REPORT OF
ALLIANCE WATER RESOURCES, INC.
PROFIT SHARING/401(k) PLAN
DECEMBER 31, 2023 AND 2022

INDEPENDENT AUDITOR'S REPORT

To the Plan Committee
Alliance Water Resources, Inc. Profit Sharing/401(k) Plan
Columbia, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Alliance Water Resources, Inc. Profit Sharing/401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at year end as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**ALLIANCE WATER RESOURCES, INC.
PROFIT SHARING/401(k) PLAN**

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Alliance Water Resources, Inc. Profit Sharing/401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Alliance Water Resources, Inc. (the Company) who have three months of service and are eighteen years of age or older. The Plan was established February 1, 1982, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Employees may contribute up to 60% of their pre-tax eligible compensation, as defined in the Plan, not to exceed maximum amounts specified by the IRS in accordance with a participant salary deferral agreement. Participants who are at least 50 years of age may make an additional contribution to the Plan, not to exceed \$7,500 and \$6,500 for 2023 and 2022, respectively, under certain conditions. Participants may also contribute amounts representing rollover distributions from other qualified plans. Matching contributions are determined annually at the discretion of the Company's Board of Directors. The amount of matching contribution approved for the 2023 and 2022 plan years was 200% of the first 2% of employee deferrals and 100% of the next 2% of deferrals, not to exceed 6% of eligible compensation. Additional employer contributions to the Plan are determined annually at the discretion of the Company's Board of Directors. No additional employer contributions were approved for the 2023 and 2022 plan years. Participants direct the investment of contributions into various investment options offered by the Plan.

Participant accounts: Each participant's account is credited with the participant's contributions and Company matching contributions, allocations of additional Company contributions, if any, Plan earnings, and charged with an allocation of Plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are automatically 100% vested in the portion of their accounts resulting from participant salary deferrals. Beginning April 1, 2017, participants vest in employer matching and discretionary contributions at a rate of 20% after one year of service and in 20% increments each subsequent year with full vesting in employer contributions occurring after five years of service. For employees terminated prior to April 1, 2017, participants vest in employer matching and discretionary contributions at a rate of 20% after two years of service and in 20% increments each subsequent year with full vesting in employer contributions occurring after six years of service. Participants become automatically 100% vested in employer matching and discretionary contributions upon attaining age 60, qualifying for early retirement, or total disability or death.

Forfeitures: If a participant's employment terminates prior to normal retirement, the unvested portion of his or her account balance is forfeited. Any forfeitures occurring during the Plan year are used to reduce the employer contributions. During the years ended December 31, 2023 and 2022, forfeitures used totaled \$70,171 and \$74,759, respectively. Remaining forfeitures to be used to reduce future employer contributions totaled \$5,812 and \$3,936 at December 31, 2023 and 2022, respectively.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate that is commensurate with local prevailing rates as determined by the Plan Administrator. Loan terms range from one to five years, or a ten-year term for the purchase of a primary residence. Principal and interest are payable through payroll deductions unless approved by the Plan Administrator.

Payment of benefits: Distributions to plan participants are generally made to a participant after the participant's termination of employment. A participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or a participant may elect to receive distributions through installment payments.

Administration: Fidelity Management Trust Company (Fidelity) is the Plan's trustee and third-party administrator. The Plan has a contract with Fidelity to provide professional and administrative services. The agreement provides for the investment of contributions as designated by each participant. Fidelity also maintains the individual participants' accounts, including cash transactions, and provides records of balances and transactions monthly to the administrator. Certain administrative and record-keeping costs are being absorbed by the Company. Loan processing fees and record-keeping fees in excess of the amounts covered by revenue sharing are charged by Fidelity to participant accounts. SageView Advisory Group, LLC is the Plan's investment adviser, for which it received compensation from the Plan totaling \$27,000 during both 2023 and 2022. The Company's Board of Directors is responsible for oversight of the Plan. The Plan's Retirement Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Company's Board of Directors.

Revenue sharing: Fidelity receives revenue from mutual fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan. If the revenue received by Fidelity from such mutual fund service providers exceeds the amount owed under contract, Fidelity remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. If the excess amount is not enough to cover the amounts owed to Fidelity, the remainder is charged to participant accounts. During 2023 and 2022, the administrative fees not covered by revenue sharing totaled \$31,803 and \$32,833, respectively.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Valuation of investments: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the declaration date. Interest is recorded when earned. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities of the Plan are exposed to various risks, such as interest rates, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Contributions: Contributions from plan participants and the matching contributions from the employer are recorded in the year which the employee contributions are withheld from compensation.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of benefits: Benefits are recorded when paid.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent events: Events that have occurred subsequent to December 31, 2023, have been evaluated through July 24, 2024, which represents the date the Plan's financial statements were approved by management and, therefore, available to be issued.

