INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
Fiore Management LLC Retirement Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Fiore Management LLC Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, the related statement of changes in net assets available for benefits for the year the ended December 31, 2021, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, information regarding the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes therein for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Other Matter - Supplemental Schedule

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"). Such supplementary information is the responsibility of Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following description of the Fiore Management LLC Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for more detailed information of the Plan's provisions.

General

The Plan is a defined contribution plan for the eligible employees of Fiore Management LLC (the "Company"). The Plan has a pretax salary reduction provision as defined under Section 401 of the Internal Revenue Code (the "Code"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established on April 4, 2019.

Eligibility

Substantially all employees of the Company are eligible to participate in the Plan provided they are 21 years or older and have been employed with the Company for two months or more. Employees can enter the Plan at the start of the following quarter upon satisfying the eligibility requirements.

Contributions

The Plan has an automatic enrollment feature under which, upon meeting eligibility requirements, employees are automatically enrolled into the Plan unless an election is made to opt out. Participants' contributions cannot exceed Internal Revenue Service ("IRS") limitations. Participants who have attained 50 years of age or more before the end of the Plan year are eligible to make catch-up contributions. Rollover contributions from other qualified plans are accepted by the Plan. Participants direct the investment of all contributions to their accounts into various investment options offered by the Plan.

The Plan does not allow for employer contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and Plan earnings and reduced by withdrawals and administrative expenses. Allocations are based upon participant wages, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

Participants are fully vested and entitled to receive their full account balance upon retirement, disability, or death. Upon reaching the retirement age of 59½ or upon termination of service, a participant may elect to receive a lump-sum payment equal to the vested value of his or her account balance.

Notes Receivable from Participants

The Plan allows participants to borrow up to 50% of their vested account balances for up to $50,000. The minimum amount is $1,000. The note repayment period must be no more than five years, although it may be longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the rate available for similar loans from commercial lending institutions. A participant may have only one loan outstanding at any time. Interest is at the rate of 4.25%, maturing through October 2022.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon.

Benefit Payments
Upon reaching retirement age or upon termination of service, a participant receives a lump-sum amount equal to the value of the participant's vested interest in his or her account. Hardship distributions are permitted from the participant's pretax elective deferral account.

Investments
Each participant directs the allocation of his or her contributions to one or more of the investment options offered by the Plan. Purchases and sales of securities are recorded on a trade-date basis.

Administrative Expenses
All expenses incurred by the Plan are paid from the Plan's assets to the extent the expenses have not been paid by the Company. For the year ended December 31, 2021, administrative expenses of $6,904 were paid by the Plan.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates
The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investments Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determined the Plan's valuation policies by utilizing information provided by the Plan's trustee and custodian. Marketable securities, including common stock, corporate bonds, and US government and government agencies' obligations, and mutual funds are valued at the closing price reported on the active market on which the individual securities are traded. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Risks and Uncertainties
The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investments securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Subsequent Event

The Plan evaluated subsequent events through July 22, 2024, the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. However, the determination of what constitutes observable inputs requires judgment by the Plan's management. Plan management considers observable data to be that market data, which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by multiple independent sources that are actively involved in the relevant market.

The following is a description of the valuation methodology used for the Plan's assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020. There were no transfers between Levels 1, 2, and 3 for the periods presented.

Registered Investment Companies (Mutual Funds): Registered investment companies held by the Plan are exchange-traded funds that are valued daily at the closing price as reported by the fund. The funds are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The exchange-traded funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2021			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies	$ 574,151	$ -	$ -	$ 574,151

	2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies	$ 319,727	$ -	$ -	$ 319,727

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, so that each participant receives 100% of his or her account balance as of the date of termination.

5. TAX STATUS

The Plan received its latest determination letter on June 30, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable sections of the Code and the related trust is exempt from federal income taxes under Section 401(a) of the Code. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there has been no tax-related interest or penalties for periods presented in these financial statements.

6. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The Form 5500 was prepared on the cash basis of accounting as of December 31, 2021.

The following is a reconciliation of benefit payments per the financial statements for the year ended December 31, 2021 to the Form 5500:

Benefit payments directly to participants or beneficiaries, including rollovers per the financial statements	$	83,615
Add: Prior-year corrective distribution payable		8,771
Benefit payments directly to participants or beneficiaries, including rollovers per the Form 5500	$	92,386
