We have performed an audit of the accompanying financial statements of Electric Services, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Electric Services, Inc. 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 252G.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

INDEPENDENT AUDITOR'S REPORT

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Electric Services, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Electric Services, Inc. 401(k) Retirement Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

INDEPENDENT AUDITOR'S REPORT

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Electric Services, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Electric Services, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2023 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at the End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

To the Plan Administrator
Electric Services, Inc. 401(k) Retirement Plan

INDEPENDENT AUDITOR'S REPORT

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated July 7, 2023, indicated that: (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

ELECTRIC SERVICES, INC. 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2023

Note 1 - Description of Plan

The following description of Electric Services, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement and the summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Electric Services, Inc. (the Company), subject to the eligibility criteria discussed below. The Plan is intended to satisfy all the requirements for a qualified retirement plan under the provisions of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was originally effective January 1, 1995, was restated in its entirety as of January 1, 2021, and most recently amended effective June 7, 2022.

Eligibility

Employees are eligible to participate in the Plan after completion of one year of service during which the employee is credited with at least 1,000 hours of service and is aged twenty-one or older. Eligible employees may commence participation in the Plan beginning either January 1 or July 1 following the date in which eligibility requirements are met.

Contributions

Participants may contribute a percentage of their pretax annual compensation, as defined in the Plan, up to the limit established by law. Participants may also contribute amounts representing distributions from other qualified plans. Eligible participants under the Plan who have attained the age of 50 before the close of the Plan year are permitted to make catch-up contributions subject to certain limitations. Each year the Company may make discretionary matching contributions to the Plan. For 2023, the Company's Board of Directors elected to contribute 50% of the first \$10,000 contributed by participants, for a maximum employer match of \$5,000 per participant, to the Plan. Additionally, the Company, at its discretion, may make a discretionary profit-sharing or non-elective contribution to the Plan, allocated to the participants based on a ratio of participant compensation to total compensation of all participants during the year. The Company did not make any profit-sharing or non-elective contributions to the Plan for the year ended December 31, 2023.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's matching contributions, as well as allocations of the Company's other discretionary contributions and Plan earnings and charged with benefit payments and an allocation of the Plan's losses and administrative expenses. Allocations are based on participant earnings or account balances as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Vesting

A Participant's interest in that portion of the account attributable to voluntary contributions, plus earnings thereon, as well as rollovers, is fully vested at all times. Vesting on the participant's interest in the discretionary employer matching, profit-sharing, and non-elective contribution allocations is based on

ELECTRIC SERVICES, INC. 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2023

years of service, and is 20% vested after 1 year, 40% vested after 2 years, 60% vested after 3 years, 80% vested after 4 years, and 100% vested after five years. The Plan also provides for the full vesting of all portions of a participant's account upon attaining early retirement age, total and permanent disability, or death.

Payment of Benefits

The Plan allows for in-service withdrawals provided the participant is at least 59 ½ years old and fully vested. Upon termination of employment, death, disability, or retirement, and if a participant's vested account balance is more than \$1,000 and less than \$5,000, and the participant does not make an election, the Plan will automatically disburse the account balance in cash as soon as feasible after termination. Hardship withdrawals are allowed from the employee contributions portion of a participant's account up to the lesser of 100% of total employee contributions or their immediate and heavy financial need.

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions and their allocation of employer contributions among numerous investment options. These options may be changed at any time by participants via telephone or internet.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 10.50%, which is equal to 2% plus the prime rate at the time the loan was granted. Principal and interest are paid ratably through payroll deductions. No loans less than \$1,000 will be made, and participants are allowed to have no more than two loans outstanding at a time.

