Independent Auditor's Report

To the Administrative Committee of
Western Cabinets & Affiliates 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Western Cabinets & Affiliates 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the financial statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

1. Description of the Plan

The following description of the Western Cabinets & Affiliates 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Adoption Agreement, Document, and the Trust and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan was adopted on January 1, 1997 and was most recently amended on March 10, 2022. The Plan is a defined contribution plan covering all employees, except for certain members of a collective bargaining unit and non-resident aliens, of Western Cabinets & Affiliates, Inc., and Grandview Products Co., (collectively referred to as "Company") who have attained age 21 and completed one (1) year of service as of the last day of the 12-month period. An employee is granted a year of credited service for each plan year upon the completion of 1,000 hours of service. As disclosed in the subsequent events at Note 2, effective July 1, 2024, the Plan changed its service requirement for eligibility from 1 year to three months.

The Plan entry date for eligible employees is January 1 or the same day of the month occurring in each successive 3-month period, coincident with or next following satisfaction of the eligibility requirements. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 100% of their compensation (as defined) on a tax-deferred basis, subject to certain maximum limitations imposed by the Internal Revenue Code. Participants may also rollover amounts representing distributions from other qualified defined benefit or contribution plans.

The Company may make discretionary match contributions. During 2023, the Company did not make a discretionary match contribution.

The Plan is a Safe Harbor plan. Under the Safe Harbor provisions, the Company makes Safe Harbor Matching contributions equal to 100% of a participant's salary deferral that do not exceed 3% of the participant's eligible compensation, plus 50% of the participant's salary deferrals in excess of 3% up to 5% of the participant's eligible compensation. During 2023, the Company's Safe Harbor match contribution net of forfeitures used to reduce the match contribution was \$542,646.

Forfeitures

Forfeitures represent the portion of nonvested benefit payments remaining in the Plan for all terminated employees. These accounts are used to pay Plan expenses or reduce future employer contributions. At December 31, 2023 and 2022, forfeited nonvested account balances totaled \$230 and \$337, respectively. During 2023, the Company used \$2,038 in forfeited nonvested account balances to reduce the Company Safe Harbor match contribution.

Investment Options

The Plan's Administrative Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan Sponsor. Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. The Plan currently offers a fixed annuity fund and various variable annuity funds under a group annuity contract with the Plan's trustee as investment options for participants. Participants may change their investment allocations at any time.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's discretionary matching contributions and (b) plan earnings (losses) and charged with an allocation of any administrative expenses paid by the Plan. The allocation of earnings (losses) is based on participant's compensation as compared to the compensation of all participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

As disclosed in the subsequent events at Note 2, effective July 1, 2024, the Plan adopted new provisions to allow it to provide participant loans.

WESTERN CABINETS & AFFILIATES 401(k) PLAN

Vesting

Participants are immediately fully vested in their contributions plus actual earnings (losses) thereon. Rollover contributions by the participant upon transfer into the Plan and earnings (losses) thereon are always fully vested. Vesting in the Company's contributions portion of their accounts plus actual earnings (losses) thereon is based on years of service scheduled in the following table:

<u>Years of Service</u>	<u>Vesting</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payments of Benefits

Distributions from the Plan are made in lump sum cash payments only. Upon termination of service due to death, disability, retirement, or separation of service, participants may receive a lump sum payment equal to the value of the participant's vested in their account based on the valuation coinciding with or following the date of termination, death, disability or retirement.

2. Summary of Significant Accounting Policies

Date of Management's Review and Subsequent Events

The Plan has evaluated subsequent events and transactions for potential recognition or disclosure through July 23, 2024, which is the date the financial statements were available to be issued.

Effective July 1, 2024, Fidelity Management Trust Company ("Fidelity") became the trustee of the Plan. Consequently, Voya liquidated all Plan assets and on July 10, 2024, Fidelity received a wire in the amount of \$12,403,178 from Voya representing the settled net asset value (NAV) of the transferred Plan assets to be invested by Fidelity using its NAVs at July 10, 2024 in accordance with the method described in the Conversion Strategy Document. Additionally, the Plan changed its service requirement for eligibility from 1 year to three months. The Plan also adopted new provisions to allow it to provide participant loans.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts (FBRICS). Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Therefore, the statement of changes in net assets available for benefits has been prepared on a contract value basis for that portion related to FBRICS.

Use of Estimates

The preparation of financial statements in conformity with a basis of accounting other than accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

WESTERN CABINETS & AFFILIATES 401(k) PLAN

Investment Valuation and Income Recognition

Investments are reported at fair value, except for FBRICS, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies. See Note 5 for discussion of fair value measurements.

The net appreciation in value of investments consists of the realized gains and losses on investments bought and sold as well as held during the year and unrealized appreciation (depreciation) of investments. The net change in unrealized appreciation (depreciation) in value of investments is determined by the change in value from the beginning of the year to the end of the year or change in value from date of the purchase to the end of the year.

Purchases and sales are recorded on a trade date basis. Interest income is recorded on the accrual basis.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Officers or employees of the Company perform certain administrative functions for the Plan. However, such officers and employees do not receive compensation from the Plan. Administrative expenses of the Plan paid by the Company are excluded from these financial statements. See Note 6 for disclosure of parties-in-interest transactions.

3. Information Prepared and Certified by Plan Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Voya Retirement Insurance and Annuity Company ("VRIAC"), the trustee of the Plan.

