Independent Auditors' Report

To the Administrative Committee of
Travel Incorporated Retirement Plan
Duluth, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Travel Incorporated Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022; the related statement of changes in net assets available for benefits for the year ended December 31, 2023; and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Travel Incorporated Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Fidelity Management Trust Company, a qualified institution, as of December 31, 2023 and 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Travel Incorporated Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Travel Incorporated Retirement Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of Travel Incorporated Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Travel Incorporated Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i-Schedule of Assets (Held At End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TRAVEL INCORPORATED RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 DESCRIPTION OF PLAN

The following description of the Travel Incorporated Retirement Plan of Travel Incorporated provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - This 401(k) and Profit Sharing Plan is a defined contribution plan and is intended to be a qualified retirement plan under the Internal Revenue Code Section 401(a). The purpose of the Plan is to enable eligible employees to save for retirement. Eligibility, for purposes of making employee pre-tax contributions and post-tax contributions and receiving matching employer contributions, requires the employee to attain the age of 21. Eligibility, for purposes of the profit sharing contributions, requires employees to attain the age of 21 and complete one year of service. Employees will be credited with a year of service for eligibility purposes for each twelve month period during which the employee completes 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The effective date of the Plan is August 23, 1988.

Contributions - Eligible employees may elect to contribute a percentage of their eligible compensation into the Plan after satisfying the Plan's eligibility requirements. Eligible compensation is the taxable compensation reportable by eligible employees on their W-2 forms excluding expense allowances, fringe benefits, moving expenses, deferred compensation and welfare benefits and including salary reduction contributions to the employer sponsored cafeteria plan and 401(k) plan. The percentage deferred is subject to an annual limit of the lesser of 80% of eligible compensation or \$22,500 for the calendar year 2023. In the calendar year the eligible employee attains age 50, the employee may make pre-tax contributions up to an additional limit of \$7,500 for the calendar year 2023. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The company may make discretionary matching contributions of a percent, if any, to be determined annually based on a percentage of each employee contributions. All matching contributions will be computed based on each employee's compensation contributed to the Plan during the Plan Year. The Company may designate all or a portion of the matching contributions as qualified matching contributions to help the Plan pass one or more required Internal Revenue Code nondiscrimination tests. The Company may make annual discretionary nonelective employer contributions in an amount to be determined by the Board of Directors. These contributions, if any, will be allocated based upon a ratio of employee compensation to total eligible compensation paid to all eligible participants. These nonelective employer contributions may be designated qualified nonelective contributions to help the Plan pass one or more required Internal Revenue Code nondiscrimination tests.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

TRAVEL INCORPORATED RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Vesting - Participants are always 100% vested in rollover contributions, participants' pre-tax contributions, contributions includable in participants' gross income, qualified matching contributions, qualified nonelective contributions and any earnings thereon. Matching contributions, nonelective Company contributions and any earnings, thereon, will be vested in accordance with the following schedule:

<u>Years of Service for Vesting</u>	<u>Vesting Percentage</u>
less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

See the Plan for the methodology used to determine years of service.

Payment of Benefits - Prior to 59½ years old, a distribution can only be made to participants, or their beneficiary, due to disability, retirement, or termination of employment. Beneficiaries may request a distribution in the event of death. The forms of payments that participants may elect are lump sum distribution, direct rollover distribution, or a combination of cash distribution and direct rollover distribution. A participant may request a hardship withdrawal for medical expenses, the purchase of a principal residence, to prevent eviction from or foreclosure on principal residence, to pay for funeral expenses for a deceased parent, spouse, child or dependent, repairs to principal residence that qualify for casualty loss deduction, or to pay for post-secondary education expenses. Hardship withdrawals must be approved by the Plan Administrator.

Forfeitures - A forfeiture will occur in the Plan year that an employee receives a distribution of their entire vested account, or if the employee does not receive a distribution, after five consecutive one year breaks in service. Forfeitures are retained by the Plan and will be used to pay administrative expenses with any remaining amounts being used to reduce the Company's contributions under the Plan. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$14,539 and \$11,546, respectively.

Investment Options - The Plan qualifies as a participant-directed plan pursuant to Section 404 (c) of ERISA. All investment decisions are the responsibility of the participants. Participants may change their investment options on any normal business day.

TRAVEL INCORPORATED RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Risks and Uncertainties - Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation. Participants will only be entitled to the vested benefits in their account based upon the provisions of the Plan and the value of a participant's account will be subject to investment gains and losses. Investment securities are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 2 SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual method of accounting in conformity with generally accepted accounting principles.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The net appreciation in the fair value of investments is based on the fair value of the investments at the beginning of the year or cost, if purchased during the year.

