INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
Zimmer Biomet Holdings, Inc. Savings and Investment 401(k) Program
Warsaw, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Zimmer Biomet Holdings, Inc. Savings and Investment 401(k) Program (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023 and the related notes to the financial statements (Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the Financial Statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical

requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these Financial Statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the Financial Statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the

certification, comparing the certified investment information with the related information presented and disclosed in the Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the Financial Statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the Financial Statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the Financial Statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the Financial Statements or to the Financial Statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Zimmer Biomet Holdings, Inc. Savings and Investment 401(k) Program (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan was established August 6, 2001. The Plan is a defined contribution plan covering substantially all employees of Zimmer Biomet Holdings, Inc. (the "Company") who are regularly scheduled to work at least 1,000 hours per year. These employees are immediately eligible to participate in the Plan. Employees of the Company who are not anticipated to work 1,000 hours per year may participate in the Plan upon completing 1,000 hours of service in a twelve-month computation period. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

CONTRIBUTIONS

Each year, participants may contribute pre-tax and after-tax (including Roth) amounts not to exceed a total of 60% of the participant's annual eligible compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute rollover funds from another qualified plan. Each new employee who becomes eligible to participate in the Plan and who does not make an affirmative election either to contribute or not contribute to the Plan, shall be deemed to have elected to contribute 3 percent of their annual salary or wages, as defined by the Plan, on a pre-tax basis. The Company shall contribute a matching contribution equal to 100 percent of the first 6 percent of each participant's compensation contributed to the Plan per pay period. Participants direct the investment of contributions, allocated to their account, into various investment options offered by the Plan.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and an allocation of the Company's contributions, and Plan earnings, and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, contributions, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

VESTING

Participants are immediately vested in their contributions plus actual earnings thereon. Prior to January 1, 2016, participants vested in the employer matching and fixed contributions and earnings thereon at 20 percent after one year with an additional 20 percent each year thereafter until fully vested after five years of service. Effective January 1, 2016, participants in the Plan as of December 31, 2015 with fewer than 4 years of service under this Plan on January 1, 2016 will vest in the employer contributions and earnings thereon at 25 percent after one year with an additional 25 percent each year thereafter until fully vested after four years of service. Participants in the Plan as of December 31, 2015 with at least 4 years of service under this Plan on January 1, 2016 were 100% vested in their employer contributions and earnings thereon. Participants hired after January 1, 2016, will vest in the employer contributions and earnings thereon at 25 percent after one year with an additional 25 percent each year thereafter until fully vested after four years of service. Effective January 1, 2016, participants of the prior Biomet Plan with 2 years or more of service as of January 1, 2016 were 100% vested in their employer contributions and earnings thereon. Participants of the prior Biomet Plan with less than 2 years of service under the Biomet Plan as of January 1, 2016 will vest in the employer contributions and earnings thereon at 25 percent after one year and will be 100% vested after 2 years of service. A participant is entitled to 100 percent of his or her account balance upon retirement, death, or disability. Any portion of a participant's account that is not vested at the time of final distribution is forfeited and used to reduce future employer contributions or administrative expenses.

NOTES RECEIVABLE FROM PARTICIPANTS

The Plan provides that participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. The loans are secured by the vested balance in the participant's account and bear interest at a rate determined by the administrative committee. Principal and interest is paid ratably through payroll deductions. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the Internal Revenue Code ("IRC").

PAYMENT OF BENEFITS

Upon separation of service for any reason a participant, or their beneficiary, is entitled to receive the vested interest in his or her account. Participants may elect to receive a lump sum amount or partial withdrawals. Withdrawals may also be made when a participant attains age 59 1/2 or demonstrates financial hardship.

FORFEITED ACCOUNTS

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$299,655 and \$445,809, respectively. These accounts may be used to reduce future employer contributions or to pay plan administrative expenses. During 2023, \$1,352,122 in forfeitures were used to reduce employer contributions.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual method of accounting.

