Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Levare U.S., Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Levare U.S., Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Levare U.S., Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Levare U.S., Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules listed in the accompanying index, together referred to as "Supplemental Information", as of the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying

accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1: DESCRIPTION OF THE PLAN

General

The Levare U.S., Inc. 401(k) Plan (the "Plan"), formerly known as Borets U.S., Inc. 401(k) Plan, is a safe harbor defined contribution plan covering all of the eligible employees of Levare U.S., Inc. (the "Company", or "Plan Sponsor"), except for collective bargaining employees. The Plan is a qualified plan as defined by Section 401(a) of the Internal Revenue Code and contains a provision for salary reduction contributions under Section 401(k) of the Internal Revenue Code. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following description provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Effective June 9, 2023, the Plan sponsor changed their name from Borets U.S., Inc. to Levare U.S., Inc. 401(k) Plan.

Eligibility

Non-excluded employees who have reached the age of 18 years of age are eligible to participate in the Plan. Participants are eligible to enroll in the Plan on the first day of the month after satisfying eligibility requirements.

Contributions

Participants may elect to contribute up to 100% of their annual pre-tax compensation, as defined, to the Plan, subject to Internal Revenue Service limitations, and may direct their contributions to various investment alternatives. Participants may also designate some or all of their contributions as an after-tax Roth contribution, subject to limitations. The contribution limit applies to any calendar year and is adjusted annually by the Internal Revenue Service. For 2023, the maximum contribution allowed for any employee was \$22,500. Additionally, participants who attain age 50 during the plan year may make "catch up" contributions of up to \$7,500 for 2023. The Plan allows rollover contributions from other qualified retirement plans. The Company shall contribute a safe harbor employer contribution for each eligible participant in an amount equal to 100% of participant elective deferrals up to a maximum of 4% of the eligible participant's compensation. The Company, at the discretion of the Board of Directors, may also make a nonelective profit sharing contribution to the Plan during the year. No discretionary contributions were made by the Company for 2023.

LEVARE U.S., INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF THE PLAN *(Continued)*

Participant Accounts

Each participant's account is credited with the participant's contribution and (a) the Company's contribution and (b) investment income or loss, less expenses. Income for each of the investment choices is allocated to the participants' accounts on a daily basis and is based on the relative units of participation. Benefits paid to participants under the Plan are limited to the vested balance in each participant's account.

Vesting and Payment of Benefits

Participants are immediately 100% vested in Employer safe harbor contributions, nonelective profit sharing contributions, their own contributions, including rollover contributions, plus any earnings thereon.

Upon a participant's retirement, termination, disability, or death, a participant may elect to receive the value of his or her vested interest as a lump-sum payment. Participants, upon reaching the age of 59½, may also take an in-service distribution. Upon a participant's termination, mandatory automatic distributions are made for participant balances equal to or less than \$5,000. Certain minimum distributions are required for inactive employees who have reached the age of 70½. Hardship withdrawals from employee deferrals, subject to account balance limits and applicable laws, are allowed under the Plan.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at 2% over the prime rate on the first business day of the month before the loan is originated. Principal and interest payments are made ratably through payroll deductions.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of additions and expenses during the reporting period. Actual results could differ from those estimates.

LEVARE U.S., INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*Continued*)

Investments

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade date basis.

Benefit Payments

Distributions to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative fees and charged directly to the participants' account.

NOTE 3: TAX STATUS

The Plan is an adoption of a non-standardized defined contribution prototype plan and trust arrangement designed by Benefit Investment Group. Benefit Investment Group received a determination letter dated March 31, 2014 from the IRS that qualified the Plan as tax-exempt under the appropriate sections of the IRC. As of December 31, 2023, the plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC.

NOTE 4: ADMINISTRATION AND INVESTMENTS

Administration

All the Plan's investments are administered by Empower Trust Company. Among other duties, Empower Trust receives contributions, invests and reinvests the Plan's assets, collects income and makes distributions from the Plan's assets as directed by the Plan Sponsor.

