(2) EIN: 66-0558530

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		30000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Report of Independent Auditors

To the Administrator of Popular, Inc. U.S.A. 401(k) Savings and Investment Plan

Opinion

We have audited the accompanying financial statements of Popular, Inc. U.S.A. 401(k) Savings and Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, including the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Popular, Inc. U.S.A. 401(k) Savings and Investment Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan

The following description of the Popular, Inc. U.S.A. 401(k) Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of its provisions.

Plan Description

The Plan is sponsored by Popular, Inc. (the "Corporation"). The Plan is a defined contribution plan covering any United States (excluding Puerto Rico), United States Virgin Islands and British Virgin Islands employees of the Plan Sponsor who have completed 30 days of service. The Plan provides the participants the ability to invest in mutual funds, single group annuity contract, pooled separate accounts and common stock in Popular, Inc. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 ("ERISA").

In July 2022, the Plan amended and restated its preapproved plan document to incorporate certain legal and administrative changes, including the adoption to comply with the requirements of certain provisions of the Bipartisan Budget Act of 2018 that amended the rules relating to hardship distributions.

Contributions

Participants may make pre-tax contributions up to the maximum permitted amount based on IRS limitations (maximum \$22,500 in 2023), as defined in the Plan documents. Participants direct the investment of Plan contributions into various investment options offered by the Plan. Also, the Plan permits catch-up contributions that are before tax contributions made in excess of the deferral limit by a participant who has reached age 50, limited for the calendar year ended on December 31, 2023 to \$7,500 (\$6,500 in 2022).

The plan provides that newly hired employees are automatically enrolled in the Plan at a pre-tax rate of 5% with a match formula of 50% for each dollar pre-tax contribution up to a maximum of 8% and for an automatic annual increase of 1% to the employees' pre-tax contribution until such contribution reaches a certain percent which on December 31, 2023 was 8%. Participants shall be given written notice of the automatic increase no less than 30 days or more than 90 days before the increase is to be effective. Participants, upon receipt of the notice of automatic increase, may elect to change their percentage of before-tax contributions to a different amount, including zero (0%), by the deadline established by the Plan Administrator to avoid the automatic increase. Matching contributions are invested pursuant to each participant's investment directions.

The Corporation may make discretionary contributions to its own employees out of its net profits in such amounts as the Corporation's Board of Directors may determine. There were no discretionary contributions for the year 2023. At December 31, 2022, the plan had \$1,921,457 included as employer contributions receivable in the accompanying Statement of Net Assets Available for Benefits, related to discretionary contributions declared by the Corporation's Board of Directors subsequent to the end of that fiscal year.

The Plan provides for an additional employer contribution known as "True-Up contribution" to ensure participants receive the maximum matching benefit under the Plan's contribution guidelines. In January 2024, the Corporation reviewed the matching contributions for the year 2023 and as a result made a True-Up contribution of \$167,379, which is included as employer contributions receivable in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2023. In April 2023, the Corporation reviewed the matching contributions for the year 2022 and as a result made a True-Up contribution of \$154,191, which is included as employer contributions receivable in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2022.

Notes to Financial Statements

December 31, 2023 and 2022

Participant accounts

Each participant account is credited with its contribution and allocation of: (a) its own Corporation matching and profit-sharing contribution and (b) plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Eligibility and vesting

All employees are eligible to participate in the Plan on the first day of the month, following 30 days of service. Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Corporations' matching and discretionary profit-sharing contributions plus actual earnings thereon is based on years of service since commencement of employment with the Corporation. These contributions and actual earnings thereon vest in accordance with the following schedule:

<u>Years of Service</u>	<u>Vesting %</u>
At least 1	20
At least 2	40
At least 3	60
At least 4	80
5 or more	100

Notes receivable from participants

Participants may borrow against their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of the vested portion of the participant's equity in the Plan. Loan transactions are treated as a transfer to (from) the investment fund from (to) notes receivable from participants. Loan terms range from one to five years, or longer if used to acquire a principal residence. Loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates as determined by the Plan Administrator. As of December 31, 2023, and 2022 interest rates ranged from 4.25% to 9.50%. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits and Withdrawals

Plan participants are permitted to make withdrawals from the Plan from after-tax contributions balance, subject to provisions in the Plan Document as amended. If a participant suffers financial hardship, as defined in the Plan Document, the participant may request a withdrawal from his/her pre-tax contributions balance. Upon termination of service due to disability, retirement or other reasons, the Plan provides that benefits be distributed in a lump sum distribution in cash, with the exception of those participants that are required to receive required minimum distributions, in flexible installment distributions. In the case of participant termination due to death, the entire vested amount is paid to the person or persons legally entitled thereto.

Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor may terminate the Plan for any reason at any time, in which event there shall be no employer duty to make contributions. In the event of termination, all participants become fully vested and have a non-forfeitable right to their full account balance.

Notes to Financial Statements

December 31, 2023 and 2022

Plan Expenses and Administration

The Plan is administered by Popular, Inc.'s Benefits Committee (the "Committee") which, in turn, may delegate certain administrative functions to other committees and/or officers of the Corporation. The Committee has overall responsibility for the operations and administration of the Plan. The named fiduciary of the Plan for purposes of investment related matters is the Popular, Inc. Corporate Investment Committee.

The Principal Financial Group ("PFG") is the record keeper for the Plan and Principal Trust Company, a subsidiary of PFG, is the trustee. Principal Life Insurance Company ("PLIC"), a member of PFG, manages the pooled separate accounts and the single annuity contract.

Forfeited accounts

Forfeited balances of terminated participants' non-vested accounts may first be used to pay administrative expenses, to reduce the earliest employer contributions made after the forfeitures are determined, or at the Corporation's discretion, may be redistributed among participants after a five (5) year severance period. During the severance period, if the terminated participant is re-employed by the Corporation, the dollar value at the date of re-employment shall be restored to the participant's account if the re-employed participant repays to the Plan an amount equal to the dollar value of his/her vested balance distributed upon termination.

During 2023, the Plan used forfeiture accounts to pay administrative expenses in the amount of \$164,912, which included expenses accrued in prior year and \$137,353 to cover the 2022 True-Up Contribution. Forfeited non-vested accounts amounted to \$22,920 and \$92,898 at December 31, 2023 and 2022, respectively.

Non-Participant Directed Investments

At December 31, 2023, there were no non-participant directed investments in the Plan.

2. Summary of Significant Accounting Policies

The significant accounting policies followed by the Plan in the preparation of the financial statements are summarized below:

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Plan investments are presented at fair value. Shares of registered investment companies are presented at published market prices which represent the net asset value ("NAV") of shares held by the Plan at the reporting date. Popular, Inc. common stock is presented at the quoted closing market price at the reporting date. Non-registered pooled separate accounts managed by PLIC are valued daily based on the market value of the underlying assets in each separate account. The single group annuity contract is presented at contract value which is the aggregation of contributions, plus interest, less withdrawals, if

any. The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date and interest is recorded under the accrual basis and credited to each participant's account, as defined by the Plan Document. Realized gains and losses from security transactions are reported on the average cost basis.

The Plan determines the fair values of its investments based on the fair value framework established in the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Subtopic 820-10 "Fair Value Measurement", which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Fair value is defined under ASC Subtopic 820-10 as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The standard describes three levels of inputs that may be used to measure fair value which are: (1) quoted market prices for identical assets or liabilities in active markets, (2) observable market-based inputs or unobservable inputs that are corroborated by market data, and (3) unobservable inputs that are not corroborated by market data. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Refer to Note 3 to these financial statements for the ASC Subtopic 820-10 disclosures required as of December 31, 2023 and 2022.

Administrative expenses

Administrative expenses reflected in the Statement of Changes in Net Assets Available for Benefits included member service fees, loan expenses, recordkeeping services, audit fees as well as investment advisory fees. Participant accounts are charged quarterly for any applicable administrative expenses following an asset-based fee method. Forfeitures accounts are used to pay administrative expenses. The Plan Sponsor shall pay administrative expenses from its general assets to the extent funds are not available from the Plan's forfeitures account and are not charged to the participant accounts.

Contributions

Employee and employer matching contributions are recorded on an accrual basis in the period in which the payroll is earned.

Discretionary contributions are recorded in the period in which they are earned by the participant as determined by the Corporation's Board of Directors.

