INDEPENDENT AUDITORS' REPORT

The Plan Administrator and Trustee
VT Mobile Aerospace Engineering, Inc. 401(k) Plan
Mobile, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of VT Mobile Aerospace Engineering, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance, and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

The Plan Administrator and Trustee
VT Mobile Aerospace Engineering, Inc. 401(k) Plan
Mobile, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of VT Mobile Aerospace Engineering, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance, and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 - PLAN DESCRIPTION

The following description of the VT Mobile Aerospace Engineering, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan provisions.

General. The Plan is a defined contribution plan established by VT Mobile Aerospace Engineering, Inc. (the Company) under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. Effective January 1, 2021, all employees must be at least 18 years of age and have completed 3 months of employment to become a participant in the Plan. Plan entry dates are the first pay day of the payroll period coinciding with or next following the date that an employee meets the eligibility requirements, or as soon as administratively feasible thereafter. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions. Plan participants may elect to contribute a portion of their compensation to the Plan on a before-tax basis. These contributions are referred to as elective salary deferrals. The total of elective salary deferrals for a participant may not exceed limits as determined by the IRC. The Company made matching contributions for eligible participants equal to 25% of each participant's total elective salary deferrals not to exceed 1.5% of each participant's compensation through June 2022. Starting in July 2022, the Company made matching contributions for eligible participants equal to 100% of each participant's total elective salary deferrals not to exceed 3% of each participant's compensation and 50% of each participant's total elective salary deferrals up to the next 2% of the participant's compensation. The Plan utilizes an automatic contribution arrangement, with automatic enrollment at 3% of compensation with no escalation upon reaching eligible status. The Company's matching contributions are invested in the same proportion as each participant's elective salary deferrals. The Company also has the option to make a discretionary contribution. The discretionary contribution will be credited to each participant's account based on the ratio of his or her compensation to the total compensation of all participants in the Plan. Participants must be employed on the last day of the year in order to receive matching and discretionary contributions. A discretionary contribution was not made for 2022 or 2021. Participants may also contribute amounts representing distributions from other qualified plans.

Participant Accounts. Each participant's account is credited with the participant's contributions, the Company's matching contributions, an allocation of discretionary contributions, and Plan investment results, and is charged with benefits paid and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

VT MOBILE AEROSPACE ENGINEERING, INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2022 AND 2021

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Vesting. Participant contributions to the Plan and the investment results on those contributions are 100% vested at all times. Company matching and discretionary contributions, and investment results thereon, made to participant accounts vest 100% upon attainment of normal retirement age, which is 59 ½ under the Plan document, 100% upon death or disability, or in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2 or more	100%

To receive credit for a year of service for vesting purposes, the employee must complete at least 1,000 hours of service during the Plan year.

Forfeitures. Upon termination of employment of a Plan participant who was not fully vested in his/her company matching and discretionary contribution accounts, any non-vested portion is forfeited and transferred to a separate "forfeitures fund" in the terminated participant's account until the terminated participant receives a distribution of his/her vested portion or until the terminated participant incurs a forfeiture break in service. A forfeiture break in service is a period of two consecutive vesting service periods. Amounts forfeited by terminated participants may be applied to reduce the Company's matching contributions in the Plan year in which the forfeiture occurs. The Company's qualified nonelective contribution was reduced by \$34,930 from forfeited non-vested accounts for 2022. There were no forfeitures utilized for 2021. Unallocated forfeitures as of December 31, 2022 and 2021 totaled \$98 and \$26,912, respectively.

