Independent Auditor's Report

The Plan Administrator
Frandsen Group Tax Deferred Savings and Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Frandsen Group Tax Deferred Savings and Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(c)(3) Audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Frandsen Group Tax Deferred Savings and Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Frandsen Group Tax Deferred Savings and Profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Independent Auditor's Report

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Frandsen Group Tax Deferred Savings and Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of Frandsen Group Tax Deferred Savings and Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Frandsen Group Tax Deferred Savings and Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Independent Auditor's Report

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i, Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. Frandsen Group Tax Deferred Savings and Profit Sharing Plan and Trust

Notes to the Financial Statements

December 31, 2023 and 2022

1. Description of Plan

The following description of the Frandsen Group Tax Deferred Savings and Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General and Eligibility

The Plan is a defined contribution plan covering all full-time employees, except excluded employees as defined within the Plan Agreement, of the Frandsen Group ("Plan Administrator" or "Employer"), which includes the following related companies: Miller Manufacturing Company; Plastech Corporation; Frandsen Corporation; and Lakeland Tool and Engineering. Full-time employees are eligible the first of the month after completing two months of service and are age 21 or older. An employee must have 1 year of service (or 1,000 hours) to be eligible to receive employer contributions. The Plan originated on January 1, 1987 and was recently restated on September 27, 2020. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was most recently amended on September 27, 2020 to allow for in-plan roth transfers.

Contributions

Participants may elect to make contributions of up to 50% of eligible compensation into either tax deferred or after-tax (Roth) accounts, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Safe Harbor matching contributions are non-elective and equal 3% of each participant's eligible compensation. Profit sharing contributions may be made by the Plan at its discretion, as determined by the Board of Directors. Contributions are subject to certain limitations set forth by the Internal Revenue Code (IRC).

Participants are automatically enrolled on their eligibility date to contribute three percent of compensation, unless the participant elects a different percentage (including zero). Unless otherwise opted out, automatically enrolled employees are subject to an annual rate increase of 1% until the rate reaches 10% of a participant's eligible compensation.

The Employer elected to make profit sharing contributions totaling approximately \$1,405,000 for the year ended December 31, 2023.

The Employer made Safe Harbor matching contributions totaling approximately \$737,000 for the year ended December 31, 2023.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Employer contributions and Plan earnings. Participant accounts are also charged with an allocation of investment management fees. Allocations are based on participant earnings or account balances as defined within the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Certain expenses and administrative costs incurred in connection with the general administration of the Plan are paid out of Plan assets.

Vesting

Participants are immediately vested in their contributions and any Safe Harbor contributions plus actual earnings thereon. Vesting in the Plan's profit sharing contribution portion of their accounts plus actual earnings thereon is based on the number of years of continuous service with 100% vesting after three years of credited service. Participants become immediately vested in Employer contributions no later than age 59½ or upon death or disability.

Notes to the Financial Statements

December 31, 2023 and 2022

1. Description of Plan (Continued)

Forfeited Accounts

If a participant terminates employment before becoming fully vested in their account balance, the forfeited portion of the account balance may be used to reduce future Employer non-elective contributions, or pay plan expenses at the employer's discretion. Forfeited amounts that were used to reduce Employer contributions totaled approximately \$22,000 in 2023. At December 31, 2023 and 2022, forfeited non-vested accounts totaled approximately \$25,000 and \$28,000, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions to any of the registered investment company mutual funds or funds held in an insurance company general account, both of which are held by the custodian and trustee of the investments of the Plan. Participants may change their investment options on a daily basis among the funds.

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 to a maximum equal to the lesser of \$50,000 or 50% of their elective account balance. Loan transactions are treated as transfers to and from the investment account and the participant loan account. Loan terms are generally up to five years unless the loan is for the purchase of a primary residence, in which case, the term may be longer. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. A participant may only have one loan outstanding at one time. Principal and interest are to be paid ratably through payroll deductions.

Payment of Benefits

Benefits may be withdrawn from the Plan upon termination of employment, retirement, death, or disability. A participant may elect to receive either a lump-sum amount equal to the value of the vested balance in their account or annual or more frequent installments over a period not to exceed the participant's life expectancy or the joint and last survivor life expectancy of the participant and their designated beneficiary. Benefits may also be withdrawn upon attaining the age of 59½ or incurring a qualified financial hardship. In addition, a participant may withdraw any contributions that were rolled or transferred into the Plan at any time.

