To the Board of Trustees
R&M Consultants, Inc. Profit-Sharing Plan and Trust
Anchorage, Alaska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of R&M Consultants, Inc. Profit-Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of R&M Consultants, Inc. Profit-Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of R&M Consultants, Inc. Profit-Sharing Plan and Trust and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about R&M Consultants, Inc. Profit-Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of R&M Consultants, Inc. Profit-Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about R&M Consultants, Inc. Profit-Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule relates to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements Years Ended December 31, 2023 and 2022

Note 1: Description of Plan

The following description of the R&M Consultants, Inc. Profit-Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a 401(k) profit-sharing plan, originally adopted on November 1, 1984, and most recently amended and restated in July 2022. The Plan is a defined contribution plan covering all employees of R&M Consultants, Inc. (the “Plan Sponsor”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Eligible employees are those who have attained age 21 and are not any of the following: part of a collective bargaining agreement, non-resident aliens, independent contractors or temporary employees. Eligible employees may enter the Plan as participants on their date of hire for the purpose of elective deferrals. Participants are eligible for non-elective and safe harbor contributions once they have reached one year of service, are credited with 1,000 hours of service and are 21 years of age or older. Eligible employees will be able to participate, for purposes of employer contributions, on the first day of the Plan year quarter coinciding with or next following the date on which they satisfy the eligibility requirements.

Contributions

Participants may elect to contribute up to 100% of pretax annual compensation, as defined in the Plan, not to exceed statutory limits. Participants who have reached age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations. Notwithstanding the catch-up provisions, the statutory limit on each participant’s contributions for 2023 and 2022 was \$22,500 and \$20,500, respectively.

Annually, the Plan Sponsor makes the safe harbor enhanced matching contribution equal to 100% of each employee’s salary deferrals, up to a maximum of 4% of the employee’s eligible compensation. In addition, the Plan Sponsor determines whether it will make a discretionary profit-sharing contribution. Participants must complete one year of service (1,000 hours) and be employed on the last day of the year to be eligible for the discretionary employer contributions.

Investment Elections

The Plan offers participants mutual funds and a Self-Directed Brokerage Account option through TD Ameritrade. The accounts of participants who do not select an investment option are automatically invested in the appropriate Vanguard Target Retirement Fund for the year closest to the year of the participant’s normal retirement age.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of the Plan Sponsor’s contributions and Plan earnings (losses) and charged with an allocation of investment and administrative expenses, when applicable. Allocations are based on participant earnings or account balances, as defined by the Plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

R&M CONSULTANTS, INC. PROFIT-SHARING PLAN AND TRUST

Notes to Financial Statements Years Ended December 31, 2023 and 2022

Vesting

Participants are immediately vested in their contributions and employer safe harbor contributions, plus actual earnings thereon. Participants shall become 100% vested upon attainment of normal retirement age or death. Vesting in employer profit-sharing contributions is based on years of credited service as follows:

<u>Years of service</u>	<u>Percent Vested</u>
Less than two	0%
Two	20%
Three	40%
Four	60%
Five	80%
Six	100%

Payment of Benefits

Upon termination of service due to normal retirement age, or death, a participant or beneficiary may elect to receive a lump-sum or rollover distribution, in an amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or rollover to another qualified plan. For balances over \$5,000 at termination, a separated participant may elect to leave the money in the Plan.

Forfeited Accounts

Forfeitures will be used to pay for Plan expenses, and any remaining forfeitures will be allocated to the participants. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$1,805 and \$1,714, respectively. For the years ended December 31, 2023 and 2022, forfeitures totaling \$7,086 and \$0, respectively, were used to reduce employer contributions and pay for Plan administration expenses according to Plan provisions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual basis of accounting.

Uses of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments in registered investment companies are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion on fair value measurement. The investment contract held in the general account is reported at contract value. Fair value and contract value for the investments of the Plan are certified by the custodian and insurance company.

R&M CONSULTANTS, INC. PROFIT-SHARING PLAN AND TRUST

Notes to Financial Statements Years Ended December 31, 2023 and 2022

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Self-Directed Brokerage Accounts

The Plan offers a Self-Directed Brokerage Account (SDBA) option through TD Ameritrade. The SDBA allows participants to invest in a broad range of options, which may include open end mutual funds, fixed income securities and publicly traded stocks, including exchange-traded funds. The Plan Sponsor does not select or review the suitability of any mutual fund, stock, bond or other security offered within the SDBA. The decision to invest within the SDBA is solely the participant's responsibility.

