Independent Auditor's Report

**To the Plan Administrator
Fred Hutchinson Cancer Center Retirement Savings Plan
Seattle, Washington**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Fred Hutchinson Cancer Center Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions and an agent on behalf of a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions and an agent on behalf of a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplementary information, as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplementary information agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions and an agent on behalf of a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FRED HUTCHINSON CANCER CENTER RETIREMENT SAVINGS PLAN

Notes to Financial Statements For the Year Ended December 31, 2023

Note 1 - Plan Description

The following description of the Fred Hutchinson Cancer Center Retirement Savings Plan (the Plan) is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the plan agreements.

General - The Plan is a defined contribution plan sponsored by Fred Hutchinson Cancer Center (Fred Hutch) under the provisions of Section 403(b) of the Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement, for the benefit of eligible employees of Fred Hutch. Effective July 1, 2000, the Plan was amended to include the Seattle Cancer Care Alliance (SCCA), a separate 501(c)(3) owned in part by Fred Hutchinson Cancer Research Center (FHCRC), as a participating employer. SCCA employees participate in the Plan on the same basis as FHCRC employees. Effective April 1, 2022, Fred Hutchinson Cancer Center (formerly known as SCCA) became the successor-in-interest by merger with FHCRC. The Plan was amended on April 1, 2022, to change the Plan name of the Plan from Fred Hutchinson Cancer Research Center Retirement Savings Plan to Fred Hutchinson Cancer Center Retirement Savings Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Administration - The Plan is administered by Fred Hutch's Benefits Director. TIAA, FSB and Voya Retirement Insurance and Annuity Company (Voya) serve as the Plan's custodians. TIAA and Voya are the recordkeepers for the Plan.

Effective March 15, 2024, the Plan was amended and restated. The restatement included a provision whereby all on-going contributions (including elective deferrals) must be remitted to Fidelity Management Trust Company (FMTC). Fidelity Workplace Services is the recordkeeper for all assets held with FMTC. Approximately \$1 billion in assets transferred from TIAA, FSB to FMTC following the restatement including all investments held in the Plan's self-directed brokerage accounts.

Eligibility - Employees are eligible to make deferrals to the Plan on their date of hire. Eligible employees, as defined by the Plan, are entitled to employer contributions beginning with the month coinciding with or following the date on which the employee completes one year of service.

Contributions - Participants may elect to defer up to 80% of their eligible compensation as pre-tax or Roth contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans (rollovers). The Plan includes a provision whereby all newly eligible employees are automatically enrolled at a 3% deferral rate unless they elect a different deferral rate or not to participate in the Plan. Participants that are automatically enrolled will have their deferral rate increase by 1% on November 1st of each year, up to a maximum of 10%, unless otherwise elected.

Eligible participants receive an employer contribution of 7% of compensation up to the Social Security wage base in effect on the first day of the plan year and 12% of compensation in excess thereof up to the IRC annual compensation limit. In addition, Fred Hutch may choose, but is not obligated, to contribute an additional 3% for full and associate professors and vice presidents and above. Fred Hutch elected to make this contribution for the year ended December 31, 2023.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Notes to Financial Statements For the Year Ended December 31, 2023

Note 1 - Continued

Vesting - Participants are fully vested in all contributions and earnings thereon.

Participant Accounts - Each participant's account is credited with the participant's contributions and an allocation of (a) Fred Hutch contributions and (b) Plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into various investment options offered by the Plan.

Payment of Benefits - Upon termination of service, retirement, death, or disability, a participant or beneficiary may elect to receive payment of benefits among the options provided under the Plan, including either a lump sum distribution equal to the value of the participant's interest in their account or an annuity to be paid in monthly installments over a fixed reasonable period of time, not exceeding the life expectancy of the participant or designated beneficiary. Participants who have attained age 59 ½ may also elect to receive a distribution of all or any portion of their elective contributions and related earnings prior to termination of employment (in-service withdrawals). Additionally, participants who have attained age 59 ½ and are continuing in the service under the Fred Hutch phased retirement policy may elect to receive a distribution of all or any portion of their entire account, including nonelective employer contributions.

Hardship Withdrawals - Under certain conditions, currently employed participants are permitted to withdraw, in a single sum, the employee contribution portion of their account balance. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of postsecondary education tuition, the payment of burial or funeral costs of immediate family members, the payment of natural disaster clean up on the participant's principal residence, or to prevent eviction or foreclosure from the participant's principal residence.

Notes Receivable From Participants - Participants may borrow from their TIAA account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account. Loans are secured by the balance in the participant's account. Interest rates are set at 1% above the prime rate, as defined. Participants repay the loan monthly or quarterly directly to TIAA.

