**1** Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. ## Report of Independent Auditors

The 401(k) Oversight Committee of  
Salt River Materials Group 401(k) Plan

### Report on the Audit of the Financial Statements

#### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of Salt River Materials Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net position available for benefits as of December 31, 2023, and December 31, 2022, and the related statement of changes in net position available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

#### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Salt River Materials Group 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Salt River Materials Group 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Salt River Materials Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Salt River Materials Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Supplemental Schedule Required by ERISA***

The Schedule H, line 4(i) – schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 6 through 9 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## **Management's Discussion and Analysis**

### **December 31, 2023 and 2022**

---

We are pleased to provide this overview and analysis of the financial activities of the Salt River Materials Group 401(k) Plan (the Plan). The Plan is a defined contribution profit sharing plan, covering employees of Phoenix Cement Company and Salt River Sand and Rock Company, collectively referred to as the Salt River Materials Group (the Companies). This Plan was formerly known as Phoenix Cement Company 401(k) Plan. On January 1, 2007, Salt River Sand and Rock 401(k) Plan was combined into Phoenix Cement Company 401(k) Plan, which was then renamed Salt River Materials Group 401(k) Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is administered by the Companies. Principal Trust Company is the trustee and record keeper of the Plan. This analysis pertains to the years ended December 31, 2023 and 2022.

This discussion and the financial statements are prepared in accordance with the principles of governmental accounting and reporting promulgated by the Governmental Accounting Standards Board (GASB). Investments are stated at fair value, and revenues include the recognition of unrealized gains and losses. The accrual basis of accounting is used to record assets, liabilities, revenues, and expenses. Revenue recognition occurs when earned without regard to the date of collection. Benefits are recorded when paid.

#### **Financial Highlights**

- The Plan's assets increased to \$76,784,009 in 2023 from \$66,586,175 in 2022, a 15.3% increase. This is the result of contributions made into the Plan, as well as earnings and appreciation in the fair value of Plan investments over the year, net of distributions made to Plan Participants over the year. The Plan's assets decreased to \$66,586,175 in 2022 from \$84,755,227 in 2021, a 21.4% decrease. This is the result of depreciation in the fair value of Plan investments over the year, net of contributions made into the Plan, as well as earnings over the year, net of distributions made to Plan Participants over the year.
- The Plan had participant and employer contributions of \$7,779,380 during 2023. The Plan also had a net income from investment activity totaling \$12,381,165 for the year ended December 31, 2023. The Plan had participant and employer contributions of \$6,703,048, and net (loss) from investment activity totaling \$(14,803,460) the year ended December 31, 2022.
- Deductions from net position for 2023 decreased by \$105,929 to \$9,962,711, a 1.1% decrease compared to 2022. This is primarily the result of less distributions made to Plan participants during the year which was offset by more expenses.

**Revenues – Additions to Plan Net Position**

- In 2023, employer contributions increased by \$566,132, or 18.1%, compared to 2022. This is a result of the higher employee wages and deferrals during the year, and the associated match and safe harbor contributions being made by the employer.
- Participant contributions increased by \$510,200, or 14.3%, compared to 2022. This is the result of there being more participants in 2023, and employees making more contributions (deferrals) into the Plan during the year.
- Net investment income was \$12,381,165 in 2023 compared to a net investment loss of \$(14,803,412) in 2022.

## **Salt River Materials Group 401(k) Plan Management's Discussion and Analysis December 31, 2023 and 2022**

---

- The increase in Plan net position is primarily the result of the increase in the stock market during the year described in Investment Activities below.

### **Expenses – Deductions from Plan Net Position**

- Administrative expenses paid increased in 2023 by \$6,144, or 12.9%, compared to 2022. This is the result of certain individual fund fees being more than the previous year.
- Benefits paid to participants decreased in 2023 by \$112,073, or 1.1%, compared to amounts paid in 2022. This is a result of there being less withdrawals made by Plan participants.

### **Investment Activities**

The investments of the Plan are governed primarily by the Investment Policy Statement (IPS) through the SRMG 401(k) Oversight Committee. The IPS, as set forth by the Oversight Committee and the Salt River Pima-Maricopa Indian Community Investment Committee, establishes a standard for all fiduciaries, which includes anyone who has authority with respect to the Plan.

