Report of Independent Auditors

The Plan Administrator of
Tapestry Solutions, Inc. Retirement Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Tapestry Solutions, Inc. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Tapestry Solutions, Inc. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tapestry Solutions, Inc. Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tapestry Solutions, Inc. Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tapestry Solutions, Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tapestry Solutions, Inc. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Tapestry Solutions, Inc. Retirement Plan

Notes to Financial Statements

Note 1 – Description of the Plan

The following description of the Tapestry Solutions, Inc. Retirement Plan (the Plan), provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General – The Plan is a prototype nonstandard defined contribution 401(k) profit-sharing plan, covering all eligible nonunion and non-leased employees of Tapestry Solutions, Inc. (the Company), or of any affiliate of the Company who has adopted the Plan. An employee is eligible to participate in the Plan immediately following or coincident with the date they attain age 18 and complete at least one hour of service within the 30-day period following the employee's employment commencement date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration – Charles Schwab Trust Bank (Schwab) is the trustee of the Plan.

Contributions – Contributions to the Plan are in the form of salary reductions which participants have elected to defer in lieu of current compensation. Participants may elect to contribute, subject to statutory limitations, up to 100% of their eligible compensation. Participants age 50 or older are allowed to make catch-up contributions. Participants may elect to change contribution percentages and the allocations of their contributions to the funds to be effective as soon as administratively feasible after the request is received. The Plan allows participants to contribute to the Plan from pre-tax and after-tax compensation. The Plan also accepts certain rollover contributions from other tax-qualified retirement plans. Unless the participant makes a contrary election, each participant is automatically enrolled in the Plan with an automatic deferral rate of 3% of eligible compensation each payroll period. The automatic deferral rate increases 1% each year up to a maximum of 10% unless the participant makes an alternate election.

Each year the Company may make matching contributions to the Plan on behalf of each employee who makes a salary reduction election. To receive matching contributions, the participant must complete at least one hour of service during the Plan quarter and be employed on the last day of the quarter. To receive other employer contributions, the participant must complete at least 1,000 hours of service during the plan year and be employed on the last day of the year. The Company may match the employee's contributions up to 3% of the employee's annual eligible compensation. For any year, instead of matching contributions, the Company may elect to make a non-elective contribution of 2% of eligible compensation for the full year for each eligible employee who received at least the amount of compensation from the employer as specified by the Company for the year. The Company made matching contributions to the Plan in 2023.

Participant accounts – Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contributions, any Company contributions, allocations of plan earnings (losses) from the funds in which the account is invested and charged with an allocation of certain administrative and investment-related expenses, and participant-specific charges, if applicable. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Tapestry Solutions, Inc. Retirement Plan

Notes to Financial Statements

Vesting – Participants are fully vested in their rollover and elective contributions, and earnings thereon. Participants vest 50% in Company contributions and earnings thereon after one year of service and are 100% vested after two years of service. Full vesting in Company contributions and earnings thereon also occurs upon attainment of early or normal retirement age, death, or disability. Generally, a participant must work at least 1,000 hours during a plan year to earn a year of service for vesting purposes.

Forfeitures – Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and may be used to pay administrative expenses or reduce future Company contributions. At December 31, 2023 and 2022, forfeited amounts held under the Plan totaled \$5,983 and \$19,557, respectively. In 2023, \$23,737 of forfeitures were used to reduce employer contributions.

Withdrawals – Participants may elect to withdraw all or a portion of their contributions, vested employer matching and non-elective contributions, and rollover accounts at any time on or after the day they attain age 59½. If a participant is under age 59½, withdrawals from pre-tax contribution accounts are subject to certain hardship rules as provided by the Plan.

Notes receivable from participants – Participants may borrow a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their total vested account balance at the time of the loan issuance and may have up to two loans in any 12-month period. However, a participant may only have one loan outstanding at any time. The interest rate on new loans is equal to two percentage points above the prime interest rate as published at the time of the loan issuance in the Money section of USA Today. The interest rates on outstanding loans ranged from 5.25% to 10.50% at December 31, 2023, with loans maturing at various dates through May 2042.

