Independent Auditor's Report

The 401(k) Committee
Togetherwork 401(k) Plan
Columbus, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Togetherwork 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022, and the related Statements of Changes in Net Assets Available for Benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TOGETHERWORK 401(K) PLAN
COLUMBUS, GEORGIA
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2023 AND 2022

NOTE 1: Description of Plan

The following brief description of the Togetherwork 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution profit sharing plan sponsored by Togetherwork Operations, LLC and its subsidiaries (collectively, the “Plan Sponsor”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was originally adopted on January 1, 1999 and has been amended and restated since that date. The Plan was restated effective January 1, 2021 to reflect the amendments in 2020 and implement a safe harbor employer matching contribution. The Plan was amended effective August 1, 2023 to allow participant loans.

On June 6, 2023, the Plan Sponsor acquired the assets of 2Book, Inc. (“2Book”). In connection with the acquisition, the Plan Sponsor became the employer of 2Book employees, who were covered under the 2Book 401(k) Plan until its termination on the date of acquisition. As of August 11, 2023, eligible 2Book employees have the option to enroll into the Plan.

The Plan Sponsor is a member of a controlled group. Certain operating companies of the Plan Sponsor have adopted the Plan, allowing the eligible employees of the operating companies to participate in the Plan.

The 401(k) Committee has responsibility for the administration of the Plan. Fred Maglione, CEO of Omega Financial, Inc., as trustee, had responsibility for the management, operation and administration of the Trust through March 1, 2023, at which date Damon E. Schramm, In-House General Counsel, became the trustee of the Plan. Voya Retirement Insurance and Annuity Company (“Voya”), as a qualified institution, is the Plan’s custodian and recordkeeper. Retirement Benefit Solutions, LLC (“RBS”) is the third-party administrator of the Plan. Fees are charged by the third-party administrator and custodian/recordkeeper for services rendered.

Eligibility - All employees who are 21 years or older and have completed three months of service are eligible participants of the Plan except for the following ineligible classes of employees: (a) employees whose employment is governed by a collective bargaining agreement in which retirement benefits were the subject of good faith bargaining; (b) anyone who is a leased employee; (c) employees who are non-resident aliens who received no income from services performed in the United States; and (d) employees who are hired on a temporary basis.

TOGETHERWORK 401(K) PLAN
COLUMBUS, GEORGIA
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2023 AND 2022

NOTE 1: Description of Plan (continued)

Contributions - Participants may elect to contribute up to 100% of their eligible compensation subject to limitations established by the Internal Revenue Service (“IRS”). Participants may also contribute amounts representing distributions from other qualified defined benefit or contributory plans. The Plan Sponsor will make a safe harbor matching contribution equal to 100% of the participants’ salary deferrals up to 4% of compensation. Members of the controlled group may contribute matching contributions at their discretion. The controlled group members may also make non-elective profit sharing contributions to the Plan. These contributions are discretionary in timing and amount. The Plan Sponsor made no profit sharing or discretionary matching contributions for the years ended December 31, 2023 and 2022.

Participant Accounts - Each participant’s account is adjusted for the participant’s contributions and withdrawals, the Plan Sponsor’s matching contributions, and pro-rata allocations of the Plan earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting - Participants are immediately vested in their contributions and any earnings or losses thereon. With the exception of participant accounts that were transferred into the Plan from the Protech Associates, Inc. 401(k) Retirement Savings Plan and the Accepted 401(k) Plan as a result of the 2022 plan mergers as described in Note 3, vesting in the employer’s discretionary matching and profit sharing contributions and any earnings or losses thereon is as follows:

<u>YEARS OF SERVICE</u>	<u>VESTING %</u>
Less than two years of service	0%
Two years but less than three years of service	25%
Three years but less than four years of service	50%
Four years but less than five years of service	75%
Five years of service or more	100%

For participants whose balances include prior employer discretionary matching and profit sharing contributions originating from the Protech Associates, Inc. 401(k) Retirement Savings Plan and the Accepted 401(k) Plan prior to plan mergers, vesting follows a schedule that differs from above in accordance with prior plan provisions. Refer to the related plan document for further details.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2023 AND 2022

NOTE 1: Description of Plan (continued)

Forfeitures - At December 31, 2023 and 2022, forfeited, non-vested accounts totaled \$41,853 and \$58,850, respectively. The Plan Sponsor may elect to restore forfeitures, reduce employer contributions, or pay Plan administrative expenses with such forfeitures. During 2023 and 2022, respectively, \$32,225 and \$28,568 were used to pay Plan expenses. During 2023 and 2022, respectively, \$0 and \$2,502 of forfeitures were used to reduce employer contributions.

Investment Options - A participant may direct employee and Plan Sponsor contributions in any of the investment options established by the Plan Sponsor, as chosen by the 401(k) Committee. Participants may change their investment options daily.

Notes Receivable from Participants - Until August 1, 2023, the Plan did not provide for participant loans; however, balances of notes receivable from participants ("Notes") have previously been transferred into the Plan from merged plans under the existing terms of the Notes. Beginning August 1, 2023, participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 - 5 years. The loans are secured by the balance in the participant's account and bear interest at a fixed rate equal to the current prime lending rate plus 2% (10.5% and 9.5% at December 31, 2023 and 2022, respectively). Principal and interest is paid ratably through payroll deductions. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent Notes may be reclassified as distributions based upon the terms of the related Plan Document.

Payment of Benefits - Upon termination of employment due to death, disability, or normal retirement age of 59.5, participants will be entitled to receive a lump-sum or partial distribution of their vested balances. Hardship distributions are allowed on a participant's deferral balance based on the terms of the Plan. Benefits are recorded when paid.

