INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
OFS Represented 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the accompanying financial statements of OFS Non-Represented 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance; and therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**OFS NON-REPRESENTED 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

1. DESCRIPTION OF THE PLAN

The following description of the OFS Non-Represented 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering full-time employees of OFS Fitel, LLC (the Company) who are not represented by a collective bargaining agreement. Leased employees, nonresident aliens who do not received any earned income from the United States, and represented employees who are temporarily promoted to a non-represented position for a period of less than one year, and employees classified as expatriates are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration

Fidelity Management Trust Company, (Fidelity), serves as the trustee of the Plan. Fidelity Workplace Services, LLC serves as the recordkeeper of the Plan. The Plan is administered by the OFS Committee. The OFS Committee determines the appropriateness of the Plan's investments offered and monitors the investment performance.

Eligibility

The Plan allows eligible employees to be immediately eligible to participate in the Plan with no service requirement or age requirement. Employees become eligible for Company contributions immediately.

Contributions

Each year, participants may contribute up to 60% of their annual compensation, as defined in the Plan, as a pretax contribution, subject to maximum contribution limitations contained in the Internal Revenue Code (IRC). Participants may also make after-tax contributions to the Plan subject to certain limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation. Unless otherwise affirmed, the employee's deferral rate will increase by 1% each year up to the maximum deferral rate of 6%.

The Company makes a safe harbor matching contributions of 100% of the first 6% of compensation that a participant contributes to the Plan. The Plan also limits the safe harbor matching contribution to \$6,000 for any participant who is a highly compensated employee. The Company may also make a discretionary nonelective contribution in an amount determined by the Board of Directors (the Board) for each year. Participants must be employed as of the last day of the Plan year to receive discretionary nonelective contributions. The Company did not make a discretionary nonelective contribution in 2023. The Company may also make an additional qualified nonelective contribution to the Plan to certain non-highly compensated employees as designated by the Company. The Company did not make a qualified nonelective employer contribution in 2023.

**OFS NON-REPRESENTED 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

Participant Accounts

Each participant's account is credited with the participant's contributions, any Company matching and discretionary nonelective contributions plus earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on the participant's earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions, rollover contributions and Company contributions plus actual earnings thereon.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum amount that is equal to the lesser of \$50,000 or 50% of their vested account balance. The loans have a maximum term of 60 months, except for qualified residential loans, which have a maximum term of 120 months. The loans bear interest at a reasonable rate as determined by the Plan administrator and are secured by the balance in the participant's account. Participants are limited to two loans outstanding at any time. Principal and interest is paid ratably through payroll deductions.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

**OFS NON-REPRESENTED 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The OFS Committee determines the Plan's valuation policies utilizing information provided by investment advisors and the Trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit loss has been recorded as of December 31, 2023 and 2022. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Company and are excluded from the financial statements. Administrative expenses recorded in the Plan pertain primarily to recordkeeping and certain participant-initiated transactions. Certain investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through May 9, 2024, which is the date the financial statements were available to be issued and has determined that there are no subsequent events that require disclosure under Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) Topic 855, *Subsequent Events*.

3. INFORMATION CERTIFIED BY PLAN TRUSTEE

Certain information related to investments disclosed in the accompanying financial statements and the ERISA-required supplemental schedule, including investments held as of December 31, 2023 and 2022, and net appreciation in fair value of investments and interest and dividend income for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee.

**OFS NON-REPRESENTED 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 *Fair Value Measurement*, are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2023 and 2022.

Mutual funds: Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Common collective trust (CCT) fund: These funds are valued at the net asset value (NAV) of units of the CCT fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. There are no unfunded commitments or trading restrictions for the funds.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent and other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**OFS NON-REPRESENTED 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

The following tables set forth by level, within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2023 and 2022:

Fair Value Measurements at December 31, 2023

	<u>Level 1</u>	<u>Total</u>
Investments at fair value		
Money market fund	\$ 14,238,553	\$ 14,238,553

CCT funds at NAV ⁽¹⁾⁽²⁾		<u>8,768,053</u>
Total investments at fair value		<u>\$ 165,088,554</u>

⁽¹⁾In accordance with FASB ASC Topic 820, certain investments that were measured at NAV per unit (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

⁽²⁾Measured using the NAV per unit (or its equivalent) as a practical expedient and held in a fund that files a Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and units of a CCT fund, which are managed by the Trustee. Therefore, these transactions qualify as exempt party-in-interest transactions. The Plan paid administrative expenses to a third party administrator for administration services. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments. Notes receivable from participants also qualify as exempt party-in-interest transactions.