Benefit payments – On termination of service, if the participant's vested balance is \$5,000 or less, the balance will be distributed to the participant in a lump sum as soon as administratively feasible. Participants who retire before age 62 receive their distributions in a single lump-sum payment in cash. Upon a participant's death or retirement due to total and permanent disability, a participant's account balance becomes fully vested and non-forfeitable and will be distributed in a lump sum as soon as administratively feasible.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates – The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Tapestry Solutions, Inc. Retirement Plan

Notes to Financial Statements

Risks and uncertainties – The Plan's investments are exposed to various risks such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

Valuation of investments and income recognition – The Plan's investments are stated at fair value, except for the group annuity contract, which is stated at contract value. Fair value of the financial instrument is the price that would be received to sell an asset or paid to transfer a liability (an "exit price") in an orderly transaction between market participants at the measurement date. The Plan's investments are valued as follows:

Mutual funds – The Plan's investments in mutual funds, which are registered investment companies, are valued at the net asset value (NAV) of shares held by the Plan at year end as quoted in an active market.

Group annuity contract – In 2017, the Plan entered into a fully benefit-responsive investment contract (FBRIC) with Standard Insurance Company (Standard). The contract meets the FBRIC criteria and therefore is reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan's ability to receive amounts due is dependent on Standard's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

The Standard Stable Asset Fund (SAF) is the Plan investment option available through the Plan's group annuity contract with Standard. Standard maintains the contributions in a general account. The SAF is valued daily and is the sum of Plan contributions, transfers into the SAF from other Plan investment options, and daily interest credited to the SAF, less SAF expenses, transfers out of the SAF to other Plan investments and distributions from the SAF. The crediting interest rate for the SAF is determined quarterly but may not be less than the annual minimum guaranteed interest rate of 1%.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options, or (3) Plan sponsor events (for example, divestitures or spin-offs of a subsidiary, layoffs, retirement incentive programs) that cause a significant withdrawal from the Plan. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis of accounting. Net appreciation or depreciation in fair value of investments consists of gains and losses on investments bought and sold as well as held during the year.

Tapestry Solutions, Inc. Retirement Plan

Notes to Financial Statements

Notes receivable from participants – Notes receivable from participants are measured at amortized cost which represents unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Payment of benefits – Benefits are recorded when paid.

Expenses – Necessary and proper expenses of the Plan are paid from the Plan's assets, except for those expenses the Company is required by law or chooses to pay.

Subsequent events – The Plan has evaluated subsequent events through July 22, 2024, the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements* (ASC 820), established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 for financial assets and financial liabilities are described below:

Level 1 – Values are based on unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities. An active market is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 – Values are based on (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in non-active markets; or (c) valuation models whose inputs are observable, directly or indirectly, for substantially the full term of the asset or liability.

Level 3 – Values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement.

The methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Tapestry Solutions, Inc. Retirement Plan

Notes to Financial Statements

The following tables set forth by level within the fair value hierarchy a summary of investments by general types of assets measured at fair value on a recurring basis at December 31, 2023 and 2022. As required by ASC 820, assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance as of December 31, 2023

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance as of December 31, 2022
Mutual funds	<u>\$ 66,565,867</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 66,565,867</u>

Note 4 – Information Certified by the Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Schwab has certified the completeness and accuracy of the following:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022
- Investment income and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023
- Investments reflected on the schedule of assets (held at end of year)

Note 5 – Tax Status

The Plan is based on a prototype non-standardized defined contribution plan that received an opinion letter dated September 21, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was compliant with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since the date of the opinion letter; however, the Plan Administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes the Plan's tax-exempt status has not been affected, and no provision for income taxes has been included in the Plan's financial statements.

Tapestry Solutions, Inc. Retirement Plan

Notes to Financial Statements

In accordance with guidance on accounting for uncertainty in income taxes, the Plan Administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of termination of the Plan, participants will become 100% vested in their accounts.

Note 7 – Party-in-Interest Transactions

The Plan invests in a mutual fund managed by an affiliate of Schwab. Therefore, these transactions qualify as exempt party-in-interest transactions.
