Part I Asset and Liability Statement

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Independent Auditors' Report

Board of Trustees
Plumbers' and Pipefitters' Local 562 Supplemental Pension Plan and Trust
Earth City, Missouri

Opinion

We have audited the accompanying financial statements of Plumbers' and Pipefitters' Local 562 Supplemental Pension Plan and Trust (the "Plan"), an employee benefit plan subject to the Employment Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, information regarding the Plan's net assets available for benefits as of December 31, 2023 and 2022, and changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Additional Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The additional Schedules of Administrative Expenses are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the additional information is fairly stated in all material respects in relation to the financial statements as a whole.

Plumbers' and Pipefitters' Local 562 Supplemental Pension Plan and Trust
Notes to Financial Statements
December 31, 2023 and 2022

1. Description of the Plan

The following description of the Plumbers' and Pipefitters' Local 562 Supplemental Pension Plan and Trust (the "Plan") provides only general information. Participants of the Plan should refer to the plan documents and summary plan description for a more complete description of the Plan's provisions.

General

The Plan was established June 1, 1995, amended and restated as of July 1, 2021, and is a multiemployer defined contribution profit sharing pension plan covering employees who are governed by collective bargaining agreements ("CBAs") entered into by participating employers (the "Employers") and Local Union No. 562 (the "Union"). The Plan also covers administrative employees who are not governed by a CBA but are under a Board approved participation agreement. The plan document and the trust agreement were separated into two separate documents. The Agreement and Declaration of Trust establishing the Plan in its entirety and the plan document (as amended and restated effective July 1, 2021) were amended and restated by the Trustees to incorporate numerous changes adopted since the last restatement and to maintain the trust fund's tax qualified status. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Administration of the Plan is the responsibility of the Board of Trustees ("Trustees") and is governed by a joint board consisting of equal representation from Employers and the Union.

The Trustees selected Fidelity Workplace Service LLC ("Fidelity") to provide defined contribution services to the Plan. Fidelity will be the recordkeeper for a majority of the assets of the Plan. The assets under this agreement are valued on a daily basis and participants have access to their account information via their website.

Eligibility

An employee becomes a participant in the Plan on the first day of the Plan year that follows a Plan year in which the employee completes at least 250 hours of service.

Employer Contributions

Each Employer contributes to the Plan such amounts and at such times as required by the applicable provision of the CBA or such other agreements as are approved by the Trustees. Contributions are based on various hourly contribution rates for each participant's hours of service. Contributions are made on a monthly basis throughout the year. Participants are not required or permitted to contribute to the Plan.

Plumbers' and Pipefitters' Local 562 Supplemental Pension Plan and Trust
Notes to Financial Statements
December 31, 2023 and 2022

Participant Accounts

Contributions to the Plan for any Plan year are allocated to participants who were active participants in the Plan year based on hourly contribution rates paid by Employers. The value of the participants' account is determined daily. Each participant's account is credited with contributions, allocations of Plan earnings, and gains and losses, and charged with an allocation of administrative expenses. Allocations are based on account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

All participants are 100% vested in their accounts.

Payment of Benefits

On termination of service, benefits may be paid as directed to the participant. Participants receive benefits on or after their normal retirement date, early retirement date, or disability retirement date. Upon the death of a participant, the Plan distributes benefits to the surviving spouse or designated beneficiary. Benefits can be paid as a lump sum payment, rollover, in certain circumstances joint and survivor annuity, or qualified optional survivor annuity. Participants may also elect to defer the distribution of their accounts to a later date, but not later than April 1 following the end of the calendar year in which the participant reaches age 70 1/2 if prior to January 1, 2023 and age 72 for those that reach the age of 72 after January 1, 2023.

A participant (with the consent of their spouse, if applicable) who has an account with the Plan for one year or more may apply to the Trustees for a hardship withdrawal of not less than \$1,000 and not more than one-half (50%) of the participant's accrued benefit to cover a financial hardship (amounts accrued under the Plumbers' Plan are not eligible for withdrawal under this provision).