Plan Termination - Although there is no present intention to terminate the Plan, the Plan Sponsor may terminate the Plan at any time subject to the provisions of ERISA. In the event of termination, the participants will become 100% vested in their account balances and the trustee shall dispose of the Plan assets by distribution to participants and beneficiaries.

FOR THE YEARS ENDED DECEMBER 31, 2023 AND 2022

NOTE 2: Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared using the accrual basis of accounting.

Valuation of Investments - Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian and insurance company. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Tax Status - The Plan received a favorable determination letter from the IRS dated June 30, 2020, stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC") and are exempt from federal and state income taxes. The Plan has been restated and amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America ("GAAP") requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS or state taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

FOR THE YEARS ENDED DECEMBER 31, 2023 AND 2022

NOTE 2: Summary of Significant Accounting Policies (continued)

Plan Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. These costs include legal, administrative, accounting, and custodial fees. Certain investment management fees and administrative expenses are incurred and paid by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Reclassifications - Certain reclassifications have been made to the 2022 financial statements in order for them to be in conformity with the 2023 presentation.

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events - The Plan Sponsor has evaluated all subsequent events that may qualify for disclosure through July 30, 2024, which is the date financial statements were available to be issued. There are no transactions that are required to be disclosed under professional guidance.

NOTE 3: Plan Mergers

On April 7, 2022, the Plan Sponsor acquired the assets of Fonteva, Inc. In connection with the acquisition, the Plan Sponsor created Fonteva, LLC ("Fonteva") as a wholly-owned subsidiary and became the employer of Fonteva, Inc. employees, who were covered under the Fonteva 401(k) Plan through the acquisition date. After which, the accounts of all Fonteva employees were transferred into the Plan.

On March 23, 2022, the Plan Sponsor acquired the assets of Acceptd, Inc. In connection with the acquisition, the Plan Sponsor created GetAcceptd, LLC ("Acceptd") as a wholly-owned subsidiary and became the employer of Acceptd, Inc. employees, who were covered under the Acceptd, Inc. 401(k) Plan through the asset acquisition date. After which, the accounts of all Acceptd employees were transferred into the Plan.

NOTE 3: Plan Mergers (continued)

On March 21, 2022, the Plan Sponsor acquired the assets of Protech Associates, Inc. (“Protech Associates”). Protech Associates’ employees were covered under the Protech Associates, Inc. 401(k) Retirement Savings Plan through the asset acquisition date, at which time the accounts of all Protech Associates employees were transferred into the Plan.

NOTE 4: Fair Value Measurements

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

NOTE 4: Fair Value Measurements (continued)

Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Separate Account Assets: Participant contributions are held in a separate account, which purchases shares of mutual funds. Earnings of the underlying funds are factored into the unit value of the separate account assets. The value of a share of a separate account asset is equal to the net assets of the underlying fund divided by the number of shares outstanding. The fair value of the separate account is measured using the net asset value per share as a practical expedient, which is derived principally from observable market data.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	<u>2023</u>	<u>2022</u>
Investments measured at net asset value (a)	<u>\$ 49,288,276</u>	<u>\$ 38,057,005</u>
Total investments at fair value	<u>\$ 49,288,276</u>	<u>\$ 38,057,005</u>

(a) In accordance with GAAP, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

NOTE 4: Fair Value Measurements (continued)

The following table summarizes investments in the separate accounts for which fair value is measured using the net asset value per share as a practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments.

	<u>December 31, 2023</u>	<u>December 31, 2022</u>

Unfunded commitments	n/a	n/a
Redemption frequency (if currently eligible)	Daily	Daily
Redemption notice period	n/a	n/a

NOTE 5: Fixed Account with Voya Retirement Insurance and Annuity Company

The fixed account is a guaranteed interest contract. Voya maintains contributions to the fixed account in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed account earns a guaranteed rate of interest of not less than 1% a year. At its discretion, Voya may credit interest at a rate greater than 1%. The interest rate is reviewed annually. The rate of interest credited to the fixed account during both 2023 and 2022 was approximately 1%.

The fixed account meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus interest, less participant withdrawals, and administrative expenses.

The Plan's ability to receive amounts due is dependent on Voya's ability to meet its financial obligations. Voya's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 5: Fixed Account with Voya Retirement Insurance and Annuity Company (continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines; (2) a breach of material obligation under the contract; (3) a material misrepresentation; or (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6: Information Prepared and Certified by Custodian (unaudited)

NOTE 7: Party-in-Interest Transactions

Certain Plan investments are managed by Voya, the custodian, as defined by the Plan; therefore, these transactions qualify as party-in-interest.

Voya provides select administrative services to the Plan pursuant to service agreements between the Plan Sponsor and Voya. A portion of Voya's fee is paid from certain investment fund revenue. The Plan shares in this revenue when the revenue exceeds the amount due to Voya under the service agreements. The revenue received by the Plan under this arrangement is used to reduce the expenses of administering the Plan or allocated to participant accounts. The Plan or Plan Sponsor may make payments to Voya for administrative expenses not covered by the revenue sharing amounts. The Plan received approximately \$22,900 and \$33,500 during December 31, 2023 and 2022, respectively. A portion of the revenue was used to pay Plan expenses. The balance remaining in the account was \$20,270 and \$33,730 at December 31, 2023 and 2022, respectively. The balance is included in investments in the accompanying Statements of Net Assets Available for Benefits.

NOTE 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9: Nonexempt Party-in-Interest Transactions

In certain instances, the Plan remitted various participant loan repayments to Voya later than required under Department of Labor Regulation 2510.3-102. During 2022, the delinquent loan repayments totaled \$14,860. To remediate these late remittances, the impacted participant accounts were credited by \$1,093 representing lost earnings that would have been earned had the participant loan repayments been remitted on a timely basis. The lost earnings were remitted by the Plan in 2023.
