Report of Independent Auditors

To the Participants and Administrator of the
Janney Montgomery Scott LLC Profit Sharing and Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Janney Montgomery Scott LLC Profit Sharing and Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Janney Montgomery Scott LLC Profit Sharing and Savings Plan

Notes to the Financial Statements

December 31, 2023

1. Plan Description

The following brief description of the Janney Montgomery Scott LLC Profit Sharing and Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was formed effective January 1, 1981, as a defined contribution plan covering all employees of Janney Montgomery Scott LLC (the "Company" or "Plan Sponsor") who meet certain employment service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Great-West Trust Company, LLC ("Great-West") is the named Trustee of the Plan and Putnam Fiduciary Trust Company ("Putnam") is the named Trustee of the Putnam Stable Value Fund. Empower Retirement ("Empower") provides recordkeeping services to the Plan, collectively known as the Plan administrator, who oversees Plan activity.

Eligibility to Participate

All employees are eligible to execute Salary Deferral elections and contribute Salary Deferral amounts to the Plan on the first day of any month following his/her Employment Commencement Date. Effective January 1, 2019, eligible employees are automatically enrolled at 6%, 60 days after the Employment Commencement Date ("Automatic Enrollment Date"), subject to annual increases of 1% on the anniversary of the hire date until Salary Deferral elections reach 10%, unless the participant elects to contribute Salary Deferral amounts prior to the Auto Enrollment Date. Prior to January 1, 2019, participants were automatically enrolled at 4%. For the year ended December 31, 2023, participants were eligible for the discretionary Basic Employer Contribution and Profit Sharing Contribution, if employed by the Company for the entire plan year.

Contributions

Participants may contribute pre-tax and/or Roth 401(k) after-tax dollars up to 75% of eligible compensation, as defined in the Plan, subject to the maximum amount including catch-up contributions allowed by the Internal Revenue Code (the "Code"). Effective January 1, 2019, the Employer Matching Contribution is equal to 50% of the Salary Deferrals made by each participant up to 6% of the participant's eligible compensation for each such payroll period, capped at \$4,000 for 2022 and 2023. As defined by the Plan, fully discretionary employer contributions, in the form of a Basic Employer Contribution or a Profit Sharing Contribution, are based on net profits and require authorization by the Plan Committee.

Discretionary Profit Sharing contributions will be determined following the end of each plan year and will be a percentage of the Company's annual before-tax profits minus the amounts already contributed to the Plan through ongoing and Supplemental Year-End Matching Contributions. The Company made a discretionary Employer Profit Sharing Contribution of \$21,301,860, net of forfeitures, for the year ended December 31, 2023.

1. Plan Description (continued)

Contributions (continued)

The Company makes a Supplemental Year-End Matching Contribution to the 401(k) accounts of certain eligible employees each February equal to the amount of Ongoing Matching Contributions a participant received throughout the prior year. To be eligible, an employee must (a) be a participant in the Plan, (b) remain employed through the end of the plan year, and (c) have annual earnings below the Social Security wage base of \$160,200 for 2023. In addition, all commission-eligible financial consultants and salespersons are ineligible for Supplemental Year-End Matching Contributions, regardless of annual earnings. The Company made Supplemental Year-End Matching Contributions of \$370,651, net of forfeitures, for 2023 in February 2024. The 2023 Plan year will be the last time a Supplemental Year-End Matching Contribution is granted.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in 1% increments to any of the various investment options. Each participant is solely responsible for his/her investment direction in the Plan. Participants may change their investment options in accordance with the procedures established by the Plan administrator. Such changes are subject to any limitations and restrictions on the frequency and timing of changes as prescribed by the Plan administrator, or other instrument governing investments in any investment fund. The Plan currently offers thirty-four mutual funds and one stable value fund as investment options.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, including forfeitures of terminated participants' non-vested amounts and (b) Plan earnings and is charged with an allocation of (a) administrative expenses and (b) Plan gains and losses. Allocations are based on a participant's eligible compensation or account balance, as defined in the Plan agreement. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account balance.

The American Funds Target Date Series Funds are the Qualified Default Investment Alternative ("QDIA") for participants who are automatically enrolled in the Plan but fail to elect their own investments.

1. Plan Description (continued)

Vesting

Participants are immediately vested in their voluntary traditional contributions, Roth contributions, traditional rollover contributions, Roth rollover contributions and the Basic Employer Contribution, plus actual earnings thereon. Participant's interest in their discretionary Profit Sharing, Employer Matching Contribution and Supplemental Year-End Matching contributions vest based on their years of service in accordance with the following schedule:

<u>Years of Service*</u>	<u>Vesting %</u>
Less than 2	0%
2	25%
3	50%
4	75%
5	100%

*Different vesting rules apply with respect to participants who terminated employment prior to January 1, 2005.

