Report of Independent Auditors

To the Administrator of Cisco Systems, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Cisco Systems, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Cisco Systems, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan

The following description of the Cisco Systems, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established in 1988 by Cisco Systems, Inc. (the "Company") to provide benefits to eligible employees and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Under the provisions of the Plan, all investments are held by the Plan's trustee (Note 3).

The Plan covers all employees of the Company except those otherwise covered by a collective bargaining agreement, employees classified as interns, nonresident aliens not on the U.S. payroll, any individual who performs services solely as a leased employee, employees without Social Security Numbers, independent contractors, consultants, or employees of a third-party employment agency, employees not on the U.S. payroll (not including statutory employees of Cisco Systems Management, LLC) and any employee who is deemed ineligible.

Contributions

Participants can contribute up to 75% of eligible compensation on a before-tax and after-tax basis including Roth contributions, subject to certain limitations respectively, for Plan years ended December 31, 2023 and 2022. The maximum contribution for the calendar year 2023, as determined by the Internal Revenue Service ("IRS"), was \$22,500. Participants who are 50 years of age or older by the end of the Plan year are eligible to contribute an additional portion of their annual compensation on a before-tax basis and/or make Roth contributions ("catch-up contributions") after they have met the maximum 401(k) deferral amount allowed under the Plan, subject to the annual IRS limit. The catch-up contribution limit was \$7,500 for Plan year 2023. Newly hired or rehired employees are automatically enrolled in the Plan as soon as administratively feasible following the date they first meet eligibility requirements. Contributions to the Plan will not be made from bonuses and commissions unless an affirmative election is made.

The Company makes matching contributions to the Plan equal to 100% of a participant's before-tax and Roth contributions (excluding catch-up contributions), up to 4.5% of eligible compensation. However, as this matching contribution is made each pay period, the limit is applied on a per pay period basis when the match is made. As a result, the Plan provides for a "true-up" matching contribution after the end of the Plan year in order for eligible participants to receive their full match based on the annual limit. The Plan provides for an additional matching contribution for a specific group of participants at an amount that will increase their total match for the year equal to 100% of their contributions, up to a maximum match of \$1,500, if the 4.5% match they would have received under the matching structure of the Plan is less than \$1,500. The "true-up" for the Plan year ended December 31, 2023 was made in calendar year 2024, resulting in a receivable to the Plan of \$71,143,237 at December 31, 2023. The "true-up" for the Plan year ended December 31, 2022 was made in calendar year 2023, resulting in a receivable to the Plan of \$61,441,933 at December 31, 2022.

The combined Company and participant contributions shall not exceed 100% of a participant's remuneration.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, Company matching contributions, special employer contributions, if any, an allocated portion of the Plan's investment income (loss), and any of the Company's discretionary contributions. Allocations of investment income (loss) are based on participants' account balances, as defined by the Plan. The balance in each participant's account is invested in any one of the identified investments available (including a self-directed brokerage window) at the direction of the participant.

Profit Sharing Plan

The Company may implement a profit sharing program under which the Company may make discretionary contributions to the Plan. No such program existed in 2023.

Cisco Systems, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Vesting

Participants are immediately vested in their voluntary contributions (e.g., salary deferrals), special employer contributions, Company matching contributions, and actual earnings thereon.

Payment of Benefits

The benefits to which a participant is entitled are the benefits that are provided from the participant's account. On termination of service for any reason, including death or disability, participants or their beneficiaries may receive their vested account balance in a single lump sum, a partial lump sum, or installments.

Notes Receivable from Participants and Hardship Withdrawals

Under the Plan, participants who meet a minimum balance requirement (\$1,000 in 2023 and 2022) may request a loan from the Plan. The agreement with the trustee provides that such loans are made by the trustee from the borrower's account balance and are collateralized by the participant's assets in the Plan. If a loan is approved, the participant will repay the loan in a series of equal, bi-weekly principal and interest payments. The minimum a participant may borrow is \$500 and the maximum is the lower of 50% of the participant's account balance in the Plan, or \$50,000. Repayment periods for loans initiated under the Plan are for a maximum of ten years for the purchase of a principal residence, or five years for all other loans. The loans bear a fixed interest rate in effect under the terms of the Plan's loan policy on the first day of the month during which the loan is granted. For participant loans that are related to merged plans, resulting from Company acquisitions, their terms and provisions are subject to their respective plans prior to the acquisitions. The outstanding balance of notes receivable from participants at December 31, 2023 and 2022, was \$79,566,996 and \$74,714,218, respectively, and the balances were secured by the respective asset accounts of the participants who originated the loans. As of December 31, 2023, interest rates on notes receivable from participants (including loan notes rolled over from other qualified plans) ranged from 4.25% to 10.00% and the notes mature at various dates through 2048. The Plan also provides for withdrawals in the event of undue financial hardship, as defined by the IRS.

