Plan Administrator
Granite City Electric Supply Profit Sharing 401(k) Plan
Plymouth, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the financial statements of Granite City Electric Supply Profit Sharing 401(k) Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2023 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section:

- The amounts and disclosures in the accompanying 2023 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2023 Supplemental Schedule Required by ERISA

The supplemental schedule of assets listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified

institution. Their report dated July 31, 2023 indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Granite City Electric Supply Profit Sharing 401(k) Plan
Notes to Financial Statements
Years Ended December 31, 2023 and 2022

Note 1. Description of the Plan

The following description of Granite City Electric Supply Profit Sharing 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to provide employees of Granite City Electric Supply Company (Company) with retirement benefits in accordance with Sections 401(a) and 401(k) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Fidelity is the trustee of the Plan. Fidelity Management Trust Company serves as Plan custodian.

Eligibility

All Company employees, except those covered by a collective bargaining agreement, leased employees and certain other employees as defined in the Plan document, are eligible to participate in the Plan if they are at least 18 years of age. Participants are eligible for discretionary profit-sharing contributions if they have completed one year of service, which is defined as the consecutive twelve-month period during which the employee completes 1,000 hours of service and is employed on the last day of the Plan year with certain exceptions, as defined in the Plan document.

The Plan also includes an automatic enrollment provision. Therefore, when an employee becomes eligible to be a participant in the Plan, the Company will automatically, on behalf of those participants, defer 6% of the participants' eligible compensation (as defined). Participants may also elect to enroll in auto escalation of 1% of compensation up to a maximum of 10% of compensation. These deferrals will be invested in a T. Rowe Price Retirement Fund based on the participant's age at the time of enrollment. Participants may cancel, modify, or otherwise change any of the automatic elections.

Participant Contributions

Eligible participants may make voluntary contributions through salary reductions from 1% to 100% of their annual pre-tax compensation, limited to the maximum amounts allowed under the provisions of the IRC. Further, participants who are 50 years of age or older as of December 31, 2023 may contribute an additional "catch up" contribution. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a money market fund as investment options for participants.

The Plan allows participants to defer funds into a "Roth 401(k) deferral." These deferrals are subject to federal income taxes, and the maximum allowable combined contributions of the Roth 401(k) and pre-tax deferrals is up to IRC limit .

Employer Contributions

The Company may make a discretionary matching contribution. For the Plan year ended December 31, 2023, the Company made matching contributions equal to 50 cents for each dollar contributed to the Plan up to a maximum of 3% of compensation (as defined). The plan document also allows for an annual "true up" calculation to participant accounts. For the year ended December 31, 2023, this true up resulted in an additional employer match of \$34,103, of which \$29,532 was funded out of forfeitures and \$4,571 was funded by the Plan Sponsor in February 2024.

Additional profit-sharing amounts may also be contributed at the discretion of the Company's Board of Directors. The Company made profit sharing contributions to the Plan totaling \$100,000, of which \$50,000 was funded out of forfeitures and \$50,000 was funded by the Plan Sponsor for the year ended December 31, 2023. Funding of this amount was made in February 2024.

Notes to Financial Statements
Years Ended December 31, 2023 and 2022

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Discretionary matching contributions, Company profit sharing contributions, and earnings or losses thereon vest at 25% per year after two years, with full vesting after four years of credited service (as defined).

In the event of death, disability, or attainment of age 65, participants' accounts become fully vested.

Participant Accounts

Each participant's account is credited with its respective contribution and its allocation of (a) Employer contributions and (b) Plan earnings or losses. Contributions to the Plan are invested by the custodian as directed by the participants. Each participant may elect from one or more of the investment vehicles offered pursuant to the provisions of the Plan.

Forfeitures

The Plan provides that forfeitures, the unvested portion of employer contributions for terminated participants, will serve to reduce future Company contributions and reduce expenses related to the Plan. During the year ended December 31, 2023, forfeitures totaling \$47,653 were used to pay certain Plan related expenses and \$26,125 were used to reduce employer contributions. As of December 31, 2023 and 2022, the balance in the forfeiture account was \$67,569 and \$42,950, respectively.