Participants are fully vested with respect to Profit Sharing and Match contributions if they reach normal retirement age (the later of age 65 or 5th anniversary of participation in the Plan) or if their employment terminates due to death or total disability. Death and disability benefits are payable as soon as practicable after the valuation date next following the date of death or disability.

Notes Receivable from Participants

Effective July 1, 2018, no more than two loans from individual participant account balances may be outstanding at any one time. Participants who, as of June 30, 2018, had more than two loans outstanding are permitted to repay such loans; however, no new loans shall be granted until any loans in excess of one have been fully repaid. Loans are limited to a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Loans shall be for terms not to exceed 5 years or up to 15 years for the purchase of a primary residence. Loans are secured by the vested balance in the participant's account. Interest is charged at a rate to be determined by the Plan administrator, which takes into consideration rates currently charged on similar commercial loans by persons in the business of lending money.

For the year ended December 31, 2023, interest on notes receivable from participants was charged at the prime rate plus 1%. This interest rate is set on the first business day of each month. Interest is credited to the participant's account upon payment. Principal and interest is paid ratably through payroll deductions. The interest rates on outstanding loans as of December 31, 2023 and 2022 ranged from 4.25 – 9.50% and 4.25% - 8.00%, respectively. The maturity dates on outstanding loans as of December 31, 2023 and 2022 ranged from 2024 through 2038 and 2023 through 2037, respectively.

1. Plan Description (continued)

Payment of Benefits

Terminated employees are paid their employee contributions, vested employer contributions, rollover contributions and any earnings thereon, as soon as administratively possible, or may elect to leave this amount in the Plan as long as the balance exceeds \$5,000.

Effective July 1, 2018, participants may elect to receive benefits in the form of the following: a single lump-sum payment, equal installments over a period not to exceed 10 years or periodic payment in an amount specified by the Participant. Prior to July 1, 2018, participants may elect to receive benefits in the form of a single lump-sum payment, or in periodic equal installments over a period not to exceed 15 years. Under the installment option, undistributed benefits may be segregated subject to the discretion of the Plan Committee in an interest-bearing account held under a trust agreement with all interest accruing to the benefit of the participant. Investment earnings are individual participant earnings as all plan assets are in individual participant accounts.

Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts are used for any permissible purpose, including but not limited to, reducing Plan administrative expenses and/or reducing future Company contributions to the Plan. The total available forfeited non-vested accounts were \$407,373 and \$401,499 as of December 31, 2023 and 2022, respectively. As of December 31, 2023 and 2022, employer contribution receivables to the Plan were reduced by \$329,088 and \$326,677, respectively, from forfeited non-vested accounts.

Other Plan Provisions

The Plan provides for emergency or hardship distributions and in-service rollover withdrawals. Emergency or hardship distributions, as defined in the Plan agreement, may be made to any participant in the amount of the participant's vested interest in his or her account at a minimum of \$1,000 as is deemed necessary. A participant may receive no more than two hardship distributions, and/or in-service withdrawals/rollovers during any plan year. Seniority distributions may be made to any participant who has attained age 59-1/2 in an amount equal to all or any part of the vested portion of his/her account.

Employees who have attained the minimum years of credited service have the option to withdraw up to 100% of their employer profit sharing and match contributions, and rollover these balances directly into an IRA during allowable years. Subject to any Internal Revenue Code provisions or other legal requirements, rollover withdrawals will be allowed every third year thereafter. This provision was available for the year ended December 31, 2021 and would be allowable again in 2024.

Plan participants have the ability to allocate balances among the registered investment companies; these funds process administrative service agreement payments to Empower. The payments are accounted for and utilized to fund the Plan's recordkeeping and related administrative services.

1. Plan Description (continued)

Administrative Expenses

The expenses incurred by the Plan administrator in connection with the operation of the Plan are payable from the Plan assets at the discretion of the Plan administrator. Administrative expenses of \$127,763 were paid by the Plan Sponsor for the year ended December 31, 2023. The Plan Sponsor paid for certain expenses during 2023, such as legal and communication costs, associated with the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Adoption of Accounting Standard

The Plan adopted Accounting Standards Update (ASU) 2016-13 and subsequent amendments, Financial Instruments – Credit Losses (Topic 326) (the guidance) on January 1, 2023, using the modified retrospective approach. The guidance replaces the incurred loss impairment model with an expected loss model, also referred to as the current expected credit loss (CECL) model. The model requires entities to measure expected credit losses on financial assets measured at amortized cost and record an allowance for credit loss against those assets. This estimate of expected credit losses must include consideration of historical experience, current conditions and reasonable and supportable forecasts. The standard applies to the Plan's employer contributions receivable. There was no impact to the Plan from adopting the standard as of January 1, 2023. The adoption did not have a material impact on these financial statements. The Plan has concluded that no allowance for current expected credit losses was necessary at December 31.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussions of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Janney Montgomery Scott LLC Profit Sharing and Savings Plan
Notes to the Financial Statements
December 31, 2023

2. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans with payments past due in excess of 60 calendar days are reclassified as distributions upon termination of employment, based upon the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through July 22, 2024, the date these financial statements were available to be issued and has considered relevant matters in the preparation of the financial statements and footnotes.

