Independent Auditor's Report

Plan Administrator
The Revenue Assistance Corp., 401(k) Retirement Plan
Cleveland, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Revenue Assistance Corp., 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Revenue Assistance Corp., 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Revenue Assistance Corp., 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Revenue Assistance Corp., 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Revenue Assistance Corp., 401(k) Retirement Plan 's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Revenue Assistance Corp., 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule on page 13 as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE REVENUE ASSISTANCE CORP., 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2023 AND 2022

1. Description of the Plan:

The following brief description of The Revenue Assistance Corp., 401(k) Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering substantially all full-time employees of The Revenue Assistance Corp. dba The Revenue Group (the "Company" and "Plan Sponsor"). Eligible employees may enter the Plan on the first day of the quarter subsequent to meeting the age requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan Administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings, monitors investment performance.

There were law and operational changes impacting plans due to the passing of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Plan implemented the provisions of the CARES Act during the 2020. These optional features from the recent law changes that were adopted by the Plan will require written amendments before December 31, 2025 in accordance with applicable law and Internal Revenue Service (IRS) guidance.

Contributions:

Participants may elect to contribute a percentage of their compensation into the Plan on a pre-tax or post-tax (Roth contributions) basis. The amount participants can contribute on an annual basis is limited to the amount set by the IRS. The post-tax contributions by participants are Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company may make a discretionary matching contribution equal to a uniform percentage or dollar amount of a participant's elective deferrals each payroll period during 2023 and 2022. The Company made matching contributions equal to 50% of the first 6% of a participant's contribution. Participants are eligible for the Company matching contribution after completing one (1) year of service, with a minimum of 1,000 hours worked, and having attained the age of 18 years or older. The Company determines the formula for the discretionary matching contributions annually and announces it in advance of each Plan year.

In addition, each year the Company may make a discretionary nonelective contribution to the Plan. No discretionary nonelective contributions were made during 2023 or 2022.

Participants' accounts:

Separate accounts for each participant are maintained by Empower Annuity Insurance Company of America and Empower Trust Company, LLC ("Empower"), the trustee of the Plan. Each account is credited with contributions and earnings from investments held in the account. Participants may direct their contributions, including the employer portion, into a number of investment options.

THE REVENUE ASSISTANCE CORP., 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2023 AND 2022

1. Description of the Plan (continued):

Vesting:

Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Vesting in employer discretionary matching and nonelective contributions is based on years of continuous service with the Company, based on the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more	100%

All participants are 100% vested upon reaching normal retirement age (65 years of age, as defined in the Plan agreement).

Forfeitures of nonvested accounts may be used to pay administrative expenses of the Plan or reduce future employer contributions. Forfeitures used to offset employer contributions totaled \$325 during 2023 and \$40,504 during 2022. Unallocated forfeitures totaled \$5,674 and \$332 at December 31, 2023 and 2022, respectively.

Payment of benefits:

Upon termination of service for any reason, prior to the normal retirement age, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Upon termination of service for any reason, after the normal retirement age (as defined in the Plan agreement), a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or payment in annual installments not to extend past the lives or life expectancies of the participant and spouse.

The Plan permits in-service withdrawals for participants who have attained age 59½, who have incurred a disability (as defined in the Plan agreement), and for all participants that have rollover contributions in the Plan. In the case of hardship, a participant may apply for a distribution equal to the participant's pre-tax contributions, as described in the Plan agreement. Lump sum distributions are required if the vested balance is \$5,000 or less.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements are prepared on the accrual basis of accounting.

THE REVENUE ASSISTANCE CORP., 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2023 AND 2022

2. Summary of significant accounting policies (continued):

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes receivable from participants:

Participants considered active employees with a minimum vested account balance of \$2,000 may borrow from their accounts. The minimum note is \$1,000 to a maximum equal to the lesser of \$50,000 or 50 percent of the vested account balance. Repayment of a note must be made over a period not to exceed five years, unless the note is used to purchase a principal residence. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. The interest rate is fixed for the life of the note. The notes bear interest of 5.00% at December 31, 2023 and between 4.50% and 5.00% at December 31, 2022.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make note payments and the plan administrator deems the note receivable to be in default, the note receivable balance is reduced and a benefit payment is recorded.

