Report of Independent Auditors

The Board of Trustees of
Pacific Fibre Products, Inc. 401(k) Profit Sharing Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Pacific Fibre Products, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Pacific Fibre Products, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of the year ended December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Pacific Fibre Products, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1 – Description of Plan

The following description of the Pacific Fibre Products, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a 401(k) profit sharing plan covering substantially all employees of Pacific Fibre Products, Inc. (the Company), and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility – Employees not covered by a collective bargaining agreement, and 18 years of age or older, may make salary deferrals into the plan and receive employer matching contributions. Employees who meet the criteria for the employee deferral, and who have completed one year of service are eligible for profit sharing contributions and employer additional matching contributions, in accordance with plan provisions.

Contributions

Participant contributions – Each year, participants may contribute between 1–100% of eligible compensation, as defined in the Plan, subject to the annual limit allowable under the Internal Revenue Code. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer match – The Company may make discretionary matching contributions up to \$0.10 multiplied by the number of hours of service for which the participant made an elective deferral, limited to 80 hours per pay period. For the year ended December 31, 2023, the Company made matching contributions of \$23,956.

Employer profit sharing – At the attainment of one year of service and regardless of the Company's profit status, the Company may, at its discretion, make profit sharing contributions. For the year ended December 31, 2023, there were no employer profit sharing contributions.

Employer additional contributions – At the attainment of one year of service and regardless of the Company's profit status, the Company may, at its discretion, match employee contributions up to 4% of defined pay. For the year ended December 31, 2023, the Company made additional matching contributions of \$269,399.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's voluntary contributions plus employer match, profit sharing, and additional matching contributions. Allocations are based on the participant's earnings or account balances as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Pacific Fibre Products, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Vesting – Participants are immediately vested in their voluntary salary reduction and/or Roth contributions plus earnings thereon, as well as in their rollover contributions to the Plan. Vesting in the employer matching, employer additional contributions, and profit sharing contributions is based on years of continuous service or certain other events. The vesting percentage schedules for employer matching, employer additional contributions, and profit sharing contributions are as follows:

Employer Matching	Vested Percentage
Years of service	
Less than 1	0%
1 year (but less than 2)	20%
2 years (but less than 3)	40%
3 years (but less than 4)	60%
4 years (but less than 5)	80%
5 or more	100%

Profit Sharing and Additional Contributions	Vested Percentage
Years of service	
Less than 2	0%
2 years (but less than 3)	20%
3 years (but less than 4)	40%
4 years (but less than 5)	60%
5 years (but less than 6)	80%
6 or more	100%

Participants are 100% vested in all Company contributions upon reaching age 65 while employed by the Company or in the event of disability. Participants also become 100% vested in all Company contributions in the event the Plan terminates.

Notes receivable from participants – Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, as defined by the loan policy. The loan is secured by the balance in the participant's account and bears interest at an amount established by the plan administrator, which is currently the prime rate. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed ten years. Principal and interest are to be paid ratably through payroll deductions. As of December 31, 2023, the rates of interest on outstanding loans ranged from 3.25 - 8.50% with various maturities through December 2031.

Payment of benefits – Upon retirement, termination of services, disability or death, participants may elect to receive the vested amount of their accounts in (1) a lump sum or (2) partial withdrawals, provided the minimum withdrawal is \$1,000. In-service distributions may be made to a participant who has not separated from service provided the participant has attained the age of 59 ½ with respect to their elective deferral account, roth deferral account, employer matching, and profit sharing contributions. Partial withdrawals or installments are permitted for participants or beneficiaries who receive required minimum distributions or are participants over the age of 59 ½. Account balances less than \$1,000 will automatically be distributed in a lump sum.

Pacific Fibre Products, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Forfeitures – Forfeitures of nonvested employer contributions made on behalf of participants who have severed employment with the Company can be used by the Company to fund a portion of future employer contributions, pay for plan expenses, or be reallocated as additional contributions at the employer's discretion. Forfeitures of \$3,964 and \$0 were available as of December 31, 2023 and 2022, respectively. Forfeitures of \$18,469 were allocated towards employer contributions during the year ended December 31, 2023.

Plan amendment – Effective January 1, 2022, the Plan restated its adoption agreement in conformity with legislative changes. There were no changes to plan operations or plan provisions as a result of the restatement.

Plan transfer – Annual activity included a transfer into the Plan of \$822 during the year ended December 31, 2023. This was a plan to plan transfer from Lemmons Trucking, Inc., as a result of an employee hire during the year.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – The investments are reported at fair value and contract value. The Plan's custodian, Standard Insurance Company, certifies the contract value of the guaranteed investment contract and the fair market value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date.

Units held in the pooled separate account (PSA) are valued using the net asset value practical expedient (NAV practical expedient) of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding. The PSA has no unfunded commitments and can be redeemed daily.

The following table provides additional information for investments in certain entities that calculate net asset value per share (or its equivalent):

	Fair Value 12/31/2023	Fair Value 12/31/2022	Redemption Frequency	Redemption Notice Period	Redemption Restrictions
Pooled Separate Account	\$ 10,992,238	\$ 8,961,003	Daily	N/A	N/A

Pacific Fibre Products, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. The net depreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Contributions – Contributions from participants and corresponding matching contributions are recorded in the year in which the employee contributions are withheld from compensation.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through July 29, 2024, which is the date the financial statements were available to be issued.

Note 3 – Deposit Administration Contract with Standard Insurance Company

The Plan's Standard Stable Asset A fund is a benefit-responsive deposit administration group annuity contract with Standard Insurance Company. This account is credited with interest at the rate specified in the contract and charged with participant withdrawals. As the deposit administration contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the deposit administration group annuity contract. Contract value, as reported to the Plan by Standard Insurance Company, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, less applicable penalties.

Pacific Fibre Products, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Crediting rates on the investment contract are based on a formula agreed upon with the issuer, but may not be less than 0%. Interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants have occurred or are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following: (1) not abiding by state and federal law, (2) not rendering the performance necessary to comply with the terms of the contract, (3) balance of investment funds falls below \$25,000, (4) the Internal Revenue Service disqualifies the Plan, or (5) the Plan has not been adopted within a reasonable period of time.

Note 4 – Tax Status

The Plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on June 30, 2020, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

Pacific Fibre Products, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 6 – Information Certified by the Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Standard Insurance Company, the custodian of the Plan, has certified to the completeness and accuracy of the following:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net appreciation in fair value of investments, interest income and interest income on notes receivable from participants.
- Investments reflected on the supplemental schedule of assets (held at end of year) as of December 31, 2023.

Note 7 – Party-in-Interest Transactions

Certain Plan investments are managed by Standard Insurance Company. Standard is the custodian of the Plan and an affiliate of StanCorp Financial Group and, therefore, transactions with these entities qualify as exempt party-in-interest transactions.

Note 8 – Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. If the Plan is terminated, amounts allocated to a participant's account become fully vested.
