INDEPENDENT AUDITORS' REPORT

To the Administrator of the
Tom Barrow Co. Profit Sharing Plan
Atlanta, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Tom Barrow Co. Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Tom Barrow Co. Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520-103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Tom Barrow Co. Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Tom Barrow Co. Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but it is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Tom Barrow Co. Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Tom Barrow Co. Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used

to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TOM BARROW CO. PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 - Description of plan:

The following description of the Tom Barrow Co. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan sponsor is Tom Barrow Co. (the Company, Plan Sponsor, or Plan Administrator). The Plan is a defined contribution plan covering substantially all employees of the Company who are age 18 or older except for union employees, non-resident alien employees with no U.S. source income, leased employees, and cooperative students. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendments

Effective March 1, 2022, the Plan was amended to allow prior service of the newly acquired entity, CMH Solutions, Inc., as it relates to eligibility, vesting, and allocation conditions.

Effective November 16, 2022, the Plan was amended to permit in-service distributions to participants who have reached age 59 1/2.

Contributions

Participants' contributions may range from 1% to 100% in whole percentages of annual wages, subject to certain Internal Revenue Code (IRC) limits. Participants who reach age 50 or older in a calendar year and make the maximum pre-tax or Roth contribution for the year may make an additional "catch-up contribution" of up to 100% of annual wages each pay period, subject to IRC limits. Eligible participants automatically have 3% of their compensation deferred unless the participant elects otherwise. The Plan allows the Company to make discretionary matching contributions that are determined annually and beginning in 2023 are funded on a pay-period basis. Participants generally must be employed on the last day of the Plan year and have completed at least 1,000 hours of service to be eligible for employer discretionary matching contributions. For the 2023 Plan year, the Company matched 50 cents for every dollar deferred up to 5% of adjusted compensation. The Company may also elect to make discretionary profit sharing contributions. There were no discretionary profit sharing contributions made for the 2023 Plan year. Participants may allocate their deferrals and employer contributions made on their behalf into any investment option offered by the Plan.

Notes to Financial Statements - Continued

December 31, 2023 and 2022

Note 1 - Description of plan - continued:

Participant accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's contributions, and Plan earnings, and is charged with withdrawals, an allocation of Plan losses, and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary deferrals plus actual earnings thereon. Vesting in the remainder of their account is based on years of continuous service. A participant begins vesting after two years of service and is 100% vested after six years of credited service.

Notes receivable from participants

The plan does not allow participant notes.

Payment of benefits

On termination of service, the participant may elect to receive the value of his or her account in a lump-sum distribution. Payments for amounts that represent vested benefits less than or equal to \$1,000 will be made as soon as administratively feasible. Payments to participants with vested benefits greater than \$1,000 will be made based on the participant's election. Participants who have terminated employment for reasons other than death, disability, or retirement will receive a distribution equal to the portion of their account balance that is attributable to their elective deferrals, Roth contributions, rollover contributions, vested employer contributions, and earnings and losses thereon, as soon as administratively feasible. Additionally, in-service withdrawals of a participant's deferral contributions are permitted in cases of proven financial hardship or attainment of normal retirement age. Effective March 1, 2022, participants who attain age 59 1/2 may take in-service distributions from all vested account balances.

If a distribution of a vested account balance was made and the participant is re-employed within five years, the participant has the right to repay this distribution. If the entire distribution is repaid, the account balance will be restored with the forfeited amount. This distribution must be repaid as defined in the Plan document, before five consecutive years of breaks in service are incurred.

Notes to Financial Statements - Continued

December 31, 2023 and 2022

Note 1 - Description of plan - continued:

Administrative expenses

The Plan is responsible for the Plan's administrative expenses, except for certain fees, for which the Plan Sponsor is responsible. Fees charged for processing benefits paid to participants, as well as other account transaction fees, are charged directly to the accounts of the applicable participants.

Forfeited accounts

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$11,415 and \$2,989, respectively. Forfeitures are used to reduce employer matching contributions and/or to pay administrative expenses at the discretion of the Plan Sponsor. During 2023, forfeitures of \$7,406 were used to reduce employer matching contributions and pay administrative expenses.

Note 2 - Summary of significant accounting policies:

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Group annuity contract

The Plan has a group annuity contract with Empower Annuity Insurance Company of America (EAIC) that invests contributions in the EI Fixed Account - Series Class II. The EI Fixed Account - Series Class II is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly. The actual average yield earned by the plan in 2023 was 1.48%. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract meets the fully benefit-responsive contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because it is the amount that would be received by participants if they were to initiate permitted transactions under the terms of the Plan.