U.S. stocks advanced as investors cheered strong economic growth, and the likely end to the Federal Reserve's rate-hiking cycle. Overall, the S&P 500 Index returned nearly 12% during the fourth quarter and more than 26% in 2023. The Russell 1000 Growth Index was among the best performing indexes in 2024 finishing up more than 42%. Developed international stocks, as measured by the MSCI EAFE Index, rose 18.2% in 2024.

The Federal Reserve held rates steady for much of the second half of the year with the most recent 25 basis point hike coming in July. Fed Chair Jerome Powell noted that inflation had improved without a significant increase in unemployment. The central bank also signaled that it could cut rates in 2024. The Consumer Price Index finished the year at 3.4% in December, down from its 9.1% peak in June 2022. The unemployment rate was 3.7% in December, its lowest level since July.

The U.S. economy grew an annualized 3.4% in the fourth quarter, and 2.5% for the full year, as measured by gross domestic product. It was the sixth consecutive quarterly GDP gain and the fastest growth since 2021. Consumer spending - which makes up around two-thirds of the U.S. economy – rose 2.8% for the final quarter. The Conference Board's Consumer Confidence Index revealed economic optimism in December was at its highest level since July.

The U.S. bond market rebounded in the fourth quarter, boosted by the shift in narrative from the Federal Reserve and further reductions in inflation. Against this backdrop, U.S. Treasury yields fell. The 10-year Treasury ended the year at 3.9%, down by 69 basis points (bps) over the fourth quarter. All major U.S. fixed income sectors posted strong returns to end the final three months of the year. The Bloomberg U.S. Aggregate Index returned 6.8% in the fourth quarter and 5.5% for the full year.

The Plan is an ERISA participant-directed plan that complies with Internal Revenue Code (IRC) Section 404(c). The investment returns for the individual mutual funds offered to participants through the Plan are compared to appropriate benchmarks and peer groups as reflected in the December 31, 2023, investment report; and are analyzed by the SRMG 401(k) Oversight Committee.

## Salt River Materials Group 401(k) Plan

### Notes to Financial Statements

---

#### **Note 1 – Description of Plan**

The following description of the Salt River Materials Group 401(k) Plan (the Plan), a sponsored plan of the Salt River Pima-Maricopa Indian Community, provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of the Plan's provisions.

**General** – The Plan is a defined contribution profit sharing plan, covering the employees of the Phoenix Cement Company and Salt River Sand and Rock Company, collectively referred to as the Salt River Materials Group (the Companies). This Plan was formerly known as Phoenix Cement Company 401(k) Plan. On January 1, 2007, Salt River Materials Group 401(k) Plan was combined into Phoenix Cement Company 401(k) Plan, which was then renamed Salt River Materials Group 401(k) Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Salt River Materials Group is the Plan sponsor, and the Plan is administered by the Companies, which are responsible for establishing Plan benefits, contributions, and other provisions, and for approving all Plan amendments. Principal Trust Company is the trustee and record keeper of the Plan. At December 31, 2023, there were 465 Plan members consisting of 431 active members, 31 inactive members, and three deceased participants whose beneficiaries are receiving or are entitled to receive benefits.

**Eligibility** – Employees of the Companies who are at least 18 years old are eligible to participate in the Plan immediately.

**Contributions** – Participants may voluntarily elect to contribute between 1% and 100% of their pretax eligible compensation, as defined by the Plan, subject to certain limitations under the Internal Revenue Code (IRC). Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may elect to change their deferral percentage on the first day of each month and redirect the investment of their deferral percentage on the first day of each quarter and redirect the investment of their contributions or exchange their existing account balance on a daily basis. Withheld amounts are deposited by the Companies to the Plan as soon as practicable.

After eligibility requirements are met, participants are eligible for the Companies' discretionary matching contribution, currently equal to 100% of each participant's contributions up to 6% of the participant's annual eligible compensation. Additionally, participants automatically participate in the Companies' safe harbor plan provision in which the Companies will make a mandatory annual contribution equal to 3% of each participant's pre-tax earnings.

The Companies may also make annual discretionary profit-sharing contributions. There was no profit-sharing contribution made for the year ended December 31, 2023.

Contributions are subject to regulatory limitations.