Plan Loans - A participant may borrow amounts from TIAA under a plan loan feature with the participant's account balance securitizing the plan loan. The maximum loan term is five years unless the loan term qualifies as a home loan, in which case the term of the loan is not to exceed ten years. Such loans are not recorded in the financial statements and total approximately \$2,100,000 and \$3,500,000 as of December 31, 2023 and 2022, respectively.

Investment Management and Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by Fred Hutch. Expenses that are paid by Fred Hutch are excluded from these financial statements. Transaction based fees for notes receivable from participants and distributions are charged directly to participant accounts. Certain investment related expenses are charged directly against the fund's investment performance and, therefore, are not separately disclosed in the accompanying financial statements.

Notes to Financial Statements For the Year Ended December 31, 2023

Note 2 - Significant Accounting Policies

Basis of Accounting - The accompanying financial statements are prepared using the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of Benefits - Benefits are recorded when paid. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

Investment Valuation and Income Recognition - Investments are reported at fair value except for fully benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent Events - The Plan's management has evaluated subsequent events through July 18, 2024, the date on which the Plan's financial statements were available to be issued, and has included all necessary adjustments and disclosures.

Note 3 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events such as a pandemic or international conflict which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

FRED HUTCHINSON CANCER CENTER RETIREMENT SAVINGS PLAN

Notes to Financial Statements For the Year Ended December 31, 2023

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; or
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Registered Investment Company Funds - Valued at the closing price as reported by the fund. Registered investment company funds are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds publish their daily net asset value (NAV) and transact at that price. The registered investment company funds held by the Plan are deemed to be actively traded.

Registered investment company funds also include Voya annuity contracts held in the separate accounts with underlying investments comprised of mutual funds totaling \$5,934 and \$4,901 as of December 31, 2023 and 2022, respectively.

Self-Directed Brokerage Accounts - Accounts primarily consist of registered investment company funds which are valued as previously described.

Pooled and Separate Accounts - CREF is a registered investment company and consists of eight accounts which fund variable annuity contracts issued by CREF. The fair values of accumulation units are based on each account's daily published NAV. Except for the CREF Money Market Account, NAV is based on the market value of each account's holdings determined by market quotations or prices obtained from independent pricing sources. The CREF Money Market Account is valued at amortized cost, which approximates fair value. Accumulation units are available for transactions at the closing accumulation unit value on any day the New York Stock Exchange (NYSE) is open for business.

FRED HUTCHINSON CANCER CENTER RETIREMENT SAVINGS PLAN

Notes to Financial Statements For the Year Ended December 31, 2023

Note 4 - Continued

The TIAA Real Estate Account (REA) is a pooled separate account which funds variable annuity contracts issued by TIAA. The fair value of accumulation units is published daily and based on the market values of the underlying real estate properties determined by external appraisals, which are estimates of property based on a professional's opinion. The REA may also hold real estate-related marketable securities which are valued using independent pricing sources. Accumulation units are available for transactions at the closing accumulation unit value on any day the NYSE is open for business. Transfers out of the REA are limited to one per calendar quarter.

Non-Fully Benefit Responsive (Non-FBR) Insurance Contracts - Investments in Non-FBR insurance contracts are required to be reported at fair value; however, the Plan's financial statements reflect Non-FBR insurance contracts at their contract value. Contract value is the aggregation of contributions, plus interest, less any withdrawals. Reporting Non-FBR insurance contracts at contract value did not have a material effect on the Plan's financial statements as contract value approximates a discounted cash flow value (fair value) calculated using an appropriate risk-adjusted market discount rate which correlates closely with TIAA's Traditional Annuity's historical crediting rates. Fair value is determined annually for financial statement reporting purposes. In determining the reasonableness of the methodology, the Plan's management evaluates a variety of factors including review of existing contracts, historical returns, market conditions, and overall credit ratings. Certain unobservable inputs are substantiated utilizing available market data (e.g., Treasury yields).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Fair Value Measurements as of December 31, 2023			
	Level 1	Level 2	Level 3	Total

The summary of certain changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2023 is as follows:

Purchases	\$ 12,391,637
Issuances	\$ -

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs as of December 31, 2023 and 2022:

	Valuation Technique	Unobservable Inputs	December 31, 2023 Range (Average)	December 31, 2022 Range (Average)
TIAA Traditional Annuity (Non-FBR)	Discounted cash flow	Risk-adjusted discount rate applied	RA: 4.0% - 6.75% (3.9%) GRA: 4.0% - 6.75% (3.9%) RC: 4.25% - 7.0% (4.2%)	RA: 3.7% - 6.25% (3.9%) GRA: 3.7% - 6.25% (3.9%) RC: 3.95% - 6.5% (4.2%)

Note 5 - TIAA Traditional Annuity

The TIAA Traditional Annuity is an unallocated fixed annuity contract available as an investment option to plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The Traditional Annuity is offered through a variety of contract types, including Retirement Annuities (RA), Group Retirement Annuities (GRA), Supplemental Retirement Annuities (SRA), Group Supplemental Retirement Annuities (GSRA), Retirement Choice Annuities (RC) and Retirement Choice Plus Annuities (RCP). The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

The TIAA Traditional Annuity is segregated into non-fully benefit and fully benefit responsive categories.

