This presentation was prepared as part of our audit, has consequential limitations, is restricted to those charged with governance and, if appropriate, management, and is not intended and should not be used by anyone other than those specified parties.

Matters to be Communicated to Those Charged with Governance

Generally accepted auditing standards (GAAS) require the auditor to ensure that those charged with governance receive information regarding the results of the audit that may assist those charged with governance in overseeing management's financial reporting and disclosure process. Below we summarize these required communications.

The Auditor's Responsibility Under Generally Accepted Auditing Standards

We were engaged to conduct an audit of the financial statements as of and for the year ended December 31, 2023 for FINIT Solutions 401(k). The financial statements are the responsibility of management. Our audit was designed in accordance with GAAS, which provides for reasonable, rather than absolute, assurance that the financial statements are free of material misstatement. We have the responsibility to opine on whether the financial statements are fairly stated in accordance with accounting principles generally accepted in the United States of America.

As permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by you, we have conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and have obtained sufficient and appropriate audit evidence to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion. The audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America ("GAAP"). Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

In accordance with professional standards, we have obtained a substantially complete Form 5500 and considered whether such information, or the manner of its presentation, was materially inconsistent with its presentation in the financial statements. Our responsibility also includes calling to management's attention any information that we believe is a material misstatement of fact. We have not identified any material inconsistencies or concluded there are any material misstatements of facts in the other information.

As part of our audit, we obtained a sufficient understanding of the internal controls to plan our audit, to determine the nature, timing and extent of testing performed and not to provide assurance on internal controls.

We have issued our Independent Auditor's Report reflecting an unmodified opinion in accordance with ERISA Section 103(a)(3)(C) for the year ended December 31, 2023.

Management's cooperation was excellent. We received full access to all information that we requested while performing our audit, and we acknowledge the full cooperation extended to us by all levels of Company personnel throughout the course of our work.

Matters to be Communicated to Those Charged with Governance (continued)

Significant Accounting Policies

The significant accounting policies used by FINIT Solutions 401(k) Plan and Trust are described in the notes to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2023. The accounting policies used are appropriate and are in compliance with generally accepted accounting principles.

Future Reporting Considerations

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. The most significant changes impacting existing plan provisions included updates to required minimum distributions (RMDs) and hardship distribution rules, expanded eligibility of part-time employees, modifications to catch-up contribution rules and options for the plan sponsor to make matching contributions to an employee's retirement account based on employee's student loan payment. Secure Act 2.0 amendments must be adopted by December 31, 2025, for calendar year plans. The Plan Sponsor should work with their service provider to ensure the plan document is updated in accordance with the provisions of SECURE Act 2.0. If you have any questions or need further assistance with this, please contact a member of your audit service team.

Management Judgments and Accounting Estimates

The preparation of financial statements requires the use of accounting estimates. Certain estimates are particularly sensitive due to their significance to the statements and the possibility that future events may differ significantly from management's expectations. The accounting estimates made by management for the preparation of the financial statements for the year ended December 31, 2023 were determined to be appropriate under generally accepted accounting principles. The following are the identifiable estimates in the financial statements:

1. Fair value of investments.

Management did not make any significant changes to the processes or significant assumptions used to develop the significant accounting estimates in 2023.

Significant Unusual Transactions

There were no significant unusual transactions identified.

Financial Statement Disclosures

The overall goal of the disclosures in the financial statements is to provide relevant information to the reader in as neutral, concise, consistent and clear a manner as possible while also complying with the disclosure requirements of generally accepted accounting principles. In addition, the disclosures made also require judgment due to the potential sensitive nature of certain items. The disclosures made in the financial statements for the year ended December 31, 2023 were determined to be appropriate and in compliance with generally accepted accounting principles.

Matters to be Communicated to Those Charged with Governance (continued)

Unrecorded Audit Differences

No uncorrected misstatements were identified during the course of the December 31, 2023 audit.

Audit Adjustments

There were no audit differences noted during the December 31, 2023 audit.

Significant Changes to Planned Audit Strategy or Significant Risks Initially Identified

There were no significant changes to the planned audit strategy or significant risks initially identified and previously communicated to those charged with governance as part of our Audit Planning Communications.

Significant Difficulties Encountered in Performing the Audit

We encountered no major difficulties in working with any company personnel while performing and completing our audit. Further, we encountered no difficulties of any other nature in completing our audit.

Disagreements with Management

We had no disagreements with management.

Representations the Auditor is Requesting from Management

See the attached copy of the management representation letter.