Rollovers Distributions

Terminated employees or retirees may elect to transfer their savings to other plans qualified by the IRS, and are recorded when paid.

Rollovers Contributions

Rollovers Contributions to the Plan consist of monies received by a Participant from another plan qualified by the IRS, and are recorded when received.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Principal and interest is paid ratably through bi-weekly payroll deductions. Principal portion of the loan payments are considered as investment transfers which do not impact the Statement of Changes in Net Assets Available for Benefits. Notes receivable from participants in default are recorded as a distribution based upon the terms of the plan document when they are deemed uncollectible.

Payment of benefits

Benefits are recorded when paid.

Refundable contributions

On an annual basis, the plan completes a non-discrimination test pursuant to IRS regulations. Excess contributions determined as a result of this test, if any, are netted against the participant contributions in the Statement of Changes in Net Assets Available for Benefits. For the years ended December 31, 2023 and 2022, the plan passed the non-discrimination test.

3. Fair Value Measurement

The Plan measures fair value as required by ASC Subtopic 820-10, "Fair Value Measurement", which provides a framework for measuring fair value under accounting principles generally accepted in the United States. Under ASC Subtopic 820-10, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability.

ASC 820 establishes a fair value hierarchy that prioritizes the inputs and valuation techniques used to measure fair value into three levels in order to increase consistency and comparability in fair value measurements and disclosures. The classification of assets and liabilities within the hierarchy is based on whether the inputs to the valuation methodology used for the fair value measurement are observable or unobservable. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from independent sources. Unobservable inputs reflect the Plan's estimates about assumptions that market participants would use in pricing the asset or liability based on the best information available. The hierarchy is broken down into three levels based on the reliability of inputs as follows:

Level 1 – Unadjusted quoted prices in active markets for identical assets that the Plan has the ability to access at the measurement date. Valuation on these instruments does not necessitate a significant degree of judgment since valuations are based on quoted prices that are readily available in an active market.

Level 2 – Quoted prices other than those included in Level 1 that are observable either directly or indirectly. Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or that can be corroborated by observable market data for substantially the full term of the financial instrument.

Level 3 – Inputs are unobservable and significant to the fair value measurement. Unobservable inputs reflect the Plan's own judgements about assumptions that market participants would use in pricing the asset or liability.

Following is a description of the Plan's valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing NAV price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. These securities are classified as Level 2. Investments in mutual funds generally may be redeemed daily.

Popular, Inc. U.S.A. 401(k) Savings and Investment Plan

Notes to Financial Statements

December 31, 2023 and 2022

Pooled Separate Accounts (“PSA”): Valued daily based on the market value of the underlying net assets in each separate account. The majority of the underlying net assets have observable Level 1 and/or 2 quoted pricing inputs which are used to determine the unit value of the PSA which is not publicly quoted. These PSAs are classified as Level 2, except for the Principal U.S. Property SEP Account which is an investment in a real estate fund that measures fair value on a recurring basis based on the NAV of the underlying assets, using the practical expedient. The redemption frequency of each of these PSA is daily, and there are no redemption restrictions. There are no unfunded commitments related to the Plan’s investment in PSAs.

Popular, Inc. Common Stock: Equity securities with quoted market prices obtained from an active exchange market are classified as Level 1.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s net assets at fair value as of December 31, 2023 and 2022. Investments measured at net asset value per share as a practical expedient have not been classified in the fair value hierarchy but are presented in order to permit reconciliation of the plan’s assets.

4. Investment Contract with Principal Life Insurance Company (“PLIC”)

The Plan invests in a single group annuity contract with a fixed rate of interest. In accordance with ASC Subtopic 820-10, this investment is presented in the financial statements at its contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributed to fully benefit-responsive investment contracts because contract

value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan offers the Principal Fixed Income Guaranteed Option ("PFIGO"), which is a benefit- responsive group annuity contract issued by PLIC.

Under the terms of the contract, the crediting rate is reset on a semiannual basis. There was no minimum crediting rate.

The PFIGO is a single group annuity contract with a fixed rate of interest. It is not a portfolio of contracts whose yields are based on changes in fair value of underlying assets as would be found in a stable value fund. As a result, the average yield earned by the Plan is the yield earned (i.e., interest credited) on the group annuity contracts. The interest rate history for the contracts is as follows:

PFIGO

Time Period	2023	2022
January 1 - May 31	4.05%	1.55%
June 1 - November 30	4.35%	3.05%
December 1 - December 31	4.65%	4.05%

The PFIGO investment option crediting rate resets semiannually at December 1st and June 1st.