Rollovers

The Plan accepts rollovers from qualified defined contribution plans, qualified defined benefit plans and conduit IRAs (qualified defined contribution plan or special individual retirement arrangement). Monies rolled over to the Plan are subject to the provisions of the Plan.

Plan Administration

The Plan's record keeper is Fidelity Workplace Services LLC and the trustee is Fidelity Management Trust Company ("Fidelity" or "Trustee"). Fidelity and its affiliates provide the services of a record keeper and directed trustee to the Plan as well as manage certain investments held by the Plan.

During the 2023 and 2022 plan year, the Plan experienced and identified certain operational and administrative issues. These issues have been corrected. The Plan administrator has determined that the correction of these issues is not material to the Plan financial statements. The Plan's sponsor has taken the necessary corrective actions in accordance with the acceptable correction methods of the Employee Plans Compliance Resolution System (EPCRS) and the Plan Sponsor believes that it has maintained its tax-exempt status.

2. Summary of Significant Accounting Policies

General

The Plan's financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes to Financial Statements

December 31, 2023 and 2022

Valuation of Investments

The Plan's investments are stated at fair value in accordance with the authoritative guidance provided by the Financial Accounting Standards Board ("FASB"), except for the fully benefit-responsive synthetic investment contracts, which are measured at contract value. See Note 4 "Investment in Stable Value Fund" and Note 5 "Fair Value Measurements". The Plan's Administration Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians.

Purchases and sales of securities are recorded on a trade date basis. Interest and dividend income is recorded when earned.

The Statement of Changes in Net Assets Available for Benefits for the Plan presents the net appreciation (depreciation) in the fair value of its investments, which consists of realized and unrealized investment gains and losses.

Refer to Note 3 for information certified by the Trustee of the Plan.

Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants

Participant loans, which are classified as receivables, are segregated from investments of the Plan and measured at the unpaid principal balance plus any accrued but unpaid interest as reflected in the Plan's financial statements. Refer to Note 3 for information certified by the Trustee of the Plan.

Plan Administrative Expenses

To support the Plan, the Company provides administrative staffing, office space, and legal and audit services at no cost to the Plan. The Company, at its discretion, may choose to utilize available revenue sharing to pay for reasonable expenses related to the administration of the Plan. Such revenue sharing is subject to the related agreements among the Company, the respective funds, and the current recordkeeper. However, any fees related to participant loans and short-term trading fees are deducted from the accounts of individual participants in the Plan.

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair value of investments.

Payment of Benefits

Benefits are recorded in the period in which they are paid. Accordingly, benefits payable to participants that have elected to withdraw from the Plan but are not yet paid, are not accrued.

Risks and Uncertainties

Investments held by the Plan are exposed to various risks, such as interest rate, market, and credit risk. Market risks include global events, such as a pandemic or international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Cisco Systems, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2023 and 2022

Concentration of Credit Risk

All Plan investments are participant directed and at December 31, 2023 and 2022 are held by Fidelity. Each participant may purchase any investment available for sale by Fidelity, subject to Plan restrictions and Fidelity's minimum purchase requirements. The investment options available to the participants generally include common stocks, preferred stocks, long-term fixed income securities, debt instruments, short-term money market instruments available through the brokerage accounts, and funds composed of these instruments, such as various mutual funds, common collective trust funds as well as a separately managed stable value fund (refer to Note 4).

3. Information Certified by Plan Trustee

The Plan has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the following information included in the financial statements, notes to financial statements and supplemental schedule is based on information certified as accurate and complete by Fidelity as of December 31, 2023 and 2022 and for the year ended December 31, 2023.

- Investments, notes receivable from participants, and receivable and/or payable from brokers for securities sold, if any, included in the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022.
- Interest and dividends from investments, interest from notes receivable from participants, and net appreciation (depreciation) in fair value of investments included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023.
- Information in the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023.

4. Investment in Stable Value Fund

Included in the Plan's investments is a managed stable value investment fund that is composed of fully benefit-responsive synthetic investment contracts issued and guaranteed by insurance companies or other financial institutions which allow all qualified participant withdrawals to transact at a minimum of contract value (principal plus accrued interest). The stable value investment is measured at contract value, which is a relevant measurement attribute as this is the value participants would receive if they were to initiate permitted transactions under the terms of the Plan.