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan have been prepared in accordance with the provisions of the Financial Accounting Standards Board ("FASB"), Accounting Standards Codification (the "FASB ASC"), which is the source of authoritative, non-governmental accounting principles generally accepted in the United States of America ("GAAP"). All references to authoritative accounting guidance contained in our disclosures are based on the general accounting topics within the FASB ASC.

Plumbers' and Pipefitters' Local 562 Supplemental Pension Plan and Trust
Notes to Financial Statements
December 31, 2023 and 2022

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Fair Value Measurements

The Plan follows guidance issued by the FASB on fair value measurements, which establishes a framework for measuring fair value, clarifies the definition of fair value within that framework, and expands disclosures about the use of fair value measurements. This guidance applies whenever fair value is the applicable measurement. The three general valuation techniques used to measure fair value are the market approach, cost approach, and income approach.

Employer Contributions Receivable

Employer contributions receivable represents Employer contributions due to the Plan for hours worked prior to the end of the Plan year, but not yet received by year-end. Employer contributions receivables are reported at their outstanding balances, net of an estimate made for credit losses. Management estimates the allowance for credit losses by regularly evaluating individual Employer receivables and considering an Employer's financial condition, payment history, and current economic conditions, and management's expectations of conditions in the future. Employer contributions receivables are written off when deemed uncollectible and collection enforcement efforts have failed to produce payments and additional efforts are not warranted. Management is of the opinion that no allowance on credit losses is necessary as of December 31, 2023 and 2022.

Employer contributions are due by the 15th of the month following the month hours are worked. Contributions not received by the 15th of the month are considered past due. The Plan does charge interest on past due accounts.

Plumbers' and Pipefitters' Local 562 Supplemental Pension Plan and Trust
Notes to Financial Statements
December 31, 2023 and 2022

The Fund's contributions receivables are disaggregated and pooled by aging categories. Accounts past due 90 days or more are evaluated for loss individually on an Employer by Employer basis. For all other aging categories, the risk of loss is assessed over the contractual life of the contribution receivable and the historical loss amounts for each pool are adjusted for current and future conditions based on management's qualitative considerations.

Payments of Benefits

Benefit payments are recorded upon distribution.

Operating Expenses

The Plan permits the payment of Plan expenses from Plan assets. These expenses paid using Plan assets will generally be allocated among the accounts of all participants in the Plan. These expenses will be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. The method of allocating the expenses depends on the nature of the expense.

3.. Change in Accounting Principle

Effective January 1, 2023, the Plan adopted ASU 2016-13, Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments, as amended. FASB ASC 326 replaces the incurred loss methodology with an expected loss methodology that is referred to as the current expected credit loss (CECL) methodology. CECL requires an estimate of future credit losses for the remaining estimated lives of financial assets based on relevant information about historical experience, current conditions, and reasonable and supportable financial forecasts that affect the collectibility of the reported amounts. The measurement of expected credit losses under CECL is applicable to financial assets measured at amortized cost. Such assets are presented at the net amount expected to be collected over their remaining contractual lives using an allowance for credit losses. The adoption of FASB ASC 326 resulted in no change in the allowance from credit losses.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value into Levels 1, 2, and 3. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical instruments in active markets.

Plumbers' and Pipefitters' Local 562 Supplemental Pension Plan and Trust
Notes to Financial Statements
December 31, 2023 and 2022

- Level 2 Inputs to the valuation method to include quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in inactive markets, inputs other than quoted prices that are observable for the instrument, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The instruments' fair value measurement levels within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value.

Level 1 investments consist of money market funds and publicly traded mutual funds. The mutual funds and money market fund are valued at daily closing prices of the funds at year-end.