The initial minimum amount participants may transfer to the SDBA is \$2,500. Additionally, only 50% of a participant's aggregate core account balance, which includes the exiting assets held in the SDBA, may be transferred. Therefore, a minimum balance of \$5,000 is required to establish a SDBA. The minimum subsequent transfer amount is \$2,500. Contributions cannot be directed into the SDBA directly, but must continue to be directed to one or more of the Plan's core investment options.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative activities are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Administrative expenses consisting of insurance company fees, administration fees, and other related professional services will be made either from the Plan's assets in a proportional manner between all participants, paid using monies in the forfeiture account, or paid directly by the Plan Sponsor. If other expenses are specifically incurred by, or attributable to, a specific participant, his or her account balance will be reduced to reflect the participant-specific fee.

Subsequent Events

The Plan Administrator has evaluated subsequent events through July 26, 2024, the date on which the financial statements were available to be issued.

Note 3: Fair Value Measurement

Fair value is defined as the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below.

R&M CONSULTANTS, INC. PROFIT-SHARING PLAN AND TRUST

Notes to Financial Statements Years Ended December 31, 2023 and 2022

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies (Mutual Funds) – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts – Investments in insurance company pooled separate accounts are reported at the fair value of the underlying fund multiplied by the closing net asset value (NAV) per share quoted by that fund.

Self-Directed Brokerage Accounts – Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices as published on the open market.

The following table presents the fair value hierarchy of the Plan's investment assets as of December 31, 2023 and 2022:

	2023			
	Level 1	Level 2	Level 3	Total
Self-Directed Brokerage Accts	\$ 838,360	-	-	838,360
Pooled Separate Accounts*				25,904,238

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following tables summarize investments for which fair value is measured using the net asset value (NAV) per share practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled separate accounts	\$ 25,904,238	N/A	Twice Per Month	None**

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled separate accounts	\$ 22,050,503	N/A	Twice Per Month	None**

**Participant transactions may occur daily. However, participant withdrawals may be subject to a delay of up to 7 or 30 additional calendar days if it is determined, respectively, that such delay is necessary to maintain adequate liquidity for, or to avoid an adverse impact on, the underlying trust or investment vehicle. In addition, certain events may allow the issuer to terminate the contract with the Plan and settler at an amount different from contract value. Such events may include but are not limited to: an uncured violation of the Plan's investment guidelines, mergers, layoffs, plan termination, implementation of early retirement incentive programs, additional investment options established which constitute a competing fund, or other events within the control of the Plan Sponsor resulting in a material and adverse financial impact on the issuer's obligations under the contract.

Note 4: Insurance Contract

Ameritas Guaranteed Investment Account

The Plan has a fully benefit-responsive investment contract with Ameritas. Ameritas maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and investment management fees. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan. Since the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attributed for the portion of the net assets available for benefits attributable to the guaranteed investment contract. The contract value of funds held in the Ameritas Guaranteed Investment Account generally represents principal plus accrued interest. The fair value of these funds reflects the relationship between credited rates earned by funds held in the General Account and current market rates. Higher credited rates will produce a higher fair value than lower credited rates under similar market interest rate environments.

There are no reserves against contract value for the credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula declared by the issuer prior to the beginning of each calendar quarter. The applicable rate will be credited on all deposits made to the account during the calendar quarter and will be guaranteed until the end of the 12 month period following the beginning of that calendar quarter. At the end of the deposit guaranteed period, a renewal rate is declared for the accumulated deposits from that calendar quarter. The renewal rate will be guaranteed for the next 12 months. The average yield and crediting interest rate was approximately 3.48% and 2.05% for the years ended December 31, 2023 and 2022, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include, but are not limited to, premature termination of this contract and termination of the retirement plan. In these examples, the contract value would be reduced by any applicable surrender charges upon distribution of the contract's funds. Under no event may Ameritas terminate this contract and settle an amount different from contract value.

Note 5: Related-Party and Party in Interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Plan Sponsor. The Plan Sponsor provides to the Plan certain accounting and administrative services for which no fees are charged. Fees paid during the year to third party administrators or custodians for services rendered by parties-in-interest were based on customary and reasonable rates for such services. Also, certain Plan investments are shares of funds managed by Ameritas, the custodian of the Plan. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 6: Information Prepared and Certified by Custodian – Ameritas Life Insurance Corp.

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ameritas Life Insurance Corp., the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate as of December 31, 2023 and 2022, and for the years then ended:

- (a) Investments, as shown in the Statements of Net Assets Available for Benefits;
- (b) Interest and dividend income and net appreciation in fair value of investments, as shown in the Statements of Changes in Net Assets Available for Benefits; and
- (c) All information included in the Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as shown in the supplemental schedule.

Note 7: Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, all participants would be 100% vested in the amounts credited to their accounts and the assets of the Plan would be distributed to the participants based on their account balances.

Note 8: Tax Status

The Internal Revenue Service (IRS) has issued an opinion letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC) Section 401. Although the Plan has been amended since receiving the most recent determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are not currently audits for any tax periods in progress.

Note 9: Risk and Uncertainties

Investment securities are exposed to various risks, such as interest rate volatility, market risk, foreign exchange risk and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