TOM BARROW CO. PROFIT SHARING PLAN

Notes to Financial Statements - Continued

December 31, 2023 and 2022

Note 2 - Summary of significant accounting policies - continued:

Group annuity contract - continued

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

EI Fixed Account - Series Class II may impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance. Generally, a 60 day notice is required by either party to discontinue the contract. EI Fixed Account - Series Class II may elect to defer payment of the contract for up to 12 months after the contract is discontinued.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include 1) amendments to the Plan document (including complete or partial Plan termination or merger with another plan), 2) changes of the Plan's prohibition on competing investment options, 3) bankruptcy of the Plan Sponsor or other events that cause a significant withdrawal from the Plan, or 4) failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Sponsor does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Investment valuation and income recognition

The Plan's mutual fund investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investments are valued at fair value based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets; |

Note 2 - Summary of significant accounting policies - continued:

Investment valuation and income recognition - continued

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023 and 2022.

- Mutual funds (or shares of registered investment companies) are valued at the net asset value of shares held by the Plan at year end by obtaining quoted prices on nationally recognized securities exchanges.

The methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value:			
Mutual funds	\$ 33,165,693	\$ -	\$ 33,165,693

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make certain estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the reporting date. Actual results could differ from those estimates.

Payment of benefits

Benefits are recorded when paid.

Notes to Financial Statements - Continued

December 31, 2023 and 2022

Note 2 - Summary of significant accounting policies - continued:

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Subsequent events

The Plan has evaluated subsequent events through July 31, 2024, which is the date these financial statements were available to be issued. All subsequent events, if any, requiring recognition as of December 31, 2023, have been incorporated into these financial statements. See Note 9.

Note 3 - Investments and information certified by the trustee:

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2023 and 2022 and net appreciation in fair value of investments, and interest and dividends for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by the trustee, Empower Trust Company, LLC.

Note 4 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

TOM BARROW CO. PROFIT SHARING PLAN

Notes to Financial Statements - Continued

December 31, 2023 and 2022

Note 5 - Tax status:

The underlying prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020 stating that the Plan is qualified under Section 401(a) of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2020.

Note 6 - Party-in-interest transactions:

The trustees and their affiliates perform services for the Plan, sell products to the Plan, and manage and maintain certain investments of the Plan for which fees are charged to the Plan. The Plan pays a portion of the administrative expenses. Such transactions, while considered party-in-interest transactions under ERISA, are specifically exempt from the prohibited transaction rules.

TOM BARROW CO. PROFIT SHARING PLAN

Notes to Financial Statements - Continued

December 31, 2023 and 2022

Note 7 - Related party transactions:

The Plan has a services agreement with the trustees whereby the Plan receives revenue from contract asset charge fees related to investments of the Plan which is placed into an Expense Budget Account (EBA). The funds in the EBA can either be allocated to participants or used to offset amounts owed to the Plan's service providers for administration and other services provided to the Plan. During the year ended December 31, 2023, the Plan received \$39,271 of EBA credits associated with the services agreement which are included in other income on the statement of changes in net assets available for benefits. During the year ended December 31, 2023, there were \$39,271 of expenses paid out of the EBA which are included in administrative expenses on the statement of changes in net assets available for benefits. As of December 31, 2023 and 2022, the Plan had available \$1 of these monies for payment of future expenses. The EBA is included in the EI Fixed Account - Series Class II at December 31, 2023 and 2022.

Note 8 - Reconciliation of financial statements to Form 5500:

The following schedule reconciles the net assets available for benefits disclosed in these financial statements for the years ended December 31, 2023 and 2022 to Form 5500:

	<u>December 31,</u>	
	<u>2023</u>	<u>2022</u>
Net assets available for benefits per financial statements at fair value	\$ 37,977,216	\$ 34,645,368

Net assets available for benefits per the Form 5500	<u>\$ 37,977,216</u>	<u>\$ 34,145,368</u>

The following schedule reconciles employer contributions per the financial statements for the year ended December 31, 2023 to the Form 5500:

Employer contributions per the financial statements	\$ 665,455
Add: 2022 employer contributions receivable	<u>500,000</u>
Employer contributions per the Form 5500	<u>\$ 1,165,455</u>

Notes to Financial Statements - Continued

December 31, 2023 and 2022

Note 9 - Subsequent event:

On December 22, 2023, Tom Barrow Co. acquired H&B Products, Inc. On April 15, 2024, eligible employees of H&B Products, Inc. began participating in the Tom Barrow Co. Profit Sharing Plan. On July 10, 2024, H&B Products, Inc. merged all of the plan assets from the H&B Products, Inc. 401(k) Profit Sharing Plan, which totaled \$11,900,244, into the Tom Barrow Co. Profit Sharing Plan.

During the Plan's annual compliance testing for the year ended December 31, 2023, it was determined that certain participants received ineligible employer matching contributions of \$34,501. As a result, in February 2024 these amounts were transferred from the affected participant's account to the forfeiture account.
