Independent Auditor's Report

To the Plan Administrator of
Peddie School 403(b) TDA & DC Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Peddie School 403(b) TDA & DC Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Peddie School 403(b) TDA & DC Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements for Peddie School 403(b) TDA & DC Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Peddie School 403(b) TDA & DC Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 8 to the financial statements, Peddie school 403(b) TDA & DC Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3) (C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Peddie School 403(b) TDA & DC Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of Peddie School 403(b) TDA & DC Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Peddie School 403(b) TDA & DC Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Peddie School 403(b) TDA & DC Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan

The following description of the Peddie School 403(b) TDA & DC Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, also known as a tax-sheltered annuity plan, covering substantially all employees, as defined, of Peddie School (the "School"). The Plan qualifies under Section 403(b) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established for the purpose of providing eligible employees of the School and their beneficiaries funds for retirement.

Three of the School's accounts held at Teachers Insurance and Annuity Association - College Retirement Equities Fund ("TIAA-CREF") were combined into this Plan: Peddie School 403(b) DC Plan, Peddie School 403(b) TDA Plan, and Peddie School 401(a) Plan.

Eligibility

Employees of the School are eligible to participate in the Plan starting on their date of hire. Upon completion of two years of service (including service from predecessor employers, such as educational organizations or teaching institutions), attainment of age 21, and completion of 1,000 hours of service during the Plan year, employees are eligible for employer contributions.

Employee Contributions

An employee participating in the Plan may annually contribute, through payroll deductions, any dollar amount up to 100% of their eligible compensation, as defined by the Plan, up to the maximum amounts as determined by the Internal Revenue Service ("IRS") and may contribute amounts representing distributions from other qualified plans. Under the Plan, participants may make tax deferred and Roth contributions. Participants who have attained age 50 before the end of the Plan year may make an additional "catch-up" contribution as determined by the IRS. In addition, "qualified employees" may make an additional \$3,000 contribution each year, subject to an overall limit of up to \$15,000, as determined by the IRS. Employees are considered to be a "qualified employee" if they have completed at least 15 years of service with an educational organization, hospital, home health service agency, health and welfare service agency, church, convention, or association of churches. Participants direct the investment of their contributions into various investment options offered by the Plan. A participant may suspend or reinstate contributions at any time.

Employer Contributions

The employer contribution is based on job classification. The School contributes 10% of compensation, as defined by the Plan, for faculty and administration and 8% of compensation for staff. Participants direct the investment of the employer contributions into various investment options offered by the Plan.

Participant Accounts

Individual accounts are established for each participant. The Plan offers a variety of mutual funds and pooled separate account with varying investment objectives as investment options and an annuity contract with a guaranteed interest rate that changes annually. Each participant's account is credited with the participant's pre-tax contribution, the employer contributions, and the proportionate share of dividends, interest, and investment gains since the preceding valuation date. Each participant's account is reduced by withdrawals, losses on investments, and certain administrative fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vest 100% in the account balance attributable to their deferred compensation, employer contributions, and related earnings thereon.

Peddie School 403(b) TDA & DC Plan
Notes to Financial Statements
December 31, 2023 and 2022

Distributions and Withdrawals

Prior to age 59-1/2, distributions and withdrawals are not permitted from the Plan except in the instances of death, disability, termination of employment, or hardship. After attaining age 59-1/2, participants may elect to withdraw an amount not to exceed 100% of the participant's vested account balance for any reason. In the event of termination of employment, a participant shall receive their participant contributions and earnings thereon, and vested employer contributions and earnings thereon, in the form of a single-sum payment, partial payments, installment payments, an annuity contract, or an annuity, depending on the provisions specific to the investments in the account. In the event of a hardship, a participant can take a distribution from their elective deferrals and earnings thereon, unless restricted under the terms of the individual agreements.

When a participant receives a distribution in the form of an annuity contract, the participant's assets are transferred into an individual contract in the participant's name. This contract provides the participant with either a guaranteed lifetime payment, or a fixed term payment, for a specific amount and the funds transferred into the annuity contract are no longer Plan assets.

TIAA-CREF Loans

Participants may borrow from TIAA-CREF and use their Plan account balance as collateral for the loan. The collateral must be 110% of the loan and payments on the loan are made outside of the Plan. As of December 31, 2023 and 2022, approximately \$4,000 and \$14,000, respectively, of Plan assets were pledged as collateral for such loans made by the third party.