FRED HUTCHINSON CANCER CENTER RETIREMENT SAVINGS PLAN

Notes to Financial Statements For the Year Ended December 31, 2023

Note 5 - Continued

Investments in fully benefit responsive TIAA Traditional Annuity contracts are reported at contract value. Contract value is the aggregation of contributions, plus interest, less withdrawals and administrative expenses if any. The SRA, GSRA and RCP are considered fully benefit responsive. There are no liquidity restrictions for these contracts. Lump sum withdrawals and transfers from RCP contracts can occur without surrender charges but a 90-day equity wash rule may be required if investments are transferred to competing funds. There are no events that would limit the Plan from transacting at contract value with the issuer or that would allow issuers to terminate these fully benefit responsive investment contracts with the Plan and settle at an amount different from contract value. The contract value of the fully benefit responsive TIAA Traditional Annuity contracts is \$14,856,150 and \$15,696,551 as of December 31, 2023 and 2022, respectively.

As of May 1, 2012, new accounts were established for all active participants, which only include the RC. All participants in the Pre May 2012 legacy accounts are able to maintain their accumulations in that account, which includes the following annuity options: RA, GRA, SRA, and GSRA. While participants may reallocate accumulations among the available investment options including these annuities, they cannot make new contributions to the Pre May 2012 legacy accounts.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, are guaranteed by TIAA's claims paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate.

The RA contract does not allow lump sum cash withdrawals and transfers must be spread over 10 annual installments. With the GRA and RC contracts, lump sum withdrawals are available within 120 days of termination of employment and are subject to a 2.5% surrender charge. All other withdrawal and transfers from GRA contracts must be spread over 10 annual installments (five annual installments for withdrawals after termination of employment) and RC withdrawals and transfers must be spread over an 84 month period (7 years) in monthly systematic payments.

Note 6 - Tax Status

Management adopted a CCH Incorporated, DBA ftwilliam.com volume submitter 403(b) plan document. CCH Incorporated, DBA ftwilliam.com received an approval letter from the IRS dated March 31, 2017 which states that the form of the plan document satisfies the applicable provisions of Section 403(b) of the IRC. The Plan's management believes that the Plan is currently designed and being operated in a manner that would not jeopardize the tax benefits associated with these arrangements. The Plan is subject to audits by the IRS; however, there are currently no audits for any tax periods in progress.

During 2024, Fred Hutch adopted a Fidelity Workplace Services LLC volume submitter 403(b) plan document effective March 15, 2024. Fidelity Workplace Services LLC received an approval letter from the IRS dated August 7, 2017, which states that the form of the plan document satisfies the applicable provisions of the IRC.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, Fred Hutch has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 8 - Certified Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2023 and 2022, and investment income or loss for the year ended December 31, 2023, that is disclosed in the accompanying financial statements and supplementary information, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by TIAA, CREF, and Voya. For the plan year ended December 31, 2023, TIAA has been authorized by TIAA Trust, N.A. to certify investments for which TIAA Trust, N.A. is the directed custodian. As of December 31, 2022, TIAA was authorized by TIAA, FSB to certify investments for which TIAA, FSB was the directed custodian. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

Note 9 - Party-in-Interest Transactions

Certain plan investments are registered investment company funds managed by an affiliate of TIAA and fixed and variable annuity contracts issued by TIAA, CREF, and Voya. Therefore, transactions with such investments and fees paid from the Plan to TIAA, CREF, and Voya are party-in-interest transactions. The Plan pays certain expenses related to plan operations to various service providers and also issues loans to participants. These transactions are party-in-interest transactions.

Note 10 - Concentrations

Financial instruments that potentially subject the Plan to concentrations of credit risk consist principally of the fixed annuity contracts issued by TIAA. These investments represent approximately 9% and 11% of total plan investments at December 31, 2023 and 2022, respectively. The Plan's management seeks to limit its credit exposure by working with high credit quality institutions.

Note 11 - Late Contributions

Fred Hutch determined there were no instances of late contributions in 2023, however, during 2022 in which participant deferral contributions were not deposited by Fred Hutch as plan assets within the time limitation stipulated under the Department of Labor's regulations. Delinquent contributions are prohibited party-in-interest transactions under ERISA and also represent related party transactions between the Plan and Fred Hutch. During 2023, Fred Hutch calculated and remitted lost earnings associated with delinquent contributions identified in 2022.
