The Plan Administrator
The OCHIN 401(k) Plan

We have audited the financial statements of The OCHIN 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit) for the year ended December 31, 2023, and we will issue our report thereon dated July 29, 2024. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company, the custodian, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America (GAAP). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated March 15, 2024. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are outlined in *Note 2* to the financial statements. No new accounting policies were adopted, and the application of other existing policies was not changed during 2023. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Significant Audit Matters - Continued

Qualitative Aspects of Accounting Practices - Continued

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events, and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The estimates used by the Plan are normal and recurring.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors' report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. For the purposes of this letter, we define an audit adjustment as a proposed correction of the financial statements. An audit adjustment may or may not indicate matters that could have a significant effect on the Plan's financial reporting process. We proposed an adjustment to convert the information provided by the custodian from the cash basis to the accrual basis which increased beginning net assets available for benefits by \$2,408,967 and an adjustment to record a deemed distribution of a participant loan which reduced net assets available for benefits at December 31, 2023 by \$1,627. In addition, there was one uncorrected misstatement identified during the audit, which if recorded would have decreased net assets available for benefits by \$36,237. This misstatement is the accumulated effect of excess matching contributions for highly compensated employees. Plan management has determined the effect of this uncorrected misstatement is immaterial to the financial statements.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations; (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process; and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable findings:

Significant Audit Matters - Continued

Reportable Findings - Continued

Retention of participant loan documentation

During our audit, we selected two of the three new loans with 10-year terms. For a loan to have a 10-year term, it must be used for the purchase of the participant's principal residence. We noted Plan management did not maintain documentation to support that the entire loan balance was used towards the purchase of a principal residence for the two loans tested. Maintaining proper source documentation is important to corroborate that the 10-year term is in compliance with Internal Revenue Code (IRC) Section 72(p). Without such evidence, the loan could be considered a deemed distribution to the participant and subject to taxes and penalties. To avoid this, the plan should determine if any loan amount was not used for the purchase of a principal residence and have that portion re-amortized from the date of the loan over a 5-year period.

Recommendation: We recommend Plan management implement policies and procedures to ensure source documentation is maintained to support loans with a term longer than 5 years.

Management's Response: Management will work to ensure that documentation meets the requirements. Based on the auditor's review of documentation provided by the participant, management will provide greater clarity to all plan participants regarding required 3rd party documentation to obtain a home related loan. Loans that do not support the criteria with appropriate documentation will be converted to the standard loan type.

Incorrect percentages used in calculation of vested balances

During our audit we noted instances where participants had an error in the calculation of their vested balance. For example, two participants tested should have been paid out at 66% but were incorrectly paid out at 100%, resulting in an overpayment. Per Plan management, there was an issue with the transition to Fidelity that gave certain employees one year of service at the transition date, when they should have had less than a year of service.

Recommendation: We recommend that the plan sponsor review the vesting for all effected participants and have Fidelity correct as needed.

Management's Response: Management will work with its service provider and Plan custodian, Fidelity, to correct as needed.

Mandatory distributions

During our audit we noted that 4 of the participants that received mandatory distributions (account balance at termination under \$1,000) in 2022 did not cash their distribution check. Their only contributions to the plan were qualified non-elective contributions that are 100% vested. Fidelity did not return the distribution amount to their accounts when the checks were voided as they should have. Subsequent to our testing, we noted that one participant has had their account balance restored, however, Plan management should ensure that the remaining three participants are also restored.

Significant Audit Matters - Continued

Reportable Findings - Continued

Mandatory distributions - Continued

Recommendation: If mandatory distributions cannot be made due to missing participants, Plan management must be able to demonstrate compliance with the Department of Labor (DOL)'s missing participant guidance regarding efforts made in locating missing participants or the selection of a distribution option for the benefit of missing participants.

Management's Response: Management will work with its service provider and Plan custodian, Fidelity, to correct their internal processes to ensure that all mandatory distributions, no matter how small, are managed in compliance with DOL guidance.

Calculation of employer matching contributions

During our audit we noted that one highly compensated employee received an incorrect matching contribution amount. The match calculation is the lower of 4% of compensation or 50% of the participant's deferrals. This employee received a matching contribution that was 4% of compensation, which was the higher of the two amounts.

Recommendation: We recommend that Plan management review the policies and procedures regarding calculation of matching contributions for highly compensated employees to ensure the contributions are calculated accurately. We also recommend that Plan management determine the proper correction for the excess matching contributions.