Plan Administration Costs - The Plan Sponsor absorbs significant costs of Plan Administration related to legal, accounting, record keeping and general administration.

Payment of Benefits - Benefits are recorded when paid.

NOTE 3 PLAN TERMINATION

The Company does not have to make annual contributions or to continue the Plan. With the approval of the Board of Directors, the Company may terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, participants will be one hundred percent vested. The Company has not expressed any intent to terminate the Plan.

TRAVEL INCORPORATED RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 4 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

There are no reconciling differences between net assets available for benefits per the financial statements at December 31, 2023 and 2022 to the Form 5500.

There are no reconciling differences between benefits paid to participants between the financial statements and the Form 5500. Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to December 31 but not yet paid as of that date. No approved benefit claims existed at December 31, 2023 which were not paid.

NOTE 5 TAX STATUS

The Company has adopted the Plan based on a volume submitter plan document sponsored by Fidelity Management and Research Company. Fidelity Management and Research Company has received an opinion letter from the Internal Revenue Service (“IRS”) dated June 30, 2020, that states that the form of the volume submitter plan is acceptable under Section 401 of the Internal Revenue Code (“IRC”). The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Fidelity Management Trust Company (“Fidelity”), the record keeper for the plan, provides certain administrative services to the Plan pursuant to a Master Plan Service Agreement (“MSA”) between the Company and Fidelity. Fidelity receives revenue from mutual fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for the administrative services to the Plan.

If the revenue received by Fidelity from mutual fund service providers exceeds the amount owed under the MSA, Fidelity remits the excess to the Plan’s trust. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2023 there were no excess amounts. The Plan or Plan Sponsor may make a payment to Fidelity for administrative expenses not covered by revenue sharing.

Certain Plan investments are shares of registered investment companies managed by Fidelity Investments. Fidelity Management Trust Company, a related party, is the plan’s trustee and, therefore, these transactions qualify as party in interest transactions. Management fees and service fees are paid by participants to invest in the various funds managed by Fidelity Investments. These transactions are exempt from the prohibited transaction rules. Fees paid by the Plan for administrative services amounted to \$10,400 for the year ended December 31, 2023.

NOTE 8 FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, Fair Value Measurements and Disclosure, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

DECEMBER 31, 2023 AND 2022

NOTE 8 FAIR VALUE MEASUREMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2023 and 2022.

Assets at Fair Value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$23,432,296			\$23,432,296
Common Collective Trust	<u>-0-</u>			<u>2,265,242</u>
Total Assets at Fair Value	<u>\$23,432,296</u>			<u>\$25,697,538</u>

Assets at Fair Value as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$19,857,956			\$19,857,956
Common Collective Trust	<u>-0-</u>			<u>2,530,756</u>
Total assets at fair value	<u>\$19,857,956</u>			<u>\$22,388,712</u>

- (a) Certain investments that were measured at NAV per share or its equivalent have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements at net assets available for benefits.

NOTE 9 FULLY BENEFIT RESPONSIVE INVESTMENT

The Plan has an investment in the Putnam Stable Value Fund totaling \$2,265,242 and \$2,530,756 for the years ended December 31, 2023 and 2022, respectively. The Putnam Stable Value Fund is maintained by the Putnam Fiduciary Trust Company (“Trustee”), and the Putnam Advisory Company, LLC provides non-discretionary investment advisors and administrative services. The Fund invests in high-quality guaranteed investment contracts and similar contracts issued by insurance companies, banks, and other financial institutions. The Fund will also invest up to seventy-five per cent in high-quality guaranteed investment contracts and similar contracts issued by insurance companies, banks, and other financial institutions. The fund maintains approximately five percent of its assets in high-quality money market investments, cash, cash equivalent and stable value funds with investment policies and other provisions similar to those of the Fund, and may invest without limit in these investments.

Investment contracts are valued at contract value, which approximates fair value. Contract value represents invested principal plus accrued interest earned thereon. The Investment Contracts are not transferrable but provide for benefit responsive withdrawals by plan participants at contract price. Investment Contracts will normally be held to maturity and meet the fully benefit responsive requirements of ASC 962.

The Fund is valued on a daily basis by the Trustee. All income and expenses shall be deemed to be accrued, received or paid at an equal rate from day to day. Daily unit values are determined by dividing the Fund’s net assets by the number of participating units outstanding on the valuation date. Contributions and redemptions to the Fund may be made daily at the current net asset value and are considered as made immediately after the daily valuation. Generally, withdrawals from the Fund are permitted daily at contract value.

NOTE 10 SUBSEQUENT EVENTS

The Plan has evaluated all subsequent events through July 25, 2024, the date the financial statements were issued.
