INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
403(b) Thrift Plan for Employees of AgeOptions, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We were engaged to perform an audit of the financial statements of 403(b) Thrift Plan for Employees of AgeOptions, Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2023 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2023 Financial Statements

We do not express an opinion on the accompanying 2023 financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion on the 2023 Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the 2023 Financial Statements

The Plan may not have maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying 2023 financial statements may have been affected by these conditions.

Further, as described in Note 10 to the financial statements, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying 2023 financial statements.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion on the 2023 Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matters

2023 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion on the 2023 Financial Statements section of our report, it is inappropriate to and we do not express an opinion on this supplemental schedule.

Auditor's Report on the 2022 Financial Statements

Sikich LLP performed an audit of the 2022 financial statements of 403(b) Thrift Plan for Employees of AgeOptions, Inc. Effective as of April 30, 2024, Sikich LLP reorganized and transferred its attest practice to Sikich CPA LLC, a Virginia limited liability company. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Sikich LLP's report dated January 31, 2024, indicated that because of the significance of the information that Sikich LLP did not audit, Sikich LLP was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, Sikich LLP did not express an opinion on the 2022 financial statements and supplemental schedule.

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

1. DESCRIPTION OF PLAN

The following description of 403(b) Thrift Plan for Employees of AgeOptions, Inc. (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of AgeOptions, Inc. (the Organization). There are no age or service requirements in order to be eligible to participate in the Plan. The Plan excludes nonresident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan, up to the maximum allowed under the Internal Revenue Code (IRC). Participants are permitted to designate a portion or all of their deferral contributions as Roth contributions. Participants who have completed at least 15 years of service are eligible to make special catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Organization makes an employer base contribution equal to 5% of gross wages of eligible employees.

Contributions are subject to certain limitations as mandated by the IRC.

Investment Options

Participants may direct all their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan's provisions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Organization's contributions and (b) plan earnings (losses) and charged with the participant's benefit payments and an allocation of administrative expenses. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

AGEOPTIONS, INC.**
NOTES TO FINANCIAL STATEMENTS (Continued)

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are vested immediately in all contributions plus actual earnings thereon.

Group Annuity Loans

Group annuity loans are issued from Mutual of America's general assets and do not represent Plan assets. Loans are secured by 120% of the amounts borrowed against the Interest Accumulation Account (General Account). Participants may borrow a minimum of \$1,000 up to the maximum equal to the lesser of \$50,000 or 50% of their vested account balance, less defaulted loans (if any). The loans bear a variable interest rate determined by the custodian. For the years ended December 31, 2023 and 2022, the interest rate applied was 5.85% and 4.60%, respectively.

The term of the loan may not exceed five years or may be longer if the loan proceeds will be used to acquire the principal residence of the participant. Principal and interest are paid ratably through payroll deductions. Group annuity loans outstanding as of December 31, 2023 and 2022 were \$17,009 and \$8,274, respectively. As of December 31, 2023 and 2022, \$20,412 and \$9,929, respectively, were held as collateral to cover the outstanding group annuity loans.

Payment of Benefits

On termination of service, death, disability, or retirement, a participant may receive a lump sum amount equal to the value of the participant's vested interest in his or her account, or monthly annuity payments. Effective May 2023, a participant that terminates employment whose account balance is less than \$5,000 will receive a distribution of their vested aggregate account balance without the consent of the participant. Prior to May 2023, the plan provision balance was \$1,000. In-service withdrawals are allowed for participants who have attained age 59½. Under certain conditions participants may receive a hardship distribution.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Organization and are excluded from these financial statements. Certain investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

**403(b) THRIFT PLAN FOR EMPLOYEES OF
AGEOPTIONS, INC.**
NOTES TO FINANCIAL STATEMENTS (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements is in conformity with accounting principles generally accepted in the United States of America (US GAAP) and requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment custodian and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Subsequent events are events or transactions that occur after year end but before financial statements are issued or are available to be issued. These events and transactions either provide additional evidence about conditions that existed at year end, including the estimates inherent in the process of preparing financial statements (that is, recognized subsequent events), or provide evidence about conditions that did not exist at year end but arose after that date (that is, nonrecognized subsequent events).

