INDEPENDENT AUDITORS' REPORT

To PTC Inc. 401(k) Plan Committee, on behalf of the
ServiceMax, Inc. 401(k) Plan Committee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of ServiceMax, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 7, 2023 and December 31, 2022, the related statement of changes in net assets available for benefits for the period from January 1, 2023 through December 7, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 7, 2023 and December 31, 2022 and for the period from January 1, 2023 through December 7, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, the Plan was terminated as of December 30, 2022. As a result, in accordance with accounting principles generally accepted in the United States of America, the Plan has used the liquidation basis of accounting in presenting the 2023 and 2022 financial statements. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS

December 7, 2023

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the ServiceMax, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a complete description of the Plan’s provisions.

General – The Plan was originally established on January 1, 2009 to provide benefits for the employees of ServiceMax, Inc (the “Company”). The Plan was a voluntary defined contribution plan available to employees of the Company age 18 years or older who had met the eligibility requirements discussed below. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and certain provisions of the Internal Revenue Code (“IRC”).

Employees became eligible to contribute to the Plan effective the first day of the month following their date of hire and satisfaction of the age requirement. Employees governed under a collective bargaining agreement, non-resident aliens, leased employees and interns were excluded from participating in the Plan.

The Plan provided for a plan administrator who was responsible for keeping accurate and complete records with regard to the Plan’s operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conformed to the law and government regulations, and providing participants with any reports and documents required by law. The Plan Committee was responsible for the oversight and administration of the Plan as well as determining the appropriateness of the Plan’s investment offerings and monitoring investment performance.

Plan Termination – Effective December 30, 2022, the Plan was terminated as a result of the acquisition of the Company by PTC Inc. on January 4, 2023. As of the date of termination, participants became fully vested in their account balances and had an option to rollover their vested balances to the PTC 401k Savings Plan. Existing ServiceMax, Inc. employees who became PTC Inc. employees were eligible to participate in the PTC 401k Savings Plan, a defined contribution plan established by PTC Inc., starting on February 1, 2023.

The Plan’s activity ceased on December 7, 2023, when all assets had been distributed from the Plan.

Participant Contributions – Prior to the Plan termination, participants could voluntarily contribute any combination of pre-tax elective deferrals and post-tax (“Roth”) elective deferrals from 1% to 85% of their eligible earnings, as defined in the Plan document. Participants who had attained at least 50 years of age could make additional catch-up contribution. Participants were also allowed to roll over contributions from other qualified retirement plans, subject to approval by the plan administrator.

The Plan provided for an automatic enrollment feature whereby all eligible employees hired on or after May 1, 2019 were automatically enrolled in the Plan at a contribution rate of 5% of eligible compensation. In addition, the automatic deferral amount was subject to an automatic increase of 1% of eligible compensation each plan year up to a maximum of 10%. All automatically enrolled employees had the right to opt out of participating or to change the deferral rate.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Employer Contributions – Prior to the Plan termination, the Company could make a discretionary matching contribution based on a percentage of each participant's contribution, subject to limitations imposed by applicable provisions of the IRC.

Due to the termination of the Plan, contributions are not allowed. There were no employee or employer contributions to the Plan for the period from January 1, 2023 through December 7, 2023

Participant Accounts – The Plan maintained an account for each participant which was credited or charged for the participant's contributions and allocations of the Company's discretionary contributions and Plan investment earnings or losses, and charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant contributions, earnings or account balances, as defined in the Plan document. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account balance.

Vesting – Prior to the Plan's termination, participants were immediately vested in their voluntary contributions, rollover contributions, plus actual earnings thereon. Effective February 1, 2022, the Plan was amended to remove the vesting requirement related to the Company's discretionary matching contributions. As a result, all participants became 100% vested in employer contributions and actual earnings thereon. Prior to February 1, 2022, the Company's discretionary matching contributions and actual earnings thereon vested in 25% increments beginning after one year of service. To earn a year of service for vesting purposes, a participant was required to have at least 1,000 hours of credited service during the Plan year.

Upon Plan termination, participants became 100% vested in their accounts.

Investment Options – Prior to the Plan termination, a participant was permitted to direct the investment of their account balance among the funds available under the Plan upon enrollment in the Plan.

Notes Receivable from Participants – Prior to the Plan termination, eligible participants could borrow from their vested account balances a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The maximum loan amount was reduced by the highest loan balance during the preceding 12 months minus the loan balance on the date a new loan was made. The loans were secured by the vested balance in the participant's account and bore a fixed interest rate based on the prime rate plus 1 percent at the date of the loan. Loan terms ranged from one to five years, except for loans used to finance the purchase of a primary residence, which could be for a longer period. Principal and interest were paid through payroll deductions.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits – Prior to the Plan termination, upon reaching normal retirement age of 65 years, termination of employment, disability or death, participants were eligible to receive a lump-sum distribution, installment distributions, a direct rollover distribution, or a combination of cash and a direct rollover distribution equal to the value of the participant's vested interest in his or her account. If the value of the participant's account was less than \$5,000, the payment would be made in a lump-sum distribution as soon as administratively feasible. Participants could withdraw up to 100% of their contributions and up to 100% of their vested employer contributions for certain financial hardships.

In-service distributions, when a participant reached the age of 59½ years, were permitted from the participant's vested account balance. The payment of benefits to retired participants was required to begin no later than April 1st following the end of the year in which the participant reached 72 years of age.

All distributions made due to termination of the Plan were made in the form of a lump-sum payment or a direct rollover to a qualified plan.