Management's Response: Management is reviewing its internal policies and procedures to ensure all calculations are accurate.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, which could be significant to the financial statements or the auditors' report. We are pleased to report no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated July 29, 2024.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements, or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Plan Administrator
The OCHIN 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The OCHIN 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The OCHIN 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in *Note 3* to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The OCHIN 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The OCHIN 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements - Continued

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The OCHIN 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The OCHIN 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets (held at end of year) as of or for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Supplemental Schedules Required by ERISA - Continued

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE OCHIN 401(k) PLAN
Notes to Financial Statements

1. Plan Description

The following brief description of The OCHIN 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan was originally established October 1, 2003, and most recently restated August 1, 2021. The Plan is a defined contribution plan covering employees of OCHIN, Inc. and its wholly owned subsidiaries Voxent, Inc., and California Telehealth Network (collectively, the Company) who meet certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan Administrative Committee is responsible for oversight of the Plan. The investment committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan Administrative Committee.

The custodian of the Plan is Fidelity Management Trust Company (Fidelity). All participant account balances are held by Fidelity. The participant directs the investment of all contributions and earnings thereon, and may change their investment directive at any time.

Eligibility - Employees are eligible for participation on the first entry date following the date they meet the eligibility requirements as defined in the Plan document. Entry dates are the first day of the month. Eligible employees are employees who are scheduled to work 1,000 or more hours per year, except for non-resident aliens with no U.S. source income, temporary employees, interns, or seasonal employees.

Contributions - Each year participants may contribute up to 100 percent of their annual pre-tax compensation, as defined in the Plan, subject to statutory limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company may contribute discretionary matching and profit sharing contributions to be determined annually by the Board of Directors. The employer matching contribution was \$3,137,109 and \$2,578,103 for the years ended December 31, 2023 and 2022, respectively. The Company made a qualified non-elective contribution of \$-0- and \$2,408,967 for the years ended December 31, 2023 and 2022, respectively.

Participant Accounts - Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution, qualified non-elective contribution, and Plan earnings or losses. Deducted from each participant's account are any distributions made to the participant and an allocation of administrative expenses that are paid by the Plan. Allocations of administrative expenses are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

THE OCHIN 401(k) PLAN

Notes to Financial Statements - Continued

1. Plan Description - Continued

Vesting - Participants are immediately vested in their contributions plus actual earnings on those contributions. Vesting in the Company's discretionary matching and profit sharing contributions, plus earnings thereon, is based on years of continuous service. The vesting percentage for the Company's discretionary contributions plus earnings thereon for employees hired before January 1, 2014, is as follows:

Years of Service	Percent Vested
0	- 0 - %
1	50
2	100

The vesting percentage for the Company's discretionary contributions plus earnings thereon for employees hired on or after January 1, 2014, is as follows:

Years of Service	Percent Vested
0 - 1	- 0 - %
2	33
3	66
4	100

Participants are immediately vested in employer qualified non-elective contributions and earnings thereon.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loans are secured by the balance of the participant's vested account. In accordance with the Plan provisions, the rate of interest on participant loans approximates current market rates and ranges from 3.25 to 9.5 percent as of December 31, 2023, with varying maturity dates through December 2033. The term of the loan may not exceed five years unless the proceeds of such loan are to be used to acquire any dwelling unit, which within a reasonable time is to be used as the principal residence of the participant. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - Upon attaining normal retirement age of 65 (or early retirement at age 59-1/2 and five years of service), termination of service, death, or disability, a participant may elect to either leave the balance of the account, receive a lump-sum distribution of the entire vested account balance, or receive installment payments equal to the participant's vested balance over a period of not more than the participant's assumed life expectancy. Terminated participants whose account balance is \$5,000 or less will automatically receive a lump-sum distribution. Hardship distributions are available only for the purposes of meeting immediate and heavy financial needs.

THE OCHIN 401(k) PLAN

Notes to Financial Statements - Continued

1. Plan Description - Continued

Forfeited Accounts - Forfeited balances of terminated participants' nonvested accounts will be used to reduce the employer contributions and pay plan expenses. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$700 and \$16,713, respectively. Also, in 2023 and 2022, employer contributions were reduced by forfeited accounts of \$180,231 and \$65,318, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates - The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for fully benefit-responsive investment contracts which are reported at contract value). Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The Plan's Administrator determines the Plan's valuation policies utilizing information provided by the custodian. Additional information about fair value measurements can be found in *Note 4*.