Level 2 investments consist of a corporate obligation. The corporate obligation is valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

The Plan also invests in a common collective trust which is valued at the net asset value ("NAV") of units of a bank collective trust held by the Plan at year-end. The NAV is based on the fair value of the underlying investments held by the fund. Participant transactions (issuances and redemptions) may occur daily. Were the Plan to initiate a full redemption of the collective trusts, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. Investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The NAV is used as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Participant Directed Investments

The Plan's participant directed investments are held by Fidelity Investments in various self-directed participant accounts. Individual account owners can invest in various cash, debt and equity mutual funds and have the authority to change the investment allocation within their own account.

Trustee Directed Investments (Non-Participant Directed)

The Plan's Trustee direct investments that are held by Commerce Trust Company under terms of a custody agreement.

5. Related Party and Party-in-Interest Transactions

In accordance with Department of Labor proposals, certain assets and expenses are allocated between the Plumbers' and Pipefitters' Pension Fund, Supplemental Pension Fund, Welfare Educational Fund, and the Local Union, related through common governance.

The Plan entered into a lease agreement and an administrative services agreement with the Plumbers' and Pipefitters' Welfare Educational Fund. Per the lease agreement, the Plan agreed to pay annual rent based on square footage used and is renewable annually. Rent expense for the years ended December 31, 2023 and 2022 was \$12,352 and \$10,457, respectively. Per the administrative services agreement, the Plan agreed to reimburse the Plumbers' and Pipefitters' Welfare Educational Fund for the services listed in the agreement. Total administrative expenses for the years ended December 31, 2023 and 2022 were \$263,658 and \$224,897, respectively. At December 31, 2023 and 2022, the amount due from the Plumbers' and Pipefitters' Welfare Educational Fund was \$280,454 and \$830,267, respectively.

At December 31, 2023 and 2022, \$1,533 was due to the Plumbers' and Pipefitters' Local Union 562 Pension Plan and Trust.

Contributions received from the Plumbers' and Pipefitters' Educational Welfare Fund, on behalf of the Welfare Fund's employees, were \$542,291 and \$552,676 for the years ended December 31, 2023 and 2022, respectively.

At December 31, 2023 and 2022, certain Plan investments are shares of mutual funds of Fidelity Management Trust Company ("Fidelity Management"). Fidelity provides trustee, reporting, and related recordkeeping services to the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments.

The Plan paid certain expenses relate to Plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA.

Notes to Financial Statements
December 31, 2023 and 2022

6. Plan Termination

Although it has not expressed any intent to do so, the Trustees have the right under the Plan to terminate the Plan. Upon such termination, the Trustees shall have the accounts settled and shall apply or distribute the Plan's assets in accordance with the provisions of ERISA, as amended.

7. Tax Status of Plan

The Internal Revenue Service has determined and informed the Trustees by a letter dated July 28, 2015, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. Management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

In accordance with GAAP, management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. Management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is no longer subject to income tax examinations for years prior to 2020. The Plan is also subject to routine audits by the Department of Labor, generally for six years after the statutory due date of the annual information return. There are currently no audits in progress for any tax periods.

8. Risks and Uncertainties

Financial instruments that subject the Plan to concentrations of credit and market risk consist of cash, investments, and receivables. The Plan places all of its cash with major financial institutions. The accounts in those institutions are insured by the Federal Deposit Insurance Corporation up to \$250,000 per participant. At December 31, 2023, all cash balances were fully insured.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

The majority of receivables are from contractors concentrated in the pipefitting and plumbing industries. The Plan generally does not require collateral, but in some cases can require a performance bond. The Plan maintains adequate reserves for potential losses and such losses have been minimal and within management's estimates.

9. Subsequent Events

The Plan has evaluated subsequent events through July 29, 2024, the date on which the financial statements were available to be issued. In 2024, the Plan was amended and restated effective July 1, 2024. The Plan now allows that wage deferrals can be made by participating employees and made the Plan in compliance with the SECURE 2.0 Act.