Payment of Benefits

Upon termination of employment, retirement, death, or disability, a participant or a participant's beneficiary is entitled to receive the vested portion of the participant's account in installment payments or a single lump-sum. Further, withdrawals from the Plan before leaving the Company are available for special "hardship" reasons or after attaining the age of 59½. Distributions to participants are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Participants may borrow up to 50% of their vested account balance with a minimum of \$1,000 and a maximum of \$50,000. Participant loans bear interest at the Prime rate plus 1%. Loan terms range from one to five years. However, if the loan is to acquire the principal residence of the participant, the term may be extended. Loans are secured by the balance in the participant's account. Principal and interest are paid ratably through automatic payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Granite City Electric Supply Profit Sharing 401(k) Plan
Notes to Financial Statements
Years Ended December 31, 2023 and 2022

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. The Plan invests a portion of its assets in a common collective trust. The assets within the trust are invested in Alliance Bernstein Small Cap Growth Portfolio (the "Fund").

The Fund invests solely in units of the underlying small cap fund for which Alliance Bernstein is the trustee. The underlying small cap fund invests in a diversified portfolio of small cap equity investments in companies based in the United States of America.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

The Company may, at its discretion, pay the expenses incidental to administering the Plan. In the event that the Company does not pay Plan expenses, the expenses shall be paid by the Plan.

Other Income

Certain mutual fund and collective trust expenses that are charged by the mutual fund companies to the individual participants are credited to the Plan on a quarterly basis. These assets are held in a reserve account and may be allocated to eligible participant accounts based upon each participants' pro rata percentage of total plan investments.

As of December 31, 2023 and 2022, the balance in the reserve account amounted to \$1,453 and \$608, respectively. During the year ended December 31, 2023, funds credited to the Plan amounted to \$18,416, and are included in other income in the accompanying statement of changes in net assets available for benefits.

Subsequent Events

Management evaluated subsequent events for the Plan through August 1, 2024, the date the financial statements were available to be issued. All subsequent events requiring recognition or disclosure have been incorporated in these financial statements.

Note 3. Certification of Plan Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified

Granite City Electric Supply Profit Sharing 401(k) Plan
Notes to Financial Statements
Years Ended December 31, 2023 and 2022

the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the year ended December 31, 2023
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2023

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 4. Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Fidelity. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Note 5. Related-Party Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Certain Plan investments are mutual funds or a money market fund that is managed by Fidelity, which is the trustee for the Plan.

The Plan paid \$80,096 of recordkeeping fees to Fidelity during the year ended December 31, 2023. Individually nonmaterial expenses paid to parties in interest aggregated \$47,653 during the year ended December 31, 2023. The Company provides certain administrative services at no cost to the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Risks and Uncertainties

The Plan provides for various investment options in accounts which invest in investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of

Granite City Electric Supply Profit Sharing 401(k) Plan
Notes to Financial Statements
Years Ended December 31, 2023 and 2022

investment securities, it is at least reasonably possible that these changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 8. Disclosure About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets.

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets.

Level 3 Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at the closing price reported by the fund sponsor from an actively traded exchange.

Common collective trust: Value is based on the underlying unit value of the assets held. The assets of the underlying fund are invested primarily in equity investments of publicly traded small cap companies based in the United States of America. The fair value of the contracts is determined using the market approach based on market prices of similar contracts. The NAV is used as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Recurring Measurements

The following tables presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2023 and 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 36,696,953	\$ -	\$ -	\$ 36,696,953

Total investments in the fair value hierarchy	<u>\$ 38,735,072</u>	<u>\$ -</u>	<u>\$ -</u>	38,735,072
Investments measured at net asset value as a practical expedient (a)				<u>171,742</u>
				<u>\$ 38,906,814</u>

The following table summarizes the valuation of the Plan's financial assets at December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 29,777,035	\$ -	\$ -	\$ 29,777,035
Money market	1,171,695	-	-	1,171,695
Total investments in the fair value hierarchy	<u>\$ 30,948,730</u>	<u>\$ -</u>	<u>\$ -</u>	30,948,730
Investments measured at net asset value as a practical expedient (a)				<u>213,848</u>
				<u>\$ 31,162,578</u>

(A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2023 and 2022. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Years Ended December 31, 2023 and 2022

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022:

	Fair Value at December 31, 2023	Fair Value at December 31, 2022	Unfunded Commitments	Redemption Frequency (If currently eligible)	Redemption Notice Period
Common collective trust fund	\$ 171,742	\$ 213,848	N/A	Daily	12 Months

Note 9. Concentrations

Balances in two investments accounted for approximately 24% of total investments as of December 31, 2023 and as of December 31, 2022, balances in three investments accounted for approximately 35% of total investments.