LEVARE U.S., INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 4: ADMINISTRATION AND INVESTMENTS (*Continued*)

Investments

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, all investment information disclosed in the accompanying financial statements and supplementary schedules, including investments held and notes receivable from participants at December 31, 2023 and 2022, and income information for the years then ended was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Empower Trust Company. Accordingly, the Plan's independent auditors did not perform any procedures with respect to this information, except comparing and reconciling such information to the financial statements.

NOTE 5: RELATED PARTY TRANSACTIONS

The Plan paid JPMorgan Invest Holdings, LLC, the Plan's recordkeeper, \$6,084 for recordkeeping services for the year ended December 31, 2023. The plan paid Global Retirement Partners, LLC, the Plan's investment advisor, \$34,781 for investment advisory services for the year ended December 31, 2023.

NOTE 6: FAIR VALUE MEASUREMENTS

FASB ASC 820-10 provides standards and disclosures for assets and liabilities that are measured and reported at fair value. As defined in FASB ASC 820-10, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). FASB ASC 820-10 requires disclosure that establishes a framework for measuring fair value and expands disclosure about fair value measurements. The statement requires fair value measurements be classified and disclosed in one of the following categories:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2: Measured based upon inputs that are observable, either directly or indirectly, for the asset or liability other than quoted market prices included in Level 1. These inputs include: a) quoted prices for similar asset or liabilities in active markets b) quoted prices for identical or similar assets or liabilities in markets that are not active c) inputs other than quoted market prices that are observable and d) inputs that are derived primarily from or corroborated by observable market data by correlation or other means.

LEVARE U.S., INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 6: FAIR VALUE MEASUREMENTS (*Continued*)

Level 3: Measured based on unobservable inputs for the asset or liability for which there is little, if any, market activity for the asset or liability at the measurement date. This input includes management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. The inputs are developed based on the best information available in the circumstances, which might include management's own data.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds

Determined based on quoted market prices ("fair value") on the last business day of the plan year as reported by the investment trustee of the Plan's assets. Investments are generally subject to the volatility of the major stock markets in which the underlying investments are held.

Stable value fund

The fair value of the fund equals contract value, which represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses (see Note 2). The investments that are included in the fund are valued at their net asset value per unit as a practical expedient as reported by the fund manager. Accordingly, these NAV-based investments have been excluded from the fair value hierarchy.

As required by FASB ASC 820-10, financial assets and liabilities are classified based on the lowest level of input that is significant to the fair value measurement. The Company's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of the fair value of assets and liabilities and their placement within the fair value hierarchy levels.

NOTES TO FINANCIAL STATEMENTS

NOTE 6: FAIR VALUE MEASUREMENTS (*Continued*)

The following table summarizes the valuation of the Company's financial instruments by FASB ASC 820-10 pricing levels as of December 31, 2023:

⁽¹⁾ Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been recognized in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.

LEVARE U.S., INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 7: RISKS AND UNCERTAINTIES

Plan participants make choices regarding their investments securities, and are exposed to risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that reduction in value can occur in the near term and that such changes could materially affect participant account balances reported in the statement of net assets available for benefits.

NOTE 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan Subject to the provisions of ERISA. Upon termination of the Plan, each participant's account balance becomes 100% vested.

NOTE 9: INCOME TAXES

The Plan did not have unrecognized tax benefits as of December 31, 2023 and 2022 and does not expect this to change significantly over the next twelve months. The Plan will recognize interest and penalties accrued on any unrecognized tax benefits as a component of income tax expense. As of December 31, 2023 and 2022, the Plan has not accrued interest or penalties related to uncertain tax positions.

NOTE 10: SUBSEQUENT EVENTS

Management evaluated the period from January 1, 2024 through June 28, 2024, which was the date the financial statements were available to be issued. The Plan noted no reportable subsequent events.