On December 29, 2023, the Company acquired TM Capital Corporation and effective January 1, 2024, certain employees are eligible for participation in the Basic Employer Contribution and Profit Sharing Contribution for the 2024 plan year.

Effective January 1, 2024, the Plan was amended to amend the provision for the Employer Matching Contribution to equal 50% of the Salary Deferrals made by each participant up to 6% of the participant's eligible compensation for each such payroll period, capped at \$5,000.

Effective January 1, 2024, the Plan was amended to make changes required by the SECURE Act of 2019 and SECURE 2.0 Act of 2022, including changes to eligibility and participation of long-term part-time employees and the Plan's required minimum distribution provisions.

3. Information Certified by the Trustees

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules for Reporting and Disclosure under ERISA. Certain information related to investments in mutual funds and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, as further summarized below, was obtained and derived from information supplied to the Plan administrator and certified as complete and accurate by Great-West as of and for years ended December 31, 2023 and 2022. Certain information related to the investment in the Putnam Stable Value Fund disclosed in the accompanying financial statements and supplemental schedule, as further summarized below, was obtained and derived from information supplied to the Plan administrator and certified as complete and accurate by Putnam, as of and for years ended December 31, 2023 and 2022.

3. Information Certified by the Trustees (continued)

The amounts certified at December 31, 2023 and 2022, as reported are summarized as follows:

	2023	2022
Statements of Net Assets Available for Benefits		
Investments in mutual funds, at fair value	\$ 579,669,078	\$ 469,658,454
investment in stable value fund, at fair value	57,371,177	61,995,270
Notes receivable from participants	5,771,881	5,165,041

Investment income certified for the year ended December 31, 2023:

Statement of Changes in Net Assets Available for Benefits	
Interest and dividends	\$ 18,326,458
Interest income on notes receivable from participants	298,876
Net appreciation in fair value of investments	83,771,350

4. Fair Value Measurements

Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The fair value framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4. Fair Value Measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund: Common collective trust consists of the assets of multiple participating entities and are maintained for the collective investment. Valued at the NAV per share received daily by the Trustee for the holdings held in investment contracts. NAV is used as a practical expedient to estimate fair value. The Stable Value Fund has no unfunded commitments at December 31, 2023 and 2022, and there is no redemption period for participants.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investment portfolio invests a percentage of total investments at fair value with 25% and 26% in American Fund mutual funds as of December 31, 2023 and 2022, respectively, and 28% and 27% in Vanguard mutual funds as of December 31, 2023 and 2022, respectively.

Janney Montgomery Scott LLC Profit Sharing and Savings Plan
Notes to the Financial Statements
December 31, 2023

4. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

<u>2023</u>	Fair Value	Level 1
Mutual funds	\$ 579,669,078	\$ 579,669,078
Stable value fund, at NAV (1)	57,371,177	-
Total investments, at fair value	<u>\$ 637,040,255</u>	<u>\$ 579,669,078</u>
 <u>2022</u>	 Fair Value	 Level 1
Mutual funds	\$ 469,658,454	\$ 469,658,454
Stable value fund, at NAV (1)	61,995,270	-
Total investments, at fair value	<u>\$ 531,653,724</u>	<u>\$ 469,658,454</u>

- (1) In accordance with Subtopic 820, certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy.

5. Party in Interest Transactions

The Plan invests in mutual funds managed by Great-West and a stable value fund managed by Putnam. Transactions with Great-West and Putnam qualify as party in interest transactions and are exempt from the prohibited transaction rules. Great-West, Putnam and Empower are affiliates and subsidiaries of Great-West Lifeco Inc. Fees incurred by the Plan for investment management services are included in net appreciation and depreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. Revenue sharing amounts used to offset Plan expenses for the year ended December 31, 2023 were \$61,455. The Plan Sponsor directly pays certain fees related to the Plan's operations. Please refer to Note 1 for the detail of expenses paid by the Plan Sponsor. Loans to participants also represent party in interest transactions.

6. Risk and Uncertainties

The Plan's investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the Statements of Net Assets Available for Benefits and in the Statement of Changes in Net Assets Available for Benefits.

Janney Montgomery Scott LLC Profit Sharing and Savings Plan
Notes to the Financial Statements
December 31, 2023

7. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated March 4, 2016, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan as amended, is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan, including any corresponding interest and penalties and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2023 and 2022 to the Form 5500:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$ 664,484,647	\$ 551,242,089
Adjustment from deemed loans account as other expense	<u>(103,756)</u>	<u>(133,335)</u>
Net assets available for benefits per Form 5500	<u>\$ 664,380,891</u>	<u>\$ 551,108,754</u>
