INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
The Lewis Bear Company Profit-Sharing/401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of The Lewis Bear Company Profit-Sharing/401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Lewis Bear Company Profit-Sharing/401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of The Lewis Bear Company Profit-Sharing/401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Lewis Bear Company Profit-Sharing/401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions, that are presented and disclosed in the financial statements, are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Lewis Bear Company Profit-Sharing/401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Lewis Bear Company Profit-Sharing/401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500 Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE LEWIS BEAR COMPANY PROFIT-SHARING / 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PLAN DESCRIPTION

Plan Description

The following description of The Lewis Bear Company Profit-Sharing/401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that provides for retirement and disability benefits for employees of The Lewis Bear Company (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Profit-Sharing Component – All employees who are 21 years of age and have completed at least 1,000 hours of service during the Plan year and are employed as of the last day of the Plan year are eligible to receive any profit-sharing contributions that may be made for that Plan year.

401(k) Component – All employees who are 21 years of age and who have completed three months of service are eligible to participate in the Plan. Entry dates into the Plan are January 1st, April 1st, July 1st and October 1st of each fiscal year.

Contributions

Profit-Sharing Component – The Company voluntarily contributes to the Plan out of profits earned. Employee contributions are not permitted. Contributions are allocated to participant accounts based on each participant's pro rata share of gross wages, while investment gains and losses are based on the percentage that each participant's account balance bears to the total of all account balances at the beginning of the Plan year. There were no unallocated assets as of December 31, 2023 and 2022. No discretionary contributions were made in 2023.

401(k) Component – Participants can authorize payroll deferrals up to the lesser of 60% of their eligible compensation or the maximum percentage of compensation or dollar amount permissible by the Internal Revenue Code (IRC). The Plan permits Roth elective deferral contributions and has an automatic enrollment feature. Unless an eligible employee opts out upon reaching eligibility status, default elective deferrals are made on behalf of the employee on a pre-tax basis in an amount equal to four percent of the employee's eligible compensation. The Company may make a matching contribution equal to fifty percent (50%) of a participant's elective deferrals, which do not exceed three percent (3%) of the participant's compensation. Participants are permitted to contribute catch-up contributions in accordance with IRC requirements. Participants direct the investments of their contributions into various investments offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (1) the Company's contribution, and (2) Plan earnings. Allocations are based on the participants' salary or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

THE LEWIS BEAR COMPANY PROFIT-SHARING / 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or a qualified joint or survivor annuity. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Funds may also be accessed prior to the date they become distributable by way of a financial hardship withdrawal. Hardship withdrawals are allowable in accordance with current Internal Revenue Service guidelines.

Benefit payments to participants are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent loans to participants and are measured at the unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Participants are allowed one outstanding note per 12-month period from their account. The note amount is allowed at a minimum of \$1,000 and a maximum of 50% of the participant's vested balance up to \$50,000. Notes are available only from the participant's 401(k) non-forfeitable accrued benefit. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 10.50%, which are commensurate with local prevailing rates as determined at the time of the note issuance. Principal and interest are paid ratably through payroll deductions.

Vesting

Participants are fully vested with respect to their employee contributions, plus actual earnings thereon. Vesting of employer-matching and profit-sharing contributions is based on years of continuous service beginning with the participant's date of hire and thereafter as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Forfeitures

At December 31, 2023 and 2022, forfeited, nonvested accounts totaled \$8,067 and \$6,712, respectively. Forfeited, nonvested contributions are used to reduce Company matching contributions. Employer contributions were reduced by \$74,271 and \$42,302 in 2023 and 2022, respectively, from forfeited, nonvested accounts.

THE LEWIS BEAR COMPANY PROFIT-SHARING / 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value based on quoted market prices. The Plan presents in the statement of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses on investments sold during the year and the unrealized appreciation (depreciation) on investments held at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded on the accrual basis.

Administration

The Company serves as the administrator for the Plan and has sole responsibility for the administration of the Plan. Those services are provided without charge to the Plan. The Company also pays most trustee administrative fees on behalf of the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments as they are paid through revenue sharing rather than a direct payment.

Subsequent Events

The Plan has evaluated events and transactions that occurred between December 31, 2023, and July 25, 2024, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

2. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan administrator has obtained certifications from Bank of America (the trustee) as of December 31, 2023 and 2022, and for the year ended December 31, 2023, that the following information is complete and accurate.

Supplemental Schedule:

All investment balances and information are included in the supplemental schedule of assets (held at end of year).

3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels and gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 inputs) and lowest priority to unobservable inputs (Level 3 inputs). The three broad levels of the fair value hierarchy are:

- Level 1 - Inputs consist of unadjusted quoted prices in active markets for identical investments in active markets.
- Level 2 - Inputs include quoted prices for similar investments in active markets; quoted prices for identical or similar investments in markets that are not active; and model-derived valuations whose significant value drivers are observable.
- Level 3 - Inputs consist of investment valuations whose significant value drivers are not observable.

The investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

THE LEWIS BEAR COMPANY PROFIT-SHARING / 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: The fair values of mutual funds are based on quoted net asset values (NAV) of the shares held by the Plan at year end and are included as Level 1 inputs.

Common/Collective Trusts (CCT): Valued at the NAV of units held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. There were no redemption restrictions or unfunded commitments relative to the CCTs.

The following tables present the Plan's investments at fair value, categorized by level within the fair value hierarchy, on a recurring basis at:

<u>December 31, 2023</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments				
Mutual funds	\$ 18,702,977	\$ -	\$ -	\$ 18,702,977
Investments measured at NAV (CCT) ⁽¹⁾⁽²⁾				450,891
Total investments, fair value	<u>\$ 18,702,977</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 19,153,868</u>

<u>December 31, 2022</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments				
Mutual funds	\$ 16,957,187	\$ -	\$ -	\$ 16,957,187
Investments measured at NAV (CCT) ⁽¹⁾⁽²⁾				1,217,012
Total investments, fair value	<u>\$ 16,957,187</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 18,174,199</u>

⁽¹⁾ In accordance with Subtopic 820-10, certain investments that were measured at NAV per unit (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

⁽²⁾ In accordance with ASU 2015-12, if an investment is measured using the NAV per unit (or its equivalent) as the practical expedient in ASC 820, and that investment is in a fund that files a Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy is no longer required.

Gains and losses (realized and unrealized) included in the statement of changes in net assets available for benefits for the year ended December 31, 2023, are reported in net appreciation (depreciation) in fair value of investments.

**THE LEWIS BEAR COMPANY PROFIT-SHARING / 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

5. TAX STATUS

The Plan has adopted a prototype “standardized” plan, and the prototype sponsor has received an opinion letter dated June 30, 2020, from the Internal Revenue Service indicating that the Plan is a qualified plan meeting the requirements of applicable sections of the Internal Revenue Code. Accordingly, Plan management believes the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. RISKS AND UNCERTAINTIES

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

7. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

As of December 31, 2023 and 2022, there were certain Plan investments managed by Bank of America. While Bank of America continues to serve as the trustee, as defined by the Plan, the transactions in 2023 and 2022 qualified as party-in-interest transactions and therefore are exempt from the prohibited transaction rules. Notes receivable from participants during 2023 and 2022 also qualified as party-in-interest transactions, which are exempt from the prohibited transaction rules.