Certain Plan investments are shares of mutual funds and units of a CCT fund, which are managed by the trustee. Therefore, these transactions qualify as exempt party-in-interest transactions. The Plan paid accounting and investment advisory expenses to service providers to the Plan. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments. **OFS NON-REPRESENTED 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

Fidelity provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and Fidelity. Fidelity receives revenue from the mutual fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan. If the revenue received by Fidelity from such mutual fund service providers exceeds the amount owed under the MSA, Fidelity remits the excess to the Plan's trust on a quarterly basis. Such amount may be used to pay administrative expenses or allocated to the accounts of the participants. The revenue earned is reflected as Other Income on the statement of changes in net assets. The Plan or the Company may make a payment to Fidelity for administrative expenses not covered by revenue sharing. As of December 31, 2023 and 2022, the balance remaining in the revenue credit account was \$114,645 and \$79,769, respectively. These amounts will be used to offset future administrative expenses or reallocated to participants.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their accounts.

7. TAX STATUS

The Plan operates under a non-standardized prototype defined contribution plan document sponsored by an affiliate of Fidelity Management & Research Company. The volume submitter plan received an advisory letter from the Internal Revenue Service (IRS) dated June 30, 2020, which states that the prototype plan document satisfies the applicable provisions of the IRC. The Plan administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC, and; therefore, believes the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, including the IRS. The Plan is not currently under IRS examinations for any Plan years.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
OFS Represented 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the accompanying financial statements of OFS Non-Represented 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance; and therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**OFS NON-REPRESENTED 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

1. DESCRIPTION OF THE PLAN

The following description of the OFS Non-Represented 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering full-time employees of OFS Fitel, LLC (the Company) who are not represented by a collective bargaining agreement. Leased employees, nonresident aliens who do not received any earned income from the United States, and represented employees who are temporarily promoted to a non-represented position for a period of less than one year, and employees classified as expatriates are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration

Fidelity Management Trust Company, (Fidelity), serves as the trustee of the Plan. Fidelity Workplace Services, LLC serves as the recordkeeper of the Plan. The Plan is administered by the OFS Committee. The OFS Committee determines the appropriateness of the Plan's investments offered and monitors the investment performance.

Eligibility

The Plan allows eligible employees to be immediately eligible to participate in the Plan with no service requirement or age requirement. Employees become eligible for Company contributions immediately.

Contributions

Each year, participants may contribute up to 60% of their annual compensation, as defined in the Plan, as a pretax contribution, subject to maximum contribution limitations contained in the Internal Revenue Code (IRC). Participants may also make after-tax contributions to the Plan subject to certain limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation. Unless otherwise affirmed, the employee's deferral rate will increase by 1% each year up to the maximum deferral rate of 6%.

The Company makes a safe harbor matching contributions of 100% of the first 6% of compensation that a participant contributes to the Plan. The Plan also limits the safe harbor matching contribution to \$6,000 for any participant who is a highly compensated employee. The Company may also make a discretionary nonelective contribution in an amount determined by the Board of Directors (the Board) for each year. Participants must be employed as of the last day of the Plan year to receive discretionary nonelective contributions. The Company did not make a discretionary nonelective contribution in 2023. The Company may also make an additional qualified nonelective contribution to the Plan to certain non-highly compensated employees as designated by the Company. The Company did not make a qualified nonelective employer contribution in 2023.

**OFS NON-REPRESENTED 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

Participant Accounts

Each participant's account is credited with the participant's contributions, any Company matching and discretionary nonelective contributions plus earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on the participant's earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions, rollover contributions and Company contributions plus actual earnings thereon.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum amount that is equal to the lesser of \$50,000 or 50% of their vested account balance. The loans have a maximum term of 60 months, except for qualified residential loans, which have a maximum term of 120 months. The loans bear interest at a reasonable rate as determined by the Plan administrator and are secured by the balance in the participant's account. Participants are limited to two loans outstanding at any time. Principal and interest is paid ratably through payroll deductions.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

**OFS NON-REPRESENTED 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The OFS Committee determines the Plan's valuation policies utilizing information provided by investment advisors and the Trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit loss has been recorded as of December 31, 2023 and 2022. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Company and are excluded from the financial statements. Administrative expenses recorded in the Plan pertain primarily to recordkeeping and certain participant-initiated transactions. Certain investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through May 9, 2024, which is the date the financial statements were available to be issued and has determined that there are no subsequent events that require disclosure under Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) Topic 855, *Subsequent Events*.