## Salt River Materials Group 401(k) Plan

### Notes to Financial Statements

---

**Participant accounts** – Each participant's account is credited with the participant's contributions and the Companies' matching and safe harbor contributions as well as allocations of the Companies' profit-sharing contribution and Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting** – Participants are immediately 100% vested in their participant-elected contributions and the employer safe harbor contributions of the Companies plus actual earnings thereon. Employer matching contributions and discretionary profit-sharing contributions are 0% vested until the third year of service is completed, at which date they are 100% vested.

**Notes receivable from participants** – The Plan does not allow for notes receivable from participants.

**Payment of benefits** – On termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account, or an annuity to be paid in monthly installments over a fixed reasonable period of time, not exceeding the life expectancy of the participant or designated beneficiary. For termination of service due to other reasons or for termination of service with vested benefits of \$5,000 or less, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Effective January 1, 2024, for termination of service with vested benefits between \$7,000 and \$1,000 where the participant does not elect a benefit, the amount will be rolled into an Individual Retirement Account (IRA) on behalf of the participant. Vested benefits less than \$1,000 are paid in a lump sum distribution to the participant upon termination.

**Hardship withdrawals** – Under certain conditions, participants are permitted to withdraw all or a portion of their vested account balance. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of postsecondary education tuition, payment of the tax-deductible expenses related to damage of principal residence, payment of burial or funeral expenses, or to prevent eviction or foreclosure from the participant's principal residence. The minimum hardship withdrawal amount is \$1,000.

**In-service withdrawals** – Participants who are 59½ years of age or older are allowed to request an in-service withdrawal from the vested balance of their accounts. The taxable portion of an in-service withdrawal is subject to 20% mandatory federal withholding. If the participant has not reached age 59½, the taxable portion of the withdrawal may also be subject to a 10% nondeductible penalty tax.

**Forfeitures** – Nonvested participant accounts are forfeited when participants terminate their employment with the Companies. Forfeitures are applied to reduce Plan administrative expenses and future employer contributions. As of December 31, 2023 and 2022, forfeitures totaling \$3,033 and \$2,172, respectively, were available to reduce employer matching contributions. For the year ended December 31, 2023, \$72,630 in forfeitures were utilized to reduce matching contributions.

#### **Note 2 – Summary of Significant Accounting Policies**

**Basis of accounting** – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as applied to governmental units, using the accrual method of accounting. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

**Use of estimates** – The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Investment valuation** – Investments are reported at fair value. The Plan's trustee, Principal Trust Company, certifies the fair value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., exit price) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

**Income recognition** – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

**Contributions** – Contributions from participants and corresponding matching contributions are recorded in the year in which the employee contributions are withheld from compensation.

**Payment of benefits** – Benefits are recorded when paid.

**Expenses** – Administrative expenses are paid by the Companies. Plan documents allow for certain administrative and transaction fees to be paid by the Plan participants. Investment-related expenses are included in net appreciation of fair value of investments.

**Subsequent events** – Subsequent events are events or transactions that occur after the statement of net position available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net position available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net position available for benefits but arose after the statement of net position available for benefits date and before financial statements are available to be issued.

The Plan has evaluated subsequent events through August 2, 2024, which is the date the financial statements were available to be issued.

#### Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

#### Basis of fair value measurement

**Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

*Registered investment companies (mutual funds)* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Pooled separate accounts* – Units held in pooled separate accounts (PSAs) are valued using the net asset value practical expedient (NAV practical expedient) of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding.

## Salt River Materials Group 401(k) Plan

### Notes to Financial Statements

---

*Collective trusts* – Units held in collective trusts (CT) are valued using the NAV practical expedient of the CT, as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding. The NAV of a CT is calculated based on a compilation of primarily observable market information. The Plan has investments in the Principal Stable Value Fund (the Fund), which is a collective trust fund that pursues to invest in a diversified portfolio of guaranteed investment contracts and security-backed contracts, which typically have a fixed maturity. The Fund seeks to maintain safety of principal while obtaining a consistent, low volatility return superior to other high-quality alternatives over a full interest rate cycle. Qualified Plan participant-initiated withdrawals are honored at any time without penalty, regardless of their frequency or amount unless payments are being delayed to all Fund unit holders. Any plan sponsor initiated withdrawal from the Fund will require a 12-month written notice of the intent to withdraw assets from the Fund. Redemptions or exchanges of Fund shares may be delayed or suspended for up to 12 months, or longer, if Principal obtains an exemptive order or other appropriate relief as defined by the Fund.