3. TERMINATED PARTICIPANTS

Net assets available for benefits at December 31, 2023 and 2022 included \$2,856,845 and \$3,620,768, respectively, in vested benefits allocated to the accounts of individuals who, as of or prior to that date, had withdrawn from actively participating in the operations of the Plan, generally as a result of terminating employment. These amounts may be paid within the next year at the request of the participant. These participants receive no further contributions but do receive allocations of investment income and Plan expenses, if any.

4. TAX STATUS

The Company adopted a volume submitter profit sharing plan effective July 9, 2014. This Plan is an amendment and restatement of an existing plan originally established February 1, 1982. The Internal Revenue Service (IRS) has determined and informed Fidelity Management and Research Company by a letter dated March 31, 2014, that the volume submitter profit sharing plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC).

The Plan adopted a Cycle 3 Restatement effective August 16, 2021, as an amendment and restatement of the existing plan to bring the Plan into compliance with legislative and regulatory changes. There were no significant changes to plan provisions as a result of the amendment and restatement. The IRS has determined and informed FMR LLC by a letter dated June 30, 2020, that the non-standardized pre-approved profit sharing plan is designed in accordance with applicable sections of the IRC.

The Company may rely on the opinion letters issued by the IRS as evidence the Plan is qualified under the applicable sections of the IRC. The Plan is relying on the opinion letters. Although the Plan has been amended since receiving the opinion letters, the Plan administrator believes that the Plan is designed and is currently operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. CERTIFICATION AND FAIR VALUE OF INVESTMENTS

Plan investments are held in a trust and managed by Fidelity, the Plan's trustee, and are unsecured. All investments are participant-directed and held by parties-in-interest. The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments at fair value as shown in the statements of net assets available for benefits,
- Notes receivable from participants as shown in the statements of net assets available for benefits,
- Investment income as shown in the statements of changes in net assets available for benefits,
- Schedule of assets held at year end.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

A fair value hierarchy is used that prioritizes the inputs to valuation techniques used to measure fair value of balances that are required or permitted to be measured at fair value for reporting in financial statements. The hierarchy gives the highest priority to the unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to the unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Valuation is based upon quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access.
Level 2	Valuation is based upon quoted prices for similar assets or liabilities in active markets, quoted market prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. Observable inputs may include interest rates, foreign exchange rates, and yield curves that are observable at commonly quoted intervals.
Level 3	Valuation is based on methodologies that are unobservable and significant to the fair value measure. These may be generated from model-based techniques that use at least one significant assumption based on unobservable inputs for the asset or liability, which are typically based on an entity's own assumptions, as there is little, if any, related market activity.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of valuation methodologies used for assets recorded at fair value.

Mutual funds: Valued at daily closing prices as reported by the fund on an active market which is based on the underlying net asset value (NAV) of shares held by the Plan at year-end. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: The stable value fund is composed primarily of fully benefit-responsive investment contracts, along with fixed income securities and money market funds, and is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below present the Plan's assets measured at fair value on a recurring basis as of December 31, aggregated by the level in the fair value hierarchy within which those measurements fall:

	Level 1	Level 2	Level 3	Total
2023				
Mutual funds	\$ 18,264,645	\$ -	\$ -	\$ 18,264,645
Total assets in the fair value hierarchy	<u>\$ 18,264,645</u>	<u>\$ -</u>	<u>\$ -</u>	18,264,645
Investments measured at net asset value				<u>1,085,283</u>
Investments at fair value				<u>\$ 19,349,928</u>
2022				
Mutual funds	\$ 15,884,543	\$ -	\$ -	\$ 15,884,543
Total assets in the fair value hierarchy	<u>\$ 15,884,543</u>	<u>\$ -</u>	<u>\$ -</u>	15,884,543
Investments measured at net asset value				<u>1,418,826</u>
Investments at fair value				<u>\$ 17,303,369</u>

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022, respectively.

<u>December 31, 2023</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if Currently Eligible)</u>	<u>Redemption Notice Period</u>
Stable value collective trust fund	\$ 1,085,283	n/a	Daily	12 months
<u>December 31, 2022</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if Currently Eligible)</u>	<u>Redemption Notice Period</u>
Stable value collective trust fund	\$ 1,418,826	n/a	Daily	12 months

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include transactions with fiduciaries or employees of the Plan, any person providing services to the Plan, an employer whose employees are covered by the Plan, a person who owns 50% or more of such an employer, and relatives of parties-in-interest. The Plan has various parties-in-interest. Investments are held with parties-in-interest and certain fees are paid to parties-in-interest.