Investment valuation and income recognition:

The mutual funds are reported at fair value using methodologies described in Note 4. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The guaranteed investment contract is recorded at contract value. The contract value is determined by Empower, which is the value of the fund as of the last business day in the plan year plus any accrued interest through the last day of the plan year. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee of the Plan.

Purchases and sales of investments, including gains or losses, are recorded on a trade-date basis. Interest income is recorded when earned, and dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Benefit payments:

Benefit payments to participants are recorded when paid.

THE REVENUE ASSISTANCE CORP., 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2023 AND 2022

2. Summary of significant accounting policies (continued):

Administrative expenses:

Certain administrative functions are performed by employees of the Company. No such employee, nor the Company, receives compensation from the Plan for these services.

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in fair value of investments on the statement of changes in net assets available for benefits. These transactions qualify as party-in-interest transactions.

Subsequent events:

In preparing these financial statements, management has evaluated events and transactions for potential recognition or disclosure through July 11, 2024, the date the financial statements were available to be issued.

3. Investments:

The following table represents the value of participant directed investments at December 31, 2023 and 2022.

	<u>2023</u>	<u>2022</u>
Mutual funds (at fair value)	\$ 6,556,627	\$ 5,217,991
Guaranteed investment contract (at contract value)	<u>60,278</u>	<u>64,534</u>
	<u>\$ 6,616,905</u>	<u>\$ 5,282,525</u>

4. Fair value:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

THE REVENUE ASSISTANCE CORP., 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2023 AND 2022

4. Fair value (continued):

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively-traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022.

	2023 <u>(Level 1)</u>	2022 <u>(Level 1)</u>
Mutual funds	<u>\$ 6,556,627</u>	<u>\$ 5,217,991</u>

5. Investment contract with insurance company:

The Plan participates in a fully benefit-responsive investment contract with the Empower Key Guaranteed Portfolio Fund. Empower maintains the contributions in a separate account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

THE REVENUE ASSISTANCE CORP., 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2023 AND 2022

5. Investment contract with insurance company (continued):

Contract value, as reported to the Plan by Empower, represents contributions made under contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Empower. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with Plan participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	<u>2023</u>	<u>2022</u>
Average yields:		
Based on actual earnings	1.23%	.94%
Based on interest rate credited to participants	1.23%	.93%

6. Income tax status:

The trust established under the Plan, which holds the Plan's assets, is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes.

The Internal Revenue Service has determined that the prototype plan under which The Revenue Assistance Corp., 401(k) Retirement Plan is organized and designed is in accordance with applicable sections of the Internal Revenue Code (Code). The Plan is required to operate in conformity with the Code to maintain its qualification and the prototype plan received a favorable determination letter from the Internal Revenue Service dated June 30, 2020. The Plan has not been amended since receiving the determination letter and therefore, the Plan is qualified and the related trust is exempt from taxation.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and the Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

THE REVENUE ASSISTANCE CORP., 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2023 AND 2022

7. **Certified investments:**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments and interest and dividends for the years ended December 31, 2023 and 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower, trustee of the Plan.

8. **Party-in-interest transactions:**

The Plan issues loans to participants which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions. Certain of the Plan's investments are managed by affiliates of Empower. Empower is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Direct fees paid by the Plan to Empower for record keeping services amounted to \$23,110 in 2023 and \$24,254 in 2022 are recorded as administrative expenses in the statements of changes in net assets available for benefits.

9. **Prohibited transactions:**

During 2018 and 2020, the Company failed to remit certain participant contributions and loan repayments totaling \$48,116 and \$18,283, respectively, to the Plan within the period prescribed by Department of Labor regulations. The Company remitted the 2018 and 2020 contributions during the 2018 and 2020 Plan years to the affected participants' accounts. The remittances were fully corrected during 2022.

Additionally, during 2019, 2020 and 2021, vesting percentages for certain individuals were incorrect resulting in discretionary matching contributions for participants being improperly forfeited. The Company calculated that there was \$32,337 of improper forfeitures and is processing distributions to the impacted employees. During 2022, the Company contributed \$32,337 to the Plan as an employer contribution and distributed the additional amounts to affected participants. Furthermore, the Company has reviewed and corrected vesting percentages for all active participants.

10. **Risks and uncertainties:**

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

11. **Plan termination:**

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA; however, each participant would have a nonforfeitable right to his or her total account balance as of the date of termination.