Significant Findings and Issues Involving Related Parties

We have evaluated whether the identified related party relationships and transactions have been appropriately identified, accounted for, and disclosed and whether the effects of the related party relationships and transactions, based on the audit evidence obtained, prevent the financial statements from achieving fair presentation.

Consultation with Other Accountants

We are not aware of management consulting with other independent accountants. Nor are we aware of opinions obtained by management from other independent public accountants on the application of generally accepted accounting principles.

Difficult or Contentious Matters

There were no difficult or contentious matters that we consulted with others outside the engagement team that we reasonably determined to be relevant to those charged with governance regarding their oversight of the financial reporting process.

Matters to be Communicated to Those Charged with Governance (continued)

Information from those Charged with Governance

There were no matters noted relevant to the audit, including, but not limited to: violations or possible violations of laws or regulations; risk of material misstatements, including fraud risks; or tips or complaints regarding the Plan's financial reporting that we were made aware of as a result of our inquiry of those charged with governance.

Nature and Extent of Specialized Skills or Knowledge Relating to Significant Risks

There were no specialized skills or knowledge needed, outside of the core engagement team, to perform the planned audit procedures or evaluate audit results related to significant risks.

Other Matters

There are no other matters that we consider significant to the oversight of the Plan's financial reporting process that have not been previously communicated.

Independence

Our engagement letter to you dated describes our responsibilities in accordance with professional standards and certain regulatory authorities with regard to independence and the performance of our services. This letter also stipulates the responsibilities of the Plan with respect to independence as agreed to by the Plan. Please refer to that letter for further information.

Reportable Findings and Internal Control Over Financial Reporting (continued)

We are required to communicate, in writing and in a timely manner, to those charged with governance all reportable findings and all material weaknesses and significant deficiencies that have been identified in the Plan's internal control over financial reporting. The definitions of a reportable finding, control deficiency, significant deficiency and material weakness are as follows:

Category	Definition
Reportable Finding	Matters that are one or more of the following: - An identified instance of noncompliance or suspected noncompliance with laws or regulations, - A finding arising from the audit that is, in the auditor's professional judgment, significant and relevant to those charged with governance regarding their responsibility to oversee the financial reporting process, - An indication of deficiencies in internal control identified during the audit that have not been communicated to management by other parties and that, in the auditor's professional judgment, are of sufficient importance to merit management's attention.
Deficiency in Internal Control	A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis.
Significant Deficiency	A deficiency or combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.
Material Weakness	A deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented, or detected and corrected on a timely basis.

A reportable finding may also be considered a deficiency in internal control, a significant deficiency or a material weakness.

We considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration was for the limited purpose described above and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and/or all reportable findings.

In conjunction with our audit of the Plan financial statements, we noted no material weaknesses.

Significant Issues Discussed with Management

This communication is intended solely for the information and use of those charged with governance and, if appropriate, management, and is not intended to be and should not be used by anyone other than these specified parties.

This representation letter is provided in connection with your audits of the financial statements and supplemental schedules of FINIT 401(k) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the disclosures (collectively, the "financial statements"), for the purpose of expressing an opinion as to whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States (U.S. GAAP) and whether the supplemental schedules are fairly stated in all material respects in relation to the financial statements as a whole. As permitted by Regulation 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), we have elected for you to not perform any auditing procedures with respect to information prepared and certified to by Ascensus Trust Company, the trustee, in accordance with DOL Regulation 2520.103-5, except for comparing the information with the related information included in the financial statements and supplemental schedules. We understand that the form and content of the information in the financial statements and supplemental schedules, other than that derived from the information certified by Ascensus Trust Company, has been audited by you in accordance with auditing standards generally accepted in the United States of America, and was subjected to tests of our accounting records and other procedures you considered necessary to enable you to express an opinion as to whether they are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, as of July 30, 2024, the following representations made to you during your audits.

Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed audits of the financial statements of the FINIT Solutions 401(k) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in the notes to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2023 and 2022

Plan Description

The following description of the FINIT Solutions 401(k) (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of The FINIT Group LLC (the Company and Plan Sponsor) who have reached 18 years of age. Participants may enter the plan on the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, up to the legal limits, as defined in the plan agreement. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan also permits for Roth elective deferrals. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company, at its discretion, may match employee contributions at a rate to be determined by management. During 2023 and 2022, the Company elected to make matching contributions equal to 100% of the first 3% of the participant's eligible compensation contributed to the Plan. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) the participant's share of plan earnings. Allocations are based on participant earnings or account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Participants may have no more than one loan outstanding at a time. The loans are secured by the balance in the participant's account. The plan administrator approves an interest rate which is based on the applicable prime rate. Principal and interest are paid ratably through payroll deduction.

Vesting

Participants are immediately vested in their contributions and the Company's contribution portion of their accounts, plus actual earnings thereon.

Plan Description (continued)

Payment of Benefits

Upon termination of service due to death, disability or retirement (age 65), a participant's vested account balance shall be distributed pursuant to elections determined by the participant. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan also provides for in-service distributions of a participant's vested interest in his or her account for employees who reach age 59 ½ while still employed with the Company. Financial hardship withdrawals are permitted under plan provisions.

In the case of termination of employment, a participant with an account balance of more than \$5,000, excluding any balance from rollover contributions, may elect to receive his or her account balance as soon as administratively reasonable after the date of termination. If the terminated participant does not elect to receive his or her account balance, it will remain in the Plan Trust Fund until such election is made.

Participants who are terminated with an account balance equal to or less than \$5,000, excluding any balance from rollover contributions, are automatically paid their balance as soon after termination as administratively reasonable. In the event of a mandatory distribution greater than \$1,000, if the terminated participant does not elect to receive his or her account balance, then the plan administrator will pay the distribution in a direct rollover to an individual retirement plan designated by the plan administrator.

Investment Options

Participants may elect to direct all contributions in any of the investment funds established by the plan trustees. The participant may change investment selection and direct current and future contributions at times designated by the plan administrator.

Administrative Expenses

Expenses of maintaining the Plan are paid by the Company and excluded from these financial statements. Fees related to the administration of notes receivable and benefit payments from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Secure Act 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2023 financial statements.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For additional disclosure regarding fair value of investments, see the *Fair Value Measurements* footnote herein.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recognized on the ex-dividend date and interest is recognized on the accrual basis. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements

December 31, 2023 and 2022

Information Prepared and Certified by the Investment Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that was prepared and certified as complete and accurate by Ascensus Trust Company, the trustee of the Plan.

	2023	2022
Mutual funds	\$ 28,978,658	\$ 21,392,664
Money market funds	566,793	710,528
Notes receivable from participants	233,768	243,122
Total	\$ 29,779,219	\$ 22,346,314

The trustee also certified the completeness and accuracy of \$4,204,081 of net appreciation and \$4,800,145 of net depreciation, in fair value of investments, interest and dividend income of \$539,975 and \$404,498 related to the aforementioned investments and interest from participant loans of \$9,921 and \$8,554, for the years ended December 31, 2023 and 2022, respectively.

Fair Value Measurements

U.S. GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the entity has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Inputs are significant unobservable inputs for the asset or liability.

The level of the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

FINIT SOLUTIONS 401(K)

Notes to Financial Statements

December 31, 2023 and 2022

Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Mutual Funds: Valued at the Net Asset Value (NAV) of shares held by the Plan at year end.

Money Market Funds: Valued at cost which approximates fair value.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 28,978,658	\$ -	\$ -	\$ 28,978,658
Money market	566,793	-	-	566,793
Total assets at fair value	\$ 29,545,451	\$ -	\$ -	\$ 29,545,451

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 21,392,664	\$ -	\$ -	\$ 21,392,664
Money market	710,528	-	-	710,528
Total assets at fair value	\$ 22,103,192	\$ -	\$ -	\$ 22,103,192

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

FINIT SOLUTIONS 401(K)

Notes to Financial Statements

December 31, 2023 and 2022

Tax Status

The Plan has adopted a Prototype Standardized Profit Sharing Plan with a cash or deferral arrangement that received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believed the Plan was designed and operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Party-in-Interest Transactions

Certain plan investments are shares of mutual funds managed by Vanguard Group, Inc. Ascensus Trust Company is the trustee as defined by the plan agreement and, therefore, these transactions qualify as party-in-interest. Ascensus Trust Company is the record keeper to the Plan and therefore, these transactions qualify as party-in-interest. Administrative expenses totaled \$1,858 and \$1,965 for the years ending December 31, 2023 and 2022, respectively.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such change could materially affect participants' account balances and the amounts reported in the accompanying 2023 statement of net assets available for benefits.

Subsequent Events – Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date the financial statements were available to be issued.

Subsequent to December 31, 2023, the Plan changed plan trustees from Ascensus Trust Company to Principal Financial Services, Inc. Effective January 1, 2024, The Plan became an employee stock option plan.