Forfeited Accounts

Forfeitures may be applied to offset Plan expenses or used to reduce employer matching contributions or enhance employer profit-sharing contributions. At December 31, 2023 and 2022, there were \$10,691 and \$7,332 in forfeited amounts available to be applied according to these provisions, respectively.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

ELECTRIC SERVICES, INC. 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2023

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid by the Company are excluded from these financial statements. Administrative expenses represent fees paid to the third-party administrator for services rendered in managing the Plan, including contract administration fees and investment advisory fees. Certain transaction fees for disbursements are charged directly to the accounts of the participants who incur those fees. Certain administrative fees are allocated to participants proportionally based on the value of their account balance. Any costs associated with the investment of a participant's account are charged to the participant.

Payment of Benefits

Benefits are recorded when paid.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The guidance establishes three levels of the fair value hierarchy as follows:

Level 1—Inputs to the valuation methodology are quoted prices for identical securities in active markets that the Plan has the ability to access.

Level 2—Inputs to the valuation methodology are other observable inputs, including quoted prices for similar securities, interest rates, credit risk, etc., that are determined for an asset, either directly or indirectly, based on independent market data.

Level 3—Inputs to the valuation methodology are significant unobservable inputs.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodology used for assets measured at fair value:

ELECTRIC SERVICES, INC. 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2023

Pooled Separate Accounts: The Plan holds units of participation in separate accounts, which are valued daily at their net asset values (NAV). NAV is computed by dividing the proportion of the market value, after deduction of any applicable charges, by the number of units outstanding. The NAV is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily and there are no unfunded commitments on these investments. Redemption restrictions include a maximum of two exchange days per calendar month. The underlying investments include the following:

	<u>December 31, 2023</u>	<u>December 31, 2022</u>
Target Risk (a)	\$ 4,572,696	\$ 4,376,488
Fixed Income (b)	900,038	571,309
Large Cap (c)	665,701	521,569
International (d)	291,225	332,503
Small/Mid Cap (e)	<u>344,665</u>	<u>346,871</u>
Total Pooled Separate Accounts	<u><u>\$ 6,774,325</u></u>	<u><u>\$ 6,148,740</u></u>

- (a) Target Risk - Seeks to achieve growth of capital and income by providing an optimal mix of a broadly diversified portfolio.
- (b) Fixed Income - Seeks to maximize total return consistent with reasonable risk, investing primarily in net assets in a diversified portfolio of bonds or fixed income instruments of varying maturities.
- (c) Large Cap - Seeks long-term growth of capital, or a combination of growth and income, by investing primarily in stocks of larger, mature companies.
- (d) International - Seeks international diversification by investing in stocks of companies outside of the United States of America.
- (e) Small/Mid Cap - Seeks capital appreciation by investing primarily in stocks of small and medium sized companies.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with the fair value accounting standard, as the Plan's pooled separate accounts are measured at fair value using the unadjusted NAV practical expedient, they are not categorized within the fair value hierarchy. The Plan does not have any Level 1, 2, or 3 financial instruments.

Note 4 - Related-Party and Party-in-Interest Transactions

The Plan's investments, notes receivable from participants, and non-interest-bearing cash are managed by John Hancock. The Plan also pays fees to John Hancock and the Plan's investment advisor and third-party administrator. These transactions qualify as party-in-interest transactions. Fees paid to these parties-in-interest totaled \$57,470 for the year ended December 31, 2023.

ELECTRIC SERVICES, INC. 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2023

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6 - Income Tax Status

The Plan utilizes a standardized prototype plan sponsored by National Retirement Services, Inc. The Internal Revenue Service (IRS) has determined and informed the Plan sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain tax positions taken or expected to be taken. The Plan is subject to routing audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Information Certified by the Custodian

The following is a summary of the unaudited information regarding the Plan used in the preparation of the Plan's financial statements and supplemental schedule that was prepared by the custodian of the Plan and furnished to the Plan administrator. The Plan administrator has obtained a certification from the custodian that the following information is complete and accurate as of December 31, 2023 and 2022, and for the year ended December 31, 2023:

	<u>December 31, 2023</u>	<u>December 31, 2022</u>