3. INFORMATION CERTIFIED BY PLAN TRUSTEE

Certain information related to investments disclosed in the accompanying financial statements and the ERISA-required supplemental schedule, including investments held as of December 31, 2023 and 2022, and net appreciation in fair value of investments and interest and dividend income for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee.

**OFS NON-REPRESENTED 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 *Fair Value Measurement*, are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2023 and 2022.

Mutual funds: Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Common collective trust (CCT) fund: These funds are valued at the net asset value (NAV) of units of the CCT fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. There are no unfunded commitments or trading restrictions for the funds.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent and other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**OFS NON-REPRESENTED 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

The following tables set forth by level, within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2023 and 2022:

Fair Value Measurements at December 31, 2023

	Level 1	Total
Investments at fair value		
Money market fund	\$ 14,238,553	\$ 14,238,553
Mutual funds	175,956,642	175,956,642
Total investments in fair value hierarchy	<u>\$ 190,195,195</u>	190,195,195
CCT fund at NAV ⁽¹⁾⁽²⁾		<u>5,146,347</u>
Total investments at fair value		<u>\$ 195,341,542</u>

Fair Value Measurements at December 31, 2022

	Level 1	Total
Investments at fair value		
Money market funds	\$ 12,125,804	\$ 12,125,804
Mutual funds	144,194,697	144,194,697
Total investments in fair value hierarchy	<u>\$ 156,320,501</u>	156,320,501
CCT funds at NAV ⁽¹⁾⁽²⁾		<u>8,768,053</u>
Total investments at fair value		<u>\$ 165,088,554</u>

⁽¹⁾In accordance with FASB ASC Topic 820, certain investments that were measured at NAV per unit (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

⁽²⁾Measured using the NAV per unit (or its equivalent) as a practical expedient and held in a fund that files a Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and units of a CCT fund, which are managed by the Trustee. Therefore, these transactions qualify as exempt party-in-interest transactions. The Plan paid administrative expenses to a third party administrator for administration services. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments. Notes receivable from participants also qualify as exempt party-in-interest transactions.

Certain Plan investments are shares of mutual funds and units of a CCT fund, which are managed by the trustee. Therefore, these transactions qualify as exempt party-in-interest transactions. The Plan paid accounting and investment advisory expenses to service providers to the Plan. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments. Notes receivable from participants also qualify as exempt party-in-interest transactions.

**OFS NON-REPRESENTED 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

Fidelity provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and Fidelity. Fidelity receives revenue from the mutual fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan. If the revenue received by Fidelity from such mutual fund service providers exceeds the amount owed under the MSA, Fidelity remits the excess to the Plan's trust on a quarterly basis. Such amount may be used to pay administrative expenses or allocated to the accounts of the participants. The revenue earned is reflected as Other Income on the statement of changes in net assets. The Plan or the Company may make a payment to Fidelity for administrative expenses not covered by revenue sharing. As of December 31, 2023 and 2022, the balance remaining in the revenue credit account was \$114,645 and \$79,769, respectively. These amounts will be used to offset future administrative expenses or reallocated to participants.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their accounts.

7. TAX STATUS

The Plan operates under a non-standardized prototype defined contribution plan document sponsored by an affiliate of Fidelity Management & Research Company. The volume submitter plan received an advisory letter from the Internal Revenue Service (IRS) dated June 30, 2020, which states that the prototype plan document satisfies the applicable provisions of the IRC. The Plan administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC, and; therefore, believes the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, including the IRS. The Plan is not currently under IRS examinations for any Plan years.

**OFS NON-REPRESENTED 401(k) PLAN

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Net Assets Available for Benefits per Financial Statements	\$ 199,007,908	\$ 168,153,465
Employer contributions receivable	(92,488)	(117,984)
Participant contributions receivable	(343,210)	(355,610)
Adjustment of contract value for the stable value fund	<u>(310,657)</u>	<u>(591,887)</u>
Net Assets Available for Benefit per Form 5500	<u>\$ 198,261,553</u>	<u>\$ 167,087,984</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the net income per the Form 5500 for the year ended December 31, 2023:

Net increase in Net Assets Available for Benefits	\$ 30,854,443