Plan Administrator
Granite City Electric Supply Profit Sharing 401(k) Plan
Plymouth, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the financial statements of Granite City Electric Supply Profit Sharing 401(k) Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2023 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section:

- The amounts and disclosures in the accompanying 2023 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2023 Supplemental Schedule Required by ERISA

The supplemental schedule of assets listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified

institution. Their report dated July 31, 2023 indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Granite City Electric Supply Profit Sharing 401(k) Plan
Notes to Financial Statements
Years Ended December 31, 2023 and 2022

Note 1. Description of the Plan

The following description of Granite City Electric Supply Profit Sharing 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to provide employees of Granite City Electric Supply Company (Company) with retirement benefits in accordance with Sections 401(a) and 401(k) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Fidelity is the trustee of the Plan. Fidelity Management Trust Company serves as Plan custodian.

Eligibility

All Company employees, except those covered by a collective bargaining agreement, leased employees and certain other employees as defined in the Plan document, are eligible to participate in the Plan if they are at least 18 years of age. Participants are eligible for discretionary profit-sharing contributions if they have completed one year of service, which is defined as the consecutive twelve-month period during which the employee completes 1,000 hours of service and is employed on the last day of the Plan year with certain exceptions, as defined in the Plan document.

The Plan also includes an automatic enrollment provision. Therefore, when an employee becomes eligible to be a participant in the Plan, the Company will automatically, on behalf of those participants, defer 6% of the participants' eligible compensation (as defined). Participants may also elect to enroll in auto escalation of 1% of compensation up to a maximum of 10% of compensation. These deferrals will be invested in a T. Rowe Price Retirement Fund based on the participant's age at the time of enrollment. Participants may cancel, modify, or otherwise change any of the automatic elections.

Participant Contributions

Eligible participants may make voluntary contributions through salary reductions from 1% to 100% of their annual pre-tax compensation, limited to the maximum amounts allowed under the provisions of the IRC. Further, participants who are 50 years of age or older as of December 31, 2023 may contribute an additional "catch up" contribution. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a money market fund as investment options for participants.

The Plan allows participants to defer funds into a "Roth 401(k) deferral." These deferrals are subject to federal income taxes, and the maximum allowable combined contributions of the Roth 401(k) and pre-tax deferrals is up to IRC limit .

Employer Contributions

The Company may make a discretionary matching contribution. For the Plan year ended December 31, 2023, the Company made matching contributions equal to 50 cents for each dollar contributed to the Plan up to a maximum of 3% of compensation (as defined). The plan document also allows for an annual "true up" calculation to participant accounts. For the year ended December 31, 2023, this true up resulted in an additional employer match of \$34,103, of which \$29,532 was funded out of forfeitures and \$4,571 was funded by the Plan Sponsor in February 2024.

Additional profit-sharing amounts may also be contributed at the discretion of the Company's Board of Directors. The Company made profit sharing contributions to the Plan totaling \$100,000, of which \$50,000 was funded out of forfeitures and \$50,000 was funded by the Plan Sponsor for the year ended December 31, 2023. Funding of this amount was made in February 2024.

Notes to Financial Statements
Years Ended December 31, 2023 and 2022

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Discretionary matching contributions, Company profit sharing contributions, and earnings or losses thereon vest at 25% per year after two years, with full vesting after four years of credited service (as defined).

In the event of death, disability, or attainment of age 65, participants' accounts become fully vested.

Participant Accounts

Each participant's account is credited with its respective contribution and its allocation of (a) Employer contributions and (b) Plan earnings or losses. Contributions to the Plan are invested by the custodian as directed by the participants. Each participant may elect from one or more of the investment vehicles offered pursuant to the provisions of the Plan.

Forfeitures

The Plan provides that forfeitures, the unvested portion of employer contributions for terminated participants, will serve to reduce future Company contributions and reduce expenses related to the Plan. During the year ended December 31, 2023, forfeitures totaling \$47,653 were used to pay certain Plan related expenses and \$26,125 were used to reduce employer contributions. As of December 31, 2023 and 2022, the balance in the forfeiture account was \$67,569 and \$42,950, respectively.