The minimum a participant may borrow is \$1,000 and the maximum, including the outstanding balance of existing loans with TIAA-CREF, is 45% of the participant's combined TIAA and CREF accumulation attributable to participation under the Plan, 90% of participant's CREF and TIAA Real Estate accumulation attributable to participation under the Plan for retirement loans, or 90% of the participant's TIAA Annuity accumulation attributable to participation under this Plan for a Group Supplemental Retirement Annuity loan. However, in no event shall the maximum amount be greater than 50% of the vested account balance or \$50,000, whichever is less. Interest rates may be fixed or variable, and the initial rate is determined by the terms of the controlling contract. At December 31, 2023, the interest rates on the loans ranged from 5.23% to 5.58% and mature through November 1, 2024. Principal and interest on Plan loans are paid ratably through monthly or quarterly payments paid by the participants directly to TIAA-CREF.

Notes Receivable From Participants

The Plan allows for loans to be extended to participants for financial hardship or financial needs. All loans are considered a direct investment of the participant and payments of principal and interest are credited to the participant's account. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined monthly, is set at the Prime rate, as defined. Principal and interest are paid ratably through monthly payroll deductions. Terms range up to five years or greater for the purchase of a primary residence.

At December 31, 2023 and 2022, the interest rate on outstanding participant loans ranged from 4.25% to 9.50%, maturing through July 2028 and outstanding balances amounted to \$63,614 and \$45,999, respectively. Principal and interest are paid ratably through weekly payroll deductions.

2. Summary of Accounting Policies

Accounting Basis

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America ("U.S. GAAP").

Peddie School 403(b) TDA & DC Plan
Notes to Financial Statements
December 31, 2023 and 2022

Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are required to be reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Administrative and Other Expenses

Service fees paid directly by the Plan approximated \$20,300 for the year ended December 31, 2023. Substantially all expenses incurred in connection with the administration of the Plan are paid by the School, which consist of audit, legal, and consulting fees and approximated \$74,000 for the year ended December 31, 2023. Certain transaction and management fees, which are reflected as an offset to investment income approximated \$136,000 for the year ended December 31, 2023. Other investment related fees have also been offset with investment income and are not readily determinable.

Deferred Contributions

Employer contributions, received by the Plan, in excess of amounts required for the current year's contribution will be used by the Plan's sponsor to offset the following year's employer contribution and are included net of employer contributions on the statements of net assets available for benefits. There were no deferred contributions applied to employer contributions for the 2023 Plan year. The balance in the deferred contributions account was \$-0- and \$-0- as of December 31, 2023 and 2022.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. In the event of default, foreclosure on the repayment agreement and attachment of the portion of the participant's vested account in the interest accumulation account securing the applicable note shall not occur until a distributable event occurs under the Plan or as permitted by the applicable law. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Peddie School 403(b) TDA & DC Plan
Notes to Financial Statements
December 31, 2023 and 2022

Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2023 may not necessarily be indicative of amounts that could be realized in a current market exchange.

3. Investments and Information Provided and Certified by the Trustees

No auditing procedures were performed by the independent auditor with respect to information certified as complete and accurate by TIAA and CREF, the Plan trustees, except for comparing such information with the related information included in the financial statements. Based on information provided and certified by the trustees, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, as of December 31, 2023 and 2022.

Accordingly, the trustees of the Plan assets have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022 as well as the supplemental schedule of assets (held at end of year) as of December 31, 2023.
- Net appreciation in fair value of investments, interest and dividend income, and notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023.

4. Fair Value Measurements and Other Investment Information

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Valuation Methodologies

The following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used as of December 31, 2023 and 2022.

December 31, 2023 and 2022

General Accounts/Investment Contracts with Insurance Company

The TIAA Traditional Annuity is a fixed-rate annuity contract that is fully and unconditionally guaranteed and backed by the claims-paying ability of TIAA. Contributions to the TIAA Traditional Annuity purchase a contractual or guaranteed amount of future benefits for participants. TIAA maintains the contributions in a general account. When the accumulation is converted to an annuity based on life expectancy, the present value of the stream of payments is equal to the accumulation. The Plan has the following types of annuity contracts: Retirement Annuity ("RA"), Supplemental Retirement Annuity ("SRA"), Group Supplemental Retirement Annuity ("GSRA"), Retirement Choice ("RC"), and Retirement Choice Plus ("RCP").