The Plan also has investments in Vanguard Target Retirement Trusts, which are collective trust funds that use a targeted maturity. As the retirement date approaches the trust's allocation grows more conservative and begins to invest in the Vanguard Short-Term Inflation-Protected Securities Index Fund to provide a hedge against inflation while dampening the overall volatility of the portfolio. These trusts seek to provide growth of capital and current income consistent with its current target allocation by investing in a gradually more conservative mix of Vanguard funds and trusts. There are no restrictions on participant-initiated or plan sponsor-initiated withdrawals.

The following table discloses, by level, the fair value hierarchy of the Plan's assets at fair value as of December 31, 2023 and 2022:

| Fair Value Measurement at December 31, 2023     |                      |             |             |                      |

### Notes to Financial Statements

#### Note 4 – Investments

Investment securities are exposed to various risks that can affect the value of the Plan's investments such as custodial credit risk, interest rate risk, credit risk, concentration risk, and foreign currency risk. The Plan invests in registered investment companies (mutual funds), a CT stable return fund, and a pooled separate account (PSA). Mutual fund, CT, and PSA holdings in equity securities respond to such factors as economic conditions, individual company earnings performance, and market liquidity, while holdings in debt securities are particularly sensitive to credit risk and change in interest rates.

**Custodial credit risk** – Custodial credit risk is the risk that in the event of a failure by the counterparty, the Plan will not be able to recover the value of its investments that are in the possession of an outside party. The Plan's policies do not specifically address custodial credit risk, but all the Plan's investments are insured or registered, or held by the Plan or its agent in the Plan's name.

**Interest rate risk** – Interest rate risk arises from the likelihood that interest rates will rise or fall during the holding period of a fixed rate security and adversely affect the selling price of the security prior to maturity. The price of a debt security typically moves in the opposite direction of the change in interest rates. As of December 31, 2023 and 2022, the Plan had the following investments subject to interest rate risk:

| Investment                  | Fair Value           | Investment Maturities (in years) at December 31, 2023 |                     |                     |                     |

**Foreign currency risk** – Foreign currency risk is the risk that changes in exchange rates will adversely impact the fair value of an investment denominated in a foreign currency. The Plan's foreign currency risk exposure resides within the international mutual fund holdings. The Plan does not hold any direct investments or instruments denominated in a foreign currency.

RE: Salt River Materials Group (SRMG)  
EIN: 56-2621824, Plan No. 001

Enclosed is a Form 5500 Annual Report for the above referenced Plan. Please note that the plan sponsor is a division of the Salt River Pima-Maricopa Indian Community (SRPMIC), a federally recognized Indian tribal government. SRPMIC has made a good faith determination under Section 906 of the Pension Protection Act of 2006 (the "PPA") that the sponsor performs essential government functions that are not commercial in nature. This determination is also directed by Salt River Ordinance 327-08. As such, it is the SRPMIC's intent to preserve its right to treat the plan as a governmental plan under Internal Revenue Code Section 414(d) and ERISA Section 3(32).

The only federal guidance on essential government functions or commercial activities under the PPA as of the date of this filing is IRS Notice 2006-89. That Notice listed 5 activities presumed to be "commercial" in nature for purposes of the IRS good faith transition relief pending further guidance, and requested comments prior to the issuance of formal guidance under the PPA. SRPMIC, along with other tribes and tribal organizations across the country, submitted timely comments in opposition to the approach taken in Notice 2006-89. No formal guidance or regulations have been issued in response to the comments as of this date. Rather, the IRS extended its good faith relief until a date that is six months after formal guidance is issued. (Notice 2007-67).

The above plan does not include any employees engaged in activities identified as "commercial" in Notice 2006-89. SRPMIC and the Salt River Materials Group (SRMG) reserve their rights to assert government status under the PPA for the above plan and have requested consultation and participation in the pending regulatory efforts to define commercial activities under the PPA. The enclosed filing is not to be construed as a waiver of sovereignty or government status of SRPMIC or any of its divisions or their plans. The filing is a voluntary undertaking solely as a result of the lack of any regulatory guidance under Section 906 of the PPA at this time.

SRPMIC and SRMG reserve their right to consultation under Executive Order 13175 with regard to all matters arising under or out of the PPA.