ZIMMER BIOMET HOLDINGS, INC. SAVINGS AND INVESTMENT 401(K) PROGRAM

Warsaw, Indiana

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Notes 4 and 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The assets of the Plan are held by Fidelity Management Trust Company ("Fidelity"), the Trustee of the Plan, in the Zimmer Biomet Holdings, Inc. Savings and Investment 401(k) Program Master Trust (the "Master Trust"), and are commingled with specified interests of another benefit plan sponsored by the Company. The fair value of the Plan's interest in the Master Trust reflects the Plan's interest in the fair value of the underlying net assets of the Master Trust. The Plan presents in its statement of changes in net assets available for benefits an allocation of the Master Trust's net income (loss) which consists of realized gains or losses, unrealized appreciation (depreciation) on investments and interest and dividend income.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

OPERATING EXPENSES

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The Company has the option, but not the obligation, to pay such expenses. Expenses that are charged to participant accounts include loan fees, withdrawal fees and plan administrative fees. Certain investment related expenses are included in net appreciation in fair value of investments.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 3 - CERTIFIED INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and investment income and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company ("Fidelity"), a qualified institution. The Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related information included in the financial statements and ERISA-required supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENT

The Financial Accounting Standards Board (FASB) defines fair value as the price that would be received by the Plan or Master Trust for an asset or paid by the Plan or Master Trust to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan or Master Trust's principal or most advantageous market for the asset or liability. The FASB's guidance on fair value establishes a fair value hierarchy which requires the Plan and Master Trust to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Warsaw, Indiana

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- *Mutual funds*. Valued at the published daily net asset value ("NAV") as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Self-directed brokerage accounts (Brokerage link)*. Holdings consist primarily of mutual funds and common stocks, for which values are determined using quoted prices on a nationally recognized securities exchange collective trusts, valued as described below, and interest-bearing cash, valued at cost.
- *Collective trusts*: Valued at the net asset value ("NAV") of units of a bank collective trust. The NAV, as provided by the trustee or custodian of the collective trust, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2023 and 2022.

Investment Assets at Fair Value as of December 31, 2023

NOTE 5 - INTEREST IN ZIMMER BIOMET MASTER TRUST

The Plan's investments are in the Master Trust which was established for the investment of assets of the Plan and certain assets of another Company sponsored retirement plan as of December 31, 2023 and 2022. Each of the plans participating in the Master Trust has a divided interest in the Master Trust.

The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. Participant transaction activity is designated to specific underlying assets of the Master Trust. Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based on 1) whether it is related to a specific plan (100 percent allocated to that plan), or 2) the Plan's proportionate share of the income or expense which is attributable to the Master Trust, which is based upon relative investment balances and notes receivable from participants.

Warsaw, Indiana

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity, political uncertainty, pandemic and environmental risks, cybersecurity risks and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan invested in collective trusts and mutual funds held by the Master Trust which are managed by the Trustee or an affiliate of the Trustee, and interest income on notes receivable from participants, which qualify as party-in-interest transactions. The Plan is not charged for administrative services performed on its behalf by employees of the Company. Some fees paid by the Plan for the investment management services are included in Master Trust investment income. During 2023, the Plan paid administrative fees to Fidelity and Financial Engines, which also qualify as party-in-interest transactions.

Effective July 1, 2014, the Plan adopted the Fidelity Investments Revenue Credit (Fidelity RC) program. The Fidelity RC program is used to reimburse the Company for fees and expenses associated with the services of the program, or to pay such vendors including Fidelity and third parties, as appropriate. For the Plan year ended December 31, 2023, the Fidelity RC program paid the Plan \$151,950 and the Company paid \$13,285 to vendors from the Fidelity RC program.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

NOTE 9 - TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated June 4, 2014, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

**ZIMMER BIOMET HOLDINGS, INC. SAVINGS AND INVESTMENT 401(K)
PROGRAM**

Warsaw, Indiana

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that no uncertain positions are taken or are expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to Form 5500 at December 31:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	1,338,992,534	1,131,585,240
Deficiency of collective trusts reported on Form 5500 over net asset values	(1,809,980)	(2,589,325)
Net assets available for benefits per Form 5500	1,337,182,554	1,128,995,915

The following is a reconciliation of the change in net assets per the financial statements to Form 5500 for the year ended December 31, 2023:

Change in net assets per the financial statements prior to transfers	207,407,294
Change in current value of collective trusts	779,345
