Financial Statements and Supplemental Schedule

Year Ended December 31, 2023

WIPFLI

Independent Auditor's Report

To the Plan Administrator
The Boucher Group 401(k) Profit-Sharing Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Boucher Group 401(k) Profit-Sharing Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Boucher Group 401(k) Profit-Sharing Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the financial statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Boucher Group 401(k) Profit-Sharing Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Boucher Group 401(k) Profit-Sharing Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Boucher Group 401(k) Profit-Sharing Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Boucher Group 401(k) Profit-Sharing Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1: Description of Plan

The following description of The Boucher Group 401(k) Profit-Sharing Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

General

The Plan is a defined contribution plan covering substantially all employees who have completed one year of service in which at least 1,000 hours are worked and are age 21 or older of The Boucher Group, Inc. (the Company).

The Plan is intended to satisfy the requirements under Section 404(c) of ERISA, and therefore, provides that participants direct their contributions and/or their account balances among the Plan's investment alternatives. All investments are participant directed.

Contributions

Participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan, up to the annual maximum allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, pooled separate accounts, and an insurance investment contract as investment options for participants.

The Company makes discretionary matching contributions of 25% of the participant's deferral up to 1% of base compensation. The Company has the right to make a qualified non-elective contribution in the amount necessary to pass any compliance testing up to the maximum permitted by the IRS. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary matching and qualified non-elective contributions, and allocations of plan earnings (losses), thereon. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Total unallocated accounts specifically allocated to offset future expenses or Company contributions and/or allocated to participants on a nondiscriminatory basis were \$72,052 and \$56,823 as of December 31, 2023 and 2022, respectively. Unallocated amounts of \$156 were used to offset administrative expenses in 2023.

The Boucher Group 401(k) Profit-Sharing Savings Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Vesting

Participants are immediately vested in their voluntary contributions and qualified non-elective contributions plus actual earnings (losses) thereon. Vesting in the Company's discretionary matching contribution portion of their account plus actual earnings (losses) thereon is based on the number of years of continuous service. Participants vest at a rate of 20% per year beginning with the second year of service. Participants become fully vested after six years of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at the prime rate at the note date, plus 2%. Interest rates on existing notes range between 5.25% and 10.50%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either lump-sum, straight life annuity, term certain annuity, or 75% joint and survivor annuity, if the account balance is greater than \$5,000. If the participant's vested account balance does not exceed \$5,000, it can be distributed only in a single lump-sum payment. Account balances between \$1,000 and \$5,000 are rolled into an Individual Retirement Account in the participant's name if they have not provided direction for distribution, and automatic cash distributions are made for amounts less than \$1,000. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In addition, hardship distributions out of the participant's voluntary contributions account are permitted, if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 1/2.

Forfeitures

Plan forfeitures arise as a result of participants who terminate service with the Company before becoming 100% vested in the Company's discretionary matching contributions. These forfeitures may be reallocated for restoration of participant forfeitures if rehired, may be used to pay administrative expenses, or used to reduce Company contributions in accordance with the plan document. Net forfeitures were used to offset plan expenses by \$7,966 in 2023. At December 31, 2023 and 2022, unallocated forfeitures from nonvested accounts totaled \$2,232 and \$0, respectively.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

The Boucher Group 401(k) Profit-Sharing Savings Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Use of Estimates in Preparation of Financial Statements

The preparation of the accompanying financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the fully benefit-responsive investment contract (FBRIC). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. FBRIC's are reported at contract value, which is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the Plan Administrator deems the participant to be in default, the participant loan balance is reduced and the benefit payment is recorded. The Plan permits refinancing of personal loans other than for the purchase of a principal residence.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Company pays various Plan expenses including third-party administration fees and audit fees, which are excluded from the Plan's financial statements. Investment advisory and management fees are allocated proportionately to Plan participants based on their respective account balances. Loan fees are charged directly to the participant's account against the investment option for which the loan was originally charged. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through August 1, 2024, which is the date the financial statements were available to be issued.

Notes to Financial Statements

Note 3: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted prices for identical assets. Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 investments would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: The fair value of the pooled separate accounts represents the NAV of the fund shares. The NAV, as provided by Transamerica Financial Life Insurance Company, Inc., is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the funds minus liabilities, and then divided by the number of shares outstanding as determined by Transamerica Financial Life Insurance Company, Inc. The pooled separate accounts can be redeemed on a daily basis at the NAV. None of the Plan's investments had unfunded commitments or a redemption notice period.