By definition, a group annuity contract is an insurance contract. As a result, the Plan may transact according to the terms defined in the contract at any time. Interest is credited to the Guaranteed Interest Fund on a daily basis from the date deposits are accepted until paid, transferred or applied in full. Fees may be paid in one of the following three ways:

- By being netted from the effective annual interest rate;
- By being paid separately by the Plan sponsors; or
- By being deducted from the Guaranteed Interest Fund.

Benefit payments are deducted from the value of the Guaranteed Interest Fund to the extent that the Composite Value is sufficient to make such payments. Payments and transfers are made in full within 3 business days after the date payment or transfer has been requested. In the event that market conditions are such that it is determined that they will not allow for the orderly transfer or sale of financial instruments, up to an additional 30 days may be required to make such payments or transfers.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) termination of a Plan's interest, if the Plan Sponsor wishes to terminate the Plan's interest, the value of the Plan's interest will be paid out twelve months after the record keeper receives notification. In lieu of the twelve (12) month delay, the record keeper may request immediate payment of the amounts requested subject to a 5% surrender fee and (2) termination of the contract, the Plan's contract shall be terminated on the date when both no current deposit arrangements have been made between the record keeper and Plan Sponsor and there are no Guaranteed Interest Funds with a value greater than zero. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable to occur.

There are no circumstances that would allow PFG to terminate the contract and settle at a value other than the contract value.

5. Tax Status

The Plan has adopted the Principal 401(K) Volume Submitter Plan. Principal received a favorable opinion letter in which the Internal Revenue Service ("IRS") stated that the form of such plan was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the related trust is therefore tax-exempt. Accordingly, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has concluded that as of December 31, 2023 and December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. At December 31, 2023, the years 2020 and thereafter remained subject to examination; however, there are currently no audits for any tax periods in progress.

6. Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in these factors in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits. Individual participants' accounts bear the risk of loss resulting from fluctuations in investment values.

7. Related Party Transactions

At December 31, 2023 and 2022, the Plan held 135,001 and 140,995 common shares of Popular, Inc., with a quoted market value of \$11,079,559 and \$9,350,797, respectively. During the year ended December 31, 2023, the Plan purchased 19,884 common shares of Popular, Inc., with an acquisition price of \$1,232,205 and completed sales and distributions of 25,878 shares which had a carrying value of \$1,096,645, resulting in a realized gain of \$539,469. These transactions are permitted party-in-interest transactions under provisions of ERISA and the regulations promulgated thereunder.

During the year ended December 31, 2023, the Plan Sponsor incurred in administrative expenses on behalf of the Plan amounting to \$54,944.

The accompanying Statements of Net Assets Available for Benefits, includes accrued dividend income of \$83,131 and \$77,410, related to the dividends declared on Popular Inc.'s common stock during the fourth quarter of 2023 and 2022, respectively, which were paid in January 2024 and 2023, respectively.

Included in the Plan assets are notes receivable from participants. At December 31, 2023 and 2022, notes receivable from participants amounted to \$2,189,451 and \$1,851,176, respectively. For the year ended December 31, 2023, interest income related to notes receivable from participants amounted to \$122,090. These transactions qualify as party-in-interest transactions permitted under provision of ERISA.

Notes to Financial Statements
December 31, 2023 and 2022

PLIC, a member of PFG, manages the pooled separate accounts and the single annuity contract. PFG is the trustee of the Plan and, therefore, these transactions are permitted party-in-interest transactions under provisions of ERISA and the regulations promulgated thereunder.

8. Subsequent Events

The Plan has evaluated subsequent events through the date the financial statements were issued.

Effective on January 1, 2024, the plan was amended to provide, among other things, that the automatic enrollment for new employees be 6% of the total cash compensation, compared to 5% in 2023. The automatic escalation maximum limit increases from 8% to 10%. The Required Minimum Distribution Age increases from 65 years to 73 years effective on January 1, 2024 and will increase to 75 years effective January 1, 2033.