Payment of Benefits. A participant may receive a distribution from the Plan when he/she leaves the Company for any reason. In the event of the participant's death or disability, the distribution will be paid to the participant's designated beneficiary. If the participant leaves the Company and the value of the participant's vested account balance does not exceed \$5,000, the participant will receive a distribution following the next annual valuation date after the participant's termination. If the participant leaves with a vested account balance that exceeds \$5,000, the participant may decide to receive either a lump sum payment equal to the vested value of his or her account, part lump sum and part installment payments, or installment payments over a specified time not exceeding the participant's life expectancy or the joint life expectancy of the participant and beneficiary. A plan participant may also receive a withdrawal of his/her deferral contribution account from the Plan while employed with the Company if the participant has attained 59 ½ years of age or the participant has incurred financial hardship. All in-service withdrawals are paid in lump sum payments.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2022 AND 2021

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Notes Receivable from Participants. A participant may borrow the lesser of \$50,000 or 50% of his or her vested account balance, with a minimum loan amount of \$1,000. Loans are repaid through payroll deductions over periods ranging up to 60 months. If the loan is to purchase a principal residence, the repayment period may be extended to 120 months. The interest rate is determined at the Prime rate plus 1%, as published in the "Wall Street Journal", as of the date the loan is executed.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Estimates

The preparation of financial statements in accordance with U.S. generally accepted accounting principles (U.S. GAAP) requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value) as provided by the Trustee (See Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for further discussion of fair value measurements.

Investments allocated to group annuity contracts are reported at contract value. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses. See Note 8 for discussion of the group annuity contract.

DECEMBER 31, 2022 AND 2021

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment valuation and income recognition (continued)

One of the investment options offered by the Plan, the Morley Stable Value Fund, is a common collective trust and stable value fund which invests in contracts deemed to be fully benefit-responsive. The contract value represents contributions plus interest, less any withdrawals. See Note 9 for discussion of the common collective trust.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits payable

Benefits are recorded when paid. Benefit claims payable totaled \$1,200 and \$6,200 as of December 31, 2022 and 2021, respectively.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative expenses

Costs of administering the Plan's assets are generally paid by the Company except for recordkeeper fees and Trustee fees that are paid by the Plan.

Subsequent events

Subsequent events have been evaluated through May 23, 2024, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2022 AND 2021

NOTE 3 - PLAN ADMINISTRATION

The general administration of the Plan and the responsibility for carrying out its provisions are placed with an advisory committee appointed by the Board of Directors of the Company.

Charles Schwab Trust Bank, the Trustee, is responsible for managing, investing and reinvesting the Plan's assets. USI Consulting Group, Inc. is the Plan's recordkeeper. The Company is responsible for accurate records with respect to its employees for purposes of administering the Plan.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested, and the Plan assets are to be used solely for the benefit of the participants and their beneficiaries.

NOTE 5 - TAX STATUS

The Company adopted a Non-Standardized Pre-Approved Profit Sharing Plan with CODA which received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, which stated that the Plan was designed in accordance with the applicable sections of the IRC. The Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and is, therefore, qualified and exempt from taxation.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEES

The investment information disclosed in the accompanying financial statements and supplemental schedule in total, including investments held and notes receivable from participants at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, dividends and interest, and administrative expenses for the years ended December 31, 2022 and 2021, obtained or derived from information supplied to the Plan Administrator is certified as complete and accurate by the Trustee.

NOTE 7 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts reported at contract value) in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce amounts that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair values of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs would only be used when Level 1 or Level 2 inputs were not available.

Fair value of assets measured on a recurring basis at December 31, 2022 and 2021 are as follows:

	Fair Value	Level 1
<u>December 31, 2022</u>		
Money market fund	\$ 98	\$ 98
Mutual funds	16,180,450	16,180,450
Total assets	<u>\$ 16,180,548</u>	<u>\$ 16,180,548</u>
 <u>December 31, 2021</u>		
Money market fund	\$ 26,912	\$ 26,912
Mutual funds	19,989,634	19,989,634
Total assets	<u>\$ 20,016,546</u>	<u>\$ 20,016,546</u>

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2022 AND 2021

NOTE 7 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 Fair Value Measurements

The money market fund has been valued at cost, which approximates fair value.

Mutual funds have been valued using a market approach and are based on the daily closing price as reported by the respective fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 8 - GROUP ANNUITY CONTRACT

The Prudential Retirement Guaranteed Income Fund is a group annuity product available to qualified retirement plans. It provides guaranteed protection of principal with a set rate of return. The guarantee in this contract is backed by Prudential Retirement Insurance and Annuity Company (PRIAC) and supported by its general account. Participants do not participate in the performance of the general account, but the investment performance of that portfolio supports the contract's minimum guaranteed interest rate, any additional amounts, and payout obligations. The interest rates are reviewed semi-annually and are subject to change. The contract does not permit the insurance company to terminate the agreement under normal circumstances.