Collective trust: Fair value is estimated using the NAV per unit by the issuer of the collective trust and is based on the fair value of the underlying investments held by the collective trust. The objective of the Stable Pooled Fund is to provide a moderate level of stable income without principal volatility. The collective fund seeks to maintain safety of principal while obtaining consistent, low volatility return superior to other high quality alternatives over a full interest rate cycle. Investments in the collective trust can be purchased and sold continuously. Company level redemptions occur at NAV following a 12-month notice period. The Company has no obligation to buy additional units.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

December 31, 2023	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 30,146,794	\$ -	\$ -	\$ 30,146,794
Pooled separate accounts and collective trusts measured at NAV				9,649,877
Total assets at fair value				\$ 39,796,671

Note 3: Fair Value Measurements (Continued)

December 31, 2022	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 24,948,314	\$ -	\$ -	\$ 24,948,314
Pooled separate accounts and collective trusts measured at NAV				7,977,951
Total assets at fair value				\$ 32,926,265

Note 4: Fully Benefit-Responsive Investment Contracts

The Plan entered into a FBRIC with Transamerica Financial Life Insurance Company, Inc. (TFLIC) and Transamerica Life Insurance Company, Inc., which will be referred to as Transamerica (TA) Stable Funds. TA maintains the contributions in a general account. The account is credited with earnings (losses) on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Participants may elect to transfer all or part of their funds into the TA stable funds. The stable value fund is considered to be a FBRIC. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits. Contract value, as reported by TA, is the beginning balance plus any deposit and credited interest, less any withdrawals, charges, or expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of TA or otherwise. The contract value of the investment contracts at December 31, 2023 and 2022 was \$2,690,220 and \$2,702,533, respectively. This investment seeks to protect against any loss of principal while providing returns in excess of money market funds and one year U.S. Treasury bills. The investments have a portfolio investment rate design in which all deposits are credited with the same interest rate, credited on a daily basis, and with no set maturity.

The effective credited interest rate is set monthly and effective on the first day of the month. Contract charges may reduce this return. TA stable value fund is not a separate account investment choice, rather, it is an investment in TA's general account. The average yield of the stable value fund based on actual earnings (losses) and interest was credited to participants for the year ended December 31, 2023.

Certain events may limit the ability of the Plan to transact at contract value with TA. Such events include the following: (1) the Plan no longer constitutes a tax qualified plan according to Section 401(a) or 403(a) of the Internal Revenue Code (IRC), (2) TA does not receive deposits required under the terms of the contract, (3) TA determines it can no longer provide benefits under the contract because of a change in the Plan, (4) TA is advised that TA's service agent, Transamerica Retirement Solutions, LLC, has received or has given notice that it will no longer be providing recordkeeping and administrative services to the Plan, (5) TA receives written notice from the contract holder to transfer contract assets to successor funding agent, (6) deposits are made to any fund that is not included in the contract or is not available under the terms of the contract, or (7) in the opinion of TA, the contract holder violates any provision in the contract. The Plan Administrator believes that no events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 5: Information Prepared and Certified by the Trustees

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and the FBRIcs held at December 31, 2023 and 2022, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2023, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by State Street Bank and Trust Company, Transamerica Financial Life Insurance Company, Inc. and Transamerica Life Insurance Company, Inc., trustees of the Plan.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan document to discontinue its contributions and to terminate or partially terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts and in any allocations of unallocated accounts.

Note 7: Tax Status

The Plan adopted a nonstandard prototype document with an IRS notification letter which states the prototype Plan document is in compliance with the applicable sections of the IRC. The Plan has been amended since receiving the determination letter; however the Plan Administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Party-in-Interest Transactions

Transactions involving investments administered by State Street Bank and Trust Company, Transamerica Financial Life Insurance Company, Inc. and Transamerica Life Insurance Company, Inc., the Plan trustees, are considered party-in-interest transactions. These transactions are not, however, considered prohibited under ERISA regulations. Fees paid by the Plan for administrative expenses amounted to \$5,783 for the year ended December 31, 2023. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.
