Report of Independent Auditor

To,
The Participants and the Plan Administrator,
TPI Defined Contribution Plan

Opinion

We have audited the accompanying financial statements of TPI Defined Contribution Plan (“the Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023, and December 31, 2022, and the related statements of changes in net assets available for benefits for the years ended December 31, 2023 and December 31, 2022, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023, and December 31, 2022, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis of opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s responsibilities for the audit of the financial statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements, in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements, that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters

Supplemental schedule required by ERISA.

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Part IV, Line 4i - Schedule of assets held as of December 31, 2023 (under supplemental information), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

TPI Defined Contribution Plan

Financial Statements

December 31, 2023, and December 31, 2022

Notes to Financial Statements

(All amounts are in United States Dollars unless otherwise stated)

NOTE 1: DESCRIPTION OF PLAN

The following description of the TPI Defined Contribution Plan (“the Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan sponsored by Torrent Pharma, Inc. (“the Company/ Plan Sponsor/ Employer”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan’s assets are held in a trust administered by T. Rowe Price Trust Company (T. Rowe Price), the custodian and record-keeper.

Effective November 01, 2023, the Company adopted and restated the Plan document to appoint Reliance Trust Company (“Reliance”) as a trustee.

Eligibility

All Employees are immediately eligible to participate in the Plan.

Contributions

Participants may contribute any portion of their gross eligible compensation (as defined in the Plan) on a before-tax basis, limited to a maximum amount in any calendar year, as adjusted annually pursuant to Section 402(g) of the Internal Revenue Code (IRC) (\$22,500 and \$20,500 in the Plan years 2023, and 2022 respectively). Participants aged 50 and above who have contributed the maximum contributions for that year may make a catch-up contribution (\$7,500 and \$6,500 in the Plan years 2023 and 2022, respectively). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company also makes a contribution to the Plan, known as the safe harbor contribution. The safe harbor contribution will be an amount equal to 3% of the participant’s eligible compensation, up to the Internal Revenue Service (“IRS”) limit of \$330,000 in 2023 and \$305,000 in 2022. The safe harbor contribution is calculated on base salary only and does not include bonuses, other company benefits, or other non-recurring items.

The Plan’s provisions state that the Company may also make an additional discretionary profit-sharing contribution. There were no discretionary profit-sharing contributions in the Plan years ended 2023 and 2022.

Participant accounts

Each participant’s account is credited with the participant’s contributions, employer safe harbor contributions, employer profit-sharing contributions, and an allocation of investment earnings or losses and expenses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions, employer safe harbor contributions, employer profit-sharing contributions, and actual earnings or losses thereon.

TPI Defined Contribution Plan

Financial Statements

December 31, 2023, and December 31, 2022

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms cannot exceed five years unless the loan is for the purchase of the participant's principal residence, in which case it can be longer. The loans are collateralized by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are paid ratably through payroll deductions (at a frequency not less than quarterly).

Payment of benefits

Benefits under the Plan are payable to participants or their beneficiaries upon termination of service, due to death, disability, retirement, or other reasons. Benefits are paid in a single lump-sum payment or in partial withdrawals or installments over a period of not more than the participant's assumed life expectancy.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions used.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For further discussion about the fair value of the Plan's investments. See note 3, fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based on the terms of the Plan document. At December 31, 2023, and December 31, 2022, delinquent loans totaled \$NIL, and \$55,342, respectively.

Payment of benefits:

Benefits to the participants are recorded when paid.

TPI Defined Contribution Plan

Financial Statements

December 31, 2023, and December 31, 2022

Administrative expenses:

Administrative expenses are paid by the Plan or by the Company, as provided in the Plan document.

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023, and December 31, 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The shares of registered investment companies held by the Plan are deemed to be actively traded.

The following tables, set forth by level, within the fair value hierarchy, present the Plan's assets measured at fair value as of December 31, 2023, and December 31, 2022:

NOTE 5: RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments of the Plan are shares of mutual funds offered through T. Rowe Price RPS, Inc. ("T. Rowe Price"). T. Rowe Price is the custodian and record-keeper of the Plan. Effective November 01, 2023, the Company adopted and restated the plan document to appoint Reliance as a trustee. T. Rowe Price and Reliance qualifies as permitted parties-in-interest, as defined by ERISA, and these transactions qualify as parties-in-interest transactions.

Certain officers and employees of the Company who are participants in the Plan perform administrative services related to the operation, recordkeeping, and financial reporting of the Plan. No such officer or employee receives compensation from the Plan. Some of the Plan's expenses, including trustee, custodial, and certain recordkeeping fees, were paid by the Company, and personnel and facilities of the Company are used by the Plan at no charge.

NOTE 6: RECONCILIATION TO THE FORM 5500

There are no reconciling items between the net assets available for benefits and the increase in net assets available for benefits reported in the audited financial statements and schedule H of form 5500 as of December 31, 2023, and 2022, and for the year ended December 31, 2023.

NOTE 7: INCOME TAX STATUS

During the years ended December 31, 2023, and December 31, 2022, the Plan has adopted a defined contribution non-standardized pre-approved profit-sharing plan and trust sponsored by T. Rowe Price (the Plan's custodian and recordkeeper). The Plan has not obtained an opinion letter directly from the Internal Revenue Code ("IRC"), as it relies on IRS approval of the non-standardized pre-approved profit-sharing plan and trust being utilized. The IRS has determined and informed the non-standardized pre-approved profit-sharing plan and trust sponsor by an opinion letter dated June 30, 2020, that the pre-approved plan was designed in accordance with applicable sections of the Internal Revenue Code("IRC"). The Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes the Plan was qualified, and the related trust was tax-exempt for the years ended December 31, 2023, and December 31, 2022.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December

Financial Statements

December 31, 2023, and December 31, 2022

31, 2023, and December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

NOTE 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10: SUBSEQUENT EVENTS

The Plan evaluated all events and transactions that occurred after December 31, 2023, through the date the financial statements were available to be issued. Based on the evaluation, the Plan is not aware of any events or transactions that would require recognition or disclosure in the financial statements.
