INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Villager Construction, Inc. Prevailing Wage Rate
and 401(K) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Villager Construction, Inc. Prevailing Wage Rate and 401(K) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Villager Construction, Inc. Prevailing Wage Rate and 401(K) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Villager Construction, Inc. Prevailing Wage Rate and 401(K) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Villager Construction, Inc. Prevailing Wage Rate and 401(K) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Villager Construction, Inc. Prevailing Wage Rate and 401(K) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Villager Construction, Inc. Prevailing Wage Rate and 401(K) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes and delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Supplemental Schedule Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VILLAGER CONSTRUCTION, INC. PREVAILING WAGE RATE AND 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

1. DESCRIPTION OF PLAN

The following description of the Villager Construction, Inc. Prevailing Wage Rate and 401(K) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Villager Construction, Inc. (the "Company"). Employees are eligible to participate in the Plan immediately upon hire and completion of one hour of service. Employees of the Company that are not eligible to contribute to the Plan are as follows: an employee covered by a collective bargaining agreement that does not provide for participation in the Plan, leased employees, an individual not reported on the payroll records of the Company as a common law employee, and employees that became an employee as a result of a Code Section 410(b)(6)(C) transaction. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration

The Company is the Plan administrator, and its President currently serves as the Plan's trustee. All Plan assets are held in trust and managed by Principal Life Insurance Company, Principal Global Investors Trust Company and Principal Trust Company (the "Custodians" or "Principals"). Administrative expenses are paid by the Company, except for administrative expenses related to personal retirement accounts, which are deducted from the related participants' accounts.

Contributions

Participants can contribute up to 92% of their compensation, subject to the maximum dollar amount permissible under the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make matching contributions to the Plan on a discretionary basis. For 2023, participants are eligible for the discretionary match immediately upon hire and completion of 1 hour of service. For an employee to be eligible for the match during 2022, they must be age 18 and have worked at least 1,000 hours within the Plan year. If eligibility is reached during 2023, the Plan may make a 50% match on up to 6% of an employee's elective deferral for the Plan year. If eligibility is reached during 2022, the Plan may make a 25% match on up to 6% of an employee's elective deferral for the Plan year. The Company made a matching contribution of \$285,875 and \$119,118 during 2023 and 2022, respectively.

Prevailing wage rate contributions are made for each participant who is working on a project covered by a prevailing rate schedule. The amount should be equal to the fringe benefit pension rate determined for such participants multiplied by each hour of service performed. These contributions totaled \$509,719 and \$340,063 during the years ended December 31, 2023 and 2022, respectively.

Effective May 1, 2022, the Plan was amended to allow participants to contribute both tax-deferred and after-tax (Roth) contributions to the Plan.

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

Participants' accounts are credited with their contributions and allocations of (a) the Company's contribution and (b) the Plan's earnings. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution plus actual earnings thereon is based on years of continuous service. A participant is 20% vested after two years of service, and vests 20% per year until they are 100% vested after six years of credited service or upon death, disability, or reaching the age of early retirement. Prevailing wage rate contributions are fully vested upon contribution into the Plan.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of the investment options as indicated by the Plan sponsor, which provide diversified investment allocations. Participants may change their investment options electronically at any time during the year.

Payment of Benefits

The value of a participant's account that is comprised of 401(K) elective deferral contributions is available to be paid immediately. Participant account balances that are comprised of employer contributions that are vested are available to be paid six months after termination of employment, unless retirement age, death or disability occur prior to the six-month waiting period ends. A participant may elect to receive either a lump-sum amount equal to the value of the participant's vested balance in his or her account, or annual or more frequent installments over a specified period.

Hardship Withdrawals

Hardship withdrawals from the Plan are permitted from fully vested accounts.

Forfeitures

Any forfeitures arising under the Plan are applied against future employer contributions to the Plan or employer administrative expenses related to the Plan. Prevailing wage rate contributions are non-forfeitable. There were no forfeitures during 2022. Forfeitures totaled \$2,763 during 2023 and were used to reduce employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis in conformity with accounting principles generally accepted in the United States.

Excess Contributions Due to Participants

The amount that highly compensated participants can contribute to the Plan is limited by the amount contributed by non-highly compensated participants. Excess contributions due to participants represent amounts contributed in excess of those limits. These amounts are required to be returned to those participants within two and one-half months of the end of the applicable plan year. Excess contributions due to participants are included in Plan liabilities on the statement of net assets available for benefits. As of December 31, 2023 and 2022, there were no excess contributions due to participants.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value based upon quoted market prices, as determined by the Custodians of the Plan's assets. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on an accrual basis.

The change in fair value of investments and realized gains (losses) are reflected in the accompanying statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

Contribution Receivable

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Benefit Payments

Benefit payments are recorded when paid.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates within these financial statements include the fair value measurements of Plan assets.

Fair Value of Financial Instruments

Accounting principles generally accepted in the United States of America establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

All of the Plan's investments are valued utilizing level 1 inputs.

- Level 2 – Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified term, the Level 2 input must be observable for substantially the full term of the asset or liability.

The Plan does not have any investments that are valued utilizing level 2 inputs.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value of Financial Instruments (Continued) -

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan does not have any investments that are valued utilizing level 3 inputs.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts – Valued at the net asset value (NAV) of the underlying shares held by the Plan at year-end.

Common collective trust funds - Valued at the net asset value (NAV) of the underlying shares held by the Plan at year-end.

Mutual funds – Stated at fair value based on quoted market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Income Taxes

The Plan sponsor is responsible for determining whether a tax position of the Plan is more likely than not to be sustained upon examination by the applicable taxing authority, based on the technical merits of the position. As of December 31, 2023 and 2022, the Plan has not recorded any provisions for accrued interest and penalties related to uncertain tax positions.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Events Occurring After Reporting Date

The Plan has evaluated events and transactions that occurred between December 31, 2023 and July 30, 2024, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements.

3. FAIR VALUE MEASUREMENTS

Below are the Plan's financial instruments carried at fair value on a recurring basis by the fair value hierarchy levels as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total Fair Value</u>

4. CERTIFIED INVESTMENT INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodians have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment activity as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022.
- The schedule of assets held for investment purposes as of December 31, 2023, as shown on Schedule I.

5. TAX STATUS INVESTMENT CONTRACT WITH INSURANCE COMPANY

The IRS has determined and informed the Plan sponsor by a letter dated August 19, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in their account balances.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are held in pooled separate accounts and common collective trust funds managed by the Custodians. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services and other administrative services amounted to \$40,036 and \$37,712 for the years ended December 31, 2023 and 2022, respectively.

8. NON-EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Subsequent to the plan year ended December 31, 2022, the Plan Sponsor identified that it did not remit certain participant contributions, from plan year ending December 31, 2022, to the Custodians in a timely manner based on when the contributions were withheld from the participants' paychecks as required under Department of Labor Regulations §2510.3-102. Once discovered, the Company corrected the error through the Voluntary Fiduciary Correction Program, and the participant accounts were credited with the amount of investment income that would have been earned had the participant contributions been made on a timely basis. Such amounts are not material to the Plan's financial statements.
