INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
American Technology Components, Inc. 401(k) Plan
Elkhart, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the American Technology Components, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023 and the related notes to the financial statements (Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the Financial Statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these Financial Statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the Financial Statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the Financial Statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the Financial Statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the Financial Statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the Financial Statements or to the Financial Statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AMERICAN TECHNOLOGY COMPONENTS, INC. 401(K) PLAN

Elkhart, Indiana

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the American Technology Components, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering substantially all employees of American Technology Components, Inc. (the "Company") who have six months of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

CONTRIBUTIONS

Each year, participants may contribute a portion of their eligible compensation, as defined by the Plan, as pretax or Roth contributions, up to the maximum allowed under the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute rollover amounts representing distributions from other qualified plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a target date retirement series fund until changed by the participant. The Company contributes a safe harbor matching contribution equal to 100% of the first 3% of deferred base compensation then 50% of the next 2% of base compensation that a participant contributes to the Plan. The Company may also make additional discretionary employer matching contributions not to exceed 6% of a participants compensation. The Company also has the option to make a discretionary profit sharing contribution. No discretionary profit sharing contribution or additional employer matching contribution was made for 2023. Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and an allocation of the Company's contributions, and Plan earnings, and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, contributions, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their contributions and employer safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary match and profit sharing contribution portions of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

AMERICAN TECHNOLOGY COMPONENTS, INC. 401(K) PLAN

Elkhart, Indiana

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTES RECEIVABLE FROM PARTICIPANTS

The Plan provides that participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. The loans are secured by the vested balance in the participant's account and bear interest at a rate of 1% above the prime interest rate. Principal and interest is paid ratably through payroll deductions. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the IRC.

PAYMENT OF BENEFITS

Upon termination of service a participant, or their beneficiary, is entitled to receive the vested interest in his or her account as a lump sum distribution. Withdrawals may also be made when a participant attains age 59 1/2 or demonstrates financial hardship.

FORFEITED ACCOUNTS

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$0 and \$5,488, respectively. These accounts may be used to reduce future employer contributions or to pay plan administrative expenses. During 2023, \$5,488 in forfeitures were used to reduce employer contributions.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual method of accounting.

ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

OPERATING EXPENSES

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Expenses that are charged to participant accounts include loan fees, withdrawal fees and plan administrative fees. Certain investment related expenses are included in net appreciation in fair value of investments.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE 3 - CERTIFIED INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and investment income and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.) ("John Hancock"), a qualified institution. The Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related information included in the financial statements and ERISA-required supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

AMERICAN TECHNOLOGY COMPONENTS, INC. 401(K) PLAN

Elkhart, Indiana

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

Level 2 inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- *Pooled separate accounts.* Valued at the net asset value ("NAV") of units of participation held in the pooled separate account, as reported by the issuer insurance company, based on the value of underlying investments in the pooled separate account. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investments at an amount different than the reported NAV. Except for the stable value pooled separate account, each pooled separate account invests in a single, open-ended mutual fund which is generally identified in the name of the pooled separate account. The investment strategies of the pooled separate accounts are consistent with each of the mutual funds identified in the name of the pooled separate account. The stable value pooled separate account invests solely in the John Hancock Stable Value Trust. The Stable Value Fund seeks to preserve principal and provide book value liquidity on a daily basis for plan-permitted, participant directed withdrawals while maintaining a competitive rate of interest. The Stable Value Fund may delay distributions up to 30 days. Each pooled separate account, other than the stable value pooled separate account, provides for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the account's net asset value per unit.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Total investment assets at fair value	0	0	0	6,731,549

* Certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022, respectively. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity, political uncertainty, pandemic environmental risks, cybersecurity and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 6 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan held investments managed by John Hancock and notes receivable from participants, which qualify as party-in-interest transactions. The Plan is not charged for administrative services performed on its behalf by employees of the Company. Some fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments. During 2023, the Plan paid administrative fees to John Hancock which also qualify as party-in-interest transactions.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 - TAX STATUS

The Plan uses a non-standardized pre-approved plan document sponsored by Ascensus LLC. Ascensus LLC received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, which states that the non-standardized pre-approved plan document, as then designed, satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that no uncertain positions are taken or are expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