The Plan has evaluated subsequent events through June 18, 2024, which was the date that these financial statements were available for issuance, and determined that there were no significant nonrecognized subsequent events through that date.

3. NON-FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan entered into a group annuity contract (the Contract) with Mutual of America Life Insurance Company (the Contract Issuer). The Contract Issuer maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Contract Issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The Contract is a non-fully benefit-responsive investment contract and is reported at fair value.

There are no reserves against fair value for credit risk of the Contract Issuer or otherwise. The crediting rate is based on a formula established by the contract issuer but may not be less than 0% percent. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with non-fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- a. Quoted prices for similar assets or liabilities in active markets,
- b. Quoted prices for identical or similar assets or liabilities in inactive markets,
- c. Inputs other than quoted prices that are observable for the asset or liability, and

4. FAIR VALUE MEASUREMENTS (Continued)

- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Pooled separate accounts: Investments in units of pooled separate accounts held with an insurance company are stated at estimated fair market value and are valued by the insurance company based on the net asset value of units held by the Plan at year end. The net asset value is determined by the insurance company based on the market value of the underlying investments held in the pooled fund.

General account: The general account is a deposit administration account through an investment contract with an insurance company that is non-fully benefit-responsive. Interest is credited to the general account using a current rate. The general account is reported at estimated fair value representing contributions and transfers made to the account, plus earnings, less participant withdrawals, and transfer and administrative expenses.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

TOTAL INVESTMENTS AT FAIR VALUE	\$ 4,004,745	\$ -	\$ 312,118	\$ 4,316,863

Changes in Fair Value of Level 3 Assets

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS (Continued)

5. CERTIFICATION OF FINANCIAL INFORMATION

The following financial data included in the accompanying financial statements as of and for the years ended December 31, 2023 and 2022 and supplemental schedule of assets (held at end of year) as of December 31, 2023, have been certified as complete and accurate by Mutual of America Life Insurance Company, a qualified institution, and has not been audited by the independent auditors for the Plan: investments at fair value, interest, and net appreciation (depreciation) in fair value of investments.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Organization may determine.

7. TAX STATUS

The Organization adopted a prototype non-standardized 403(b) plan document, which received an opinion letter dated March 31, 2017, in which the Internal Revenue Service (IRS) stated that the prototype non-standardized 403(b) plan document was in compliance with applicable requirements of the IRC. The Plan has not received a determination letter specific to the Plan itself and has been amended since adopting the prototype non-standardized 403(b) plan document; however, the plan administrator believes the Plan is currently designed, and is being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Mutual of America Life Insurance Company, the custodian and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. These transactions qualify as party-in-interest. Employees of the Organization provide administrative services to the Plan for which no fees are charged.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. OTHER MATTERS

The Plan may not have maintained sufficient accounting records and supporting documents for certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009 to determine the proper accounting of plan assets.

The plan administrator has determined that these accounts meet the conditions to be excluded from plan investments. The plan administrator is unable to obtain sufficient documentation to establish the balances in these transferred accounts as of December 31, 2023 and 2022.

As permitted by the Department of Labor's Field Assistance Bulletin (FAB) No. 2009-02, the plan administrator has elected to exclude from plan assets certain annuity and custodial accounts issued to current and former employees. The FAB specifically excludes from plan assets annuity contracts and custodial accounts for purposes of ERISA's annual reporting requirements provided that:

1. The contract or account was issued to a current or former employee before January 1, 2009;
2. The employer ceased to have any obligation to make contributions (including employee salary reduction contributions), and in fact ceased making contributions to the contract or account before January 1, 2009;
3. All of the rights and benefits under the contract or account are legally enforceable against the insurer or custodian by the individual owner of the contract or account without any involvement by the employer; and
4. The individual owner of the contract is fully vested in the contract or account.
