REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Sponsor
Winmark Corporation 401(k) Savings Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Winmark Corporation 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023 and 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Winmark Corporation 401(k) Savings Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE A - DESCRIPTION OF PLAN

The following description of Winmark Corporation (the “Company” or “Plan Sponsor”) 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established to provide retirement benefits to substantially all employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan was most recently amended effective April 1, 2016. The policies below reflect all changes from amendments.

Plan Administration

T. Rowe Price Retirement Plan Services (“T. Rowe Price”) is the administrator of the Plan. The Company retains Reliance Trust as trustee. T. Rowe Price manages, invests and distributes all assets of the Plan.

Eligibility

Employees of the Company who have attained the age 21 and have completed six months of service, as defined in the Plan Agreement, are eligible to participate in the Plan. Certain non-resident aliens and union employees whose employment is governed by a collective bargaining agreement are not eligible to participate in the Plan.

Contributions

Participants may direct the Company to make pretax contributions to the Plan on their behalf through payroll deductions of up to 100% of their pretax compensation, as defined in the Plan, up to the maximum amount allowed by the Internal Revenue Code (“IRC”). Participants satisfying certain criteria are permitted to make catch-up contributions, as stated in the Plan Agreement. Participants may also make rollover contributions to the plan.

The Company matches 50% of participant contributions up to 6% of participants’ pretax compensation. Participants are eligible to receive the Company match and a discretionary contribution after completing one year of service, as defined in the Plan Agreement. A discretionary contribution may also be contributed by the Company, subject to certain limitations. For the years ended December 31, 2023 and 2022, discretionary contributions of \$162,800 and \$161,700, respectively, were made to the Plan.

Participant Accounts

Participants’ accounts are credited with the participant contributions (elective deferral, catch-up and rollover), company matching contributions, and an allocated share of the Company’s discretionary contribution and plan earnings and losses. Discretionary contributions are a set amount per eligible participant. The Company’s matching contributions are allocated to each participant’s account based on pretax contributions. Plan earnings are allocated based on participant account balances, as defined.

Participants’ accounts are also charged with benefit payments and an allocation of administrative expenses, if applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participants’ vested account balance.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Vesting

Participant deferral, catch-up and rollover contributions, including earnings, vest immediately, regardless of length of service.

Employer contributions vest based on years of service. A participant is vested at a rate of 20% after one year of service and 20% per year thereafter. A participant is 100% vested after five years of service. Additionally, employee account balances become fully vested and nonforfeitable upon attainment of age 65, total disability or death during the term of employment, or upon termination of the Plan.

Forfeitures

Forfeitures of terminated participants' nonvested accounts related to employer matching and employer discretionary contributions are credited against future employer matching account contributions and/or employer discretionary contributions. Forfeitures from matching and employer discretionary contributions may also be used to pay plan expenses. In 2023 and 2022, forfeitures of \$8,537 and \$3,053, respectively, were used to reduce employer matching contributions. As of December 31, 2023 and 2022, forfeiture balances of \$9,342 and \$10,956, respectively, are held in the Plan's forfeiture account as part of plan assets.

Notes Receivable from Participants

A participant may obtain a loan from their fund accounts for a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. The note must be repaid with interest equal to prime plus 2% over a maximum of five years, unless the proceeds are used to purchase a principal residence in which case the loan term may be extended. Only one note may be outstanding to a borrower at any time. Interest rates were 4.25% to 9.25% at December 31, 2023 and December 31, 2022. Principal and interest are repaid ratably through payroll deductions for active participants.

Rollover Contributions

The provisions of the Plan allow participants who receive qualifying rollover distributions from benefit trusts of other employers to transfer such amounts to the Plan.

Distribution of Benefits

On termination of service due to death, total and permanent disability, termination or retirement, the distribution of benefits method depends on the vested account balance. The Company will disburse total vested balances of \$1,000 or less as one lump-sum payment as soon as administratively practicable after 90 days following termination. Similarly, if the total benefit payable to a beneficiary is less than or equal to \$1,000 it will be paid in a lump sum as soon as administratively practicable after 90 days following the participant's death. If participant vested balances are greater than \$1,000, the participant receives a distribution election form providing them the option to elect either lump-sum payment, rollover to a qualified plan or IRA, or a combination of lump-sum payment and rollover. In determining the vested balance for this purpose, rollover accounts will be disregarded.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right to amend or terminate the Plan, subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested and all assets of the Plan would be distributed to participants in accordance with the Plan Agreement.

Investment Options

The Plan allows participants to direct their investments and to make transfers between these accounts and funds daily.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES AND PROCEDURES

A summary of the significant accounting policies for the Plan consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value measured at quoted market prices in an active market, except for the T. Rowe Price Stable Value Trust Fund which is valued at fair value of underlying instruments using the net asset value ("NAV") as a practical expedient.

Purchases and sales of securities are reflected on a settlement-date basis; as of December 31, 2023 and 2022, there were no unsettled transactions. Interest income is recognized when earned. Dividend income is recorded on the ex-dividend date.

Net Appreciation (Depreciation) in Fair Value of Investments

Net appreciation (depreciation) in the fair value of investments represents the net realized gains and losses and net unrealized appreciation or depreciation on investments. Realized gains or losses on investments are the differences between the proceeds received and either the cost of the investment sold, determined on an average cost basis, or the fair value at the end of the previous year, whichever is applicable. Net unrealized appreciation and depreciation is the change in the difference between fair value and the cost of investments or the fair value at the end of the previous valuation date, whichever is applicable.

Administrative Expenses

The Company has the discretion to pay plan expenses or allow the Plan to arrange payment. For the Plan years ended December 31, 2023 and 2022, the Company paid for all Plan expenses, except for investment related fees, which are paid by plan participants.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan Agreement.

Benefits Paid to Participants

Benefits paid to participants are recorded by the Plan when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities

Winmark Corporation 401(k) Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds and money market fund: Valued at the NAV of shares held by the Plan at year-end based on quoted market prices.

Collective trust fund: Valued at fair value of underlying instruments using NAV as practical expedient.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Use of Estimates

US GAAP requires plan management to make estimates and assumptions that affect the reported amount of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events for potential recognition and disclosure through July 31, 2024, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

NOTE C - INVESTMENTS

The following table sets forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2023 and 2022.

NOTE D - TRUSTEE'S CERTIFICATION

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, Reliance Trust, the trustee of the Plan during 2023 and 2022, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Total investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net investment income (loss) and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022.
- Schedule H, line 4(i) - Schedule of assets (held at end of year) as of December 31, 2023.

NOTE E - INCOME TAX STATUS

The proto-type plan adopted by the Plan obtained its latest opinion letter dated June 1, 2015, in which the Internal Revenue Service ("IRS") had determined the underlying proto-type Plan Agreement is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more than likely would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - RELATED PARTIES

Certain Plan investments are mutual funds, a money market fund and a collective trust fund managed by T. Rowe Price, the administrator of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Certain employees of the Company provide administrative services to the Plan. These services are provided at no cost to the Plan. All audit and legal fees are paid by the Plan Sponsor.

Notes receivable from participants are also considered party-in-interest transactions.