The distribution will be in the form of a lump sum payment if the participant's vested benefit is \$5,000 or less, unless the participant elects a direct rollover or distribution of their vested account balance. The distribution will be automatically rolled over to an individual retirement account in accordance with the IRC if the participant's vested benefit is greater than \$1,000 (but less than \$5,000) unless the participant elects, within the applicable period, to have the distribution paid to them or rolled over to another IRA or other eligible plan able to receive rollovers.

Pursuant to the Setting Every Community Up for Retirement Enhancement Act (SECURE Act) enacted, effective January 1, 2020, as amended in the Plan, the age at which required minimum distributions must begin was increased from 70½ to 72.

2. Summary of Significant Accounting Policies

Basis of Accounting and Financial Statement Presentation

The financial statements of the Plan are prepared under the accrual method of accounting.

Accounting Estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities and the changes therein. The most significant estimate is the valuation of investments. Actual results could differ from those estimates and the difference could be significant.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the guaranteed return fund, a fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation or depreciation on investments is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments.

Participant Notes Receivable

Participant loans are included as Participant Notes Receivable on the Statements of Net Assets Available for Benefits and are valued at their unpaid principal balance plus accrued interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Payment of Benefits

Benefits are recorded when paid.

Fair Value of Financial Instruments

The Plan's accounting for fair value measurements of assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring or nonrecurring basis adheres to the Financial Accounting Standards Board (FASB) fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs: Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the Plan at the measurement date.
- Level 2 Inputs: Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 Inputs: Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

Notes to the Financial Statements

December 31, 2023 and 2022

2. Summary of Significant Accounting Policies (Continued)

Fair Value of Financial Instruments (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- Mutual funds: Value is quoted daily from publicly traded closing prices.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Subsequent Events

The Plan has evaluated subsequent events for recording or disclosure in the financial statements through July 31, 2024, the date which the financial statements were available to be issued.

3. Certified Investments

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC and Empower Annuity and Insurance Company of America, the Plan's trustee and custodian, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and contract value and notes receivable from participants, as shown in the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023.

At the direction of the Plan Administrator, the Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value

The following tables provide information on those assets that are measured at fair value on a recurring basis:

Fair Value Measurement Using			
December 31, 2023	Level 1	Level 2	Level 3
Registered investment company mutual funds	\$ 19,494,378	\$ -	\$ -
Totals	\$ 19,494,378	\$ -	\$ -

Fair Value Measurement Using			
December 31, 2022	Level 1	Level 2	Level 3
Registered investment company mutual funds	\$ 18,047,512	\$ -	\$ -
Totals	\$ 18,047,512	\$ -	\$ -

5. Plan Termination

Although it has not expressed any intent to do so, the Plan has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Guaranteed Return Fund

The Plan provides a fully benefit-responsive investment option issued by Empower Annuity Insurance Company of America that simulates the performance of a guaranteed investment contract. The custodian maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represent contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Frandsen Group Tax Deferred Savings and Profit Sharing Plan and Trust

Notes to the Financial Statements

December 31, 2023 and 2022

6. Guaranteed Return Fund (Continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

7. Tax Status

The Plan has adopted the Great West Trust Company, LLC volume submitter plan. The volume submitter plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service (IRS) stated that the prototype basic plan document, as then designed, was in compliance with applicable requirements of the IRC. The Plan has adopted certain amendments. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Party-In-Interest Transactions

Certain Plan investments are managed by the custodian and trustee of the Plan, or by affiliates of the custodian and trustee. Therefore, these transactions qualify as party-in-interest transactions.

Certain investment transactions of the Plan are executed by the custodian or trustee or its affiliates based upon the participant's direction. Fees paid to the custodian and trustee or its affiliates by the Plan for Plan administration services totaled \$26,751 for the year ended December 31, 2023. The custodian, trustee, and the Plan are also subject to a revenue fee sharing arrangement with certain investment funds whereby such fee revenue is fully offset by related administrative expenses provided by the custodian, trustee, or its affiliates, and the net amount to the Plan is zero.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits.

Frandsen Group Tax Deferred Savings and Profit Sharing Plan and Trust

Notes to the Financial Statements

December 31, 2023 and 2022

10. SECURE 2.0

In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2020 CARES Act. Most of the provisions of SECURE 2.0 will become effective in 2024 and beyond. Therefore, there is no current impact to the Plan. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits from the financial statements at December 31, 2023 and 2022 to the Form 5500.

	2023	2022
Net assets available for benefits per the financial statements	\$ 29,576,980	\$ 28,883,611