	<u>2023</u>	<u>2022</u>
Investments:		
Fixed annuities, at contract value	\$ 1,281,745	\$ 1,149,657
Variable annuities, at fair value	<u>11,132,595</u>	<u>8,633,439</u>
Total assets	<u>\$ 12,414,340</u>	<u>\$ 9,783,096</u>
Interest income on fixed annuities	<u>\$ 24,648</u>	

WESTERN CABINETS & AFFILIATES 401(k) PLAN

4. Investment Contract with Insurance Company

The Plan has a benefit-responsive group annuity contract comprised of fixed annuities in a general account and variable annuities in separate accounts with Voya Retirement Insurance and Annuity Insurance Company ("VRIAC"). The group annuity contract may provide payments or values which are not guaranteed as to fixed dollar amount but may increase or decrease according to the investment experience of a variable account or separate account.

Fixed Annuities in General Account

Contributions into the fixed annuities fund are maintained in a general account. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by VRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the fixed annuities under the contracts at December 31, 2023 and 2022 was \$1,281,745 and \$1,149,657, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than one percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with VRIAC. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit VRIAC to terminate the agreement prior to the scheduled maturity date.

Variable Annuities in Pooled Separate Accounts

Contributions into the variable annuities are maintained in Separate Accounts. Each Eligible Fund is a separate mutual fund having its own investment objectives and policies and is registered with the Securities and Exchange Commission ("SEC") as an open-end management investment company or portfolio thereof. The SEC does not supervise the management or the investment practices and policies of any of the Eligible Funds. Many of the Eligible Funds are available only to insurance companies for their variable contracts (Insurance-Dedicated Funds) and are used for mixed and shared funding. Mixed funding occurs when shares of an Eligible Fund under the group contract are bought for variable life insurance policies issued by VRIAC or other insurance companies. Shared funding occurs when shares of an Eligible Fund under the Group Contract are also bought by other insurance companies for their variable annuity contract.

Some of the Insurance-Dedicated Eligible Funds have been established by investment advisers which manage publicly traded mutual funds having similar names and investment objectives. While some of the Eligible Funds may be similar to and may in fact be modeled after publicly traded mutual funds, those Eligible Funds are not otherwise directly related to any publicly traded mutual fund. Consequently, the investment performance of publicly traded mutual funds and any corresponding Eligible Funds may differ substantially. At December 31, 2023 and 2022, the fair value of the variable annuities in separate accounts was \$11,132,595 and \$8,633,439, respectively.

WESTERN CABINETS & AFFILIATES 401(k) PLAN

5. Fair Value Measurements

ASC Topic 820, *Fair Value Measurements and Disclosures* establishes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three broad levels of the fair value hierarchy are as follows:

- Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.
- Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1).
- Level 3 inputs consist of unobservable inputs and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan should measure fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs are not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs are not available. At December 31, 2023 and 2022, there were no plan assets requiring the use of Level 1 and Level 3 inputs.

Level 2 Fair Value Measurements

Variable annuities - The fair value of the variable annuities in separate accounts is calculated daily based on the quoted prices obtained for the underlying mutual fund which is then adjusted to apply the expense factors disclosed in the group annuity contract (formula-calculated unit value). The formula-calculated unit value is then compared, the following morning, to an accounting-driven unit value determined in a manner similar to a mutual fund Net Asset Value calculation. Any discrepancies between the two-unit values are reconciled to ensure the record keeping system reflects the accurate value for the day.

The following table set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

	Fair Value Measurements Using:		
	<u>Quoted Prices in Active</u>	<u>Other</u>	<u>Fair Value</u>
	<u>Markets for Identical Assets</u>	<u>Observable Inputs</u>	
	<u>(Level 1)</u>	<u>(Level 2)</u>	
December 31, 2023:			
Variable annuities in pooled separate accounts	\$ -	\$ 11,132,595	\$ 11,132,595
December 31, 2022:			
Variable annuities in pooled separate accounts	\$ -	\$ 8,633,439	\$ 8,633,439

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2023 are reported in net appreciation in value of investments.

WESTERN CABINETS & AFFILIATES 401(k) PLAN

6. Parties-In-Interest Transactions

Certain Plan investments are units of fixed annuities in a general account and variable annuities in pooled separate accounts managed by Voya Retirement Insurance and Annuity Company (“VRIAC”). At December 31, 2023, VRIAC is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation (depreciation) in value of investments on the accompanying statement of changes in net assets available for benefits, as they are paid through revenue sharing rather than a direct payment.

Plan transactions and records are administered by RetirementPlans.com (“RP”). RP is the third-party record keeper of the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for administrative services are included in net appreciation (depreciation) in value of investments and administrative expenses if not paid by the Company.

Focus 401(k) Group (“FG”) is the Plan’s third-party investments adviser as defined by the Plan. Therefore, FG is a party-in-interest under ERISA and transactions with FG qualify as party-in-interest transactions. During 2023, the Plan paid \$15,000 in investment advisory fees to FG. These fees are presented as Investment advisory fees within the Investment income caption on the accompanying statement of changes in net assets available for benefits.

Payne & Smith, LLC is the Plan’s independent public accountant (IPA) as defined by the Plan. Therefore, the IPA is a party-in-interest under ERISA and transactions with the IQPA qualify as party-in-interest transactions. Fees incurred by the Plan for audit and nonattest services provided by the IPA are paid by the Company in full and are therefore, neither disclosed nor included or accrued on the accompanying financial statements.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

7. Tax Status

The Plan sponsor is an adopter of a RetirementPlans.com sponsored Prototype Non-standardized Profit Sharing Plan with CODA that received a favorable Internal Revenue Service (“IRS”) Opinion Letter dated July 21, 2014, in which the IRS stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code (“IRC”). Although the Plan has been amended and restated since receiving the Opinion Letter, the Plan Administrator believes this Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

WESTERN CABINETS & AFFILIATES 401(k) PLAN

9. Risks and Uncertainties

The Plan invests in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The following table presents concentrations of investments that represented 5% or more of the Plan's net assets at December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
