Independent Auditor's Report

To the Plan Administrator of the New England Authentic Eats 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the New England Authentic Eats 401(k) Plan (formerly, the Papa Gino's Employees' 401(k) Plan) ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial

likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) (modified cash basis) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule (modified cash basis), other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits

of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified information in the supplemental schedule (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

General

The following description of the New England Authentic Eats 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

The Plan is a defined contribution plan available to all eligible employees except those classified as highly compensated employees. In order to be eligible employees must be at least 21 years of age and have completed 30 days of service. The Plan was effective as of July 1, 1992.

The Plan was established under Section 401(k) of the Internal Revenue Code (“IRC”) of 1986 and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan is administered by New England Authentic Eats LLC (the “Company”). The trustee of the Plan is Empower Trust Company, LLC (“Empower”).

Contributions

Participants may elect to contribute up to 100% of their compensation to the Plan on a pre-tax basis subject to certain statutory limitations. Pre-tax contributions are made by payroll deduction and are invested as directed by the participants. Participant might also contribute funds from another qualified plan (“rollover contributions”), subject to certain requirements. Participants age 50 and older may make additional “catch-up” pre-tax contributions up to the IRC limitations.

The Company may elect to match a percentage of the participants’ contributions for each pay period. The Company’s match for 2023 was the lesser of 25% of the participant’s contribution or 25% of 4% of the participant’s compensation. The Company may also contribute a discretionary nonelective contribution. Employees must complete 1,000 hours of service and be employed on the last day of the plan year to be eligible for nonelective contributions. No discretionary nonelective contribution was made for the 2023 plan year.

Investment Options

Each participant may choose from fifteen investment options offered pursuant to the Plan.

Participants’ Accounts

Each participant’s account is credited or charged with contributions, investment income, and administrative expenses. Investment income, including realized and unrealized gains and losses, and expenses are allocated to participants’ accounts based on each participant’s account balance within each fund. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are fully vested in all of their voluntary contributions plus actual earnings thereon. The participant is fully vested in the Company’s matching contribution according to the following schedule:

Years of Vesting Service	Vested Percentage
Less than three years	0%
3 or more	100%

New England Authentic Eats 401(k) Plan

Notes to Financial Statements

Forfeitures

When a participant terminates employment with the Company, the non-vested portions of the Company's matching contributions are forfeited. The forfeitures are used to reduce the Company's matching contribution or pay for plan expenses as directed by the Company. During 2023, \$1,760 of forfeitures were used to pay plan expenses. Forfeitures outstanding at December 31, 2023 and 2022 were \$4,180 and \$4,091, respectively.

Unallocated Assets

The Plan holds assets in an expense reimbursement account which receives deposits as a result of a revenue sharing agreement with MassMutual Retirement Services, LLC. During 2023, deposits to the account totaled \$11,378, which is included in net appreciation (depreciation) in fair value of investments in the statement of changes in net assets available for benefits (modified cash basis). Funds in the account are used to pay qualified plan expenses including, investment management fees, trustee fees, and audit fees. During 2023, \$61,199 were used to pay qualified plan expenses. Unallocated assets were \$10,571 and \$66,293 at December 31, 2023 and 2022, respectively.

Payment of Benefits

Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service.

Distributions under the Plan may be made in lump sums.

Participants who have attained age 59 ½ may withdraw any portion of their account for any reason.

Participants may also withdraw rollover balances at any time.

Participants may apply for a hardship withdrawal as defined by the IRC to meet excessive medical or educational expenses, for burial or funeral expenses, to prevent eviction from principal residence, for expenses incurred to purchase a new principal residence or for the repair of damage to the principal residence, as defined in the plan document.

Notes Receivables from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. Loans must bear a reasonable rate of interest. All loans must be repaid within five years unless the proceeds are used to acquire a principal residence, in which case a longer repayment period is allowed. No more than two loans may be outstanding at any time. Principal and interest is generally paid ratably through payroll deductions each pay period.

2. Summary of Significant Accounting Policies

Basis of Presentation

The Plan's financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The modified cash basis of accounting followed by the Plan differs from accounting principles generally accepted in the United States of America primarily because contributions, income and expenses are recognized when paid rather than incurred.

New England Authentic Eats 401(k) Plan

Notes to Financial Statements

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the modified cash basis of accounting. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Substantially all of the administrative expenses are paid by the Company, or at the Company's election, paid by using available forfeitures or available funds in the expense budget account. Certain participant related transactions are paid by the participants. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time or to terminate the Plan subject to the provisions of ERISA. In the event of any termination, participants will become 100% vested in their entire account and the net assets of the Plan will be distributed or allocated among the participants and beneficiaries of the Plan in the order provided for in the plan document.

Related Party Transactions

Certain plan investments are funds managed by Empower. Since Empower is the trustee as defined by the Plan these transactions qualify as party-in-interest. Participant loans are also considered party-in-interest transactions.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

New England Authentic Eats 401(k) Plan

Notes to Financial Statements

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust - Valued at the net asset value of units of a collective trust. The net asset value, as provided by the fund manager, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

The following tables set forth by level and by investment class, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2023			
	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

Total investments in the fair value hierarchy	19,511,898	<u>\$ 19,511,898</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at net asset value(1): Common collective trust	<u>1,509,570</u>			
Investments at fair value	<u>\$ 21,021,468</u>			

(1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The Invesco Stable Value Trust Fund common collective trust is a stable value investment which has an objective to preserve capital and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. To achieve this objective the fund invests synthetic investment contracts. Two year notice is required for a complete liquidation, however the trustee, at their discretion, may waive the two year waiting period. Participant directed redemptions are allowed daily with no restrictions. There are no unfunded commitments.

4. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the sponsor of the prototype plan document adopted by the Company by a letter dated June 30, 2020 that the pre-approved plan document is designed in accordance with applicable sections of the IRC. Although the plan has been amended since receiving the opinion letter, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

The modified cash basis of accounting requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Summary of Information Certified by the Plan's Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC has certified the completeness and accuracy of all investments (including notes receivables from participants) reflected on the accompanying statements of net assets available for benefits (modified cash basis) and the schedule of assets held at end of year (modified cash basis) as of December 31, 2023 and 2022 and the related investment activity for the year ending December 31, 2023. Such information included investments in mutual funds and a common collective trust, notes receivables from participants, investment, dividend income, and appreciation or depreciation in fair value of investments.

6. Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Market risks include global events which could impact the value of investment securities. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits (modified cash basis) and the statement of changes in net assets available for benefits (modified cash basis).

7. Subsequent Events

The Company has evaluated subsequent events through July 30, 2024, the date these financial statements were available for issuance.