The contract is subject to a market value adjustment if plan level events occur per conditions contained in the signed plan sponsor contract, which may result in a payout less than 100% of principal and interest credited. There are no penalties assessed by this stable value for benefit payments or other withdrawals taken by participants.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by PRIAC, represents contributions made under the contract plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2022 AND 2021

NOTE 8 - GROUP ANNUITY CONTRACT (CONTINUED)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

NOTE 9 - COMMON COLLECTIVE TRUST

The Morley Stable Value Fund (the Fund) is a collective investment fund for which Principal Global Investors Trust Company (Principal) serves as trustee under a trust agreement. The Fund seeks preservation of capital, relatively stable returns and liquidity for benefit-responsive payments; however, there can be no assurance that the value of the units in the Fund will not fluctuate.

The Fund invests primarily in stable value products, such as Guaranteed Investment Contracts (GICs) (also known conventional GICs), separate account GICs and synthetic GICs. Conventional GICs issued by insurance companies are primarily nonparticipating, wherein the contract holder does not participate in any gains and losses incurred due to performance of the underlying portfolio relative to the book value at times of withdrawals. Conversely, synthetic investment contracts and stable separate account contracts, issued by insurance companies or banks, are primarily participating, wherein the contract holder participates in gains and losses incurred due to the performance of the underlying portfolio relative to book value at times of withdrawals. Gains and losses are amortized through future crediting rate resets. Participating structures are the most common structure utilized in the Fund. Certain synthetic investment contracts have underlying investments which are sub-advised by managers affiliated with the synthetic issuers.

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2022 AND 2021

NOTE 9 - COMMON COLLECTIVE TRUST (CONTINUED)

GICs are typically issued with a fixed crediting rate and a fixed maturity date that does not change over the life of the contract. Crediting rates on wrap contracts typically reset on a monthly or quarterly basis as negotiated with the wrap issuer and wrap contracts do not have a final stated maturity date. The wrap contracts in this Fund are predominately reset on a monthly basis with a one month look back for the portfolio statistics. The wrap contract issuer guarantees a minimum 0% crediting rate; however, a wrap does not absorb any loss for credit defaults in an underlying portfolio.

A number of factors can influence future crediting rates, which may include but are not limited to: portfolio cash flows, underlying portfolio performance, current market interest rates for reinvestment, duration posture, change in crediting rates, default or bankruptcy by an asset or wrap issuer, the unexpected receipt of principal and interest payments, extraordinary withdrawals and certain wrap contract terms, including wrap fees.

Synthetic investment contracts are comprised of both investment and contractual components. The investment component consists of securities or shares or units of a pooled portfolio of fixed-income securities, referred to as the underlying investments. At December 31, 2022 and 2021, all investments held by the Fund were deemed fully benefit-responsive.

Market value events may limit the ability of the Fund to transact at contract value with the issuer. Market value events are events or conditions that occur which are outside of the normal operation of the Fund and lead to any Fund disbursements which have or will have a material adverse effect on the operations of the Fund and a financial effect on the investment contract or wrap issuer's interest hereunder.

Such events may include but are not limited to: Fund administration amendments or changes, merger or consolidation of investors, group terminations or layoffs, implementation of an early retirement program, termination or partial termination of the Fund, failure to meet certain tax qualifications, participant communication that is designed to influence participants not to invest in the Fund, transfers to competing options without meeting the equity wash provisions of the Fund, and plan sponsor withdrawals without the appropriate notice to the Fund and /or issuer.

In the normal course of business, such events or conditions would not limit the ability of the Fund to transact at contract value with the participants in the Fund. The Fund is managed to maintain a certain amount of liquidity to provide for the day to day liquidity needs of participants as well as the occasional market value event.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2022 AND 2021

NOTE 9 - COMMON COLLECTIVE TRUST (CONTINUED)

Investment income is accrued as earned. Income from guaranteed investment contracts is recorded at the contract rate. In the case of synthetic investment contracts, the contract rate is also referred to as the crediting rate. Crediting rates on synthetic contracts are net of fees to the issuer of the wrap contract (wrap fees). For fully benefit-responsive synthetic investment contracts, earnings on the underlying assets are factored into the next computation of the crediting rate reset.