Because the SRA, GSRA, and RCP TIAA Traditional Annuity holdings are fully benefit-responsive, they are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the insurance company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the Plan's fully benefit-responsive investment contracts, at December 31, 2023 and 2022, was approximately \$13,395,000 and \$11,565,000, respectively. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 3.0%. Such interest rates are reviewed on a quarterly basis for resetting. The crediting interest rate is calculated on a daily basis.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Certain events could limit the Plan's ability to transact at contract value with TIAA-CREF. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The RA and RC TIAA Traditional Annuity holdings are not benefit responsive. Liquidity restrictions apply to these types of annuity contracts. See the redemption restrictions section below for further details on the liquidity restrictions. The contract value of these holdings equals the accumulated cash contributions and interest credited to the contract less any withdrawals. Transactions in similar investment instruments are not observable. TIAA has indicated that contract value provides a good approximation of fair value.

The guaranteed annual interest rate for RA and RC TIAA Traditional Annuity is 1% to 3% for all premiums remitted under TIAA Traditional Annuity accumulating contracts. The crediting interest rate is calculated on a daily basis.

Pooled Separate Accounts

The TIAA Real Estate Account is a pooled separate account/insurance company separate account. This is a variable annuity product. The value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally utilizing external appraisals, which are estimates of property values based on the assessment of specialists and reported by TIAA. The TIAA Real Estate Account sometimes holds securities as well, and these are generally priced using values obtained from independent pricing sources. Units held in the pooled separate account are valued on the net asset value ("NAV") of the shares held by the Plan at year end, which is based on the unit prices quoted by the fund, representing the fair value of the underlying investments.

Peddie School 403(b) TDA & DC Plan
Notes to Financial Statements
December 31, 2023 and 2022

Registered Investment Companies

CREF Accounts - CREF Accounts are variable annuity accounts. The accounts invest principally in equity securities, fixed income instruments, and short-term investments in accordance with each portfolio's investment objectives. Account investments are primarily valued using market quotations or prices obtained from independent pricing sources, which may employ various pricing methods to value the investments including matrix pricing. For accounts other than the money market account, CREF uses market quotations or values obtained from independent pricing services to value securities and other instruments held by the accounts. If market quotations or values from independent pricing services are not readily available or are not considered reliable, CREF will value the securities using "fair value" as determined in good faith using procedures approved by the Board of Trustees (Level 2).

Money Market - The CREF and Vanguard Money Market Accounts' portfolio securities are valued using their amortized cost. This valuation method does not factor in unrealized gains or losses on the account's portfolio securities.

Amortized cost valuation involves first valuing a security at its cost, and thereafter assuming a constant amortization to maturity of any discount or premium, regardless of the impact of fluctuating interest rates on the security's market value (Level 2).

Mutual Funds/Custodial Account Agreement - Participants are able to invest in an enhanced menu of mutual funds. The mutual funds invest principally in equity securities and fixed income instruments, in accordance with each fund's objectives. The investments in the mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end (Level 1).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value Hierarchy

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

(a) TIAA Traditional Annuity contracts are invested in the general account of TIAA-CREF with guaranteed returns and are subject to claims of its general creditors. The general account is invested in corporate and government bonds, preferred stock, mortgage and asset backed securities, commercial mortgages, private equity, limited partnership fund investments, REIT common stock, other common stock, real estate, and cash.

Insurance regulations limit the proportion of investments that can be allocated to certain asset classes. Specifically, regulations limit holding of below-interest-grade bonds to 10% of the portfolio; emerging market debt to 4%; U.S. common stock and other non-preferred equity securities to 20%; and U.S. real estate to 20%.

(b) In accordance with Subtopic 820-10, certain investments that were measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table is a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2023:

	TIAA Traditional
Balance, January 1, 2022	\$ 11,360,693
Realized gains	27,582
Unrealized gains	331,452
Interest and dividend income	117,867

Sales	(959,820)
Balance, December 31, 2023	<u>\$ 11,662,585</u>

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan administrator has evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2023, there were no significant transfers into or out of Levels 1, 2, or 3.

Redemption Restrictions

Certain contracts issued for the TIAA Traditional Annuity contain liquidity restrictions on transfers and withdrawals which could impact the value realized upon exiting the contract. The RA contract requires cash withdrawals and transfers to be spread over periods of 7-10 annual installments, depending on the type of contract. Some contracts permit withdrawal over 5 annual installments after termination of employment. The Retirement Choice Annuity provides for a 2.5% withdrawal fee if a participant separates from service and elects to withdraw accumulations within 120 days of separation.

