligible employees who elect not to participate in the Plan. This waiver provides substantiation that the Plan has offered participation to eligible employees in the event of a Department of Labor or Internal Revenue Service audit.

This information is intended solely for the use of the Trustees and management of the Plan and is not intended to be and should not be used by anyone other than those specified parties.

We would like to thank all management and Plan officials for the cooperation and courtesy extended to us during our audit.

Very truly yours,

Wilkin & Guttenplan, P.C.

Independent Auditors' Report

To the Plan Administrator and Participants of the

Frederic W. Cook & Co., Inc. Deferred Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Frederic W. Cook & Co., Inc. Deferred Profit Sharing (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of November 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended November 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of November 30, 2023 and 2022, and for the year ended November 30, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

1. the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

2. the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

1. Exercise professional judgment and maintain professional skepticism throughout the audit.

2. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

3. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

4. Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

5. Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter -Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of November 30, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

1. the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

2. the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 Description of Plan

The following description of Frederic W. Cook & Co., Inc. Deferred Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant directed defined contribution plan under the provision of Section 401(k) of the Internal Revenue Code covering the eligible employees of Frederic W. Cook & Co., Inc. (the "Company" or "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 ("ERISA"). All employees of the Company are eligible to participate in the Plan when hired. The Board of Trustees is responsible for oversight of the Plan. The Profit-Sharing Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees. In October 2022, there was an amendment to the Plan to allow for commissions to be included as eligible compensation in the employee and employer match calculations.

Plan Contributions

Each year, participants may contribute up to 75% of pretax annual compensation, as defined in the Plan. Eligible employees are permitted to make both pre-tax and after-tax (ROTH) contributions provided the total of such elective contributions does not exceed the limits stated in the Plan. Subsequent to the year ended November 30, 2023, the Plan documents were amended effective May 6, 2024 to not allow participants to make after-tax employee contributions to the Plan. The employer can maintain frozen employee contributions sub-accounts. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollover"). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan does not include an autoenrollment provision.

In addition, the Plan allows for a discretionary employer contribution. The employer contribution is based on 15% of salary and annual bonuses received, made twice throughout the year in May and November. Employer contributions for the year ended November 30, 2023 totaled $3,743,671. Contributions are subject to certain IRS limitations.

Participants' Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. The participant's account is also charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 Description of Plan (Continued)

Vesting
Participants are vested immediately in their contributions plus actual earnings thereon. Participants are 100% vested immediately in the Company's contribution portion of their accounts.

Participants' Notes Receivable
Participants may borrow from their account up to a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan terms range from one to five years or as deemed reasonable by the plan administrator for loans taken to purchase a primary residence. Notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time the loan is approved. At November 30, 2023 interest rates on the outstanding loans ranged from 4.25%-9.25% during the year ended November 30, 2023. Principal and interest are paid ratably, generally through payroll deductions.

Revenue Sharing Agreement
The Plan is party to a revenue sharing agreement which provides for a revenue account for the Plan to pay for certain administrative expenses from Plan assets. The account is funded by revenue generated by certain Plan investment funds. The agreement provides that excess amounts in the Plan revenue account at the end of each Plan year may be applied towards allowable administrative expenses or allocated at the direction of the Plan's administrator. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA. For the year ended November 30, 2023, revenue received under the agreement totaled $80,038 and Plan expenses paid to Fidelity from revenue sharing funds were approximately $17,750.

Payment of Benefits
On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Hardship Benefits
The Plan allows for "hardship withdrawals" of employee benefits from participant's pre-tax elective deferral and ROTH elective deferral accounts based the provisions of the Plan document.

Forfeitures
At November 30, 2023 and 2022, forfeited non-vested accounts totaled $12,062 and $8,505, respectively. These accounts will be available to reduce future employer matching contributions. Forfeitures used to reduce employer matching contributions during the year ended December 31, 2023 totaled approximately $4,700.

Note 2 Summary of Significant Accounting Policies

Basis of Presentation
The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Cash and Cash Equivalents
Cash and cash equivalents are held in bank deposit accounts which, at times, may exceed federally insured limits. All highly liquid financial instruments with a maturity date of 90 days or less when purchased are considered to be cash equivalents.

Investment Valuation and Income Recognition
Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company (See Note 4).

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of November 30, 2023 and 2022. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits
Benefit payments to participants are recorded when paid.

Note 2 Summary of Significant Accounting Policies (Continued)

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Management has evaluated subsequent events and transactions for potential recognition or disclosure through the date of the auditors' report, which is the date the financial statements were available to be issued. See Note 1

Note 3 Certified Investments

The information related to investments and notes receivable from participants disclosed in the accompanying financial statements and the supplemental schedule required by ERISA, including investments and notes receivable from participants held at November 30, 2023 and 2022, and net depreciation in fair value of investments, interest and dividends, and interest income for the year ended November 30, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

Note 4 Fair Value Measurements

Generally accepted accounting principles ("GAAP") establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The Plan did not hold any level 2 or level 3 investments at November 30, 2023 and 2022.

At November 30, 2023, the Plan held Level 1 investments, as described below:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4 Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at November 30, 2023 and 2022.

Mutual Funds
Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage account
Accounts primarily consist of exchange traded mutual funds, common stocks, and derivative securities that are valued at the closing price reported on the active market on which the individual securities are traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's financial assets at fair value as of November 30, 2023 and 2022:

Investments at fair value:

	November 30,	
	2023	2022
Level 1 - Mutual Funds	$ 70,020,641	$ 74,944,815
Level 1 - Cash and Cash equivalents	4,519,103	7,082,866
Level 1 - Self-directed brokerage account	11,040,432	5,114,056
Level 1 - Government securities	79,603	34,056
Total	$ 85,659,779	$ 87,175,793

Note 5 Related Party and Party-In-Interest Transactions

Certain Plan investments are mutual funds, managed by Fidelity Investments Institutional Operations, Inc., a related party to Fidelity Management Trust Company ("FMTC"). FMTC is the trustee for the plan and, therefore, these transactions qualify as party-in-interest transactions.

Fees paid to Fidelity by the Plan for administrative services amount to $62,512 for the year ended November 30, 2023.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 6 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination or partial termination, participants are fully vested, and net assets will be distributed to participants and beneficiaries in proportion to their respective account balances.

Note 7 Tax Status

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 8 Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across a variety of participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments.

At November 30, 2023, two investments option accounted for more than 10% of the Plan's total net assets:
