Independent Auditor's Report

To the Plan Administrator
Commissioning Agents, Inc. Employee Stock Ownership and 401(k) Savings Plan and Trust Agreement

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have audited the accompanying financial statements of Commissioning Agents, Inc. Employee Stock Ownership and 401(k) Savings Plan and Trust Agreement, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Commissioning Agents, Inc. Employee Stock Ownership and 401(k) Savings Plan and Trust Agreement's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Commissioning Agents, Inc. Employee Stock Ownership and 401(k) Savings Plan and Trust Agreement and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Commissioning Agents, Inc. Employee Stock Ownership and 401(k) Savings Plan and Trust Agreement 's ability to continue as a going concern within one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Commissioning Agents, Inc. Employee Stock Ownership and 401(k) Savings Plan and Trust Agreement 's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Commissioning Agents, Inc. Employee Stock Ownership and 401(k) Savings Plan and Trust Agreement 's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COMMISSIONING AGENTS, INC. EMPLOYEE STOCK OWNERSHIP AND 401(k) SAVINGS PLAN AND TRUST AGREEMENT

NOTES TO FINANCIAL STATEMENTS December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN

The following description of Commissioning Agents, Inc. Employee Stock Ownership and 401(k) Savings Plan and Trust Agreement (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was organized effective January 1, 2008, as a defined contribution retirement savings plan covering all eligible employees of Commissioning Agents, Inc., Commissioning Agents Puerto Rico International, LLC, and Commissioning Agents International, Inc. (collectively, the Employer) who have completed at least one month of service. The Plan owns 100% of the outstanding shares of common stock of Commissioning Agents, Inc., and also provides stock ownership benefits (ESOP) to eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors of the Employer is responsible for oversight of the Plan. The Administrative Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors.

Contributions: Each year, participants may authorize the Employer to contribute to the Plan up to 100% of their eligible annual compensation, subject to the maximum annual amount permitted under Section 402(g) of the United States Internal Revenue Code (IRC) and the Puerto Rico Internal Revenue Code (PR Code). Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from amounts representing distributions from other qualified plans and certain Individual Retirement Accounts (IRA) as defined in the Plan Agreement. Puerto Rico participants may only make rollover contributions from another Puerto Rico or United States dual-qualified plan. Contributions are subject to certain limitations under the IRC.

The Employer makes a safe-harbor nonelective contribution to each participant's 401(k) account equal to 3% of eligible compensation. The Employer may also make a discretionary profit-sharing contribution to each eligible participant's 401(k) account. There were no discretionary profit-sharing contributions made in 2023.

Participants direct the investment of their contributions, as well as those made by the Employer (profit-sharing and safe-harbor) into various investment options offered by the Plan.

The Employer may also elect to make contributions to each eligible participant's ESOP account in the Plan. Discretionary ESOP contributions are determined by the Board of Directors annually. The Board of Directors elected to make an ESOP contribution equal to 12% of each participant's eligible compensation to the Plan for the 2023 Plan year. ESOP contributions are primarily invested in the Employer's common stock. The Plan's ESOP accounts and any related investment purchases and/or dividends are directed by First Merchants Private Wealth Advisors (the Trustee).

Participant Accounts: Each participant's account is credited with the participant's contributions, Employer safe-harbor nonelective contributions, Employer discretionary profit-sharing contributions, Employer discretionary ESOP contributions, forfeitures of other terminated participants' accounts, and Plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses of the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined in the Plan Agreement. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Voting Rights: The Trustee votes all Employer common stock held as part of the Plan assets as directed by the Employer, provided that the participant or participant's beneficiary is entitled to direct the Trustee as to the manner in which voting rights on shares of Employer stock which are allocated to the participant's account are to be exercised with respect to the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets, or such similar transaction. If the participant does not exercise their right to vote relating to the Employer's common stock, the Trustee will vote such shares on behalf of the collective best interest of Plan participants and beneficiaries, subject to the Trustee's fiduciary duties under ERISA.

Vesting and Forfeitures: Participants are vested immediately in their contributions, Employer discretionary profit-sharing contributions and Employer safe-harbor contributions, plus actual earnings thereon. Employer discretionary ESOP contributions and related earnings thereon vest as follows:

Number of Years of Vesting Service	Vested Percentage
Less than 3	0%
3 or more	100%

Forfeiture accounts are first used to reinstate any forfeitures of any re-employed participants' accounts. Any remaining forfeitures arising from ESOP contributions are then allocated to active participants who do not have any vested interest in their account on a per capita basis. At December 31, 2023 and 2022, forfeited nonvested accounts of terminated participants totaled \$0 and \$0 respectively. In 2023, forfeited nonvested accounts of \$947,927 were allocated to the accounts of remaining participants.

Benefits: Upon the occurrence of a distributable event due to separation from service by termination of employment, death, disability or retirement, as defined by the Plan Agreement, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested ESOP account balance, or periodic payments over a 5-year period. All benefits paid from each participant's 401(k) account are payable to the participant in a lump-sum distribution or a direct rollover. If the total value of all of the participant's vested account balance is \$1,000 or less upon termination of employment, the participant's benefit will be paid to the participant in a lump-sum distribution unless the participant chooses a direct rollover.

Withdrawals prior to attaining normal retirement age are not permitted except in the event of death, disability or financial hardship. In-service withdrawals may be limited to certain account balances as more fully described in the Plan Agreement. Certain income tax penalties may apply to withdrawals or distributions prior to attaining normal retirement age.

Withdrawals from ESOP account balances may begin at the latest of the anniversary date of the Plan year in which the participant attains age 60, the 10th anniversary of the date on which the participant initially became eligible to participate in the Plan and the participant attains age 55, or when the participant terminates employment with the Employer.

Put Option: Under federal income tax regulations, the Employer's common stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Employer buy any shares of its common stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the common stock. The Employer can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Diversification: Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in the Employer's common stock into investments which are more diversified. Participants who are at least age 55 with 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to their account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. The election to diversify is made subsequent to year-end based upon the shares of common stock of the Employer in the participant's account at year-end.

Diversification may also be offered, as determined by the Board of Directors each year, to participants who have five years of service and have a balance exceeding \$100,000 in their ESOP contribution subaccount. The excess over \$100,000 (not to exceed 25% of the total ESOP contribution subaccount) may be diversified into the participant-directed 401(k) subaccount annually.

Notes Receivable from Participants: Participants may borrow from their 401(k) account balances a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of the participant's 401(k) account balance, excluding Employer safe-harbor contributions. The repayment terms of the notes cannot exceed five years except for the purchase of the participant's principal residence, for which the terms may exceed five years per the Plan Agreement. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through regular payroll deductions.

Plan Termination: Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100% vested in all of their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrative Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor, independent valuation consultant, and Trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: The Plan's notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make repayments and the Plan Administrator deems the note receivable from the participant to be in default, the balance of the note receivable from the participant is reduced and a benefit payment is recorded per the Plan Agreement.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits: Benefits are recorded when paid.

Expenses: Administrative expenses for maintaining the Plan may be paid by the Employer or the Plan, at the Employer's discretion. Certain administration fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Tax Status: The Internal Revenue Service (IRS) has determined and informed the Employer by a letter dated September 14, 2017, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified, and the related trust is tax-exempt.

The Puerto Rico Department of the Treasury has determined and informed the Employer by a letter dated October 11, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Puerto Rico Internal Revenue Code of 1994, as amended. The Puerto Rico Internal Revenue Code of 1994 has been replaced by the Puerto Rico Tax Code of 2011 (PR Code). The Plan has been amended and restated since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the PR Code.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other taxing authorities.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in process.

Subsequent Events: The Plan Administrator has evaluated the financial statements for subsequent events occurring through July 29, 2024, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan has categorized its assets and liabilities that are measured at fair value into a three-level fair value hierarchy. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. In situations where there is little or no market activity for the asset or liability, the Plan makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Following is a description of the valuation methodologies used by the Plan for assets that are measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Common Stock of Commissioning Agents, Inc.: Valued at aggregate fair value as determined annually by the Trustee based on a report from an independent valuation specialist. The independent valuation specialist utilized a weighted valuation considering the Discounted Cash Flow, Guideline Public Company, and Guideline Transaction valuation methods based on the Employer's historical data at December 31, 2023 and 2022, with certain adjustments related to lack of marketability.

Registered Investment Companies (Mutual Funds) and Money Market Fund Shares: Valued at the daily closing price as reported by the funds. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These funds held by the Plan are deemed to be actively traded.

Common Stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate Bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing the value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, those corporate bonds are valued under a discounted cash flow approach that maximizes observable inputs, such as current yields or similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks.

U.S. Government Securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets could result in a different fair value measurement at the reporting date.

Following is a summary, within each level of the fair value hierarchy, of the Plan's assets that are measured at fair value on a recurring basis as of December 31, 2023 and 2022:

2023	Level 1	Level 2	Level 3	Total
Common stock of Commissioning Agents, Inc.			\$88,889,590	\$ 88,889,590
Registered investment companies	\$59,903,179			59,903,179

Total Investments at Fair Value	<u>\$67,721,397</u>	<u>\$299,133</u>	<u>\$81,293,822</u>	<u>\$149,314,352</u>

Following is a summary of the changes in the fair value of the Plan's Level 3 asset for the year ended December 31, 2023:

	Common Stock of Commissioning Agents, Inc.
Balance at beginning of year	\$81,293,822
Unrealized appreciation in estimated fair value	<u>7,595,768</u>
Balance at end of year	<u>\$88,889,590</u>

Quantitative fair value disclosures about significant unobservable inputs used in the fair value measurement for the Employer's common stock have been omitted as the Plan has previously adopted ASU No. 2013-09, *Fair Value Measurement (Topic 820): Deferral of the Effective Date of Certain Disclosures for Nonpublic Employee Benefit Plans in Update No. 2011-04*, which allows for the indefinite deferral of the quantitative disclosure requirements.

NOTE 4 - INVESTMENT INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED INFORMATION)

Certain Plan information related to investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation or depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, disclosed in the accompanying financial statements and supplemental schedule was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by First Merchants Private Wealth Advisors, the Plan's trustee, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Information about the net assets and the significant components of the changes in net assets relating to the participant directed and trustee directed investments at December 31, 2023 and 2022, and for the year ended December 31, 2023, is as follows:

NOTE 5 - INVESTMENT IN EMPLOYER COMMON STOCK (AUDITED INFORMATION)

The Plan's investment in the Employer's common stock at December 31, 2023 and 2022, was as follows:

	2023 Allocated	2022 Allocated
Number of Shares	934,696	937,645
Cost	<u>\$16,695,348</u>	<u>\$16,951,026</u>
Fair Value	<u>\$88,889,590</u>	<u>\$81,293,822</u>

The net appreciation of the Employer's common stock was \$7,595,768 for the year ended December 31, 2023.

NOTE 6 - PLAN AMENDMENTS

Effective January 1, 2023, the Employer amended the Plan Agreement to modify the Plan's allocation of forfeitures and form of distribution options for certain distributions.

The Plan Agreement was also amended during 2023 to reflect the applicable changes in the law, including but not limited to certain provisions enacted under the Setting Every Community up for Retirement Enhancement Act (the "SECURE Act") and the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act").

An amendment to the Plan Agreement was executed in October 2023 to clarify participation and compensation related benefits for CAPRI and Puerto Rico employees effective July 1, 2022. In addition, the amendment updated form of distribution provisions for beneficiaries, effective January 1, 2008.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

The Plan has arrangements with several third-party service providers. The Plan pays certain expenses related to the Plan's operation, administration, and investment activity. The Plan's expenses may be paid directly to the respective service provider or indirectly through the Plan's investments returns. Therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

The Plan's assets include the Employer's common stock. Transactions in this investment qualify as exempt party-in-interest transactions.

The Employer provides certain accounting, administrative and investment management services to the Plan for which it receives no compensation.

Notes receivable from participants are permitted party-in-interest transactions.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, including an investment in the Employer's common stock, which are exposed to various risks, such as interest rate, market and credit risks, as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with the investment securities and to uncertainties inherent in the estimates and assumptions process, it is at least reasonably possible that changes in the value of the investment securities, including the Employer's common stock, will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.