Payment of Benefits

Upon termination of employment, retirement, death, or disability, a participant or a participant's beneficiary is entitled to receive the vested portion of the participant's account in installment payments or a single lump-sum. Further, withdrawals from the Plan before leaving the Company are available for special "hardship" reasons or after attaining the age of 59½. Distributions to participants are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Participants may borrow up to 50% of their vested account balance with a minimum of \$1,000 and a maximum of \$50,000. Participant loans bear interest at the Prime rate plus 1%. Loan terms range from one to five years. However, if the loan is to acquire the principal residence of the participant, the term may be extended. Loans are secured by the balance in the participant's account. Principal and interest are paid ratably through automatic payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Granite City Electric Supply Profit Sharing 401(k) Plan
Notes to Financial Statements
Years Ended December 31, 2023 and 2022

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. The Plan invests a portion of its assets in a common collective trust. The assets within the trust are invested in Alliance Bernstein Small Cap Growth Portfolio (the "Fund").

The Fund invests solely in units of the underlying small cap fund for which Alliance Bernstein is the trustee. The underlying small cap fund invests in a diversified portfolio of small cap equity investments in companies based in the United States of America.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

The Company may, at its discretion, pay the expenses incidental to administering the Plan. In the event that the Company does not pay Plan expenses, the expenses shall be paid by the Plan.

Other Income

Certain mutual fund and collective trust expenses that are charged by the mutual fund companies to the individual participants are credited to the Plan on a quarterly basis. These assets are held in a reserve account and may be allocated to eligible participant accounts based upon each participants' pro rata percentage of total plan investments.

As of December 31, 2023 and 2022, the balance in the reserve account amounted to \$1,453 and \$608, respectively. During the year ended December 31, 2023, funds credited to the Plan amounted to \$18,416, and are included in other income in the accompanying statement of changes in net assets available for benefits.

Subsequent Events

Management evaluated subsequent events for the Plan through August 1, 2024, the date the financial statements were available to be issued. All subsequent events requiring recognition or disclosure have been incorporated in these financial statements.

Note 3. Certification of Plan Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified

Granite City Electric Supply Profit Sharing 401(k) Plan
Notes to Financial Statements
Years Ended December 31, 2023 and 2022

the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the year ended December 31, 2023
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2023

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 4. Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Fidelity. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Note 5. Related-Party Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Certain Plan investments are mutual funds or a money market fund that is managed by Fidelity, which is the trustee for the Plan.

The Plan paid \$80,096 of recordkeeping fees to Fidelity during the year ended December 31, 2023. Individually nonmaterial expenses paid to parties in interest aggregated \$47,653 during the year ended December 31, 2023. The Company provides certain administrative services at no cost to the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Risks and Uncertainties

The Plan provides for various investment options in accounts which invest in investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of

Granite City Electric Supply Profit Sharing 401(k) Plan
Notes to Financial Statements
Years Ended December 31, 2023 and 2022

investment securities, it is at least reasonably possible that these changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 8. Disclosure About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets.

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets.

Level 3 Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at the closing price reported by the fund sponsor from an actively traded exchange.

Common collective trust: Value is based on the underlying unit value of the assets held. The assets of the underlying fund are invested primarily in equity investments of publicly traded small cap companies based in the United States of America. The fair value of the contracts is determined using the market approach based on market prices of similar contracts. The NAV is used as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Recurring Measurements

The following tables presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2023 and 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 36,696,953	\$ -	\$ -	\$ 36,696,953

Total investments in the fair value hierarchy	<u>\$ 38,735,072</u>	<u>\$ -</u>	<u>\$ -</u>	38,735,072
Investments measured at net asset value as a practical expedient (a)				<u>171,742</u>
				<u>\$ 38,906,814</u>

The following table summarizes the valuation of the Plan's financial assets at December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 29,777,035	\$ -	\$ -	\$ 29,777,035
Money market	1,171,695	-	-	1,171,695
Total investments in the fair value hierarchy	<u>\$ 30,948,730</u>	<u>\$ -</u>	<u>\$ -</u>	30,948,730
Investments measured at net asset value as a practical expedient (a)				<u>213,848</u>
				<u>\$ 31,162,578</u>

(A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2023 and 2022. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Notes to Financial Statements
Years Ended December 31, 2023 and 2022

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022:

	Fair Value at December 31, 2023	Fair Value at December 31, 2022	Unfunded Commitments	Redemption Frequency (If currently eligible)	Redemption Notice Period
Common collective trust fund	\$ 171,742	\$ 213,848	N/A	Daily	12 Months

Note 9. Concentrations

Balances in two investments accounted for approximately 24% of total investments as of December 31, 2023 and as of December 31, 2022, balances in three investments accounted for approximately 35% of total investments.
