Varney Agency Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Varney Agency Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank, or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (U.S. GAAP).
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VARNEY AGENCY RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan

The following description of the Varney Agency Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

General

The Plan covers eligible employees of the 17 related corporations (the Companies). The purpose of the Plan is to provide retirement income to eligible employees of the Companies. The Plan is a non-standardized defined contribution pre-approved plan with Newport Trust Company, LLC (the custodian) serving as the Plan's custodian.

Eligibility

Substantially all employees are eligible to participate in the Plan on the date of hire. There are no age or service requirements for participants to make elective deferrals to the Plan. Employees become a participant in the Plan on the first day of the month coinciding with or next following the completion of the eligibility requirements.

For safe harbor matching contributions and employer discretionary matching contributions, employees are eligible to share in these matching contributions upon attaining the age of 21 and completing a year of service, as defined by the plan document. The entry date for safe harbor matching contributions and employer discretionary matching contributions is the first day of the Plan year, or the first day of the seventh month of the Plan year coinciding with or next following the completion of the eligibility requirements.

Contributions

The Plan allows for 401(k) pre-tax and roth deferral options. Participants may contribute up to 100% of their eligible compensation, as defined by the Plan. Contributions are subject to certain limitations, such as those provided by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants are also allowed to make rollover contributions to the Plan of amounts received from certain other tax-qualified retirement plans. Changes to the participant's elective deferrals are permitted at the will of the participant at any time.

Participants meeting the eligibility requirements are eligible for a safe harbor matching contribution equal to 100% of salary deferrals that do not exceed 3% of the employee's compensation, plus 50% of salary deferrals between 3% and 5% of an employee's compensation. For purposes of calculating the safe harbor matching contribution, the compensation and deferrals are determined on a payroll period basis.

VARNEY AGENCY RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2023 and 2022

The Plan also has an employer discretionary matching contribution provision. All participants share in the allocation of any discretionary employer matching contribution regardless of service completed during the Plan year. For the year ended December 31, 2023 the Companies did not make a discretionary matching contribution.

All contributions to the Plan are directed by the participants and allocated to the available investments options that the participants have selected.

Participant Accounts

Each participant's account is credited with the participant's contributions and Companies' safe harbor matching contributions, as well as allocations of (a) the Companies' discretionary matching contributions, (b) plan earnings or losses, and (c) charged with an allocation of certain administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their rollover contributions, elective deferrals, and safe harbor matching contributions plus actual earnings thereon. Vesting in any discretionary matching contributions plus earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service as defined by the plan document.

Notes Receivable from Participants

Participants are permitted to have one loan outstanding at any time and may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance. Loan terms can range from one to five years. For the purchase of a primary residence, the plan administrator may permit a longer repayment term. The loans are secured by the balance in the participant's account and bear interest at the Prime Rate plus 1%, fixed at inception of the loan. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Benefits may be paid upon termination, death, disability, retirement, or hardship. On termination of service, a participant with an account balance of more than \$1,000 may elect to receive a lump-sum distribution of their entire vested account balance or partial distribution in certain circumstances. For vested account balances of less than \$1,000 and for which there is no participant direction, the vested account balance will be automatically rolled over into an IRA provided that the amount is at least \$1.

Participants meeting certain criteria may make in-service withdrawals from the Plan. Eligible participants may elect to withdraw all or a portion of their entire vested account while still employed by the Companies. The Plan also permits distributions for hardships, as defined by the plan document.

VARNEY AGENCY RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2023 and 2022

Forfeitures

Forfeiture of a participant's nonvested employer discretionary matching contributions will occur in the Plan year in which a participant receives a distribution of their entire vested account, or after five consecutive one-year breaks in service, as defined by the plan document. Forfeitures of nonvested discretionary matching contributions, resulting from terminated participants, can be used to pay for Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. As of December 31, 2023 and 2022, there was no balance in forfeitures.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual amounts may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when incurred. Management has determined that no allowance for loan losses is necessary. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosure of fair value measurement.

The Federated Capital Preservation Fund is a common collective trust. The investment objective of the Federated Capital Preservation Fund is stability of principal and high current income. Withdrawals from the Federated Capital Preservation Fund are permitted at any time by participants for benefit payments, transfer of investment elections, and payment of fees. All other participant redemptions are subject to a 12-month advance written notice requirement.

VARNEY AGENCY RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2023 and 2022

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is recorded on the accrual basis. Net appreciation in fair value includes the Plan's realized and unrealized gains and losses on investments bought and sold, as well as those held during the year, and capital gain distributions. Investment fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Companies and are therefore excluded from the accompanying financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Subsequent Events

Management has evaluated subsequent events through July 17, 2024, the date which the financial statements were available to be issued.

3. Information Prepared and Certified by the Custodian

The investments, investment transactions, net appreciation in the fair value of investments, notes receivable from participants, and interest and dividends were obtained by management, and agreed to or derived from, the information certified by the custodian as complete and accurate. The information is included in the following:

4. Fair Value Measurement

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted-quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted-quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;
Quoted prices for identical or similar assets or liabilities in inactive markets;
Inputs other than quoted prices that are observable for the asset or liability; and
Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value at December 31, 2023 and 2022:

Mutual funds: Valued at the quoted net asset value (NAV) of shares held by the Plan at year-end.

Common collective trust: Valued daily based on the established NAV per unit of \$10.00. The fund attempts to maintain a stable price per unit of \$10.00; however, there can be no assurance that the value of the units in the fund will not fluctuate. The principal value per unit of the fund is determined at the end of each day by dividing net assets by the number of units outstanding.

VARNEY AGENCY RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2023 and 2022

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>9,673,476</u>	\$ <u>-</u>	\$ <u>-</u>	\$ 9,673,476
Common collective trust, at NAV as a practical expedient				<u>122,087</u>
Total assets at fair value				\$ <u>9,795,563</u>

Assets at Fair Value as of December 31, 2022

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>8,270,054</u>	\$ <u>-</u>	\$ <u>-</u>	\$ 8,270,054
Common collective trust, at NAV as a practical expedient				<u>66,913</u>
Total assets at fair value				\$ <u>8,336,967</u>

5. Party-in-Interest Transactions

Plan investments are managed by Newport Trust Company, LLC (Newport). Newport provides custodial and plan administration services to the Plan and, therefore, these transactions qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provision of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. These expenses totaled \$44,543 for the year ended December 31, 2023, with the remainder of the Plan's administrative expenses paid to the Plan investment advisor.

VARNEY AGENCY RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2023 and 2022

6. Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants should refer to the plan document for a description of the priorities or distribution of Plan benefits in the event of termination. In the event of a plan termination, participants will become 100% vested in their employer discretionary match account balances.

7. Tax Status

The Internal Revenue Service has provided an opinion letter to Newport Group, Inc. dated June 30, 2020, that the Pre-approved Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

8. Risks and Uncertainties

The Plan provides for various investment options with mutual funds and units in a common collective trust. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