Forfeitures – Prior to the Plan termination, the unvested portion of the participant's account was forfeited upon separation of employment. Forfeitures could be used to pay Plan expenses or to reduce employer contributions. As of December 7, 2023, there were no forfeitures left in the Plan. As of December 31, 2022, forfeited non-vested accounts totaled \$4,612. During the period ended December 7, 2023, \$5,235 of forfeitures were used to pay plan expenses, the rest were allocated to participants due to plan termination.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements have been prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles ("U.S. GAAP"). Effective December 30, 2022, the Plan was terminated. As a result, the Plan's financial statements as of December 7, 2023 and December 31, 2022 and for the period from January 1, 2023 through December 7, 2023 have been prepared on the liquidation basis, in accordance with U.S. GAAP. This basis of accounting is considered appropriate when, among other things, liquidation of an entity is probable and the net realizable value of assets are reasonably determinable. Under the liquidation basis of accounting, assets are stated at their estimated net realizable cash value and liabilities are stated at their anticipated settlement amounts. The estimated net realizable cash value for investments as of December 31, 2022 would be equivalent to fair value.

Use of Estimates – The preparation of financial statements in accordance with U.S. GAAP, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition – Investments were reported at liquidation basis, which is substantially equivalent to fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determined the Plan's valuation policies utilizing information provided by the investment adviser and custodian. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation (depreciation) included the Plan's gains and losses on investments bought and sold, as well as held, during the year, and has been reflected in the Statement of Changes in Net Assets Available for Benefits.

Notes Receivables from Participants – Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expense when they were incurred. No allowance for credit losses was recorded as of December 7, 2023 or December 31, 2022.

Payments of Benefits – Benefits were recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan were paid directly by the Company and excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the related participant's account and included in administrative expenses. Investment related expenses were included in net appreciation (depreciation) of fair value of investments.

Concentrations – Since all assets had been distributed from the Plan as of December 7, 2023 (see Note 1), there was no investment concentration as of December 7, 2023. As of December 31, 2022, one investment accounted for approximately 13% of total investments. In addition, as of December 31, 2022, the target date funds in the aggregate accounted for 42% of total investments.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the *Fair Value Measurements and Disclosures* topic of the Financial Accounting Standards Board Accounting Standards Codification (“FASB ASC”) 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used by the plan for assets measured at fair value. There have been no changes in the methodologies used during 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Collective Trust Funds: Valued at the NAV of units of the collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investments for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require one year's notification in order to ensure that securities liquidations will be carried out in an orderly business manner. As a result of the Plan termination, the issuer permitted redemption from the collective trust in order to facilitate the transfer of funds during February 2023.

Self-Directed Brokerage Accounts: Accounts primarily consisted of cash, mutual funds, exchange traded funds and common stock. Interest-bearing cash was valued at cost which represents fair value. The mutual funds were valued as described above. The shares of exchange traded funds and common stock were valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Assets in the Fair Value Hierarchy:				
Mutual Funds	\$ 25,422,657	\$ -	\$ -	\$ 25,422,657
Self-Directed Funds	<u>1,666,827</u>	<u>-</u>	<u>-</u>	<u>1,666,827</u>
	<u>\$ 27,089,484</u>	<u>\$ -</u>	<u>\$ -</u>	27,089,484
Investments Measured at NAV Practical Expedient ^(a) :				
Collective Trust Funds				<u>1,751,956</u>
Investments at Fair Value				<u>\$ 28,841,440</u>

(a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits.

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC (“Empower Trust”) (formerly Great-West Trust Company, LLC), the trustee of the Plan, has certified the completeness and accuracy of all investments and notes receivable from participants presented on the Statements of Net Assets Available for Benefits and in Note 3 as of December 7, 2023 and December 31, 2022, and the related investment income, and interest income on notes receivable from participants presented in the Statement of Changes in Net Assets Available for Benefits for the period from January 1, 2023 through December 7, 2023.

The Plan’s independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

NOTE 5 – RELATED PARTY AND PARTIES-IN-INTEREST TRANSACTIONS

Prior to the Plan’s termination, fees related to loans and distributions were charged directly to the related participant’s account and included in administrative expenses. Fees paid directly by the Plan to the custodian and affiliates of the custodian for recordkeeping and investment advisory services amounted to \$85,269 for the period from January 1, 2023 through December 7, 2023 and have been allocated proportionately to participant accounts. These fees were reported as administrative expenses in the Statement of Changes in Net Assets Available for Benefits.

NOTE 6 – TAX STATUS

The Plan was a defined contribution plan designed to qualify as a tax-exempt plan under the IRC. The Plan adopted the Great-West Trust Company, LLC Defined Contribution Pre-Approved Plan, which received an opinion letter from the Internal Revenue Service (“IRS”) on June 30, 2020, regarding the qualified status of this pre-approved plan. Although the Plan had been amended since receiving the opinion letter, the plan administrator believes the Plan was designed, and has been operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan was subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – OPERATIONAL ISSUE

As a result of the Plan’s termination, all participants became fully vested in their account balances effective December 30, 2022, the Plan termination date. However, in distributing the Plan’s assets available for benefits, Plan management discovered that the payments to certain participants did not properly reflect the fully vested balance of their account. Rather, a portion of the accounts for these affected participants was forfeited in error. Plan management is in the process of correcting these underpayments and does not believe the resolution of this matter will have a material impact on the Plan’s financial statements.

NOTE 8 – SUBSEQUENT EVENTS

The Plan’s management has evaluated subsequent events through July 31, 2024, the date the financial statements were available to be issued.