Accumulation units in the TIAA Real Estate Account are available for transactions at the closing accumulation unit value on any day the NYSE is open for business. Transfers out of the TIAA Real Estate Account are limited to one per calendar quarter.

Accumulation units in CREF Accounts are available for transactions at the closing accumulation unit value on any day the NYSE is open for business. Participants will be locked out of a CREF Account, other than the CREF Money Market Account, for 90 days if a purchase, sale, or repurchase within that account is made within a 60-day period.

Accumulation units in TIAA-CREF Accounts are available for transactions at the closing accumulation unit value on any day the NYSE is open for business. Participants will be locked out of a TIAA-CREF Account, other than the TIAA-CREF Money Market Fund or the TIAA-CREF Short-Term Bond Fund, for 90 days if a purchase, sale, and repurchase within that account is made within a 60-day period. Certain funds charge a 2% redemption fee on redemptions of shares occurring within 60 days of the initial purchase date.

Accumulation units in mutual funds are available for transactions at the closing accumulation unit value on any day the NYSE is open for business

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table presents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of December 31, 2023 and 2022, the significant unobservable inputs and the quantitative information about those inputs.

	2023	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values	Weighted Average
TIAA Traditional	\$ 11,662,585	Discounted Cash Flow	Risk-adjusted discount rate applied*	RA: 4.00% - 6.75%	N/A
		Theoretical transfer (exit value)		RC: 4.25% - 7.00%	
	2022	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values	Weighted Average
TIAA Traditional	\$ 11,360,398	Discounted Cash Flow	Risk-adjusted discount rate applied*	RA: 3.70% - 6.25%	N/A
		Theoretical transfer (exit value)		RC: 3.95% - 6.50%	

* Unobservable inputs include discount rate applied.

Gains and losses, realized and unrealized, included in changes in net assets for the periods above are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes investments measured at fair value based on net asset value ("NAV") per share as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Other Redemption Restrictions	Redemption Notice Period
Pooled separate account					
Real estate	\$2,134,923	\$ -	Immediate	1 per quarter	None

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Other Redemption Restrictions	Redemption Notice Period

Real estate	\$2,543,705	\$ -	Immediate	1 per quarter	None

5. Plan Termination

The School intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to modify, amend, or terminate the Plan at any time by resolution of its Board of Trustees. In the event of termination of the Plan, all amounts credited to participants' accounts shall be 100% vested and non-forfeitable. All participants shall receive a total distribution of their accounts as described in the Plan.

6. Tax Status

The Plan adopted a volume submitter plan offered by TIAA stating that the written form of the underlying specimen plan is qualified under Section 403(b) of the Internal Revenue Code. The volume submitter plan received an IRS Opinion Letter dated August 7, 2017, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of the years ended December 31, 2023 and 2022, there are no other uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. In addition, there are no tax related interest or penalties for the periods presented in these financial statements.

7. Party-In-Interest Transactions

Investments and notes receivable from participants are managed by TIAA and CREF, the Plan trustees. These transactions qualify as party-in-interest transactions. Investment management fees paid amounted to \$20,255 for the year ended December 31, 2023, which is included in service fees. In addition, there are transaction fees charged by the trustees that are absorbed in investment income (loss) and are not readily determinable.

8. Exclusion of Assets

The Department of Labor's Field Assistance Bulletin 2009-02 (FAB 2009-02), Annual Reporting Requirements for 403(b) Plans, allows the Plan administrator to exclude certain annuity and trustee accounts issued to current or former employees of the Plan Sponsor before January 1, 2009. These contracts and accounts can be excluded if all of these criteria are met: (i) the contract or account was issued to a current or former employee before January 1, 2009, (ii) the Plan Sponsor ceased to have any obligation to make contributions (including employee salary reduction contributions) and ceased making contributions to the contract or account before January 1, 2009, (iii) all of the rights and benefits under the contract or account are legally enforceable against the insurer or trustee by the individual owner of the contract or account without any involvement by the Plan Sponsor, and (iv) the individual owner of the contract or account is fully vested in the contract or account. The Plan has excluded such contracts and accounts.

9. Subsequent Events

Subsequent events were evaluated through July 30, 2024, which is the date the financial statements were available to be issued. Based on that evaluation, the Plan has determined that no subsequent events have occurred that require disclosure in the financial statements.