Contract value is the relevant measurement attribute for the Plan's investment in a fully benefit-responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Investments in the Standard Stable Asset Fund II are considered fully benefit-responsive. See *Note 5* for further discussion of the guaranteed investment contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

THE OCHIN 401(k) PLAN

Notes to Financial Statements - Continued

2. Summary of Significant Accounting Policies - Continued

Benefits Paid to Participants - Benefits are recorded when paid. At December 31, 2023 and 2022, there were no benefits processed and approved for payment, but not paid.

Expenses - Substantially all administrative expenses and fiduciary fees are paid by the Company and are excluded from these financial statements. Certain administration and asset fees are paid by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administration expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

3. Certified Information

Certain information related to assets disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net investment income (loss) and interest on notes receivable from participants for the years ended December 31, 2023 and 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company.

THE OCHIN 401(k) PLAN

Notes to Financial Statements - Continued

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022:

Registered investment companies: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed actively traded.

Wilmington Trust collective investment trusts: Fair value of the Wilmington Trust collective investment trusts is determined by reference to net asset value per unit as provided by Wilmington Trust. Net asset values per unit are derived from values of similar investments that have quoted prices in active markets. The net asset value is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments less liabilities.

4. Fair Value Measurements - Continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2023	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 66,808,804	\$ -	\$ -	\$ 66,808,804
Total assets in the fair value hierarchy	<u>\$ 66,808,804</u>	<u>\$ -</u>	<u>\$ -</u>	66,808,804
Collective investment trusts measured at NAV (practical expedient)				<u>1,072,271</u>
Investments at fair value				<u>\$ 67,881,075</u>

2022	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 47,185,670	\$ -	\$ -	\$ 47,185,670
Total assets in the fair value hierarchy	<u>\$ 47,185,670</u>	<u>\$ -</u>	<u>\$ -</u>	47,185,670
Collective investment trusts measured at NAV (practical expedient)				<u>822,685</u>

4. Fair Value Measurements - Continued

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31:

Investment Type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
2023				
Collective investment trusts	\$ 1,072,271	\$ -	Daily	None
2022				
Collective investment trusts	\$ 822,685	\$ -	Daily	None

The investment objective for the collective investment trusts is to lower the costs to investors through economies of scale available by combining the assets of multiple investors, to provide daily liquidity, and to provide better diversification. Each investor owns a participating interest that is calculated in units and represents its portion of the holdings of the fund.

5. Guaranteed Investment Contract (Unaudited)

The Plan's investment held in the Stable Asset Fund II consists of a fully benefit responsive guaranteed investment contract with Standard. Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

5. Guaranteed Investment Contract (Unaudited) - Continued

Certain events limit the ability of the Plan to transact at contract value with Standard. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or (5) premature termination of the contract. The Plan Administrator does not believe any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines; (2) a breach of material obligation under the contract; (3) a material misrepresentation; or (4) a material amendment to the agreement without the consent of the issuer.

The Plan can elect to end its participation in the contract at any time. If the Plan elects to end participation, the Plan will receive the lesser of the guaranteed contract value or market value. If the market value is less than the contract, the Plan may have the option of transferring its investment to a fixed rate, fixed maturity, general account contract of Standard, in which case the Plan's guaranteed value would be maintained.

The guaranteed investment contract allows Standard to terminate the contract with 30 days advance written notice solely for reasonable cause, including Plan disqualification or failure to maintain Plan assets of at least \$25,000.

6. Transactions with Parties-in-Interest

The Company is the Plan Sponsor and administrator and pays certain administrative costs, including accounting, legal, and consulting fees, on behalf of the Plan.

Fidelity, the custodian for the Plan, manages certain Plan investments. These investments and investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments.

Participants in the Plan are permitted to borrow funds from their vested balances. These transactions qualify as party-in-interest transactions. Notes receivable from participants and the related interest earned are described in *Note 2*.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

8. Income Tax Status

Effective August 1, 2021, the Plan adopted a pre-approved basic plan document with an opinion letter dated June 30, 2020. The letter states the Plan is designed in accordance with the applicable requirements of the Internal Revenue Code (IRC). Although the basic plan document has been amended since receiving the opinion letter, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the IRC and, therefore, the Plan Administrator believes the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risk and Uncertainties

The Plan invests in a variety of investments. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible changes in the values of investment securities will occur in the near-term, and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