The Fund records investment transactions on a trade-date basis and underlying investment transactions in synthetic investment contracts on a trade-date basis. The cost of investments sold is determined by the specific identification method.

Principal determines the net asset value at the contract value of the Fund each business day (valuation date) by dividing total assets less liabilities by the number of outstanding units. No distributions are made to unitholders as net investment income is reinvested into the Fund in accordance with the Fund's investment objectives. Unitholder transactions are processed daily, or as applicable, by the Fund at the current net asset value at contract value and are considered as made immediately after the daily valuation. Withdrawals from the Fund for benefit payments and participant transfers to noncompeting options to be paid to plan participants shall be made within 30 days after written notification has been received and are considered as made immediately after the next valuation date subsequent to the Principal's approval.

Withdrawals, other than for benefit payments and participant transfers to noncompeting options, require a twelve month advance written notice. Included in this advance written notice requirement are full or partial withdrawals of assets invested in the Fund resulting from plan sponsor directed actions. Such plan sponsor directed actions include, but are not limited to: (i) trustee or plan sponsor directed reallocation of investments; (ii) company sponsored layoffs/termination of groups of employees; (iii) disposing of or selling a component of the business which involves the transfer or termination of employees; (iv) terminating the Fund as an investment option of the plan; and (v) terminating the plan. Plan sponsors are prohibited from intentionally and specifically advising participants, or releasing participant communication, that is intended to encourage participants to not contribute to the Fund, or to withdraw part of all of their contributions from the Fund.

All plan sponsor-directed requests for full or partial withdrawals must be submitted to Principal in writing certifying the reason for the withdrawal request. All such requests are subject to the twelve month advance written notice requirement. Principal may choose to disburse withdrawals in less than the required one year period if, in Principal's discretion, it determines that such a disbursement is in the best interest of the Fund as a whole.

NOTE 10 - CORRECTIVE DISTRIBUTIONS

The Plan is subject to certain compliance requirements of non-discrimination rules under ERISA and IRS guidelines. For the Plan years ended December 31, 2022 and 2021, the Plan failed certain of these non-discrimination tests. The Plan recorded corrective distributions payable of \$11,081 and \$7,876 at December 31, 2022 and 2021, respectively, in the statements of net assets available for benefits to reflect the appropriate refund of a portion of the contributions made by highly compensated participants in order to comply with the non-discrimination requirements. The Plan Administrator believes that these corrective measures will satisfy the non-discrimination requirements of the IRS.

NOTE 11 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500.

	<u>2022</u>	<u>2021</u>

The following is a reconciliation of net increase (decrease) in net assets available for benefits per the financial statements to the Form 5500:

	<u>2022</u>	<u>2021</u>
Net increase (decrease) in net assets available for benefits per the financial statements	\$ (3,797,854)	\$ 2,796,862
Corrective distributions payable as of beginning of year	(7,876)	(2,938)
Corrective distributions payable as of end of year	<u>11,081</u>	<u>7,876</u>
Net income (loss) per the Form 5500	<u>\$ (3,794,649)</u>	<u>\$ 2,801,800</u>

NOTE 12 - RISKS AND UNCERTAINTIES

The Plan provides for investments that are exposed to various risks, such as interest rate, credit, and market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities may occur in the near future and that changes could materially affect the amounts reported in the statements of net assets available for benefits.

As reported on the supplemental Schedule of Delinquent Participant Contributions (Schedule H, line 4a), certain Plan contributions were not remitted within the time frame specified by the Department of Labor's Regulation 29 (CFR 2510.3-102), thus constituting nonexempt prohibited transactions between the Plan and the Company for the years ended December 31, 2022 and 2021. The contributions were made during the respective Plan years. However, the Company paid all excise taxes and accrued interest subsequent to year end in May 2024 and November 2022, respectively.