There are certain events not initiated by the Plan participants that could limit the ability of the Plan to transact with the issuer at contract value. Examples of such events include, but are not limited to: material amendments to the Plan documents or administration; changes to the Plan's competing investment options including the elimination of equity wash provisions; bankruptcy of the Plan sponsor or other events that would cause a significant withdrawal from the Plan; full or partial termination of the Plan; failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; any change in tax code, laws or regulations applicable to the Plan and delivery of any communication to Plan participants designed to influence participants not to invest in the fund. The Plan sponsor does not believe that the occurrence of any of these events, which would limit the Plan's ability to transact with the issuer at its contract value, is probable.

5. Fair Value Measurements

Pursuant to the accounting guidance for fair value measurement and its subsequent updates, fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required or permitted to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and it considers assumptions that market participants would use when pricing the asset or liability.

Cisco Systems, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

The guidance also requires that the Plan maximize the use of market observable inputs and minimize the use of market unobservable inputs when measuring fair value. The standard establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The inputs are categorized into three levels that may be used to measure fair value:

Level 1

Level 1 applies to assets or liabilities for which there are quoted prices in active markets for identical assets or liabilities.

Level 2

Level 2 applies to assets or liabilities for which there are inputs other than quoted prices that are observable for the asset or liability such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which significant inputs are observable or can be derived principally from, or corroborated by, observable market data.

Level 3

Level 3 applies to assets or liabilities for which there are unobservable inputs to the valuation methodology that are significant to the measurement of the fair value of the assets or liabilities.

The Plan's assets measured at fair value on a recurring basis as of December 31, 2023 and 2022 are summarized as follows by their fair value hierarchies (in thousands):

(1) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Valuation Methodologies

Level 1 financial instruments are priced using quoted prices in active markets for identical instruments. All money market funds, common stocks and mutual funds of the Plan are included in this category when their fair value can be readily determined using their respective quoted market prices.

Level 2 financial instruments are priced by the Plan using other pricing alternatives which include quoted market prices for similar instruments, nonbinding market prices that can be corroborated by observable market data, or in limited circumstances, discounted cash flow techniques. Inputs from such pricing alternatives include actual trade data, benchmark yields, broker/dealer quotes, and other similar data, which are obtained from quoted market prices, independent pricing vendors, and other sources. The Plan uses such pricing data as the primary input to make its assessments and determinations as to the ultimate valuation of its investment portfolio and has not made, during the periods presented, any material adjustments to such inputs. The Plan is ultimately responsible for the financial statements and underlying estimates.

The Plan's collective trusts are measured based on the net asset value ("NAV") per share of the respective trust. There is no redemption notice period and no unfunded commitments to such collective trusts. The NAV per share, as a practical expedient, represents the fair value of the trust's underlying assets net of liabilities divided by the number of outstanding units of the trust on its valuation date. The Plan's collective trusts are categorized as index funds. As with most indexing strategies, the objectives of such collective trusts are to track the performance of their respective benchmarks, which consist of the Barclays Capital US Aggregate Bond Index, the Dow Jones US Total Stock Market Index, and the Dow Jones US Completion Total Stock Market Index.

The Plan did not have any transfers between Level 1 and Level 2 during the Plan year ended December 31, 2023. The Plan's assets were measured at fair value on a recurring basis for the Plan at December 31, 2023 and December 31, 2022.

6. Tax Status

The IRS has determined and informed the Company by a letter dated November 6, 2017 that the Plan and related trust are designed in accordance with applicable sections of the IRC. Subsequent to this determination letter by IRS, the Plan was amended. The Plan administrator and the Plan's ERISA counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Cisco Systems, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that as of December 31, 2023, the Plan is no longer subject to income tax examinations for years prior to 2020.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2023 and December 31, 2022 (in thousands):

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$18,991,683	\$15,603,922
Adjustment from contract value to fair value for interest relating to fully benefit-responsive investment contracts	(69,873)	(96,829)
Net assets available for benefits per the Form 5500	<u>\$18,921,810</u>	<u>\$15,507,093</u>

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2023 (in thousands):

	<u>2023</u>
Net increase in net assets per the financial statements	\$ 3,387,761
Change in adjustment from contract value to fair value for interest relating to fully benefit-responsive investment contracts	26,956
Net increase in net assets per the Form 5500	<u>\$ 3,414,717</u>

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a termination of the Plan, the full values of all participants' accounts would become fully vested and nonforfeitable. The Plan would continue in existence until all participants' accounts were completely distributed.

9. Related Party and Party-in-Interest Transactions

Any transactions between the Plan and its directed trustee, Fidelity, or their affiliates qualify as party in interest transactions and all such transactions are considered exempted transactions.

Certain Plan investments are managed by Fidelity. Fidelity is the Trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions.
